#### **Universal Display Corporation Announces Second Quarter 2022 Financial Results**

EWING, N.J.--(BUSINESS WIRE)-- <u>Universal Display Corporation</u> (Nasdaq: OLED), enabling energy-efficient displays and lighting with its <u>UniversalPHOLED®</u> technology and materials, today reported financial results for the second quarter ended June 30, 2022.

"Our second quarter started off solidly, but as we approached the summer, customers lowered their order forecasts. Given the downward trend in forecast revisions and increasing macroeconomic uncertainty and volatility, we are revising our 2022 revenue forecast to approximately \$600 million, plus or minus \$10 million," said Sidney D. Rosenblatt, Executive Vice President and Chief Financial Officer of Universal Display Corporation. "While near-term macro headwinds may weigh on demand, as a lean operating company with a strong balance sheet and no debt, we are well positioned to continue investing in our long-term strategic growth initiatives to reinforce our first-mover advantage, expand our materials and technologies portfolio and broaden our support to customers and the OLED industry."

Rosenblatt continued, "Looking to the OLED industry, we believe that 2024 is shaping up to be a pivotal year for the OLED market and for us. As the stage is being set for the next phase of significant OLED growth with a new wave of gen 6 and gen 8.5 OLED capacity plans reportedly in the works, we continue to believe that we are on track to meet preliminary target specs with our phosphorescent blue by year-end, which should enable the introduction of our all-phosphorescent RGB stack into the commercial market in 2024."

#### Financial Highlights for the Second Quarter of 2022

- Total revenue in the second quarter of 2022 was \$136.6 million as compared to \$129.7 million in the second quarter of 2021. The deterioration in the overall global market economy had a negative impact on the demand for OLED products utilizing our emitter material. As a result of this near-term weakness, the forecasted sales volume of emitters anticipated over the remaining lives of our customer's contracts was reduced resulting in recording a positive cumulative catch-up adjustment to total revenue of \$8.8 million arising from changes in estimates of transaction price.
- Revenue from material sales was \$71.9 million in the second quarter of 2022 as compared to \$77.4 million in the second quarter of 2021.
- Revenue from royalty and license fees was \$60.3 million in the second quarter of 2022 as compared to \$48.2 million in the second quarter of 2021. This increase was primarily the result of a reduction in the forecasted sales volume anticipated over the remaining lives of their respective contracts in accordance with ASC 606.
- Cost of material sales was \$25.0 million in the second quarter of 2022 as compared to \$25.3 million in the second quarter of 2021.
- Operating income was \$53.3 million in the second quarter of 2022 as compared to \$49.9 million in the second quarter of 2021.
- Net income was \$41.5 million or \$0.87 per diluted share in the second quarter of 2022 as compared to \$40.5 million or \$0.85 per diluted share in the second quarter of 2021.

#### 2022 Revised Guidance

The Company now believes that its 2022 revenue will be approximately \$600 million, plus or minus \$10 million. The OLED industry remains at a stage where many variables can have a material impact on its growth, and the Company thus caveats its financial guidance accordingly.

#### **Dividend**

The Company also announced a third quarter cash dividend of \$0.30 per share on the Company's common stock. The dividend is payable on September 30, 2022 to all shareholders of record on September 16, 2022.

#### **Conference Call Information**

In conjunction with this release, Universal Display will host a conference call on Thursday, August 4, 2022 at 5:00 p.m. Eastern Time. The live webcast of the conference call can be accessed under the <u>events</u> page of the Company's Investor Relations website at <u>ir.oled.com</u>. Those wishing to participate in the live call should dial 1-877-524-8416 (toll-free) or 1-412-902-1028. Please dial in 5-10 minutes prior to the scheduled conference call time. An online archive of the webcast will be available within two hours of the conclusion of the call.

#### **About Universal Display Corporation**

Universal Display Corporation (Nasdaq: OLED) is a leader in the research, development and commercialization of organic light emitting diode (OLED) technologies and materials for use in display and solid-state lighting applications. Founded in 1994 and with subsidiaries and offices around the world, the Company currently owns, exclusively licenses or has the sole right to sublicense more than 5,500 patents issued and pending worldwide. Universal Display licenses its proprietary technologies, including its breakthrough high-efficiency UniversalPHOLED® phosphorescent OLED technology that can enable the development of energy-efficient and eco-friendly displays and solid-state lighting. The Company also develops and offers high-quality, state-of-the-art UniversalPHOLED materials that are recognized as key ingredients in the fabrication of OLEDs with peak performance. In addition, Universal Display delivers innovative and customized solutions to its clients and partners through technology transfer, collaborative technology development and on-site training.
