

PFIZER INC.
CORPORATE GOVERNANCE PRINCIPLES

Role and Composition of the Board of Directors

1. General. The Board of Directors (the Board), which is elected by the shareholders, is the ultimate decision-making body of Pfizer Inc. (the Company), except with respect to those matters reserved to the shareholders. It selects the Chief Executive Officer and other members of the senior management team, which is charged with the conduct of the Company's business. Having selected the senior management team, the Board acts as an advisor and counselor to senior management and ultimately monitors its performance. The function of the Board to monitor the performance of senior management is facilitated by the presence of non-employee Directors of stature who have substantive knowledge of the Company's business.

2. Succession Planning. The Board is responsible for planning for succession to the position of Chief Executive Officer as well as certain other senior management positions. To assist the Board, the Chief Executive Officer shall annually provide the Board with an assessment of other senior managers and their potential to succeed him or her. He or she shall also provide the Board with an assessment of persons considered potential successors to certain senior management positions.

3. Board Leadership. The independent Directors will annually elect a Chairman of the Board, who may or may not be the Chief Executive Officer of the Company, based on the recommendation of the Corporate Governance Committee as a result of its annual review of the Company's Board leadership structure. If the individual elected as Chairman of the Board is the Chief Executive Officer, the independent Directors shall also elect a Lead Independent Director. The Chairman of the Board shall preside at all meetings of the shareholders and of the Board as a whole, as well as over executive sessions of the independent Directors, and shall perform such other duties, and exercise such powers, as from time to time shall be prescribed in the Company's By-laws or by the Board; provided that the Lead Independent Director, if any, shall preside over executive sessions of the Company's independent Directors. In addition, the Lead Independent Director, if any, shall facilitate information flow and communication among the Directors and perform such other duties as may be specified by the Board and outlined in the Charter of the Lead Independent Director. The Board shall consider the rotation of the Lead Independent Director, if any, at such intervals as the Board determines on the recommendation of the Corporate Governance Committee.

4. Director Independence. It is the policy of the Company that the Board consist of a majority of independent Directors. The Corporate Governance Committee of the Board has established Director Qualification Standards to assist it in determining Director independence, which either meet or exceed the independence requirements of the New York Stock Exchange (NYSE) corporate governance listing standards. The Board will consider all relevant facts and circumstances in making an independence determination, and not merely from the standpoint of the Director, but also from that of persons or organizations with which the Director has an affiliation.

5. Board Size. It is the policy of the Company that the number of Directors not exceed a number that can function efficiently as a body. The Corporate Governance Committee shall periodically consider and make recommendations to the Board concerning the appropriate size and needs of the Board. The Corporate Governance Committee considers candidates to fill new positions created by increases in the size of the Board and vacancies that occur by resignation, by retirement or for any other reason.

6. Selection Criteria. To be considered for membership on the Board, candidates should be individuals of proven integrity who have demonstrated, by having a record of substantial achievement in an area of relevance to the Company, an ability to make a meaningful contribution to the Board's advising, counseling and monitoring roles. In selecting Directors, the Board will generally seek leaders of major complex organizations, including within the scientific, government service, educational, finance, marketing, technology and the not-for-profit sectors. In addition, the Board also will seek some Directors who are widely recognized as leaders in the fields of medicine or the biological sciences. A candidate must also possess a judicious and critical temperament that will enable objective appraisal of management's plans and programs. Each Director is expected to serve the best interests of all shareholders and must be committed to enhancing long-term Company growth. Directors should be selected so that the Board of Directors is a diverse body, with diversity reflecting gender, ethnic background and professional experience. Candidates considered by the Corporate Governance Committee shall also be considered by other Directors, based on the recommendation of the Corporate Governance Committee, and final approval of a candidate shall be determined by the full Board. Recommendations for Directors received from shareholders will be evaluated in accordance with the criteria set forth above.

7. Voting for Directors. In accordance with the Company's By-laws, unless the Secretary of the Company determines that the number of nominees exceeds the number of Directors to be elected as of the record date for any meeting of the shareholders, a nominee must receive more votes cast for than against his or her election or re-election in order to be elected or re-elected to the Board. The Board expects a Director to tender his or her resignation if he or she fails to receive the required number of votes for re-election. The Board shall nominate for election or re-election as Director only candidates who agree to tender, promptly following such person's failure to receive the required vote for election or re-election at the next shareholder meeting at which such person would face election or re-election, an irrevocable resignation that will be effective upon Board acceptance of such resignation. In addition, the Board shall fill Director vacancies and new directorships only with candidates who agree to tender, promptly following their appointment to the Board, the same form of resignation tendered by other Directors in accordance with this Corporate Governance Principle.

If an incumbent Director fails to receive the required vote for re-election, then, within 90 days following certification of the shareholder vote, the Corporate Governance Committee will act to determine whether to accept the Director's resignation and will submit such recommendation for prompt consideration by the Board, and the Board will act on the Committee's recommendation. The Corporate Governance Committee and the Board may consider any factors they deem relevant in deciding whether to accept a Director's resignation.

Any Director who tenders his or her resignation pursuant to this provision shall not participate in the Corporate Governance Committee recommendation or Board action regarding whether to accept the resignation offer.

Thereafter, the Board will promptly disclose its decision-making process and decision regarding whether to accept the Director's resignation offer (or the reason(s) for rejecting the resignation offer, if applicable) in a Current Report on Form 8-K (or any successor report) furnished to the Securities and Exchange Commission.

If each member of the Corporate Governance Committee fails to receive the required vote in favor of his or her election in the same election, then those independent Directors who did receive the required vote shall appoint a committee amongst themselves to consider the resignation offers and recommend to the Board whether to accept them.

However, if the only Directors who receive the required vote in the same election constitute three or fewer Directors, all Directors may participate in the action regarding whether to accept the resignation offers.

8. Director Service on Other Public Boards. Ordinarily, Directors should not serve on more than four other boards of public companies in addition to the Company's Board.

9. Former Chief Executive Officer as Director. Upon retirement from the Company, the former Chief Executive Officer will not retain Board membership.

10. Change in Director Occupation. When a Director's principal occupation or business association changes substantially during his or her tenure as a Director, that Director shall tender his or her resignation for consideration by the Corporate Governance Committee. The Corporate Governance Committee will recommend to the Board the action, if any, to be taken with respect to the resignation.

11. Director Compensation. The Corporate Governance Committee shall periodically review the compensation of non-employee Directors.

12. Ownership Requirement. Each non-employee Director is required to hold shares of the Company's common stock having a value of at least five (5) times the Director's annual base cash compensation while serving as a Director of the Company. For purposes of satisfying these requirements, (a) a Director's holdings of the Company's common stock shall include, in addition to shares held outright, units granted to the Director as compensation for Board service and shares or units held under a deferral or similar plan and (b) each such unit shall have the same value as a share of the Company's common stock. A Director will have five years from the date of (a) his or her first election as a Director or (b) if later, an increase in the amount of the Company's common stock required to be held, to satisfy this ownership requirement.

13. Director Retirement. Directors are required to retire from the Board when they reach the age of 73; a Director elected to the Board prior to his or her 73rd birthday may continue to serve until the annual shareholders meeting following his or her 73rd birthday. On the recommendation of the Corporate Governance Committee, the Board may waive this

requirement as to any Director if it deems such waiver to be in the best interests of the Company.

14. Annual Board and Committee Self-Evaluation. The Board (under the supervision of the Corporate Governance Committee) and each Committee will conduct a self-evaluation of their performance at least annually.

15. Term Limits. The Board does not endorse arbitrary term limits on Directors' service, nor does it believe in automatic annual re-nomination until Directors reach the mandatory retirement age. The Board self-evaluation process is an important determinant for continuing service.

16. Committees. It is the general policy of the Company that all major decisions be considered by the Board as a whole. As a consequence, the Committee structure of the Board is limited to those Committees considered to be basic to, or required or appropriate for, the operation of the Company. Currently these Committees are the Executive Committee, Audit Committee, Compensation Committee, Corporate Governance Committee, Regulatory and Compliance Committee and Science and Technology Committee.

The members and chairs of these Committees are recommended to the Board by the Corporate Governance Committee. The Audit Committee, Compensation Committee and Corporate Governance Committee are made up of only independent Directors, as defined under the NYSE listing standards and all applicable laws and regulations. In addition to the requirement that a majority of the Board satisfy the independence standards noted above in Paragraph 4, Director Independence, members of the Audit Committee also must satisfy an additional NYSE independence standard. Specifically, they may not accept directly or indirectly any consulting, advisory or other compensatory fee from the Company or any of its subsidiaries other than their Director compensation. As a matter of policy, the Board also will apply a separate and heightened independence standard to members of both the Compensation and Corporate Governance Committees. No member of either Committee may be a partner, member or principal of a law firm, accounting firm or investment banking firm that accepts consulting or advisory fees from the Company or any of its subsidiaries. The Board also will apply any heightened independence standards applicable to members of those Committees pursuant to NYSE requirements.

The Board shall consider the rotation of committee assignments and of committee Chairs at such intervals as the Board determines on the recommendation of the Corporate Governance Committee. Consideration of rotation shall seek to balance the benefits derived from continuity and experience, on the one hand, and the benefits derived from gaining fresh perspectives and enhancing Directors' understanding of different aspects of the Company's business and enabling functions.

17. Director Orientation and Continuing Education. In furtherance of its policy of having major decisions made by the Board as a whole, the Company has a full orientation and continuing education process for Board members that includes extensive materials, meetings with key management and visits to Company facilities.

18. Chief Executive Officer Performance Goals and Annual Evaluation. The Compensation Committee is responsible for setting annual and long-term performance goals for the Chief Executive Officer and for evaluating his or her performance against such goals. The Committee meets annually with the Chief Executive Officer to receive his or her recommendations concerning such goals. Both the goals and the evaluation are then submitted for consideration by the independent Directors at a meeting or executive session of that group. The Committee then meets with the Chief Executive Officer to evaluate his or her performance against such goals.

19. Senior Management Performance Goals. The Compensation Committee also is responsible for setting annual and long-term performance goals and compensation for the direct reports to the Chief Executive Officer. These decisions are approved or ratified by action of the independent Directors at a meeting or executive session of that group.

20. Communication with Stakeholders. The Chief Executive Officer is responsible for establishing effective communications with the Company's stakeholder groups, i.e., shareholders, customers, Company associates, communities, suppliers, creditors, governments and corporate partners.

It is the policy of the Company that management speaks for the Company. This policy does not preclude non-employee Directors, including the Chairman of the Board (if the Chairman is a non-employee Director) or the Lead Independent Director, from meeting with shareholders, but it is suggested that in most circumstances any such meetings be held with management present.

21. Annual Meeting Attendance. All Board members are expected to attend our Annual Meeting of Shareholders unless an emergency prevents them from doing so.

Board Functions

22. Agenda. The Chief Executive Officer, with approval from the Chairman of the Board (if the Chairman is a non-employee Director) or the Lead Independent Director, shall set the agenda for Board meetings with the understanding that the Board is responsible for providing suggestions for agenda items that are aligned with the advisory and monitoring functions of the Board. Agenda items that fall within the scope of responsibilities of a Board Committee are reviewed with the chair of that Committee. Any member of the Board may request that an item be included on the agenda.

23. Board Materials. Board materials related to agenda items are provided to Board members sufficiently in advance of Board meetings to allow the Directors to prepare for discussion of the items at the meeting.

24. Board Meetings. At the invitation of the Board, members of senior management and other employees recommended by the Chief Executive Officer shall attend Board meetings or portions thereof for the purpose of participating in discussions. Generally, presentations of matters to be considered by the Board are made by the manager responsible for that area of the Company's operations.

25. Director Access to Corporate and Independent Advisors. In addition, Board members have free access to all other members of management and employees of the Company and, as necessary and appropriate, Board members may consult with independent legal, financial, accounting and other advisors to assist in their duties to the Company and its shareholders.

26. Executive Sessions. Executive sessions or meetings of non-employee Directors without management present are held regularly (at least four times a year) to review the report of the independent registered public accounting firm, the criteria upon which the performance of the Chief Executive Officer and other senior managers is based, the performance of the Chief Executive Officer against such criteria, the compensation of the Chief Executive Officer and other senior managers, and any other relevant matters. Meetings are held from time to time with the Chief Executive Officer for a general discussion of relevant subjects.

Committee Functions

27. Independence. The Audit, Compensation and Corporate Governance Committees consist only of independent Directors. A majority of the members of the Regulatory and Compliance Committee must be independent Directors.

28. Meeting Conduct. The frequency, length and agenda of meetings of each of the Committees are determined by the chair of the Committee. Sufficient time to consider the agenda items is provided. Materials related to agenda items are provided to the Committee members sufficiently in advance of the meeting where necessary to allow the members to prepare for discussion of the items at the meeting.

29. Committee Meetings. At the invitation of any of the Committees, members of senior management and other employees recommended by the Chief Executive Officer shall attend Committee meetings or portions thereof for the purpose of participating in discussions. Generally, presentations of matters to be considered by the Committee are made by the manager responsible for that area of the Company's operations.

30. Scope of Responsibilities. The responsibilities of each of the Committees are determined by the Board from time to time.

Policy on Poison Pills

31. Expiration of Rights Agreement. The Board amended Pfizer's Rights Agreement, or "Poison Pill," to cause the Agreement to expire on December 31, 2003. The term Poison Pill refers to a type of shareholder rights plan that some companies adopt to provide an opportunity for negotiation during a hostile takeover attempt.

The Board has adopted a statement of policy that it shall seek and obtain shareholder approval before adopting a Poison Pill; provided, however, that the Board may determine to act on its own to adopt a Poison Pill, if, under the circumstances, the Board, including the majority of the independent members of the Board, in its exercise of its fiduciary responsibilities, deems it to be in the best interest of Pfizer's shareholders to adopt a Poison Pill without the delay in adoption that would come from the time reasonably anticipated to seek shareholder approval.

If the Board were ever to adopt a Poison Pill without prior shareholder approval, the Board would either submit the Poison Pill to shareholders for ratification, or would cause the Poison Pill to expire within one year.

The Corporate Governance Committee will review this Poison Pill policy statement on an annual basis, including the stipulation which addresses the Board's fiduciary responsibility to act in the best interest of the shareholders without prior shareholder approval, and report to the Board any recommendations it may have concerning the policy.

Periodic Review of Corporate Governance Principles

32. These principles are reviewed by the Board at least annually.
