

United Rentals Introduces Workspace Ready Solutions

2025-06-12

Customizable Packages Ensure Jobsite Offices Are Ready to Work on Day One

STAMFORD, Conn.--(BUSINESS WIRE)-- United Rentals, Inc. (NYSE: URI), the world's largest equipment rental company, today announced the launch of Workspace Ready Solutions — customizable accessory packages for mobile offices and container offices designed to meet the unique needs of construction projects. These solutions help companies create functional, professional workspaces where teams can meet, plan and problem-solve in comfort, starting on day one.

Workspace Ready Solutions take the burden off contractors by eliminating the need to outfit jobsite offices themselves. When project managers rent a mobile office trailer or container office, they can select from an extensive list of accessories, and United Rentals ensures the office is fully equipped and ready for use upon delivery.

Available accessories include construction site office furniture such as desks, chairs, filing cabinets and conference tables, as well as whiteboards, markers and other supplies. Appliances like refrigerators, coffee makers and microwaves are also available. United Rentals offers multiple packages and bundles, allowing companies to select exactly what they need and easily scale as project requirements evolve.

For storage containers, United Rentals provides add-ons including ramps, shelves, hooks, locks and solar lighting, offering secure and organized storage solutions.

"Project mobilization is a complex undertaking," said Tom Jones, Senior Vice President – Operations, United Rentals. "Project managers face countless tasks as they prepare jobsites, including securing temporary infrastructure like mobile office trailers and container offices. Our Workspace Ready Solutions give them a simple, efficient way to turn empty spaces into fully functional work environments."

Workspace Ready Solutions are part of United Rentals' turnkey mobile office and accessories offerings. Contractors can rely on United Rentals for a full range of solutions, including mobile offices, storage containers, climate control, portable toilets, ground protection mats, heavy equipment, and temporary structures used as break rooms or warehouses.
