OVERVIEW

Nobilis Health (www.NobilisHealth.com) is a full-service healthcare development and management company with more than 30 locations across Texas and Arizona, including hospitals, ambulatory surgery centers, and multi-specialty clinics. In addition to its owned facilities, Nobilis Health partners with more than 30 facilities across the country.

MODEL

The traditional healthcare management model relies solely on physician equity partners to drive growth. Nobilis Health's strategy utilizes Direct-to-Consumer Marketing to stimulate revenue growth and physician engagement.

Nobilis Health's most notable differentiator lies in the company's unique marketing program. Through a national Direct-to-Consumer Marketing platform, Nobilis engages in joint physician marketing campaigns and markets nine independent brands, driven by proprietary, in-house technology solutions.

GROWTH STRATEGY

- Business model driven by organic growth and acquisitions
- Favorable payor mix (predominantly commercial) and procedure mix (predominantly spine, orthopedic, and bariatric)
- Unique marketing model and proprietary technology creates a strategic advantage
- Limited capex and working capital requirements
- Compelling value proposition for physicians, patients, and payors

Forward Looking Statements

This document contains forward-looking information relating to the business of Nobilis Health Corp. (the "Company") and the environment in which it operates. Numerous factors may cause results to differ materially from those anticipated in the forward-looking statements. Many of the factors that will determine the Company's future results are beyond the ability of the Company to control or predict. These statements are subject to risks and uncertainties and, therefore, actual results may differ materially. Readers should not place undue reliance on forward-looking statements, which reflect management's views only as of the date hereof. The Company undertakes no obligation to revise or update any forward-looking statements.

*Note: Based on the Company's average 2017 revenue per case figure of \$15,979, the impact of Hurricane Harvey in the Houston market led to an estimated loss of volume within the range of 950—1,250 cases in 2017.
