11/26/2012 8:00:00 AM

NEW YORK, Nov. 26, 2012 /PRNewswire/ -- MFC Industrial Ltd. ("MFC" or the "Company") (NYSE: MIL) announced that it has retained Cameron Associates, Inc., as its investor relations firm.

Chairman Michael Smith commented: "We believe that leveraging Cameron's extensive investor network and expertise will be instrumental in increasing the market's awareness about our current portfolio of projects under development as well as the growth opportunities that lie ahead. We plan to work closely with Cameron Associates to ensure that our shareholders, potential investors and industry professionals are kept abreast of our progress and that we effectively target our communications to investors."

Cameron Associates is a financial communications consulting firm with more than 30 years of industry experience implementing innovative programs to drive shareholder value. Cameron Associates provides a complete range of investor communications, counseling, and public relations solutions to clients worldwide.

Kevin McGrath, Managing Partner at Cameron Associates, said, "We believe MFC's expected growth profile and expanded commodities platform creates a compelling value proposition for investors and we are excited to be a partner. Our primary focus will be assisting MFC in increasing its visibility within the investment community by communicating its business model and growth prospects to interested investors."

Mr. Smith concluded: "I would like to take this opportunity to thank Allen & Caron for their many years of outstanding service to our Company."
