CLEANSPARK

NEWS RELEASE

CleanSpark to Discuss Fiscal Quarterly Earnings and Positive 2021 Outlook with Water Tower Research

2021-02-17

SALT LAKE CITY, Feb. 17, 2021 (GLOBE NEWSWIRE) -- CleanSpark, Inc. (Nasdaq: CLSK), ("CleanSpark, or the Company"), an advanced software and controls technology solutions company focused on solving modern energy challenges, will be participating in the Water Tower Research Fireside Chat Series on Thursday, February 18, 2021, at 3:00 pm ET. Topics covered will include a review of the most recent quarter's performance and an update on the 2021 outlook. The Company's residential initiative, new partnerships, and the growth and performance of its Bitcoin mining operations will also be highlighted.

The chat will feature Zachary Bradford, CleanSpark's Chief Executive Officer, the host and moderator will be Shawn Severson, Head of Sustainable Investing at Water Tower Research. A brief question and answer session to follow.

Investors interested in participating in this event must register using the link below. As a reminder, registration for the live event is limited but may be accessed at any time for replay.

About CleanSpark:

CleanSpark, Inc., a Nevada corporation, is in the business of providing advanced software and controls technology solutions to solve modern energy challenges. We have a suite of software solutions that provide end-to-end microgrid energy modeling, energy market communications, and energy management solutions. Our offerings consist of intelligent energy monitoring and controls, intelligent microgrid design software, middleware communications protocols for the energy industry, energy system engineering, and software consulting services.

Through its wholly owned subsidiary, ATL Data Centers LLC, CleanSpark also owns and operates a data center that provides customers with traditional on-site and cloud-based data center services. The Company also owns and operates a fleet of Bitcoin miners producing over 200 PH/s in mining capacity. Capacity is expected to increase to over 315 PH/s in mining capacity in early 2021. CleanSpark plans to apply its energy technologies to these divisions with a goal of mining bitcoins at the lowest energy prices in the United States. Forward-Looking Statements:

CleanSpark cautions you that statements in this press release that are not a description of historical facts are forward-looking statements. These statements are based on CleanSpark's current beliefs and expectations. The inclusion of forward-looking statements should not be regarded as a representation by CleanSpark that any of its plans will be achieved. Actual results may differ from those set forth in this press release due to the risk and uncertainties inherent in the Company's business, including, without limitation: the successful deployment of energy solutions for residential and commercial applications or other sectors, the value of Bitcoin, the ability of the Company's products to integrate with new or existing energy management assets or systems, the fitness of the Company's energy hardware, software and other solutions for this particular application or market, the expectations of the Company's future performance and future revenue growth may not be realized, ongoing demand for the Company's software products and related services, the impact of global pandemics (including COVID-19) on the demand for the Company's products and services; and other risks described in the Company's prior press releases and in its filings with the Securities and Exchange Commission (SEC), including under the heading "Risk Factors" in the Company's Annual Report on Form 10-K and any subsequent filings with the SEC. You are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date hereof, and the Company undertakes no obligation to revise or update this press release to reflect events or circumstances after the date hereof. All forward-looking statements are qualified in their entirety by this cautionary statement, which is made under the safe harbor provisions of the Private Securities Litigation Reform Act of 1995.
