NEWS RELEASE

DocuSign Summer '15 Release Fuels Global Demand with Expanded Language Support

2015-06-09

SAN FRANCISCO, June 9, 2015 /PRNewswire/ -- DocuSign, Inc. (DocuSign®) today launched the DocuSign Summer '15 Release with expanded language support to empower anyone to transact anything, anytime, anywhere, on any device. Securely. As part of DocuSign's ongoing commitment to help organizations large and small achieve their digital transformations, expanded language support within its Digital Transaction Management (DTM) platform makes it easier than ever for organizations around the world to get to yes faster in decisions, approvals and workflows requiring sign off.

Expanded Language Support

To support continued rapid growth in The DocuSign Global Trust Network of more than 100,000 customers and more than 50 million users in 188 countries, DocuSign's best-in-class user experience now includes Traditional Chinese language support and Japanese signing styles. Now, DocuSign's DTM platform is available in English, Chinese (Simplified), Chinese (Traditional), Dutch, French, German, Italian, Japanese, Korean, Portuguese (Brazil), Portuguese (Portugal), Russian and Spanish across:

- Signing: DocuSign automatically displays one of 43 supported languages based on the recipient's browser settings
- Web Application for sending and managing your documents
- Certificate of Completion provides a comprehensive audit trail with all of the details pertaining to your transaction
- New Administration Experience for managing users and account settings
- Partner Integrations including DocuSign for Salesforce, DocuSign for Microsoft, DocuSign for Google*
- DocuSign Mobile to send, sign and manage transactions from the road**

"DocuSign's rapid growth continues to accelerate with more than 50,000 new unique users joining The DocuSign Global Trust Network everyday," said Matt Malden, Chief Product Officer, DocuSign. "The DocuSign Summer '15 Release with expanded language support further enables DocuSign and our partners to bring the power of Digital Transaction Management to more customers, companies and countries around the world."
