NEWS RELEASE

Lumentum Exhibits at Nine Commercial Lasers and Optical Communications Tradeshows in the Next Three Months

2016-09-12

Milpitas, Calif., September 12, 2016

– Lumentum Holdings Inc. (“Lumentum”) announced it would exhibit at nine optical communications and commercial lasers tradeshows worldwide in the next three months. Lumentum will be displaying numerous advanced products focused on telecom, enterprise, data centers as well as laser micromachining, and laser macromachining markets. Presence at these shows demonstrates Lumentum’s commitment and support for these dynamic markets.

About the Events:

ECOC 2016: -- Sept. 19 – 21, 2016, in Dusseldorf, Germany at the Congress Center Dusseldorf -- at Booth #600 – Hall 3. ECOC is the largest optical communications exhibition in Europe.

MD&M Minneapolis 2016: -- September 21 – 22, 2016, in Minneapolis, Minnesota at the Minneapolis Convention Center at Booth #2142. Medical Design & Manufacturing (MD&M) Minneapolis is one of the largest medtech innovation, communication, and solution tradeshows in the Midwest with over 600 suppliers. Lumentum’s Commercial Lasers are often used in medical manufacturing to achieve highest degrees of precision and quality.

Next Generation Optical Networking North America 2016: -- October 11 – 12, 2016, in Palo Alto,

California at the Crowne Plaza Hotel at Booth #A4. The conference is one of the USA's leading optical events for telco carrier, DC operators, optical system and component vendors.

ICALEO 2016: -- October 16 – 20, 2016, in San Diego, California at the Sheraton San Diego Hotel at Booth #18. ICALEO has been devoted to the field of laser materials processing and is viewed as a premier source of technical information in the field.

Image Sensors US 2016: -- October 25 – 26, 2016, in Burlingame, California at the Hyatt Regency at Booth #5. Image Sensors attracts a wide range of companies from across the digital imaging supply chain.

Image Sensors Auto US 2016: -- October 27 – 28, 2016, in Burlingame, California at the Hyatt Regency at Booth #5. Image Sensors attracts a wide range of digital imaging companies targeting the automotive industry.

Image Sensors Presentations:

> "Boosting signal-to-noise ratio in 3D depth sensing and Lidar systems through proper selection and matching of the light source and optical filters."
>
> Thursday, Oct. 27, 2016 -- 5:00 P.M. – 5:30 P.M.

EuroBLECH 2016: -- October 25 – 29, 2016, Hannover, Germany at the Hannover Exhibition Grounds at Stand #F158 – Hall 16. EuroBLECH is renowned as a key marketplace to find the latest equipment and services in all areas of sheet-metal working.

OSA Laser Congress: -- October 30 – November 3, 2016, Boston, Massachusetts at the Westin Boston Waterfront at Booth #109. The OSA Laser Congress features the latest advances in solid-state laser development and related technologies for use in free space laser communication, laser-based sensing, and numerous industrial applications.

Fab Tech Expo 2016: -- November 16 – 18, 2016, Las Vegas, Nevada at the Las Vegas Convention Center at Booth #C16115. Fab Tech is one of North America's largest metal forming, fabricating, welding, and finishing events with world-class suppliers, and the latest industry products and developments.

About Lumentum

Lumentum (NASDAQ: LITE) is a market-leading manufacturer of innovative optical and photonic products enabling optical networking and commercial laser customers worldwide. Lumentum's optical components and subsystems are part of virtually every type of telecom, enterprise, and data center network. Lumentum's commercial lasers enable advanced manufacturing techniques and diverse applications including next-generation 3D sensing capabilities. Lumentum is headquartered in Milpitas, California with R&D, manufacturing, and sales offices worldwide. For more information, visit www.lumentum.com.
