Bringing Holiday Magic to the Timmins Santa Claus Parade

Discovery was proud to take part in the Timmins Santa Claus Parade, a cherished community tradition that brings families together and officially kicks off the holiday season.

Our mining-themed float lit up the parade route with festive decorations, holiday spirit and plenty of enthusiasm from Discovery employees and their families. It was a wonderful opportunity to celebrate the season, connect with the community and share in the excitement of the evening.

A heartfelt thank you to everyone who contributed their time and creativity to make our float a success. From planning and construction to decorating and participating in the parade, your dedication and teamwork helped create a memorable experience for spectators of all ages.

We also extend our appreciation to the organizers, volunteers and participants whose efforts made this community event possible. Their hard work helps create the festive atmosphere that makes the parade such a special tradition for Timmins residents.

At Discovery, supporting our community goes beyond our operations. Events like the Santa Claus Parade provide opportunities to come together, celebrate local traditions and strengthen the connections that make our community so vibrant.

Thank you to everyone who helped make the evening so special. From our Discovery family to yours, we wish you a safe, happy and joyful holiday season.
