FREE XBRL and Financial Analysis Technology Conference

Wednesday, February 29, 2012
New York City

Featuring keynotes from SEC and CFA Institute, hosted by NYSSA and XBRL US

Join XBRL US and the New York Society of Securities Analysts (NYSSA) at this ½ day program on the use of new technology such as XBRL in analysis featuring keynote speakers from the U.S. Securities and Exchange Commission and the CFA Institute plus panel sessions on alternative research data, corporate reporting to stakeholders, analytical tools and a discussion and presentation of the final winner to the XBRL Challenge, a contest to develop open source analytical tools.

The program runs from 3pm to 6:30, followed by a networking cocktail reception until 8pm.
