**FOR IMMEDIATE RELEASE**

### **Brink's Acquires Allied Irish Bank's Remote ATM Network**

**RICHMOND, Va., February 27, 2020** – The Brink's Company, the global leader in total cash management, secure route-based logistics and payment solutions, today announced that it has reached an agreement to acquire more than 500 ATMs from Allied Irish Bank (AIB). AIB is a financial services group operating predominantly in Ireland and the United Kingdom, providing a range of services to retail, business and corporate customers, with market-leading positions in key segments.

This acquisition encompasses AIB's remote (non-branch) ATM estate. *Point Cash by Brink's™* offers a comprehensive suite of ATM management services, including predictive cash management software and 24/7 call center support.

Doug Pertz, Brink's president and CEO, said: "Expanding our offerings to include full-service management of ATM networks aligns with our strategic goals. I am confident we will deliver exceptional ATM services in the Republic of Ireland. Our priority is to maintain the existing ATM estate and expand access to cash, particularly in underserved and rural communities. Most importantly, cardholders with bank accounts in the Republic of Ireland will receive the same level of service without incurring any additional fees or charges when using our ATMs."

#### **About The Brink's Company**

The Brink's Company is the global leader in total cash management, route-based secure logistics and payment solutions including cash-in-transit, ATM services, cash management services (including vault outsourcing, money processing and intelligent safe services), and international transportation of valuables.
