TD SYNEX recognized for fifth-consecutive year in prestigious workplace recognition program

FREMONT, Calif. & CLEARWATER, Fla.--(BUSINESS WIRE)-- TD SYNEX (NYSE: SNX), a leading global distributor and solutions aggregator for the IT ecosystem, has received its fifth-consecutive annual recognition as Certified™ by Great Place to Work®. This prestigious award is based entirely on a survey of current employees about their experiences working at TD SYNEX.

Great Place To Work® is a global authority on workplace culture, employee experience, and the leadership behaviors proven to deliver market-leading revenue, employee retention and increased innovation. In a survey conducted by Great Place To Work, 84% of TD SYNEX employees reported the company as a great place to work, 27 points higher than the typical U.S. company. This year's performance reflects a four-point increase from the previous year.

"We're honored to be recognized as a Great Place to Work because it reflects the voices of our co-workers and the culture we are building together," said Reyna Thompson, President, North America at TD SYNEX. "Our co-workers are the driving force behind our success, and their feedback helps shape how we continue to evolve as an employer. We regularly listen, learn and take action on what we hear, from strengthening development opportunities and well-being resources to creating more opportunities for co-worker engagement. This recognition is especially meaningful because it belongs to our teams, whose commitment to supporting one another and living our values helps make TD SYNEX a place where people can thrive and make an impact every day."

TD SYNEX prioritizes co-workers' success and well-being through professional development opportunities across all levels, internal awards and recognition, comprehensive benefit support, and tuition reimbursement. This also includes access to a Life Empowerment Assistance Program and a Global Well-Being program that offers resources in four dimensions: physical, mental, social, and financial.

"Great Place To Work Certification is a highly coveted achievement that requires consistent and intentional dedication to the overall employee experience," says Sarah Lewis-Kulin, the Vice President of Global Recognition at Great Place To Work. She emphasizes that Certification is the sole official recognition earned by the real-time feedback of employees regarding their company culture. "By successfully earning this recognition, it is evident that TD SYNEX stands out as one of the top companies to work for, providing a great workplace environment for its employees."

According to [Great Place To Work research](#), job seekers are 4.5 times more likely to find a great boss at a Certified great workplace.
