MasterCraft's restored 1975 "Stars & Stripes" ski boat makes its debut at the 2026 SEMA Show ahead of its charity auction at Barrett-Jackson Scottsdale in January 2027.

Before crossing the auction block, the pairing will take center stage during the opening weekend of Barrett-Jackson's 2027 Scottsdale Auction, where MasterCraft will sponsor the VIP Guest event. The custom truck and restored Stars & Stripes boat will be displayed for an exclusive gathering of hundreds of high-profile collectors and enthusiasts, offering guests an early look at the one-of-a-kind builds. MasterCraft will also have one of its newest X series models on display, bringing together the brand's latest performance and design with one of its iconic classics.

With Barrett-Jackson waiving all fees and commissions, 100% of the hammer price from the sale of the pairing will benefit Building Homes for Heroes, a national nonprofit that builds and modifies homes and gifts them, mortgage-free to veterans, first responders, and their families. The organization is celebrating its 20th anniversary in 2026 and will mark another major milestone on Dec. 16 in Dallas,

Texas, with the gifting of its 500th home.

The auction marks the culmination of a collaboration between MasterCraft and RealTruck that brings together two distinctly American brands while creating an opportunity to support the men and women who have served their communities and country. Warner Records artist Warren Zeiders, who has been closely involved in the project, will continue to use his platform surrounding the builds and auction to help raise awareness and funds for Building Homes for Heroes and its mission. Zeiders will join Barrett-Jackson Chairman and CEO Craig Jackson on the auction block to help drive bids for the pairing. In addition to taking home the pairing, the winning bidder will receive VIP concert tickets, an exclusive meet-and-greet experience with Zeiders and a personally signed guitar.

“Working with RealTruck on this project has been a great partnership and a fun way to celebrate the American spirit through our shared craftsmanship and performance,” said Krista Schipner, Senior Vice President of Marketing and Communications for MasterCraft Boat Holdings, Inc. “Barrett-Jackson is the next step in that collaboration. We’re excited to be part of the Scottsdale event, from sponsoring the VIP Guest experience to seeing this unique pairing cross the auction block. The Stars & Stripes is such a special piece of MasterCraft history, and we hope it finds a new home with someone who appreciates the story behind it. Knowing it’s all supporting Building Homes for Heroes makes it even more meaningful.”

“Having debuted a series of unique builds on the auction block this past year, returning with this truck marks an exciting next chapter in our commitment to innovation in aftermarket customization,” said Lee Riser, Vice President of Marketing for RealTruck. “Partnering with MasterCraft on this Americana-themed collaboration is such a fitting tribute to the American craftsmanship that defines both companies, and the auction proceeds will allow us to support a great national organization.”

“I’ve always been a classic car enthusiast, so getting to be part of the Barrett-Jackson auction is exciting in itself. But to have a role in bringing this one-of-a-kind boat and truck pairing across the block makes it even more special,” said Warren Zeiders. “I’m looking forward to being there, feeling that energy and hopefully seeing this partnership between RealTruck and MasterCraft generate some great support for Building Homes for Heroes and the incredible work they do for veterans and first responders.”

“Barrett-Jackson has a long, proud history of supporting our nation’s military and first responders, and we are honored to feature this incredible collaboration from MasterCraft and RealTruck on our auction block in Scottsdale,” said Craig Jackson, chairman and CEO of Barrett-Jackson. “This truck-and-boat pairing is a spectacular showcase of American craftsmanship and styling, and having Warren Zeiders join us on the block will only amplify the energy in the auction arena. We are waiving all fees and commissions so that 100 percent of the hammer price goes directly to Building Homes for Heroes, helping them continue their vital mission of gifting mortgage-free homes to the brave men and women who have sacrificed so much for our communities and great country.”

Restoration of the Iconic 1975 “Stars & Stripes” Boat

At the heart of the collaboration is the restoration of one of the most iconic boats in MasterCraft history. Originally introduced in the 1970s, the MasterCraft Stars & Stripes helped establish the company as an elite leader in the towboat industry and became synonymous with competitive water skiing. Featuring a patriotic red, white and blue design, the legendary tournament ski boat helped define the standard for waterski performance during its era and remains one of the most sought-after MasterCraft classics among collectors and enthusiasts today.

Custom Chevrolet Colorado

The classic design bridges yesterday's boat and today's truck, connecting timeless character with modern American innovation. Inspired by the classic two-tone paint jobs of a 1985 square-body Chevy truck, and building on the 1975 MasterCraft Stars & Stripes boat theme, the distinctive color is a fusion of design and style that forms a striking combination on both land and water. From its Ohio-made RealTruck's A.R.E. Z2 Cap, to the America 250 flag prominently placed on the roof, every detail was chosen to celebrate American innovation and patriotism. The truck also features the RealTruck A.R.E. Rod Pods (pole holders), A.R.E. Ascend Roof Basket, Elevate Rack and Go Rhino Xplor Lighting, and a DECKED Storage System.

The pairing will be on display throughout the week at SEMA giving visitors a chance to take a closer look at the one-of-a-kind collaboration.

The Scottsdale Auction in January will broadcast live on History and FYI, Barrett-Jackson.com and Barrett-Jackson's YouTube channel. To learn more about bidding or attending the event, please visit: Barrett-Jackson.com.
