## NEWS RELEASE

# AbCellera Presents Data on Applications of T-Cell Engager Platform at SITC 2024

2024-11-07

---

VANCOUVER, British Columbia--(BUSINESS WIRE)-- **AbCellera** (Nasdaq: ABCL) today announced new data on its T-cell engager (TCE) platform, to be presented as a poster at the Society for Immunotherapy of Cancer (SITC) 39th Annual Meeting at the George R. Brown Convention Center in Houston, Texas.

AbCellera's presentation, which is available for viewing [here](#), describes:

Strategies to address key challenges in TCE development:

- CD3-binding antibodies to widen the therapeutic window by generating TCEs with potent tumor-cell killing and optimal cytokine release
- Molecules to enhance efficacy for solid tumor indications by increasing T-cell activation and proliferation through costimulation of CD28 and 4-1BB

Application of the platform to two of AbCellera's TCE programs:

- Preclinical characterization of TCEs against solid tumor targets B7-H4 and PSMA show tumor-cell killing and cytokine release profiles that are differentiated from clinical benchmarks

About AbCellera's T-Cell Engager Platform

CD3 T-cell engagers have the potential to be a cornerstone of cancer treatment. They guide the immune system to find and eliminate cancer cells by binding tumor targets and the CD3 protein on cancer-killing T cells at the same

time. However, the development of T-cell engagers has been limited due to challenges with efficacy and safety. To address these challenges, AbCellera developed a T-cell engager platform that includes novel CD3-binding antibodies to expand the therapeutic window for this modality, costimulatory building blocks to enhance efficacy for difficult-to-treat cancers, and discovery capabilities to broaden the range of T-cell engagers to complex tumor targets. AbCellera is leveraging its platform to unlock the full potential of this modality and bring potential new cancer medicines to patients.

## About AbCellera Biologics Inc.

**AbCellera** (Nasdaq: ABCL) discovers and develops antibody medicines for indications across therapeutic areas including cancer, metabolic and endocrine conditions, and autoimmune disorders. AbCellera's engine integrates technology, data science, infrastructure, and interdisciplinary teams to solve the most challenging antibody discovery problems. AbCellera is focused on advancing an internal pipeline of first-in-class and best-in-class programs and collaborating on innovative drug development programs with partners. ## AbCellera Forward-Looking Statements

This press release contains forward-looking statements, including statements made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. The forward-looking statements are based on management's current beliefs and assumptions and on information currently available to management. All statements contained in this release other than statements of historical fact are forward-looking statements, including statements regarding our ability to develop, commercialize, and achieve market acceptance of our current and planned products and services, our research and development efforts, and other matters regarding our business strategies, use of capital, results of operations and financial position, and plans and objectives for future operations.

In some cases, you can identify forward-looking statements by the words "may," "will," "could," "would," "should," "expect," "intend," "plan," "anticipate," "believe," "estimate," "predict," "project," "potential," "continue," "ongoing" or the negative of these terms or other comparable terminology, although not all forward-looking statements contain these words. These statements involve risks, uncertainties, and other factors that may cause actual results, levels of activity, performance, or achievements to be materially different from the information expressed or implied by these forward-looking statements. These risks, uncertainties, and other factors are described under "Risk Factors," "Management's Discussion and Analysis of Financial Condition and Results of Operations," and elsewhere in the documents we file with the Securities and Exchange Commission from time to time. We caution you that forward-looking statements are based on a combination of facts and factors currently known by us and our projections of the future, about which we cannot be certain. As a result, the forward-looking statements may not prove to be accurate. The forward-looking statements in this press release represent our views as of the date hereof. We undertake no obligation to update any forward-looking statements for any reason, except as required by law.
