

NEWS RELEASE

## FuelCell Energy Announces First Quarter of Fiscal Year 2022 Results Conference Call on March 10, 2022 at 10 A.M. Eastern Time

3/7/2022

DANBURY, Conn., March 07, 2022 (GLOBE NEWSWIRE) -- **FuelCell Energy** (Nasdaq: FCEL), a global leader in manufacturing stationary fuel cell energy platforms for decarbonizing power and producing hydrogen through its proprietary, state-of-the-art fuel cell technology to enable a world empowered by clean energy— today announced the upcoming release of its first quarter of fiscal year 2022 results prior to the Stock Market Open on Thursday, March 10, 2022. FuelCell Energy management will subsequently host a conference call with investors beginning at 10:00 a.m. Eastern Time on Thursday, March 10, 2022 to discuss the first quarter results for fiscal 2022.

Participants can access the live call via webcast on the Company website or by telephone as follows:

- The live webcast of this call and supporting slide presentation will be available at [www.fuelcellenergy.com](http://www.fuelcellenergy.com). To listen to the call, select 'Investors' on the home page, proceed to the 'Events & presentations' page and then click on the 'Webcast' link listed under the March 10th earnings call event listed.
- Alternatively, participants can dial 646-960-0699 and state FuelCell Energy or the conference ID number 1099808

The replay of the conference call will be available via webcast on the Company's Investors' page at [www.fuelcellenergy.com](http://www.fuelcellenergy.com) approximately two hours after the conclusion of the call.

About FuelCell Energy

FuelCell Energy, Inc. (NASDAQ: FCEL) FuelCell Energy is a global leader in sustainable clean energy technologies that address some of the world's most critical challenges around energy, safety and global urbanization. As a leading global manufacturer of proprietary fuel cell technology platforms, FuelCell Energy is uniquely positioned to serve customers worldwide with sustainable products and solutions for businesses, utilities, governments and municipalities. Our solutions are designed to enable a world empowered by clean energy, enhancing the quality of life for people around the globe. We target large-scale power users with our megawatt-class installations globally, and currently offer sub-megawatt solutions for smaller power consumers in Europe. To provide a frame of reference, one megawatt is adequate to continually power approximately 1,000 average sized U.S. homes. We develop turn-key distributed power generation solutions and operate and provide comprehensive service for the life of the power plant. Our fuel cell solution is a clean, efficient alternative to traditional combustion-based power generation, and is complementary to an energy mix consisting of intermittent sources of energy, such as solar and wind turbines. Our customer base includes utility companies, municipalities, universities, hospitals, government entities/military bases and a variety of industrial and commercial enterprises. Our leading geographic markets are currently the United States and South Korea, and we are pursuing opportunities in other countries around the world. FuelCell Energy, based in Connecticut, was founded in 1969.
