AbCellera Named to 2016 Life Science Emerging Rockets List of High Growth Companies

3/2/2016

AbCellera identified with top technology companies in BC

Vancouver, Canada (March 2, 2016) - Authored by technology consulting firm Rocket Builders for 14 consecutive years, the list identifies tech companies in British Columbia (BC) that are “best positioned to capitalize on technology trends that will lead them to faster growth than their peers”.

“We believe next-generation antibody therapies have the potential to significantly impact the future of medicine and human health,” says Dr. Carl Hansen, President and CEO of AbCellera. “We’ve had a number of innovative partnerships with global pharma and biotech organizations in recent months and are excited to be recognized among BC’s high growth companies.”

The 2016 Life Science Emerging Rockets list includes nine other technology companies in BC, and can be viewed at <http://www.readytorocket.com/2016/03/2016-life-science-emerging-rockets.html>.

About AbCellera Biologics Inc. AbCellera is a privately held biotechnology company that provides enabling technologies for the discovery and development of monoclonal antibody (mAb) therapies directly from natural immune cells.

AbCellera’s lead technology is a proprietary single cell antibody discovery platform that provides pharma and biotech partners with the ability to rapidly identify mAb therapeutic candidates from the natural immune repertoires of any species, including humans.
