PROXY STATEMENT

General Information

This proxy statement is furnished in connection with the solicitation of proxies by the Board of Directors of Nelnet, Inc. (the “Company”) for the 2015 Annual Meeting of Shareholders (the “Annual Meeting”) to be held on Thursday, May 14, 2015, at 8:30 a.m., Central Time, at the Courtyard Marriott, 808 R Street, Lincoln, Nebraska 68508. The Annual Meeting will be held for the purposes set forth in the notice of such Annual Meeting on the cover page hereof.

**Important Notice Regarding the Availability of Proxy Materials for the
2015 Annual Meeting of Shareholders to be held on May 14, 2015**

Our notice of annual meeting and proxy statement, 2014 annual report on Form 10-K, letter to shareholders, electronic proxy card, and other annual meeting materials are available on the Internet at www.proxyvote.com. We intend to begin mailing our Notice of Internet Availability of Proxy Materials to shareholders on or about April 2, 2015. At that time, we also will begin mailing paper copies of our proxy materials to shareholders who requested them. Additional information on how these materials will be distributed is provided below.

Under U.S. Securities and Exchange Commission (the “SEC”) rules, we are allowed to mail a notice to our shareholders informing them that our proxy statement, annual report on Form 10-K, electronic proxy card, and related materials are available for viewing, free of charge, on the Internet. Shareholders may then access these materials and vote their shares over the Internet, or request delivery of a full set of proxy materials by mail or email. These rules give us the opportunity to serve shareholders more efficiently by making the proxy materials available online and reducing the environmental impact and costs associated with printing and physical delivery. We are utilizing this process for the 2015 Annual Meeting. We intend to begin mailing the required notice, called the Notice of Internet Availability of Proxy Materials (the “Notice”), to shareholders on or about April 2, 2015. The proxy materials will be posted on the Internet, at www.proxyvote.com, no later than the day we begin mailing the Notice. If you receive a Notice, you will not receive a paper or email copy of the proxy materials unless you request one in the manner set forth in the Notice.

The Notice contains important information, including:

- The date, time, and location of the Annual Meeting
- A brief description of the matters to be voted on at the meeting
- A list of the proxy materials available for viewing at www.proxyvote.com and the control number you will need to use to access the site
- Instructions on how to access and review the proxy materials online, how to vote your shares over the Internet, and how to get a paper or email copy of the proxy materials if that is your preference

You may vote in person at the Annual Meeting or you may vote by proxy. To obtain directions to attend the Annual Meeting and vote in person, please call 402-458-3038. Giving the Board of Directors your proxy means that you authorize representatives of the Board to vote your shares at the Annual Meeting in the manner you specify. We recommend that you vote by proxy even if you plan to attend the Annual Meeting. If your share ownership is registered directly, you may refer to voting instructions contained in this proxy statement and in the Notice. If your share ownership is beneficial (that is, your shares are held in the name of a bank, broker, or other nominee, referred to as being held in “street name”), your broker will issue you a voting instruction form that you use to instruct them how to vote your shares. Your broker must follow your voting instructions. Although most brokers and nominees offer mail, telephone, and Internet voting, availability and specific procedures will depend on their voting arrangements.

Your vote is important. For this reason, the Board of Directors is requesting that you permit your common stock to be voted by proxy at the Annual Meeting. This proxy statement contains important information for you to consider when deciding how to vote on the matters brought before the Annual Meeting. Please read it carefully.

VOTING

Who Can Vote

You may vote if you owned Nelnet, Inc. Class A common stock, par value \$0.01 per share, or Class B common stock, par value \$0.01 per share, as of the close of business on March 19, 2015 (the “record date”). At the close of business on March 19, 2015, 34,735,426 and 11,486,932 shares of the Company's Class A and Class B common stock, respectively, were outstanding and eligible to vote. The Class A common stock is listed on the New York Stock Exchange under the symbol “NNI.” The Class B common stock is not listed on any exchange or market. At the Annual Meeting, each Class A and Class B shareholder will be entitled to one and 10 vote(s), respectively, in person or by proxy, for each share of Class A and Class B common stock, respectively, owned of record as of the record date. The stock transfer books of the Company will not be closed. The Secretary of the Company will make a complete record of the shareholders entitled to vote at the Annual Meeting available for inspection by any shareholder beginning two business days after the Notice of the Annual Meeting is given and continuing through the Annual Meeting, at the Company's headquarters in Lincoln, Nebraska at any time during usual business hours. Such records will also be available for inspection at the Annual Meeting.

As a matter of policy, the Company keeps private all proxies, ballots, and voting tabulations that identify individual shareholders. Such documents are available for examination only by certain representatives associated with processing proxy voting instructions and tabulating the vote. No vote of any shareholder is disclosed, except as may be necessary to meet legal requirements.

How You Vote

You may vote your shares prior to the Annual Meeting by following the instructions provided in the Notice, this proxy statement, and the voter website, www.proxyvote.com. If you requested a paper copy of the proxy materials, voting instructions are also contained on the proxy card enclosed with those materials.

- If you are a *registered shareholder*, there are three ways to vote your shares before the meeting:

By Internet (www.proxyvote.com): Use the Internet to transmit your voting instructions until 11:59 p.m. EDT on May 13, 2015. Have your Notice of Internet Availability of Proxy Materials with you when you access the website and follow the instructions to obtain your records and to create an electronic voting instruction form.

By mail: You can vote by mail by requesting a paper copy of the materials, which will include a proxy card. There is no charge for requesting a copy. To be valid, proxy cards must be received before the start of the Annual Meeting. If you want to receive a paper or e-mail copy of the proxy materials, please choose one of the following methods to make your request:

- By internet: www.proxyvote.com
- By telephone: 1-800-579-1639
- By e-mail*: sendmaterial@proxyvote.com

* If requesting materials by e-mail, please send a blank e-mail with your 16-Digit Control Number in the subject line.

By telephone (1-800-690-6903): Use any touch-tone phone to transmit your voting instructions until 11:59 p.m. EDT on May 13, 2015. Have your proxy card with you when you call and follow the instructions.

- If your shares are held in *street name*, your broker, bank, or other holder of record may provide you with a Notice of Internet Availability of Proxy Materials. Follow the instructions on the Notice to access our proxy materials and vote online or to request a paper or e-mail copy of our proxy materials. If you received these materials in paper form, the materials included a voting instruction card so you can instruct your broker, bank, or other holder of record how to vote your shares.

You may vote your shares at the Annual Meeting. If you are a *registered shareholder*, you can vote at the meeting any shares that were registered in your name as the shareholder of record as of the record date. If your shares are held in *street name*, you are not a holder of record of those shares and cannot vote them at the Annual Meeting unless you have a legal proxy from the holder of record. If you plan to attend and vote your street name shares at the Annual Meeting, you should request a legal proxy from your broker, bank, or other holder of record and bring it with you to the meeting along with proof of identification.

If you plan to vote your shares at the Annual Meeting, please pick up a ballot at the registration table upon your arrival. You may then submit your ballot to a meeting usher at the time designated during the meeting. *Ballots will not be distributed during the meeting.* Shares may not be voted after the final vote at the meeting.

Even if you plan to attend the Annual Meeting, we encourage you to vote your shares by proxy.

What Items Require Your Vote

There are three proposals that will be presented for your consideration at the meeting:

- Electing the nine nominees named in this proxy statement to the Board of Directors for a term of one year
- Ratifying the appointment of KPMG LLP as the Company's independent registered public accounting firm ("independent auditor") for 2015
- Approving on an advisory basis the Company's executive compensation

Each of the proposals has been submitted on behalf of the Company's Board of Directors.

How You Can Change Your Vote

If you are a *registered shareholder*, you can revoke your proxy and change your vote prior to the Annual Meeting by:

- Sending a written notice of revocation to our Corporate Secretary at 121 South 13th Street, Suite 100, Lincoln, Nebraska 68508 (the notification must be received by the close of business on May 13, 2015)
- Voting again by Internet prior to 11:59 p.m. EDT on May 13, 2015 (only the latest vote you submit will be counted)
- Submitting a new properly signed and dated paper proxy card with a later date (your proxy card must be received before the start of the Annual Meeting)

If your shares are held in *street name*, you should contact your broker, bank, or other holder of record about revoking your voting instructions and changing your vote prior to the meeting.

If you are eligible to vote at the Annual Meeting, you also can revoke your proxy or voting instructions and change your vote at the Annual Meeting by submitting a written ballot before the final vote at the meeting. Your attendance at the Annual Meeting will not automatically revoke your proxy; you must specifically revoke your proxy.

Quorum Needed To Hold the Meeting

In order to conduct the Annual Meeting, the Company's Articles of Incorporation and Bylaws provide that shares constituting a majority of the voting power of all the shares of the Company's stock entitled to vote must be present in person or by proxy. This is called a quorum. If you return valid proxy instructions or vote in person at the Annual Meeting, your shares will be considered part of the quorum. **Abstentions and broker "non-votes" will be counted as present and entitled to vote for purposes of determining a quorum. New York Stock Exchange rules allow banks, brokers, and other nominees to vote shares held by them for a customer on matters that the New York Stock Exchange considers to be routine, even though the bank, broker, or nominee has not received voting instructions from the customer. A broker "non-vote" occurs when a bank, broker, or other nominee has not received voting instructions from the customer and the bank, broker, or other nominee cannot vote the shares because the matter is not considered to be routine under New York Stock Exchange rules.**

Under New York Stock Exchange rules, the election of directors and the advisory vote to approve executive compensation will not be considered to be "routine" matters, and banks, brokers, and other nominees who are members of the New York Stock Exchange will not be permitted to vote shares held by them for a customer on these matters without instructions from the beneficial owner of the shares.

Counting Your Vote

If you provide specific voting instructions, your shares will be voted as instructed. If you hold shares in your name and submit a valid proxy without giving specific voting instructions, your shares will be voted as recommended by our Board of Directors. If you hold your shares in your name and do not return valid proxy instructions or do not vote in person at the Annual Meeting, your shares will not be voted. If you hold your shares in the name of a bank, broker, or other nominee, and you do not give that nominee instructions on how you want your shares to be voted, the nominee has the authority to vote your shares on the ratification of the appointment of KPMG LLP as independent auditor. However, as previously discussed, the nominee will not be permitted to vote your shares on the election of directors or the advisory vote to approve executive compensation.

Giving the Board your proxy also means that you authorize their representatives to vote in their discretion on any other matter that may be properly presented at the Annual Meeting. As of the date of this proxy statement, the Company does not know of any other matters to be presented at the Annual Meeting.

What Vote is Needed

Our Articles of Incorporation provide that directors are elected by a majority of the votes cast by the shares entitled to vote at the Annual Meeting. Although abstentions and broker “non-votes” will be counted for purposes of determining whether there is a quorum (as discussed previously), they will not be counted as votes cast in the election of directors and thus will not have the effect of votes for or against any director.

With respect to the election of directors, shareholders of the Company, or their proxy if one is appointed, have cumulative voting rights under the laws of the State of Nebraska. That is, shareholders, or their proxy, may vote their shares for as many directors as are to be elected, or may cumulate such shares and give one nominee as many votes as the number of directors to be elected multiplied by the number of their shares, or may distribute votes on the same principle among as many nominees as they may desire. If a shareholder desires to vote cumulatively, he or she must vote in person or give his or her specific cumulative voting instructions to the designated proxy that the number of votes represented by his or her shares are to be cast for one or more designated nominees. Cumulative voting is not available for internet voting.

The Nebraska Business Corporation Act and our Bylaws provide that a majority of votes cast at the meeting is required to approve Proposals 2 and 3 (ratifying the appointment of KPMG LLP and approving on an advisory basis the Company's executive compensation, respectively). Although abstentions and broker “non-votes” will be counted for purposes of determining whether there is a quorum (as discussed previously), they will not be counted as votes cast with respect to Proposals 2 and 3 and thus will not have the effect of votes for or against Proposals 2 and 3.

Voting Recommendations

The Company's Board of Directors recommends that you vote:

- “FOR” the election of each of the nominees to the Board of Directors
- “FOR” the ratification of the appointment of KPMG LLP as the Company's independent registered public accounting firm for 2015
- “FOR” the approval of the compensation of the Company's named executive officers, as disclosed in this proxy statement

A proxy, when properly executed and not revoked, will be voted in accordance with the authorization and instructions contained therein. Unless a shareholder specifies otherwise, all shares represented will be voted in accordance with the recommendations of the Company's Board of Directors.

Voting Results

The preliminary voting results will be announced at the Annual Meeting. The final voting results will be reported in a current report on Form 8-K to be filed within four business days after the Annual Meeting date.

Cost of This Proxy Solicitation

The Company will pay the cost of soliciting proxies, including the preparation, assembly, and furnishing of proxy solicitation and other required annual meeting materials. Directors, officers, and regular employees of the Company may solicit proxies by telephone, electronic communications, or personal contact, for which they will not receive any additional compensation in respect of such solicitations. The Company will also reimburse brokerage firms and others for all reasonable expenses for furnishing proxy solicitation and other required annual meeting materials to beneficial owners of the Company's stock.

PROPOSAL 1 - ELECTION OF DIRECTORS

Nominees

Shareholders are asked to elect nine directors to serve on the Board for a one-year term or until their successors are elected or appointed.

Upon the recommendation of the Nominating and Corporate Governance Committee of the Board, the Board has nominated each of the nominees named below to serve on the Board of Directors.

The Board of Directors recommends that shareholders vote FOR the election of each nominee (named below) to the Board of Directors.

In the event that any nominee becomes unavailable for election for any reason, the shares represented by proxy will be voted for any substitute nominees designated by the Board, unless the proxy does not indicate that the shares are to be voted for all nominees. The Board of Directors knows of no reason why any of the persons nominated to be directors might be unable to serve if elected, and each nominee has consented to and expressed an intention to serve if elected. There are no arrangements or understandings between any of the nominees and any other person pursuant to which any of the nominees was selected as a nominee.

Following are the names of the nine nominees to serve as director, together with: their ages, the year during which they were first elected a director of the Company, their principal occupation(s) and any other directorships with publicly-held companies (if applicable) during the past five years, and each nominee's qualifications to serve as a director.

CORPORATE GOVERNANCE

Code of Business Conduct and Ethics for Directors, Officers, and Employees

The Company has a written code of business conduct and ethics that applies to all of the Company's directors, officers, and employees, including the Company's Executive Chairman, Chief Executive Officer, President, Chief Operating Officer, and Chief Financial Officer, and is designed to promote ethical and legal conduct. Among other items, the code addresses the ethical handling of actual or potential conflicts of interest, compliance with laws, accurate financial reporting, and procedures for promoting compliance with, and reporting violations of, the code. This code is available on the Company's Web site at www.nelnetinvestors.com under "Corporate Governance" and is available in print to any shareholder who requests it. Any future amendments to or waivers of the code, to the extent applicable to any executive officer or director, will be posted at this location on the Company's website.

Board Composition and Director Independence

The Board of Directors is composed of a majority of independent directors as defined by the rules of the New York Stock Exchange. A director does not qualify as an independent director unless the Board has determined, pursuant to applicable legal and regulatory requirements, that such director has no material relationship with the Company (either directly or as a partner, shareholder, or officer of an organization that has a relationship with the Company). The Nominating and Corporate Governance Committee reviews compliance with the definition of "independent" director annually. Mr. Dunlap beneficially owns 67.3% of the combined voting power of the Company's shareholders. Because of his beneficial ownership, Mr. Dunlap can effectively elect each member of the Board of Directors and has the power to defeat or remove each member of the Board of Directors.

The Board has evaluated commercial, consulting, charitable, familial, and other relationships with each of its directors, director nominees, and entities with respect to which they are an executive officer, partner, member, and/or significant shareholder. See "Certain Relationships and Related Transactions." As part of this evaluation, the Board noted that none of the current directors received any consulting, advisory, or other compensatory fees from the Company (other than for services as a director) or is a partner, member, or principal of an entity that provided accounting, consulting, legal, investment banking, financial, or other advisory services to the Company (other than approximately \$19,400 paid for health, dental, and vision benefits for Mr. Butterfield and approximately \$8,100 paid for leadership talent profiles to Talent Plus, of which Ms. Rath is Chairperson and with her spouse is a principal owner). Based on this independence review and evaluation, and on other facts and circumstances the Board deemed relevant, the Board, in its business judgment, has determined that all of the Company's current directors are independent, with the exception of Mr. Dunlap, who is currently an employee of the Company, and Mr. Graff.

Mr. Graff is not an independent director due to certain relationships between the Company, Mr. Graff, and Agile Sports Technologies, Inc. (doing business as "Hudl"), of which Mr. Graff is Chief Executive Officer. Mr. Dunlap has served as a member of the Hudl Board of Directors since March 2011, and served on the Hudl Compensation Committee for one meeting in December 2012, at which Mr. Graff's compensation was approved. Mr. Dunlap resigned from that committee following that meeting, but as a result, NYSE rules preclude Mr. Graff from being considered as an independent director until December 2015.

The Company's Nominating and Corporate Governance Committee is responsible for reviewing and approving all new transactions, and any material amendments or modifications to existing transactions, between the Company and Union Bank or any other related party, and taking such actions as the Committee deems necessary and appropriate in relation to such transactions, including reporting to the Board of Directors with respect to such transactions as the Committee deems necessary and appropriate. See "Certain Relationships and Related Transactions."

Governance Guidelines of the Board

The Board's governance is guided by the Company's Corporate Governance Guidelines. The Board's current guidelines are available on the Company's Web site at www.nelnetinvestors.com under "Corporate Governance" and are available in print to any shareholder who requests them. Among other matters, the guidelines provide for the following:

- A majority of the members of the Board must be independent directors.
- The Board undertakes an annual self-review.
- The Board and each Board Committee has the authority to engage independent or outside counsel, accountants, or other advisors, as it determines to be necessary or appropriate. All related fees and costs of such advisors are paid by the Company.

- Board members have open communication with all members of management and counsel.
- Non-Employee Directors meet in executive session, without the presence of management. Mr. Henning currently presides at these executive sessions. Anyone who has a concern about the Company may communicate that concern directly to these Non-Employee Directors. Such communication may be mailed to the Corporate Secretary at Nelnet, Inc., 121 South 13th Street, Suite 100, Lincoln, Nebraska 68508 or anonymously submitted via the Company's Web site at www.nelnet.com under "Anonymous Reporting." All such communications will be forwarded to the appropriate Non-Employee Directors for their review. The Non-Employee Directors may take any action deemed appropriate or necessary, including the retention of independent or outside counsel, accountants, or other advisors, with respect to any such communication addressed to them. No adverse action will be taken against any individual making any such communication in good faith to the Non-Employee Directors.

Board Diversity

In considering whether to recommend any candidate for election to the Board, including candidates recommended by shareholders, the Nominating and Corporate Governance Committee will apply the criteria set forth in Nelnet's Corporate Governance Guidelines. These criteria include the candidate's independence, wisdom, integrity, understanding and acceptance of the Company's corporate philosophy, business or professional knowledge and experience, record of accomplishment, and willingness to commit time and energy to the Company. Our Corporate Governance Guidelines also specify that the value of diversity on the Board should be considered by the Nominating and Corporate Governance Committee in the director identification and nomination process. The Board is committed to a strong and diverse membership and a thorough process to identify those individuals who can best contribute to the Company's continued success. As part of this process, the Nominating and Corporate Governance Committee will continue to take all reasonable steps to identify and consider for Board membership all candidates who satisfy the business needs of the Company at the time of appointment.

The Committee seeks nominees with a broad diversity of experience, professional skills, and backgrounds. The Committee does not assign specific weights to particular criteria and no particular criterion is necessarily applicable to all prospective nominees. The Company believes that the backgrounds and qualifications of the directors, considered as a group, should provide a significant composite mix of experience, knowledge, and abilities that will allow the Board to fulfill its responsibilities. Nominees are not discriminated against on the basis of race, gender, religion, national origin, sexual orientation, disability, or any other basis proscribed by law.

The Board's Role in Risk Oversight

Our Board of Directors oversees an enterprise-wide approach to risk management, designed to support the achievement of organizational objectives, including strategic objectives, to improve long-term organizational performance and enhance shareholder value. A fundamental part of risk management is not only understanding the risks a company faces and what steps management is taking to manage those risks, but also understanding what level of risk is appropriate for the company in fostering a culture of risk-aware and risk-adjusted decision-making that allows the Company to avoid adverse financial and operational impacts. The involvement of the full Board of Directors in setting the Company's business strategy is a key part of its assessment of management's appetite for risk and also a determination of what constitutes an appropriate level of risk for the Company.

While the Board of Directors has the ultimate oversight responsibility for the risk management process, various committees of the Board also have responsibility for risk management. In particular, the Risk and Finance Committee assists the Board of Directors in fulfilling its responsibilities with respect to oversight of the Company's enterprise-wide risk management framework and oversight of the Company's strategies relating to capital management. The Audit Committee focuses on the integrity of the Company's financial statements, system of internal controls, and policies for risk assessment and risk management. The Company's Nominating and Corporate Governance Committee assists the Board of Directors in fulfilling its oversight responsibility with respect to regulatory, compliance, related-party transactions, and public policy issues that affect the Company, and works closely with the Company's legal and policy services groups. The Compliance Committee, formed in November 2014, assists the Board of Directors in fulfilling its responsibility to oversee the Company's Compliance Management Program which is designed to ensure compliance with consumer protection laws, regulations, and corporate policies. Finally, in setting compensation philosophy and strategy, the Compensation Committee strives to create incentives that encourage an appropriate level of risk-taking behavior consistent with the Company's business strategy.

Board Leadership Structure

Effective January 1, 2014, Mr. Dunlap was named Executive Chairman of the Board and Jeffrey R. Noordhoek was named Chief Executive Officer. While the Board of Directors and management do not believe either a combined Chairman and CEO or separate roles necessarily guarantee better governance or the absence of risk, they believe this leadership structure is appropriate for our business at this time. The Board believes that its current leadership structure best serves the objectives of the Board's oversight of management, the ability of the Board to carry out its roles and responsibilities on behalf of the shareholders, and the Company's overall corporate governance. The Board also believes that the current separation of the Chairman and CEO roles will allow the CEO to focus his time and energy on operating and managing the Company, while leveraging the experience and perspectives of the Executive Chairman. It allows the Executive Chairman to focus on leadership of the Board in addition to providing management direction on company-wide issues. The Board periodically reviews the leadership structure and may make changes in the future.

In addition, Mr. Henning is currently serving as the independent Lead Director of the Board. The Board believes having a lead independent director is an important governance practice, given that the Executive Chairman is not an independent director under our Corporate Governance Guidelines and applicable rules. Mr. Dunlap, as Executive Chairman, provides leadership to the Board and works with the Board to define its structure and activities in the fulfillment of its responsibilities. In conjunction with Mr. Henning as the independent Lead Director, Mr. Dunlap sets the Board agendas with Board and management input, facilitates communication among directors, works with Mr. Henning to provide appropriate information flow to the Board, and presides at meetings of the Board of Directors and shareholders. Mr. Henning works with Mr. Dunlap and other Board members to provide strong, independent oversight of the Company's management and affairs. Among other things, Mr. Henning is involved in the development of Board meeting agendas as well as the quality, quantity, and timeliness of information sent to the Board, serves as the principal liaison between Mr. Dunlap and the independent directors, and chairs an executive session of the Non-Employee Directors at most regularly scheduled Board meetings. The structure allows the Company to optimize the roles of Chairman, CEO, and independent Lead Director and provide sound governance practices.

Board Committees

The Board uses committees to assist it in the performance of its duties. During 2014, the standing committees of the Board were the Audit Committee, Compensation Committee, Compliance Committee (as of November 4, 2014), Nominating and Corporate Governance Committee, Risk and Finance Committee, and Executive Committee. Each of the Audit, Compensation, and Nominating and Corporate Governance committees is composed entirely of independent directors, the Compliance and Risk and Finance Committees have a majority of independent directors, and each committee other than the Executive Committee operates pursuant to a formal written charter, approved by the Board, which sets forth the committees' functions and responsibilities. Each committee charter is posted on the Company's Web site at www.nelnetinvestors.com under "Corporate Governance" - "Committees" and is available in print to any shareholder who requests it. The purposes of each committee and their current members are set forth below.

Audit Committee

The Audit Committee is composed of Ms. Farrell and Messrs. Cintani and Henning. The Committee held seven meetings in 2014. Each member of the Audit Committee is (1) "independent" in accordance with the rules and regulations of the New York Stock Exchange and the rules and regulations of the SEC and (2) sufficiently financially literate to enable him or her to discharge the responsibilities of an Audit Committee member. The Board has determined that all of the members of the Audit Committee have accounting and related financial management expertise which qualifies each of them as an "audit committee financial expert," as defined in the applicable rules and regulations of the SEC.

The Audit Committee provides assistance to the Board of Directors in its oversight of the integrity of the Company's financial statements, the Company's system of internal controls, the Company's policy standards and guidelines for risk assessment and risk management, the qualifications and independence of the Company's independent auditor, the performance of the Company's internal and independent auditors, and the Company's compliance with other regulatory and legal requirements. The Audit Committee discusses with management and the independent auditor the Company's annual audited financial statements, including the Company's disclosures made under "Management's Discussion and Analysis of Financial Condition and Results of Operations" in its filings with the SEC, and recommends to the Board of Directors whether such audited financial statements should be included in the Company's annual report on Form 10-K. The Audit Committee also selects the independent auditors for the next year and presents such selection to the shareholders for ratification.

Compensation Committee

The Compensation Committee is composed of Ms. Rath and Messrs. Abel and Reardon. The Committee held five meetings in 2014. The members of the Compensation Committee are (1) “independent” in accordance with the rules and regulations of the New York Stock Exchange and the rules and regulations of the SEC, (2) “Non-Employee Directors” as defined in Rule 16b-3 promulgated under Section 16 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”) and (3) “Outside Directors” within the meaning of Section 162(m) of the Internal Revenue Code of 1986. The Compensation Committee oversees the Company's compensation and benefit policies. The Company's compensation policies are designed with the goal of maximizing shareholder value over the long term. The Compensation Committee believes that this goal is best realized by utilizing a compensation program which serves to attract and retain superior executive talent by providing management with performance-based incentives and closely aligning the financial interests of management with those of the Company's shareholders. The level of compensation is based on numerous factors, including achievement of results and financial objectives established by the Compensation Committee and the Board of Directors. See “Executive Compensation.”

Compliance Committee

The Compliance Committee is composed of Ms. Farrell and Messrs. Abel and Graff. The Committee was formed in November 2014 and held one meeting in 2014. The Compliance Committee holds principal oversight responsibility with respect to the Company's Compliance Management Program, including approval of applicable corporate policies, ensuring adequate resources are available for training and communications, ensuring the Program is designed to adequately address consumer complaints and other compliance issues and receiving periodic reporting from management regarding compliance activities.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee is composed of Ms. Rath and Messrs. Abel, Butterfield, and Reardon. The Committee held five meetings in 2014. The members of the Nominating and Corporate Governance Committee are “independent” as determined in accordance with the rules and regulations of the New York Stock Exchange and the rules and regulations of the SEC. The Nominating and Corporate Governance Committee is responsible for identifying and recommending qualified nominees to serve on the Company's Board of Directors, identifying members of the Board to serve on each Board committee, overseeing the evaluation by the Board of itself and its committees, identifying individuals to serve as officers of the Company and recommending such individuals to the Board, as well as developing and overseeing the Company's internal corporate governance processes. The Nominating and Corporate Governance Committee reviews related party transactions in accordance with the written policies and procedures adopted by the Board of Directors for the Committee's review of related party transactions, and takes such actions as the Committee deems necessary and appropriate in relation to such transactions, including reporting to the Board of Directors with respect to such transactions as the Committee deems necessary and appropriate.

The Company's Corporate Governance Guidelines establish criteria for specific qualities and skills to be considered by the Nominating and Corporate Governance Committee as necessary for the Company's directors to possess. These criteria include, among other items, independence, diversity, integrity, understanding the Company's corporate philosophy, valid business or professional knowledge, proven record of accomplishment with excellent organizations, ability to challenge and stimulate management, and willingness to commit time and energy. The Nominating and Corporate Governance Committee has been given the responsibility to take all reasonable steps to identify and evaluate nominees for director and has adopted a policy requiring it to consider written proposals for director nominees received from shareholders of the Company. No such proposals were received during 2014 from a beneficial owner of more than 5% of Nelnet's stock (other than current management). There is no difference in the manner in which the Committee evaluates director nominees based on whether the nominee is recommended by a shareholder. All of the nominees identified in this proxy statement have been recommended by the Committee.

When seeking candidates for director, the Nominating and Corporate Governance Committee solicits suggestions from incumbent directors, management, shareholders, and others. The Committee has authority under its charter to retain a search firm for this purpose. If the Committee believes a candidate would be a valuable addition to the Board of Directors, it recommends his or her candidacy to the full Board of Directors.

The Company's Bylaws include provisions setting forth the specific conditions under which persons may be nominated by shareholders for election as directors at an annual meeting of shareholders. The provisions include the condition that nominee proposals from shareholders must be in writing and that shareholders comply with the time-frame requirements described under “Other Shareholder Matters - Shareholder Proposals for 2016 Annual Meeting” for shareholder proposals not included in the Company's Proxy Statement. A copy of such provisions is available upon written request to: Nelnet, Inc., 121 South 13th Street, Suite 100, Lincoln, Nebraska 68508, Attention: Corporate Secretary. The Company's Bylaws are also posted on the Company's Web site at www.nelnetinvestors.com under “Corporate Governance” - “Corporate Documents.”

Risk and Finance Committee

The Risk and Finance Committee is composed of Ms. Farrell and Messrs. Butterfield, Cintani, Graff, and Henning. The Committee held five meetings in 2014. The Risk and Finance Committee holds principal oversight responsibility with respect to the Company's enterprise-wide risk management framework, including the significant strategies, policies, procedures, and systems used to identify, assess, measure, and manage the major risks facing the Company and oversight of the Company's material financial matters, including capital management, funding strategy, investments, and acquisitions that are material to the Company's business.

Executive Committee

The Executive Committee is composed of Ms. Farrell and Messrs. Dunlap and Henning. The Executive Committee held no formal meetings in 2014. The Executive Committee exercises all of the powers of the full Board in the management of the business and affairs of the Company during the intervals between meetings of the full Board, subject only to limitations as the Board may impose from time to time, or as limited by applicable law.

Meetings of the Board

The Board of Directors held six meetings in 2014. All directors attended at least 75% of the meetings of the Board and committees on which they serve.

Attendance at Annual Meetings of Shareholders

The Company does not have a policy regarding director attendance at the annual meetings of shareholders. All directors attended the prior year's annual meeting of shareholders.

Director Compensation Table for Fiscal Year 2014

The following table sets forth summary information regarding compensation of Non-Employee Directors for the fiscal year ended December 31, 2014. Non-Employee Directors are compensated based on Board meeting and committee meeting attendance. For fiscal year 2014, the Company also paid an annual retainer of \$75,000 to Non-Employee Directors. An additional annual retainer of \$10,000 is paid to Non-Employee Directors who serve as members of the Audit Committee, Compensation Committee, Compliance Committee, Nominating and Corporate Governance Committee, Risk and Finance Committee, or Executive Committee, as applicable. For fiscal year 2014, the Chair of the Audit Committee was paid an additional \$12,500 annual retainer fee. Mr. Dunlap, who is an employee of the Company, does not receive any consideration for participation in Board or committee meetings.

	Fees earned or paid in cash (\$) (a)	Stock awards (\$) (b)	All other compensation (\$) (c) (d)	
James P. Abel	17,000	111,780	—	128,780
Stephen F. Butterfield	111,000	—	19,608 (c) (d)	130,608
William R. Cintani	18,000	111,780	9,500 (d)	139,280
Kathleen A. Farrell	19,000	123,552	—	142,552
David S. Graff	6,000	100,007	—	106,007
Thomas E. Henning	18,000	138,237	—	156,237
Kimberly K. Rath	13,000	111,780	—	124,780
Michael D. Reardon	111,000	—	—	111,000

(a) Amount represents cash paid to Non-Employee Directors for attendance at Board and committee meetings. Non-Employee Directors earn \$1,000 for each Board and committee meeting attended. Amount also includes Messrs. Butterfield's and Reardon's annual retainer fees (\$95,000), which each elected to receive in cash.

(b) Prior to the Company's December 2003 initial public offering of its Class A common stock, the Board of Directors adopted, and the shareholders approved, a share-based compensation plan for Non-Employee Directors pursuant to which Non-Employee Directors can elect to receive their annual retainer fees in the form of cash or in shares of the Company's Class A common stock. If a Non-Employee Director elects to receive Class A common stock, the number

of shares of Class A common stock that will be granted will be equal to the amount of the annual retainer fee otherwise payable in cash divided by 85 percent of the fair market value of a share of Class A common stock on the date the fee is payable. Non-Employee Directors who choose to receive Class A common stock may also elect to defer receipt of the Class A common stock until termination of their service on the Board of Directors. Any dividends paid in respect of deferred shares during the deferral period will also be deferred in the form of additional shares and paid out at termination of service on the Board of Directors. This plan may be amended or terminated by the Board of Directors at any time, but no amendment or termination will adversely affect a Non-Employee Director's rights with respect to previously deferred shares without the consent of the Non-Employee Director.

Each of the Non-Employee Directors, with the exception of Messrs. Butterfield and Reardon, elected to receive their annual retainer fees for 2014 in the form of the Company's Class A common stock or deferred shares in accordance with the provisions of this plan. As such, the amounts under "stock awards" in the table above represent the grant date fair value of the stock on the date of issuance, June 20, 2014, of \$41.02 per share. The Company uses the closing market price of the Company's Class A common stock on the date the annual retainer fees are payable to calculate the number of shares to be issued under this plan. Additional information about the Company's accounting for stock-based compensation under Financial Accounting Standards Board Accounting Standards Codification Topic 718 ("FASB ASC Topic 718") can be found in Note 2 - "Summary of Significant Accounting Policies and Practices - Compensation for Stock Based Awards" and Note 19 - "Stock Based Compensation Plans - Non-employee Directors Compensation Plan" of the Notes to Consolidated Financial Statements included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2014.

- (c) As a non-employee strategic advisor to the Company, Mr. Butterfield received health, dental, and vision benefits. During 2014, Mr. Butterfield received \$6,000 from the Company to cover the cost of his premiums related to these benefits. The dollar value of insurance premiums paid by the Company related to these benefits was \$13,358.
- (d) The Company offers a matching gift program in which all employees with at least six months of service and all members of the Board of Directors are eligible to participate. Under this program, for every dollar (\$100 minimum) that an employee or Board member contributes to an eligible charitable organization or educational institution, the Company will make matching donations of additional funds, subject to terms and conditions applicable in an equal manner to all employees and Board members. The total dollar amount payable under the program is \$25,000 per director or employee per calendar year. During 2014, the Company contributed \$250 and \$9,500 to charitable organizations on behalf of Messrs. Butterfield and Cintani, respectively, pursuant to the Company's matching gift program.

Share Ownership Guidelines for Board Members

The Compensation Committee of the Board of Directors believes that Board members should have a significant equity interest in the Company. In order to promote equity ownership and further align the interests of Board members with the Company's shareholders, the Committee has recommended and the Board has adopted Share Ownership Guidelines for Board members. Under these guidelines, each Non-Employee Director is encouraged to own shares of the Company's Class A common stock with a value of 50% of the amount obtained by multiplying the annual retainer fee by the number of years the Director has served on the Board. As of February 27, 2015, all Non-Employee Directors owned an amount of shares equal to or in excess of that suggested by the guidelines.

EXECUTIVE OFFICERS

Under the Company's Bylaws, each executive officer holds office for a term of one year or until their successor is elected and qualified. The executive officers of the Company are elected by the Board of Directors at its annual meeting immediately following the annual meeting of shareholders.

The following sets forth the executive officers of the Company, including their names, their ages, their positions with the Company, and if different, their business experience during the last five years.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

In this section, we provide a detailed description of our executive compensation philosophy and program for our named executive officers (the "Named Executive Officers") for fiscal 2014:

Name	Title
Michael S. Dunlap	Executive Chairman
Jeffrey R. Noordhoek	Chief Executive Officer
Terry J. Heimes	Chief Operating Officer
James D. Kruger	Chief Financial Officer
Timothy A. Tewes	President

Executive Summary

This Compensation Discussion and Analysis describes the key principles and measures that underlie the Company's executive compensation policies for the Named Executive Officers. The Company's stated compensation philosophy is clear and consistent, that it pays for performance. Its Named Executive Officers are accountable for the Company's performance and the business segment or segments they manage, and are compensated based on that performance.

For 2014, the Company had strong financial performance, with net income, excluding derivative market value and foreign currency adjustments, of \$284.2 million, or \$6.12 per share. The Company has delivered strong financial results supported by achievement of its key objectives of growing its core businesses, driving diversification around its core, and improving customer experiences. The Company believes that its executive compensation program contributes to a high-performance culture where executives deliver results that drive sustained growth.

The following discussion summarizes the Company's executive compensation program, compensation philosophy, objectives, and process considered in determining compensation for its Named Executive Officers.

Compensation Committee Governance and Processes

The Company's Board of Directors has designated the Compensation Committee to assist the Board in discharging its responsibilities relating to:

- determining and administering the compensation of the Named Executive Officers and other executive officers of the Company
- administering certain compensation plans, including stock, incentive, and commission compensation plans
- assessing the effectiveness of succession planning relative to key executive officers of the Company
- reviewing, approving, and overseeing certain other benefit plans

The Compensation Committee consists solely of independent members of the Board of Directors, and operates under a written charter adopted by the Board. Compensation Committee policy requires that all of the Company's compensation plans and practices shall comply with applicable laws, rules, and regulations.

As discussed below, the Compensation Committee works with members of management to develop executive compensation objectives and programs. To ensure independence and candid discussions, the Compensation Committee meets in executive sessions without any executive officers or other members of management being present, to review and approve the Company's compensation framework and specific executive compensation determinations. The Compensation Committee also coordinates with the Board of Directors to monitor the performance of the Named Executive Officers throughout the year to ensure that the compensation being provided meets the performance incentive objectives of the Company's compensation framework.

Role of Management in Recommending Executive Compensation

The Executive Director of People Services, the Chief Executive Officer, and the Chief Operating Officer, referred to herein as the internal committee, is directed by the Compensation Committee to develop, recommend, and administer in a consistent manner, compensation objectives and programs for the Compensation Committee and the Board of Directors to consider and approve. As part of this process, each year the internal committee, with the assistance of other members of management, reviews and updates as necessary the Company's compensation philosophy and strategy statement, and develops a proposed executive compensation framework. The internal committee is also tasked with ensuring that the objectives of the programs are aligned with the Company's long-term strategy. The Executive Chairman makes compensation recommendations for himself and the other Named Executive Officers for the Compensation Committee's review and approval.

Objectives of Executive Compensation

The general compensation philosophy of the Company, as an organization that values the long-term success of its shareholders, customers, and employees (referred to by the Company as associates), is that the Company will pay competitive and equitable compensation that is designed to encourage focus on the long-term performance objectives of the Company and is differentiated based on both the individual's performance and performance of their respective business segment. In carrying out this philosophy, the Company structures its overall compensation framework with the general objectives of encouraging ownership, savings, wellness, productivity, and innovation. In addition, total compensation is intended to be market competitive compared to select industry surveys, internally consistent, and aligned with the philosophy of a performance-based organization. The Company believes this approach will enable it to attract, retain, develop, and motivate the talent required for the Company's long-term success, encourage the creation of shareholder value, and recognize high levels of associate performance.

To build a strong work environment and culture, the Company structures its total compensation to be comprised of:

Element	Purpose	Characteristics
Base salary	Competitive cash compensation to retain and attract executive talent.	Fixed cash compensation based upon the scope and complexity of the role, individual experience, performance, and market competitiveness. Reviewed annually and adjusted as warranted.
Annual performance-based incentive bonuses	Drive the achievement of key short-term business results and recognize individual contributions to these results.	Primary mode to differentiate compensation based on performance. Annual incentives based on a combination of financial metrics and individual goals. Potential cash-equity mix through performance-based incentive program stock election framework.
Restricted stock awards	Promote long-term focus on shareholder value, serve as an important retention tool, and encourage significant equity stake in the Company.	Equity-based compensation subject to vesting periods, or other restrictions on sale, generally for three to ten years.
Health, retirement, and other benefits	Designed to provide competitive health insurance options and income replacement upon retirement, death, or disability.	Benefits for Named Executive Officers are the same as those available to all associates.

The annual and long-term performance measures used by the Compensation Committee in reviewing and determining executive compensation are reflected in the Executive Officers Incentive Compensation Plan described below.

Summary of Executive Compensation Policies and Practices

What we do	What we don't do
Pay for performance	No employment contracts
Periodically utilize external, independent compensation consulting firm(s)	No significant additional perks to executive officers
Mitigate undue risk in compensation programs	No individual change in control/severance compensation arrangements
Provide guidelines for stock ownership	No stock options
Maintain minimum vesting periods for stock awards	
Consider market data across industries to obtain a general sense of current compensation practices and decisions	
Prohibit hedging and short sales of stock	
Provide for clawback of incentive-based compensation	

Compensation Policies and Practices - Risk Management

The Compensation Committee and the internal committee review incentive compensation arrangements to ensure that the arrangements do not encourage associates to take unnecessary and excessive risks. This risk assessment process includes a review of program policies and practices; program analysis to identify risk and risk control related to the programs; and determinations as to the sufficiency of risk identification, the balance of potential risk to potential reward, risk control, and the support of the programs and their risks to the Company's strategy. A balance between Company and business segment performance is required to protect against unnecessary risks being taken. Based on their review and evaluation of the Company's compensation policies and practices for its associates, the Compensation Committee, the internal committee, and the Company's Enterprise Risk Management team believe that the Company's policies and practices do not create inappropriate or unintended significant risks that are reasonably likely to have a material adverse effect on the Company.

Prohibition on Hedging

The Company has a policy prohibiting members of the Board of Directors and senior management from short sales of the Company's common stock or buying or selling call or put options or other derivatives related to the Company's common stock. The policy also prohibits these persons from entering into other transactions that have the effect of hedging the economic value of any of their direct or indirect interest in the Company's common stock.

Clawback Policy

The Company has a Clawback Policy, which gives the Board of Directors or any appropriate committee of the Board (such as the Compensation Committee), the discretion to recover incentive awards paid to any current or former executive officers of the Company if the financial results used to determine the amount of the incentive awards are materially restated and/or such person engaged in fraud or intentional misconduct.

The policy was adopted in advance of final rules or regulations to be issued by the SEC and/or the New York Stock Exchange to implement the incentive-based compensation recovery requirements under the Dodd-Frank Wall Street Reform and Consumer Protection Act. The Board has reserved the right to revise or restate the policy to any extent necessary to comply with such final rules or regulations, and application may be made on a retroactive basis, if necessary, to comply with such final rules or regulations.

Say on Pay

The Company has determined, consistent with the preference expressed by the Company's shareholders at the 2011 annual meeting of shareholders and the related prior recommendation by the Board of Directors, that it is important for the shareholders to have an opportunity to cast an advisory vote on executive compensation on an annual basis as a means to express their views regarding the Company's executive compensation philosophy, plans, programs, policies, and decisions, all as disclosed in the Company's proxy statement. Accordingly, shareholders will have the opportunity to cast an advisory vote on executive compensation at this year's annual meeting. See Proposal 3 in this proxy statement with respect to a shareholder advisory vote on the compensation of the Company's Named Executive Officers as disclosed in this proxy statement. Although the shareholder vote on this proposal is non-binding, the Compensation Committee will consider the outcome of the vote when making future compensation decisions for Named Executive Officers.

Consideration of Prior Say on Pay Votes

In making executive compensation determinations, the Compensation Committee has also considered the results of last year's advisory shareholder vote approving the compensation of the Company's Named Executive Officers as disclosed in the proxy statement for the 2014 annual meeting of shareholders. At the 2014 annual meeting, the Company's shareholders overwhelmingly approved such executive compensation by 99.8 percent of the votes cast. These voting results strongly communicated the shareholders' endorsement of the Compensation Committee's decisions and policies to date. The Board of Directors and Compensation Committee reviewed these final vote results and determined that, given the significant level of support from the shareholders, no significant changes to the Company's executive compensation plans, practices, and policies were necessary at this time based on the say on pay vote results. The Compensation Committee will continue to consider the results from this year's and future advisory shareholder votes regarding the Company's executive compensation programs.

Use of Compensation Consultant

To assist in establishing and maintaining a competitive overall compensation program, the Compensation Committee periodically engages a nationally recognized compensation consulting firm to review the compensation levels and practices for the most highly compensated executive officers of the Company, and compare those to the compensation levels and practices for executives holding comparable positions within select industries and companies. Through comparisons of the base salaries, the annual performance-based incentives, other benefit programs, and total compensation for the Company's Executive Chairman, Chief Executive Officer, Chief Operating Officer, Chief Financial Officer, President, and other executives, the consultant's analysis is used to develop a complete executive compensation package that is designed to be competitive in the marketplace. The study is also used by the Compensation Committee to identify potential gaps or inconsistencies in total compensation and to identify appropriate compensation levels and compensation design features and trends. The study is conducted as part of the Compensation Committee's oversight of the Company's continuing efforts to attract, retain, and motivate top executive talent that will drive the Company's performance results.

In 2013, the Compensation Committee engaged Towers Watson as its independent compensation consultant to review executive compensation at the Company. Neither Towers Watson nor any other independent compensation consultant provided any services for the Company in 2014. The Compensation Committee currently plans to engage Towers Watson to conduct an independent compensation review of the Company's total executive compensation structure in 2015 or 2016. In connection with the 2013 engagement of Towers Watson, the Compensation Committee determined that Towers Watson does not perform any other services for the Company or have any relationship that would raise a conflict of interest or impair the independence of Towers Watson with respect to its 2013 services or its expected future services for the Compensation Committee. In making this determination, the Compensation Committee discussed and considered the following factors: (i) the fact that Towers Watson does not perform any other services for the Company; (ii) the amount of fees received by Towers Watson from the Company as a percentage of the total

revenue of Towers Watson; (iii) the policies and procedures of Towers Watson that are designed to prevent conflicts of interest; (iv) any business or personal relationship between any individual Towers Watson consultant involved in the engagement by the Compensation Committee and a member of the Compensation Committee; (v) any stock of the Company owned by an individual Towers Watson consultant involved in the engagement; and (vi) any business or personal relationship between Towers Watson or any individual Towers Watson consultant involved in the engagement and any executive officer of the Company.

When developing the proposed compensation framework for the Compensation Committee to consider each year, the internal committee also reviews broad-based third party surveys of executive compensation to obtain a general sense of current compensation levels and practices in the marketplace. These reviews are based on information from various publicly available databases and publications. The purpose of these reviews is to ensure compensation is aligned with the market for comparable jobs so the Company can continue to attract, retain, motivate, and reward qualified executives. In addition, the internal committee considers the average salary adjustments anticipated in the marketplace each year, and develops proposed target increases for the Company's Named Executive Officers accordingly. In this way, the Company seeks to ensure that any changes to compensation are appropriate and reflect material changes in the market.

Elements of Executive Compensation

The Company's Named Executive Officers are compensated with a combination of annual base salary, annual performance-based incentive bonus payments, and, with respect to the Named Executive Officers other than Mr. Dunlap, the issuance of shares of the Company's Class A common stock, which are typically restricted from sale for some period of time. Mr. Dunlap has historically not received equity compensation because he already owns a significant amount of the Company's common stock and controls the majority of voting rights of the Company, and thus already has significant interests aligned with the other shareholders of the Company. In determining levels of compensation, the Compensation Committee and the internal committee work together to establish targeted total compensation for each executive and then allocate that compensation among base salary and performance-based incentive compensation.

Each element of compensation is designed to be competitive with comparable companies and to align management's incentives with the long-term interests of the Company's shareholders. The Compensation Committee considers the Executive Chairman's recommendations and determines the amount of each element of compensation by reviewing the current compensation mix for each of the Named Executive Officers in view of the Company's performance, the Company's long-term objectives, and the scope of that executive's responsibilities. The Compensation Committee seeks to achieve an appropriate balance between base salaries, annual performance-based bonus incentives, and longer-term equity incentives for all of the Company's Named Executive Officers. See "Objectives of Executive Compensation" for a summary of the various elements of executive compensation. Further details are provided below.

Base Salaries

Base salaries for the Company's Named Executive Officers are based on an evaluation of individual responsibilities of each person, market comparisons from publicly available compensation surveys to obtain a general sense of current compensation levels and practices in the marketplace, and an assessment of each individual's performance. Changes in base salaries of Named Executive Officers depend on projected changes in the external market as well as individual contributions to the Company's performance.

Base salaries for Messrs. Noordhoek, Heimes, Tewes, and Kruger were increased for 2014 primarily as a result of the increased responsibilities for these officers resulting from the Company's management transition effective January 1, 2014, whereby Mr. Noordhoek was promoted from President to Chief Executive Officer, Mr. Heimes was promoted from Chief Financial Officer to Chief Operating Officer, Mr. Tewes was promoted from Executive Director and Chief Executive Officer of Nelnet Business Solutions, Inc., a subsidiary of the Company, to President of the Company, and Mr. Kruger was promoted from Executive Director and Controller to Chief Financial Officer.

Executive Officers' Incentive Compensation Plan

Historically, the performance-based incentive bonus pools were determined and funded based on the Company's financial performance, while allowing for subjective modifications by the Compensation Committee to account for unique results during the year. In 2014, the Board of Directors established the Executive Officers Incentive Compensation Plan (the "Plan"), which is intended to provide the Company's executive officers with an opportunity to earn incentive compensation based on certain performance measures that may be established by the Compensation Committee, and to allow compensation under the Plan to qualify as tax-deductible "performance-based compensation" under Section 162(m) of the Internal Revenue Code. The Plan, which is administered by the Compensation Committee, was approved by the Company's shareholders at the 2014 annual meeting

of shareholders. The performance measures upon which incentive compensation under the Plan may be based are generally described as follows:

- Levels of earnings per share; net income; income before income taxes; net interest income; earnings per share or net income excluding derivative market value and foreign currency adjustments; revenues from fee-based businesses (including measures related to the diversification of revenues from fee-based business and increases in revenues through both organic growth and acquisitions); student loan assets; and total assets;
- Return on equity, return on assets or net assets, return on capital (including return on total capital or return on invested capital), and ratio of common equity to total assets;
- Share price or shareholder return performance (including, but not limited to, growth measures and total shareholder return, which may be measured in absolute terms and/or in comparison to a group of peer companies or an index);
- Student loan servicing and other education finance or service customer measures (including loan servicing volume and service rating levels under the student loan servicing contract with the U.S. Department of Education);
- Cash flow measures (including, but not limited to, cash flows from operating activities, cash flow return on investment, assets, equity, or capital, and generation of long-term cash flows (including net cash flows from the Company's securitized student loan portfolio));
- Market share;
- Operating performance and efficiency targets;
- Employee engagement, productivity, and satisfaction measures;
- Levels of, or increases or decreases in, operating margins, operating expenses, and/or nonoperating expenses;
- Business segment performance measures (including growth in customer base, revenues, and segment profitability, as well as management of operating expense levels);
- Consummation of acquisitions, dispositions, projects, or other specific events or transactions (including specific events or transactions intended to enhance the long-term strategic positioning of the Company);
- Performance of investments; and
- Regulatory compliance measures.

The Plan provides that in no event shall the amount paid under the Plan to a participating executive officer with respect to any calendar year exceed the lesser of (i) 150% of that officer's base salary for that year; or (ii) \$1,000,000. In each Plan Year, the Compensation Committee selects those executive officers who will participate in the Plan and be eligible to earn incentive compensation based on certain performance measures as the Compensation Committee deems appropriate. The specific individual performance goals for Named Executive Officers not participating in the Plan include a broad spectrum of metrics, such as business growth and diversification achievements, customer satisfaction accomplishments, strategy implementation, corporate citizenship and responsibility, and associate development. The Company's Named Executive Officers have broad corporate responsibilities; therefore, their particular objectives for the year are tied to the overall company-wide performance.

While the Company strives for overall consistency in executive compensation, the Named Executive Officers' potential incentive bonus amounts can vary by business segment due to differences in roles, business models, and business performance. Incentives are generally positioned to be within a median range of the marketplace based on available broad based data.

The Company's 2014 annual performance-based incentive bonuses were paid, at the Named Executive Officers' option (other than Mr. Dunlap, who received his incentive in cash), as either 100 percent cash, 100 percent stock, or 50 percent cash/50 percent stock. Those electing stock also received an additional restricted share grant equal to 15 percent of the amount of their bonus they elected to receive in stock, in order to promote increased and continued share ownership by associates. All shares issued as part of the incentive awards were issued pursuant to the Company's Restricted Stock Plan discussed below, and were fully vested but restricted from transfer for one year from issuance.

Other Equity Compensation Awards

Other awards of the Company's Class A common stock (not associated with the annual performance-based incentive bonus payments made in stock) that may be made under the Restricted Stock Plan are based on the Company's and the individual's performance, and are designed both to align the Named Executive Officers' own interests with the long-term strategic goals of the Company and to contribute to the retention of those individuals.

Individual Performance of Named Executive Officers for 2014

Mr. Dunlap, Mr. Noordhoek, and Mr. Heimes:

In 2014, the Executive Chairman (Mr. Dunlap), the Chief Executive Officer (Mr. Noordhoek) and the Chief Operating Officer (Mr. Heimes) were selected by the Compensation Committee to participate in and be eligible for incentive compensation awards under the Plan for the year ended December 31, 2014. The Compensation Committee established performance goals for these individuals in early 2014 utilizing certain of the performance measures under the Plan referred to above and described in more detail below, and in early 2015 reviewed the level of attainment of the performance goals for these individuals for 2014 under the terms of the Plan in establishing incentive awards for each. For 2014, the Compensation Committee considered (i) the Company's earnings per share, as adjusted for certain items, diversification of certain revenues within a particular operating segment, and achievements in strategic positioning, goals with respect to which the eligible Named Executive Officers could earn incentive compensation based on a formula, and (ii) achievements in operating efficiencies, improved service ratings under the Company's U.S. Department of Education student loan servicing contract, and associate engagement and individual achievement, goals with respect to which the eligible Named Executive Officers could earn additional discretionary incentive compensation. Under the Plan, the eligible Named Executive Officers could qualify for total incentives up to 150% of their base salary. The formulaic criteria used to establish performance goals and measure performance were:

1. The Company's consolidated earnings per share for the fiscal year ended December 31, 2014, adjusted for mark to market on derivatives, foreign currency adjustments, and other unusual items. Based on an unadjusted goal of \$4.00 per share, the participating Named Executive Officers significantly exceeded their goal and as such would qualify for an incentive of 100-150% of salary.
2. Total contract revenues for 2014 from the "Proxi" brand operations in the Company's Student Loan and Guaranty Servicing operating segment exceeding a specified amount would qualify for an incentive of up to 25% of salary.
3. Strategic Positioning: successful expansion of operations into one or more significant new vertical markets, either organically or through acquisition, would qualify for an incentive of 50% of salary.

The Compensation Committee concluded, based on the eligible Named Executive Officers' performance with respect to both formulaic and objective criteria that incentives of up to 200% of their respective base salaries had been earned under the criteria. Considering the Plan's maximum limit on incentive payments to any participant with respect to any calendar year of the lesser of 150% of base salary or \$1 million, and other factors, the Compensation Committee awarded the participating Named Executive Officers incentives equal to 125% of their respective base salaries, as reflected in the Summary Compensation Table below.

Mr. Kruger and Mr. Tewes:

Individual performance was reviewed by the Chief Executive Officer and the Chief Operating Officer in conjunction with the Compensation Committee to establish base and incentive compensation based upon:

- Revenue growth including diversification
- Net profitability
- Continuous improvement in operating efficiency including integration of acquisitions
- Long-term strategic positioning of the Company
- Long-term cash flow generation

Restricted Stock Plan

The Company maintains a Restricted Stock Plan to reward performance by associates, including the Named Executive Officers other than Mr. Dunlap. This plan permits the Compensation Committee to reward a recipient with an award of shares of the Company's Class A common stock, which, in the Compensation Committee's sole discretion, may have vesting requirements or

other restrictions. These awards are designed to recognize and reward associates, and to connect the associates' financial interests directly to the Company's performance, thereby encouraging associates to focus their efforts as owners of the Company. As discussed above, shares issued in payment of annual performance-based incentive bonuses and other equity compensation awards are issued under the Restricted Stock Plan. The Company does not grant stock options, since management and the Compensation Committee believe that awards of shares of restricted stock are a better method of encouraging the Named Executive Officers to focus on the long-term value of the Company.

Employee Share Purchase Plan

The Company also has an Employee Share Purchase Plan ("ESPP") that assists all associates, including the Named Executive Officers, in becoming owners and increasing their ownership of the Company. Under the ESPP, associates may purchase shares of the Company's Class A common stock through payroll deductions, at a discount of 15% to the lower of the average market price of the Company's stock on the first and last trading days of each calendar quarter.

Termination or Change-in-Control Compensation

The Company does not have any contracts, agreements, plans, or arrangements with the Named Executive Officers that provide for payment in connection with any termination of employment or change-in-control of the Company.

Share Ownership Guidelines and Trading Requirements

The Compensation Committee believes that the Named Executive Officers should have a significant equity interest in the Company. In order to promote equity ownership and further align the interests of management with the Company's shareholders, the Board of Directors has adopted Share Ownership Guidelines for management associates at certain levels. Under these guidelines, each Named Executive Officer is encouraged to own at least 15,000 shares of Company stock. As of February 27, 2015, all of the Named Executive Officers met these guidelines, and are thereby subject to downside risk in the Company's equity performance.

The Company has adopted a policy requiring officers who wish to sell the Company's stock to do so only through Rule 10b5-1 stock trading plans. This requirement is designed to enable officers to diversify a portion of their holdings in an orderly manner as part of their retirement and tax planning or other financial planning activities. The use of Rule 10b5-1 stock trading plans serves to reduce the risk that investors will view routine portfolio diversification stock sales by executive officers as a signal of negative expectations with respect to the future value of the Company's stock. In addition, the use of Rule 10b5-1 stock trading plans reduces the potential for concerns about trading on the basis of material non-public information that could damage the reputation of the Company.

Other Compensation

In addition to base salaries and annual performance-based incentive compensation, the Company provides the Named Executive Officers with certain other customary benefits, including health, dental, and vision coverage to assist the Company in remaining competitive for superior talent and to encourage executive retention. A critical aspect of the Company's health benefits program is its focus on associate health and wellness. The Company encourages all associates, including the Named Executive Officers, to take a proactive approach to their personal health and wellbeing. The Company has implemented wellness programs which encourage and reward associates for healthy habits by offering the opportunity to lower their insurance premiums.

The Company owns a controlling interest in an aircraft due to the frequent business travel needs of the Named Executive Officers and the limited availability of commercial flights in Lincoln, Nebraska, where the Company's headquarters are located. Union Financial Services, Inc., which is owned by Mr. Dunlap and Stephen F. Butterfield, Vice Chairman of the Board of Directors, owns the remaining interest in the aircraft. Consistent with guidance issued in 2010 from the Federal Aviation Administration, the Company can be reimbursed for the pro rata cost of owning, operating, and maintaining the aircraft when used for routine personal travel by certain individuals whose positions with the Company require them to routinely change travel plans within a short time period. Accordingly, the Company allows certain members of executive management to utilize its interest in the aircraft for personal travel when it is not required for business travel. The value of the personal use of the aircraft is computed based on the Company's aggregate incremental costs, which include variable operating costs such as fuel costs, mileage costs, trip-related maintenance and hangar costs, on-board catering, landing/ramp fees, and other miscellaneous variable costs. In 2014, Messrs. Noordhoek, Heimes, Dunlap, and Tewes received \$29,224, \$20,288, \$9,491, and \$2,191 respectively, in personal travel benefits with respect to the Company's interest in the aircraft.

The Company also offers the Named Executive Officers other perquisites, including indoor parking and use of Company-sponsored skyboxes at local venues for personal use when not occupied for business purposes.

Policy on Tax Deductibility of Compensation

Section 162(m) of the Internal Revenue Code imposes a \$1 million limitation, subject to certain exceptions, on a public company's income tax deductibility in any tax year with respect to compensation paid to any employee who is a chief executive officer, or one of the three highest paid executive officers of the company on the last day of that tax year (other than the chief executive officer or the chief financial officer). This limitation does not apply to certain "performance-based" compensation paid under a shareholder approved plan that meets the requirements of Section 162(m) and the related regulations.

For the year ended December 31, 2014, the Company believes that approximately \$275,000 of compensation paid to the Named Executive Officers will be subject to the Section 162(m) limitation on deductibility. The Compensation Committee may consider steps in the future which might be in the Company's best interests to address any potential Section 162(m) deduction limitations, while reserving the right to award future compensation which may not be fully deductible under Section 162(m) if the Compensation Committee concludes that such compensation is in the Company's best interests in providing incentives to attract, motivate, and retain key executives. At the Company's 2014 Annual Meeting, the Company's shareholders approved of the Executive Officers Incentive Compensation Plan in order to allow compensation under that plan to qualify as tax-deductible "performance-based" compensation pursuant to Section 162(m), provided that all of the requirements of Section 162(m) and the related regulations are satisfied.

Matching Gift Program

The Company offers a matching gift program in which all associates with at least six months of service and all members of the Board of Directors are eligible to participate. Under this program, for every dollar (\$100 minimum) that an associate or Board member contributes to an eligible charitable organization or educational institution, the Company will make matching donations of additional funds, subject to terms and conditions applicable in an equal manner to all associates and Board members. Any amounts matched by the Company for the Named Executive Officers per the provisions of the program are included in the summary compensation table below.

Conclusion

By ensuring market competitive compensation that is aligned with a performance-based organization philosophy, the Company expects to attract, motivate, and retain the executive talent required to achieve the Company's long-term goals. This is critical, as management and the Compensation Committee know that the Company's success hinges on having engaged executives who are committed to the Company.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the above Compensation Discussion and Analysis with management. Based on this review and discussion, and such other matters deemed relevant and appropriate by the Compensation Committee, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement and incorporated by reference in the Company's Annual Report on Form 10-K for the year ended December 31, 2014.

Respectfully submitted,

Kimberly K. Rath, Chair

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires the Company's executive officers and directors, and persons who beneficially own more than ten percent of a registered class of the Company's equity securities, to file with the SEC and the New York Stock Exchange reports of ownership of Company securities and changes in reported ownership. Executive officers, directors, and greater than ten percent shareholders are required by SEC rules to furnish the Company with copies of all Section 16(a) reports that they file.

Based solely on a review of the reports furnished to the Company, or written representations from reporting persons that all reportable transactions were reported, the Company believes that during the year ended December 31, 2014, the Company's executive officers, directors, and greater than ten percent beneficial owners timely filed all reports they were required to file under Section 16(a) of the Exchange Act, except as noted below.

One Form 4 report for Kathleen A. Farrell reporting one transaction relating to the sale on August 18, 2014 of shares of Class A common stock, was filed one day late on August 21, 2014 due to an administrative oversight by the Company staff.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Policies and Procedures on Transactions with Related Persons

The Company has adopted written policies and procedures for the Nominating and Corporate Governance Committee's review of any transaction, arrangement, or relationship (including any indebtedness or guarantee of indebtedness) or series of similar transactions, arrangements, or relationships in which (i) the Company is a participant, (ii) the aggregate amount involved will or may be expected to exceed \$120,000, and (iii) a related person has or will have a direct or indirect material interest. For purposes of this policy, a "related person" means (i) any of our directors, executive officers, or nominees for director, (ii) any stockholder that beneficially owns more than five percent of the Company's outstanding shares of common stock, and (iii) any immediate family member of the foregoing. The Nominating and Corporate Governance Committee approves or ratifies only those transactions that it determines in good faith are in, or are not inconsistent with, the best interests of the Company and its stockholders. The Nominating and Corporate Governance Committee may, in its discretion, submit certain transactions to the full Board of Directors for approval where it deems appropriate.

In determining whether to approve or ratify a transaction, the Nominating and Corporate Governance Committee takes into account the factors it deems appropriate, which may include, among others, the benefits to the Company, the availability of other sources for comparable products or services, the impact on a director's independence in the event the related person is a director, and the extent of the related person's interest in the transaction. The policy also provides for the delegation of its authority to the Chairman of the Nominating and Corporate Governance Committee for any related person transaction requiring pre-approval or ratification between meetings of the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee reviews and assesses ongoing relationships with a related person on at least an annual basis to see that they are in compliance with the policy and remain appropriate.

All approved related party transactions are communicated to the full Board of Directors by the Chairman of the Nominating and Corporate Governance Committee, or his designee. Mr. Dunlap beneficially owns shares representing 67.3% of the combined voting power of the Company's shareholders as of February 27, 2015. Because of his beneficial ownership, Mr. Dunlap can effectively elect each member of the Board of Directors, including all members of the Nominating and Corporate Governance Committee, and has the power to defeat or remove each member.

Although there is no formal requirement for executive management of the Company to approve related party transactions, executive management reviews all related party transactions. Upon reviewing related party transactions, executive management takes into account the factors it deems appropriate, which may include, among others, the benefits to the Company, the availability of other sources for comparable products or services, the impact on a director's independence in the event the related person is a director, and the extent of the related person's interest in the transaction.

As Executive Chairman and controlling shareholder of the Company, Mr. Dunlap effectively has control over each member of the Company's executive management, who were initially hired by Mr. Dunlap and can be fired or otherwise penalized at his direction.

During 2014, the Company entered into certain transactions and had business arrangements with Union Bank and Trust Company and Union Financial Services. These transactions were reviewed and approved by the Nominating and Corporate Governance Committee and reviewed by executive management. Union Bank and Trust Company and Union Financial Services are related persons as discussed below. We cannot affirm whether or not the fees and terms of each transaction are substantially the same terms as those prevailing at the time for transactions with persons that do not have a relationship with the Company (either directly or as a partner, shareholder, or officer of an organization that has a relationship with the Company). However, all related party transactions are based on available market information for comparable assets, products, and services and are extensively negotiated.

The Company has committed to purchase, or arrange for a designee to purchase, all volume originated by Union Bank under this agreement. No loans were originated under this agreement in 2014.

- Funding - The Company maintains an agreement with Union Bank, as trustee for various grantor trusts, under which Union Bank has agreed to purchase from the Company participation interests in student loans (the "FFELP Participation Agreement"). The Company uses this facility as a source to fund FFELP student loans. As of December 31, 2014, \$543.0 million of loans were subject to outstanding participation interests held by Union Bank, as trustee, under this agreement. The agreement automatically renews annually and is terminable by either party upon five business days notice. This agreement provides beneficiaries of Union Bank's grantor trusts with access to investments in interests in student loans, while providing liquidity to the Company on a short term basis. The Company can participate loans to Union Bank to the extent of availability under the grantor trusts, up to \$750 million or an amount in excess of \$750 million if mutually agreed to by both parties.
- Subparticipation Agreement - On January 1, 2014, the Company subparticipated the Company's participation interest in a loan receivable from an unrelated third party to Union Bank. As of December 31, 2014, the participated portion of the loan was \$2.6 million, with an obligation to fund an additional \$0.5 million. As part of this agreement, Union Bank will pay the Company monthly servicing fees equal to 40 basis points on the participated portion of the outstanding principal balance of the loan.
- Operating cash - The majority of the Company's cash operating bank accounts are maintained at Union Bank. The Company also invests cash in the Short term Federal Investment Trust ("STFIT") of the Student Loan Trust Division of Union Bank, which the Company uses as operating cash accounts. As of December 31, 2014, the Company had \$107.6 million deposited at Union Bank in operating accounts or invested in the STFIT. Interest income earned from cash deposited in these operating cash accounts for the year ended December 31, 2014 was \$0.2 million.
- 529 Plan administration - The Company provides certain 529 Plan administration services to certain college savings plans (the "College Savings Plans") through a contract with Union Bank, as the program manager. Union Bank is entitled to a fee as program manager pursuant to its program management agreement with the College Savings Plans. In 2014, the Company received fees of \$3.4 million from Union Bank related to the Company's administration services provided to the College Savings Plans.
- Lease arrangements - Union Bank leases space in the Company's corporate headquarters building. During 2014, Union Bank paid the Company approximately \$76,000 for rent. The lease agreement expires on June 30, 2018.

The Company had a lease agreement with Union Bank under which the Company leased office space. The Company paid Union Bank approximately \$71,000 during 2014 in accordance with the lease agreement. The lease agreement expired in May 2014.

- Other fees paid to Union Bank - During 2014, the Company paid Union Bank approximately \$521,000 for administrative services, commissions, servicing opportunities, and cash management fees.

- Investment services - Union Bank has established various trusts whereby Union Bank serves as trustee for the purpose of purchasing, holding, managing, and selling investments in student loan asset-backed securities. On May 9, 2011, WRCM, an SEC-registered investment advisor and a subsidiary of the Company, entered into a management agreement with Union Bank, effective as of May 1, 2011, under which WRCM performs various advisory and management services on behalf of Union Bank with respect to investments in securities by the trusts, including identifying securities for purchase or sale by the trusts. The agreement provides that Union Bank will pay to WRCM annual fees of 25 basis points on the outstanding balance of the investments in the trusts. As of December 31, 2014, the outstanding balance of investments in the trusts was \$536.0 million. In addition, Union Bank will pay additional fees to WRCM of up to 50% of the gains from the sale of securities from the trusts. During 2014, the Company earned \$13.4 million of fees under this agreement.

On January 20, 2012, WRCM entered into a management agreement with Union Bank under which it was designated to serve as investment advisor with respect to the assets within several trusts established by Michael S. Dunlap. Union Bank serves as trustee for the trusts. Per the terms of this agreement, Union Bank pays WRCM five basis points of the aggregate value of the assets of the trusts as of the last day of each calendar quarter. Mr. Dunlap contributed a total of 3,375,000 shares of the Company's Class B common stock to the trusts upon the establishment thereof. During 2014, the Company earned approximately \$66,000 of fees under this agreement.

As of December 31, 2014, accounts receivable included \$1.7 million due from Union Bank related to fees earned by WRCM from the investment services described above.

WRCM has established five private investment funds for the primary purpose of purchasing, selling, investing, and trading, directly or indirectly, in student loan asset-backed securities, and to engage in financial transactions related thereto. Mr. Dunlap, UFS, Jeffrey R. Noordhoek (an executive officer of the Company), F&M, Ms. Muhleisen and her spouse, and WRCM have invested \$5.5 million, \$1.0 million, \$1.0 million, \$2.0 million, \$3.9 million, and \$0.4 million, respectively, in certain of these funds. In 2014, the fund in which F&M had invested \$2.0 million redeemed such investment from F&M, a bank holding company, in order to ensure compliance with the Volcker Rule under the Dodd-Frank Wall Street Reform and Consumer Protection Act. Based upon the current level of holdings by non-affiliated limited partners, the management agreements provide non-affiliated limited partners the ability to remove WRCM as manager without cause. WRCM earns 50 basis points (annually) on the outstanding balance of the investments in these funds, of which WRCM pays approximately 50 percent of such amount to Union Bank as custodian. As of December 31, 2014, the total outstanding balance of investments in these five funds was \$144.9 million. During 2014, the Company paid Union Bank \$0.3 million as custodian.

- Defined contribution plan - Union Bank administers the Company's 401(k) defined contribution plan. Fees paid to Union Bank to administer the plan, approximately \$450,000 in 2014, are paid by the plan's participants.

The net aggregate impact on the Company's consolidated statements of income for the year ended December 31, 2014 related to the transactions with Union Bank as described above was income (before income taxes) of \$17.1 million.

The Company intends to maintain its relationship with Union Bank, which the Company's management believes provides certain benefits to the Company. Those benefits include Union Bank's knowledge of and experience in the FFELP industry, its willingness to provide services, and at times liquidity and capital resources on an expedient basis, and the proximity of Union Bank to the Company's corporate headquarters located in Lincoln, Nebraska.

The majority of the transactions and arrangements with Union Bank are not offered to unrelated third parties or subject to competitive bids. Accordingly, these transactions and arrangements not only present conflicts of interest, but also pose the risk to the Company's shareholders that the terms of such transactions and arrangements may not be as favorable to the Company as it could receive from unrelated third parties. Moreover, the Company may have and/or may enter into contracts and business transactions with related parties that benefit Mr. Dunlap and his sister, as well as other related parties, that may not benefit the Company and/or its minority shareholders.

Transactions with Union Financial Services

The Company owns a 65% interest in an aircraft due to the frequent business travel needs of the Company's executives and the limited availability of commercial flights in Lincoln, Nebraska, where the Company's headquarters are located. UFS owns the remaining interest in the same aircraft. The aircraft joint ownership agreement between the Company and UFS for this aircraft will continue in effect on a month to month basis until terminated by mutual agreement. UFS will have the right to require the Company to purchase UFS's interest in the aircraft for an amount equal to UFS's pro rata portion (determined on the basis of its ownership percentage) of the aircraft's fair market value at that time. If the term of the joint ownership agreement is not extended by agreement of the Company and UFS, the aircraft must be sold and the net proceeds from the sale distributed to the Company and UFS in proportion to their ownership percentages. Under an aircraft maintenance agreement among the Company, UFS, and an unrelated aviation service company, a total of approximately \$0.3 million in management fees was paid to the service company in 2014, which amount was allocated to the Company and UFS based on their respective ownership percentages. The maintenance agreement also provides that the Company must pay for all flight operating expenses for each flight conducted on its behalf, with a corresponding obligation by UFS, and that both the Company and UFS must pay their pro-rata portion, based on actual use percentages, of the cost of maintaining the aircraft.

Transactions with Hudl

Mr. Graff, who has served on the Company's Board of Directors since May 2014, is CEO, co-founder, and a director of Hudl. Mr. Dunlap has served as a director of Hudl since March 2011. Prior to 2014, the Company and Mr. Dunlap made separate equity investments in Hudl, and the Company entered into a line of credit agreement with Hudl whereby the Company provided a \$2.5 million revolving line of credit to Hudl, which expired on July 14, 2014. In consideration for the line of credit, Hudl issued stock warrants to the Company which entitled the Company to purchase additional equity ownership interests in Hudl for a price of \$625,000. The Company exercised the warrants on June 10, 2014. On March 17, 2015, the Company made an additional equity investment in Hudl of \$40.5 million. As a result of these transactions, the Company and Mr. Dunlap currently have equity ownership interests in Hudl of approximately 19% and 3%, respectively.

Other Transactions

During 2014, the Company engaged Talent Plus to perform leadership talent profiles for certain Company associates. The Company paid Talent Plus approximately \$8,100 related to those services in 2014. Ms. Rath, who serves on the Company's board of directors, is the Chairperson of Talent Plus, and with her spouse is a principal owner.

Mr. Cintani, who serves on the Company's board of directors, has a son, Brian Cintani, 38, who is employed by the Company as an experienced financial analyst in the Company's capital markets group. During the year ended December 31, 2014, Brian Cintani's total compensation was approximately \$173,000, including the grant date fair value of a restricted stock award that vests over the next ten years. Brian Cintani has been employed by the Company since 2002 and his employment preceded Mr. Cintani's service as a director which began in May 2012.

In addition to the foregoing, from time to time, the Company, some of the Company's executive officers, and some of the members of the Company's Board of Directors invest in small or startup companies, often in the Company's local community. In some cases, executive officers of the Company may also serve as members of the Board of Directors of such companies in connection with the investment.

In November 2010, the Company and certain executive officers and board members invested a total of \$1.5 million in Xuba, LLC. Xuba, LLC is located in Omaha, Nebraska and offers an innovative social commerce model that delivers a personalized customer experience to its clients. The investors and amount invested include the Company (\$1.0 million) and certain executive officers and board members (\$0.5 million, including \$250,000 invested by UFS and \$150,000 by Jeffrey R. Noordhoek, the Company's Chief Executive Officer). Mr. Noordhoek is a Director of Xuba, LLC.

The Company and certain executive officers have invested a total of \$1.6 million in Capricorn Healthcare and Special Opportunities, LP ("Capricorn"). Capricorn is located in Palo Alto, California and is a limited partnership that primarily invests in healthcare-related companies. As of December 31, 2014, the investors and amount invested include the Company (\$760,000), Mr. Dunlap (\$760,000), and Mr. Noordhoek (\$76,000).

Neither the Company, the Company's executive officers, nor members of the Company's Board of Directors, individually or in the aggregate, owns a majority interest in any of these companies.

While the Company does not deem these investments to be related party transactions, the Company reports investment activity of this type to the Board of Directors.

AUDIT COMMITTEE REPORT

Report of the Board Audit Committee

The Audit Committee of the Board of Directors (the “Committee”) is responsible for the oversight of the integrity of the Company's consolidated financial statements, the Company's system of internal control over financial reporting, the Company's policy standards and guidelines for risk assessment and risk management, the qualifications and independence of the Company's independent auditor, the performance of the Company's internal and independent auditors, and the Company's compliance with legal and regulatory requirements. The Committee has the sole authority and responsibility to select, determine the compensation of, evaluate, and, when appropriate, replace the Company's independent auditor. The Committee is currently comprised of three independent directors and operates under a written charter adopted by the Board, a copy of which is available at www.nelnetinvestors.com. The Board has determined that each Committee member is independent under the standards of director independence established under the Company's Corporate Governance Guidelines and the New York Stock Exchange listing requirements and is also independent under applicable independence standards of the Exchange Act and the SEC rules thereunder.

The Committee serves in an oversight capacity and is not part of the Company's managerial or operational decision-making process. Management is responsible for the financial reporting process, including the system of internal controls, for the preparation of consolidated financial statements in accordance with generally accepted accounting principles, and for the report on the Company's internal control over financial reporting. The Company's independent auditor, KPMG LLP, is responsible for auditing those financial statements and expressing an opinion as to their conformity with generally accepted accounting principles and for expressing an opinion on the effectiveness of the Company's internal control over financial reporting. The Committee's responsibility is to oversee the financial reporting process and to review and discuss management's report on the Company's internal control over financial reporting. The Committee relies, without independent verification, on the information provided to it and on the representations made by management, the internal auditor, and the independent auditor.

The Committee held seven meetings during 2014. The Committee, among other things:

- Reviewed and discussed the Company's earnings releases, Quarterly Reports on Form 10-Q, and Annual Report on Form 10-K, including the consolidated financial statements
- Reviewed and discussed, in conjunction with the Risk and Finance Committee, the Company's policies and procedures for risk assessment and risk management and the major risk exposures of the Company and its business units, as appropriate
- Reviewed and discussed the annual plan and the scope of the work of the internal auditor for fiscal 2014 and summaries of the reports to management by the internal auditor
- Reviewed and discussed the annual plan and scope of the work of the independent auditor
- Reviewed and discussed reports from management on the Company's policies regarding applicable legal and regulatory requirements
- Met with KPMG LLP, the internal auditor, and Company management in separate executive sessions

The Committee reviewed and discussed the audited consolidated financial statements for the year ended December 31, 2014 with management, the internal auditor, and KPMG LLP. The Committee reviewed and discussed the critical accounting policies as set forth in the Company's Annual Report on Form 10-K, management's annual report on the Company's internal control over financial reporting, and KPMG LLP's opinion on the effectiveness of internal control over financial reporting. The Committee also discussed with management and the internal auditor the process used to support certifications by the Company's Chief Executive Officer and Chief Financial Officer that are required by the SEC and the Sarbanes-Oxley Act of 2002 to accompany the Company's periodic filings with the SEC and the processes used to support management's annual report on the Company's internal control over financial reporting.

The Committee discussed with KPMG LLP matters related to the audit of the Company's consolidated financial statements and the matters required to be discussed by Auditing Standard No. 16, *Communications with Audit Committees*, issued by the Public Company Accounting Oversight Board (“PCAOB”). This review included a discussion with management and KPMG LLP as to the quality (not merely the acceptability) of the Company's accounting principles, the reasonableness of significant estimates and

judgments, and the disclosures within the Company's consolidated financial statements, including the disclosures relating to critical accounting policies.

KPMG LLP also provided to the Committee the written disclosures and the letter required by applicable requirements of the PCAOB regarding KPMG LLP's communications with the Committee concerning independence. The Committee discussed with KPMG LLP their independence from the Company. When considering KPMG LLP's independence, the Committee considered if services they provided to the Company beyond those rendered in connection with their audit of the Company's consolidated financial statements, reviews of the Company's interim condensed consolidated financial statements included in its Quarterly Reports on Form 10-Q, and their opinion on the effectiveness of the Company's internal control over financial reporting were compatible with maintaining their independence. The Committee also reviewed and pre-approved, among other things, the audit, audit-related, and tax services performed by KPMG LLP. For tax services, the pre-approval included discussion with KPMG concerning their independence as required by the PCAOB Rule 3524 (Audit Committee Pre-approval of Certain Tax Services). The Committee received regular updates on the amount of fees and scope of audit, audit-related, and tax services provided.

Based on the Committee's review and these meetings, discussions, and reports, and subject to the limitations on the Committee's role and responsibilities referred to previously and in the Audit Committee Charter, the Committee recommended to the Board that the Company's audited consolidated financial statements for the year ended December 31, 2014 be included in the Company's 2014 Annual Report on Form 10-K for filing with the SEC.

The Committee has also selected KPMG LLP as the Company's independent auditor for the year ending December 31, 2015 and is presenting the selection to the shareholders for ratification.

Respectfully submitted,

Thomas E. Henning, Chairman
Kathleen A. Farrell
William R. Cintani

PROPOSAL 2 - RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee selects the Company's independent registered public accounting firm. This proposal is put before the shareholders because the Board believes that it is good corporate practice to seek shareholder ratification of the selection of the independent registered public accounting firm. If the appointment of KPMG LLP is not ratified, the Audit Committee will evaluate the basis for the shareholders' vote when determining whether to continue the firm's engagement.

The Board of Directors of the Company recommends a vote FOR the ratification of the appointment of KPMG LLP as the independent registered public accounting firm for 2015.

The affirmative vote of the majority of votes cast at the Annual Meeting is required to ratify the appointment of KPMG LLP. Unless marked to the contrary, proxies will be voted FOR the ratification of the appointment of KPMG LLP as the independent registered public accounting firm for 2015.

Representatives of KPMG LLP are expected to attend the Annual Meeting and to respond to appropriate questions from shareholders present at the meeting and will have an opportunity to make a statement if they desire to do so.

In addition to the services and fees described above, KPMG was engaged to perform audits of and provide tax services for certain private investment funds which are managed by WRCM, for which KPMG received total fees of \$97,800 in 2014.

The Audit Committee's pre-approval policy and procedures are outlined in its charter. The Audit Committee has the sole authority to appoint, retain, and terminate the Company's independent auditor, which reports directly to the Audit Committee. The Audit Committee is directly responsible for the evaluation, compensation (including as to fees and terms), and oversight of the work of the Company's independent auditor (including resolution of disagreements between management and the independent auditor regarding financial reporting) for the purpose of preparing or issuing an audit report or performing other audit, review, or attestation services for the Company. All related fees and costs of the independent auditor, as determined by the Audit Committee, are paid promptly by the Company in accordance with its normal business practices. All auditing services and permitted non-audit services performed for the Company by the independent auditor, including the services described above, are pre-approved by the Audit Committee, subject to applicable laws, rules, and regulations. The Audit Committee may form and delegate to a subcommittee the authority to grant pre-approvals with respect to auditing services and permitted non-auditing services, provided that any such grant of pre-approval shall be reported to the full Audit Committee at its next meeting.

PROPOSAL 3 - ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION

Section 14A of the Exchange Act, added by the Dodd-Frank Wall Street Reform and Consumer Protection Act, requires that the Company provide its shareholders with the opportunity to vote to approve, on a nonbinding, advisory basis, the compensation of the Company's Named Executive Officers as disclosed in this Proxy Statement in accordance with the compensation disclosure rules of the SEC. The Company is therefore providing its shareholders with the opportunity to cast an advisory vote on executive compensation as described below. The Company believes that it is appropriate to seek the views of shareholders on the design and effectiveness of the Company's executive compensation program.

Based on the results of the advisory vote on the frequency of future advisory votes on executive compensation at the Company's 2011 annual meeting of shareholders, where the Company's shareholders voted in favor of holding an advisory vote on executive compensation every year (as opposed to every two years or every three years), and consistent with the Board of Directors' previous recommendation to the Company's shareholders in connection with such frequency vote, the Board of Directors determined that, until the next vote on the frequency of holding advisory votes on executive compensation, the Company will hold a non-binding advisory vote on executive compensation every year. Therefore, the next advisory vote on executive compensation will occur at the Company's 2016 annual meeting of shareholders. The Company must hold an advisory vote on the frequency of holding advisory votes on executive compensation at least once every six years.

As described in the Compensation Discussion and Analysis section of this Proxy Statement, the Company's objective for its executive compensation program is to attract, motivate, develop, and retain executives who will contribute to the Company's long-term success and the creation of shareholder value. The Company seeks to accomplish this objective in a way that rewards performance and is aligned with its shareholders' long-term interests, and the Company's compensation programs are designed to reward the Named Executive Officers for the achievement of short-term and long-term strategic and operational goals and the achievement of increased shareholder return, while at the same time avoiding the encouragement of unnecessary or excessive risk-taking.

The framework and executive compensation philosophy are established by an independent Compensation Committee of the Board of Directors. The following items reflect our commitment to pay for performance and to maintain a strong executive compensation governance framework:

- Incentive plans that are based upon financial and operational goals that are reviewed annually by the Compensation Committee.

- An annual risk assessment conducted by the Compensation Committee to evaluate whether incentive programs drive behaviors that are demonstrably within the risk management parameters it deems prudent.
- A robust share ownership and retention policy.

The Compensation Discussion and Analysis and the compensation tables and disclosures provided in this Proxy Statement describe the Company's executive compensation program in more detail, and discuss the following key elements of the program:

- We pay for performance, both in setting base salaries and awarding incentives via the Executive Officers Incentive Compensation Plan. This plan is used to assess the participating Named Executive Officers' performance based on numerous criteria, including certain financial measures such as levels of earnings, growth of assets, return on equity and assets, shareholder return, cash flow, market share, operating margins and operating expenses; certain service measures including performance under the Company's student loan servicing contract with the U.S. Department of Education; operating performance; employee engagement; and strategic positioning.
- Periodically, we retain external, independent compensation consultants to review the compensation levels and practices for the Named Executive Officers, compare those levels to executives in comparable positions in select industries and companies, and identify potential gaps or inconsistencies in our compensation practices.
- None of the Named Executive Officers has an employment agreement or severance arrangement. In addition, the Company generally does not provide perquisites, tax reimbursements, or change in control benefits to the Named Executive Officers that are not available to other employees, and we do not issue stock options.
- Each of the Named Executive Officers is employed at-will and is expected to demonstrate exceptional personal performance in order to continue serving as a member of the executive team.

The Company believes the compensation program for the Named Executive Officers is instrumental in helping the Company achieve its strong financial performance, and is asking shareholders to approve the compensation of the Company's Named Executive Officers as disclosed in this Proxy Statement, including in the Compensation Discussion and Analysis, the compensation tables, and the narrative disclosures that accompany the compensation tables.

The vote on this proposal is not intended to address any specific element of compensation; rather, the vote relates to the compensation of our Named Executive Officers, as described in this Proxy Statement in accordance with the compensation disclosure rules of the SEC. As an advisory vote, the vote on this proposal is not binding upon the Company, the Board of Directors, or the Compensation Committee. However, the Compensation Committee, which is responsible for designing and administering the Company's executive compensation program, values the opinions expressed by shareholders in their vote on this proposal and will consider the outcome of the vote when making future compensation decisions for Named Executive Officers.

Accordingly, the Company's shareholders are asked to vote on the following resolution at the Annual Meeting:

“RESOLVED, that the Company's shareholders approve, on an advisory basis, the compensation of the Named Executive Officers, as disclosed in the Company's Proxy Statement for the 2015 Annual Meeting of Shareholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the 2014 Summary Compensation Table, and the other related tables and disclosure.”

The Board of Directors recommends a vote FOR the approval of the compensation of the Company's Named Executive Officers, as disclosed in this Proxy Statement.
