GoPro Announces 'Open GoPro' API

6/22/2021

Enables Third-Party Developers to Integrate HERO9 Black Into Their Solutions

HERO9 Black v1.6 Firmware Update Kicks Off Open GoPro Support

SAN MATEO, Calif., June 22, 2021 /PRNewswire/ -- Today, GoPro (NASDAQ: GPRO) announced 'Open GoPro,' an open API initiative that makes it easy for third-party developers to integrate HERO9 Black into their own development efforts.

With Open GoPro, developers have API access to the following HERO9 Black features:

- Wireless Connectivity
- Camera Command and Control
- Camera Status
- Camera Preview
- SD Card Media Review and Transfer

Demos and sample code are available on GoPro.com/OpenGoPro. No application or approval process is necessary.

Companies already incorporating Open GoPro include:

- **Amazfit** smartwatches: wirelessly control your GoPro using the Amazfit watch touch display.
- **Centurion Boats**: wirelessly control your GoPro via the boat's helm control screen.
- **Orqa** FPV Goggles: wirelessly control a GoPro mounted on an FPV drone using the Orqa FPV.Connect app and

see camera status directly in the goggles.

- **Pixellot** sport broadcasting: wirelessly control GoPro cameras and manage the transfer of content via Pixellot's mobile platform.
- **Sena** Bluetooth® devices: take voice-control of your GoPro using the built-in mics on the Sena Communications 50S and 50R headsets, ideal for motorcycle and other high-wind applications.

Open GoPro is live for HERO9 Black starting today with the release of the camera firmware update v1.6, available via **GoPro's Quik app** as well as on **GoPro.com**. The firmware includes the following additional updates:

- Improved camera power on/power off speed and consistency
- Improved Quik app connectivity
- Improved touch screen sensitivity in menus and settings
- Improved reliability when using **'The Remote'** to control your camera

To learn more about Open GoPro visit **GoPro.com/OpenGoPro**, and visit GoPro's blog, **The Inside Line** to learn more about partner integration and innovations. To update HERO9 Black firmware, pair your camera to the **Quik app** or visit **GoPro.com**.
