

Gold-Linked Notes – Frequently Asked Questions

This document provides a summary of *Frequently Asked Questions* in respect of the **Senior Secured Gold-Linked Notes due 2024** (the “Notes”) issued under the Trust Indenture dated as of April 30, 2018 (the “Trust Indenture”) as amended or supplemented from time to time between Gran Colombia Gold Corp. (the “Company”) (as issuer), the Guarantors named on the signature pages thereto and trustee TSX Trust Company (as “Trustee”) relating to the issuance of the Notes. The information contained in this document is of a summary nature, and as such, is qualified in its entirety by the more detailed information contained in the Trust Indenture, a copy of which is available on SEDAR and on the Company’s website at www.grancolombiagold.com.

1. What currency are the Notes denominated in?

The Notes are denominated in U.S. dollars.

2. What denominations are the Notes available in?

The Notes are issuable only in denominations of US\$1.00 and integral multiples thereof.

3. Where do the Notes trade?

The Notes are currently listed for trading on the Toronto Stock Exchange under the trading symbol “GCM.NT.U”. The Notes are quoted and traded on an accrued interest basis and are quoted based on US\$100 principal amounts with all trades being made in multiples of US\$1,000.

4. Are the Notes secured?

Yes, the Notes are senior secured indebtedness of the Company. The ranking of, and security for, the Notes are as set out in Article 13 of the Trust Indenture. The covenants and events of default are as set out in Articles 5 and 6 of the Trust Indenture. The Notes are guaranteed by certain subsidiaries of the Company.

5. What is the interest rate on the Notes and when is interest paid?

Interest is paid in cash at a rate of 8.25% per annum.

Interest is paid monthly in arrears on the last day of each month commencing May 31, 2018 (each, an “Interest Payment Date”). Interest is payable on each Interest Payment Date to holders of record at the close of business on the fifth business day immediately preceding each Interest Payment Date. If the date for payment of any amount of interest is not a Business Day, then payment will be made on the next Business Day and the holders of the Notes will not be entitled to any further interest or other payment in respect of the delay.

6. How are the interest payments calculated?

Interest on the Notes will be paid in equal monthly amounts; provided that for any Interest Period that is shorter than a full monthly interest period, interest shall be calculated on the basis of a year of 365 days and the actual number of days elapsed in that period.

7. When do the Notes mature?

The Notes mature on April 30, 2024 (“Maturity Date”).

8. How will the Notes be repaid?

During the six-year term of the Notes, the Company will deposit an amount of gold each year in a trust account (the “Gold Trust Account”). The annual number of ounces of gold to be deposited by the Company into the Gold Trust account and the amortization the principal amount of the Notes are as follows:

	<u>Ounces</u>	<u>Principal Amortization</u>
Year 1:	15,600	US\$19,500,000
Year 2:	15,600	US\$19,500,000
Year 3:	13,200	US\$16,500,000
Year 4:	12,000	US\$15,000,000
Year 5:	12,000	US\$15,000,000
Year 6:	10,000	US\$12,500,000

Total: 78,400 ounces, equivalent to US\$98 million at the US\$1,250 per ounce floor price

Each quarter ending January 31, April 30, July 31 and October 31, the Company will amortize the principal amount of the Notes by selling the physical gold in the Gold Trust Account. The amount of the quarterly payments to Holders will be determined by reference to the London P.M. gold fix on the 15th day of January, April, July and October, as applicable, subject to a guaranteed floor price of US\$1,250 per ounce (the “Floor Price”). The amount of the principal reduction (the “Amortization Payment”) each quarter will be based on the number of gold ounces and the Floor Price. The excess amount of the London P.M. gold fix per ounce over the Floor Price (the “Gold Premium”) will be paid to holders as additional premium and will not be applied to amortization of the principal amount of the Notes. Total quarterly payments to Holders will represent the sum of the Amortization Payment and the Gold Premium.

Each Amortization Payment will reduce the aggregate number of Notes outstanding (in \$1 increments with any necessary rounding as reasonably determined by the Issuer). For certainty, the quarterly Amortization Payments will not result in a decrease in the principal amount of each \$1 increment of Notes, but will instead result in the decrease of the total number of Notes outstanding.

9. Have the Notes been rated?

Yes, Fitch Ratings has assigned an initial rating of “B-” to Gran Colombia with a Rating Outlook of Stable. Additional information with respect to this rating may be found at www.fitchratings.com.

10. What happens if there is a Change of Control of the Company?

As outlined in Article 5.15 of the Trust Indenture, if a change of control occurs through a sale to an unaffiliated third party, the Company will be required to make an offer to each holder to purchase the Notes on the basis of 101% of the principal amount of the Notes plus accrued and unpaid interest.

11. Can the Company redeem the Notes?

Yes, as outlined in Article 4.1 of the Trust Indenture, the Company has certain optional redemption provisions to redeem the Notes for cash in whole or in part from time to time at the option of the Company on not more than 60 days and not less than 30 days prior notice.

At any time prior to April 30, 2021, on one or more occasions and in whole or in part, the Company may redeem the Notes at a redemption price equal to 100% of the principal amount of the Notes plus a premium equal to the greater of 1% of the principal amount of the Notes or the three-year U.S. Treasury Rate plus 100 basis points.

Commencing April 30, 2021, the Company may redeem the Notes in whole or in part at redemption prices (expressed as percentages of principal amount) set forth below, plus accrued and unpaid interest, if any, to but excluding the Redemption Date, if redeemed during the twelve-month period beginning on April 30 of the years indicated below (subject to the rights of Holders on the relevant Record Date to receive interest on the relevant Interest Payment Date):

<u>Year</u>	<u>Percentage</u>
2021	104.13%
2022	102.07%
2023 and thereafter	100.00%

12. What if I have other questions?

If you have any questions regarding the Notes, please contact:
