

TD SYNEX to Appoint Reyna Thompson President, North America

2024-09-03

FREMONT, Calif. & CLEARWATER, Fla.--(BUSINESS WIRE)-- TD SYNEX (NYSE: SNX), a leading global distributor and solutions aggregator for the IT ecosystem, today announced that Reyna Thompson will be appointed President of North America on December 1, following the departure of Peter Larocque, President of North America, who plans to transition to an advisory role on November 30.

“Peter has been a cornerstone of TD SYNEX for 40 years,

contributing significantly to the company's growth as one of the longest-serving co-workers on our team.

Throughout that time, he has consistently been a champion for our company, our customers, our vendors and the industry at large,” said Patrick Zammit, CEO, TD SYNEX. “As Peter enters his next chapter, he leaves an impressive legacy of service – whether mentoring thousands of co-workers or making a profound impact on local communities through **TD SYNEX Share the Magic** , which has raised over \$25 million for nonprofits focused on serving children. I appreciate his support through this transition and look forward to his continued guidance.”

Thompson joined TD SYNEX in 1993 and has built a deep understanding of the ways the company can make vendors and customers more successful. Most recently, she has led the North America Advanced Solutions business unit focused on cloud, security, data/AI and data center solutions. This team of highly skilled co-workers supports an impressive line card of innovative technologies and services, enabling over 12,000 channel partners through a wide array of programs and practices.

“Reyna has built an impressive track record over the past three decades through her unwavering commitment to driving success for both vendors and customers,” Zammit said. “She is a true champion for our partners known for her innovative and collaborative thinking, and we look forward to the value she will deliver for our stakeholders in this new role.”

In addition, Thompson was recognized by CRN magazine as one of the “Top 100 Women of the Channel” in 2021 and 2022, as well as and CRN “Channel Chief” in 2022, 2023 and 2024. She also has held the “Woman of the Channel” recognition for many consecutive years. Under her leadership, TD SYNEX’s CyberSolv, CloudSolv and Public Sector programs have won CRN Partner Program Listing in 2024 and CRN Power 100 in 2022. She also serves on the board for Elevate, a TD SYNEX business resource group focused on elevating and mentoring women.
