# Ciarvella Selected to Lead 5280 Solutions

DENVER, June 29, 2007 /PRNewswire via COMTEX News Network/ -- 5280 Solutions LLC announced Ray Ciarvella has been selected as President of this award-winning systems integration, software development and premier technology services provider. Ciarvella has had considerable involvement with the company as the former Chief Information Officer (CIO) of its parent company and a founding member and integral participant of 5280 Solutions' board since its inception.

In addition to his most recent role of CIO, Ciarvella has served as Chief Operating Officer and Executive Director of 5280 Solutions' parent company and its predecessor over a span of 17 years. He previously spent 11 years with Electronic Data Systems in a number of leadership positions covering all facets of information technology services.

Ciarvella's leadership team of Denver-headquartered 5280 Solutions includes:

```
-- Mark Boyd, Managing Director of Software Development Solutions
-- Harvey Gannon (Founder and former President of infiNET),
   Executive Director of New Ventures
-- Mike Randash, Managing Director of Technical Consulting Services
  (including 5280 Solutions' Microsoft Gold Partner(TM) relationship)
-- Dominic Rotondi (former President of Charter and IFA),
   Executive Director of Software Systems
```

"For many years, I've been fortunate to be in the right place at the right time, and now I have the privilege of devoting my full attention to the immediate and long-term success of 5280 Solutions," says Ciarvella. "Having the opportunity to work with an unparalleled leadership team whose members have successfully led this and other affiliated companies, is a quintessential honor."
