

Hyve Solutions Showcases Next-Generation AI Lifecycle Solutions at NVIDIA GTC AI Conference

3/18/2024

Products cater to demands of AI datacenters, hybrid cloud, and edge deployments.

SAN JOSE, Calif.--(BUSINESS WIRE)-- **Hyve Solutions Corporation**, a wholly owned subsidiary of **TD SYNNEX Corporation** (NYSE: SNX) and a leading provider of hyperscale digital infrastructures, is showcasing at the **NVIDIA GTC** AI conference this week an array of products tailored for the entire AI lifecycle and catering to the demands of AI datacenters, hybrid cloud, and edge deployments.

Hyve's offerings underscore its dedication to the design and deployment of advancements in AI and underscore its collaborations with industry leaders such as NVIDIA.

"Our commitment to technology leadership, coupled with our innovative building block strategy, uniquely positions us to meet the evolving AI needs of our customers," said Steve Ichinaga, President, Hyve Solutions. "This includes the design of liquid-cooled servers and racks as well as scalable testing and deployment across our global integration centers."

By leveraging **NVIDIA MGX** and Open Compute Project's ORv3, OAM-UBB, and DC-MHS specifications, along with liquid cooling solutions, Hyve extends its building block strategy for a modular approach. This standardized approach allows the company to address various datacenter architectures, facilitating faster time to market and improved sustainability.

Hyve will be showcasing its generational AI platforms at the show, including:

- NVIDIA MGX / OCP DC-MHS 2U Optimized Generational Platforms for Compute, Storage and Ruggedized Edge
- OAM-UBB 4U Scalable HPC-AI Reference Platform

- Next Generation AI-Optimized ORv3 Liquid-Cooled Enclosure
- Various 1U Liquid-Cooled Inference Platforms

Hyve's commitment to excellence extends beyond technology solutions. As the go-to partner for original design manufacturing (ODM) for the hyperscale market, Hyve boasts US-based surface mount technology (SMT) capabilities, deep and secure supply chain expertise, and a large, global footprint. This not only underscores Hyve's dedication to supporting domestic innovation but also ensures that clients receive products of the highest quality, manufactured within the US or wherever they require.

Explore Hyve's innovative solutions firsthand at Booth 1129 during the 2024 **NVIDIA GTC** AI conference running March 18-21 at the San Jose Convention Center, located in San Jose, California. For more information, contact sales at Sales@HyveSolutions.com.

About Hyve Solutions Corporation

Hyve Solutions Corporation is a leader in the design to worldwide deployment of hyperscale digital infrastructures. In partnership with customers, Hyve leverages deep-seated industry experience and strong vendor partnerships to design and deliver purpose-built server, storage, and networking solutions to meet datacenter demands for today and beyond. Hyve Solutions is a wholly owned subsidiary of TD SYNNEX Corporation (NYSE: SNX).
