

# Hyve Solutions Recognized as a 2025 Best Place to Work for Disability Inclusion

2025-07-16

Hyve Earns Top Score on the 2025 Disability Equality Index for U.S. and U.K. Operations

FREMONT, Calif.--(BUSINESS WIRE)-- **Hyve Solutions Corporation**, a wholly owned subsidiary of **TD SYNnex Corporation** (NYSE: SNX) and a leading provider of hyperscale digital infrastructures, today announced that it has been recognized as a “Best Place to Work for Disability Inclusion” on the 2025 Disability Index for both our United States and United Kingdom sites. This achievement reflects Hyve’s ongoing commitment to fostering an inclusive and accessible workplace where all employees can thrive and drive meaningful success.

The Disability Equality Index (DEI) is the world’s leading third-party benchmarking tool for evaluating corporate disability inclusion. Used by hundreds of companies globally, it measures performance across six key categories: Culture & Leadership, Enterprise-Wide Access, Employment Practices, Community Engagement, Supplier Inclusion and Responsible Procurement.

We believe that disability inclusion and accessibility will allow us to recruit and retain a broader range of exceptional talent," said Steve Ichinaga, President of Hyve Solutions. "We're proud to foster an inclusive, accessible and empowering environment where all team members can thrive and perform at their best."

Companies earning top scores receive the distinction of being named a “Best Place to Work for Disability Inclusion,” a designation that highlights leadership, accountability, and continuous improvement in disability inclusion practices.

“Achieving a high score on the Disability Index is a significant milestone. This recognition is a testament to the leadership and innovation required to drive meaningful progress,” said Jill Houghton, President and CEO of Disability:IN.
