While the Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Committee to plan or conduct audits or to determine that the Company’s financial statements are complete and accurate and are in accordance with generally accepted accounting principles. Management is responsible for the preparation, presentation and integrity of the Company’s financial statements. Management is responsible for maintaining appropriate accounting and financial reporting principles and policies, and internal controls and procedures designed to assure compliance with accounting standards, applicable laws and regulations.

The Company’s independent auditing firm is responsible for performing an independent audit of the Company’s annual financial statements, and reviewing the Company’s quarterly financial statements prior to the filing of each quarterly report on Form 10-Q.

The Committee serves a board-level oversight role in which it provides advice, counsel and direction to management and the auditors on the basis of the information it receives, discussions with the auditors and the experience of the Committee’s members in business, financial and accounting matters. The Committee members are not professional accountants or auditors, and their functions are not intended to duplicate or to certify the activities of management and the independent auditor.

II. Organization
