### **Brink's Announces Partnership with Canopy Growth**

**Brink's to Provide Secure Logistics and Cash Management Services to  
Canada's Largest Cannabis Producer**

**RICHMOND, Va., November 8, 2018** – The Brink's Company (NYSE:BCO), the global leader in total cash management, secure route-based logistics and payment solutions, today announced that its Brink's Canada subsidiary has entered into a multi-year agreement with Canopy Growth Corporation (NYSE:CGC; TSX:WEED) to provide secure logistics and cash management services for Canopy Growth's domestic and international cannabis operations. Based in Smiths Falls, Ontario, Canopy Growth is a global leader in cannabis production, retailing and related services. On October 17, 2018, cannabis became legal in Canada for recreational use.

In addition to providing secure logistics and cash management services, Brink's and Canopy Growth will develop a cross-selling program that enables Brink's to provide services to Canopy Growth's affiliated growers and retail customers. Canopy Growth's international transportation and security needs will be provided by Brink's Global Services ("BGS"), a Brink's subsidiary that provides secure logistics for international shipments of high-value commodities.

Doug Pertz, Brink's president and CEO, said: "The rapidly growing cannabis industry requires security solutions for its products as well as its cash, and Brink's is uniquely positioned to provide these solutions. Our partnership with Canopy Growth, a leading producer and exporter of cannabis, diversifies our customer base and leverages BGS' global network of secure logistics operations. We look forward to building a strong relationship with Canopy Growth as it grows throughout Canada and continues to enter new international markets."
