Forward-Looking Statements and In Process Products

This factsheet contains forward-looking statements about Procore Technologies, Inc. (“Procore”) and our plans, products, services, or industry that involve substantial risks and uncertainties. All statements in this factsheet, other than statements of historical fact, are forward-looking statements. Procore has based the forward-looking statements in this factsheet primarily on our current expectations and projections about future events and trends that we believe may affect our business, financial condition, and operating results. The outcome of the events described in these forward-looking statements is subject to risks, uncertainties, and other factors that could cause results, events, or circumstances to differ materially from Procore’s current expectations, including, but not limited to, our expectations regarding our financial performance, our ability to develop or deliver new products, platform capabilities, services, or features, and as set forth in our filings with the Securities and Exchange Commission, including in the section titled “Risk Factors” in our most recent Annual Report on Form 10-K and Quarterly Report on Form 10-Q. You should not rely on Procore’s forward-looking statements. Procore assumes no obligation to update any forward-looking statements to reflect events or circumstances that exist or change after the date on which they were made, except as required by law.

Any statements in this factsheet regarding or relating to unreleased products, services or features, or products, services or features that have been released but not yet made generally available (collectively, “In Process Products”) are forward-looking statements, including, but not limited to, statements regarding or relating to artificial intelligence capabilities. In Process Products may not currently be available, may only be available in limited or “beta” form, or may not be developed, delivered, or made generally available on time or at all. In addition, Procore has not decided whether, or how much, to charge for In Process Products, and reserves the right to do so in its sole discretion. Customers who purchase our products or services should make their purchase decisions based solely upon features that are currently generally available, and not upon any expectations with respect to In Process Products.

Definitions and Non-GAAP Financial Measures

Refer to Procore’s most recent earnings release, Quarterly Report on Form 10-Q, Annual Report on Form 10-K, and 2024 Investor Day presentation (each available at investors.procore.com) for the definitions of cRPO, gross revenue retention rate, ARR, free cash flow, and annual construction volume, and for a reconciliation of non-GAAP financial measures to the most directly comparable GAAP measures.
