5280 Solutions Announces Release of Dynamic Payables(TM) for Microsoft Dynamics Platform

Dynamic Payables(TM) Significantly Reduces the Cost of Processing Invoices

DENVER, Feb 27, 2007 /PRNewswire-FirstCall via COMTEX News Network/ -- 5280 Solutions, a premier software development, consulting and systems integration organization, announced today the general release of Dynamic Payables(TM) for Microsoft Dynamics. Accounts payable departments gain efficiencies through Dynamic Payables'(TM) automated invoice recognition combined with workflow prioritization, process controls, audit tracking and real-time expense visualization. Although Dynamic Payables(TM) integrates with virtually any business-management solution, it performs seamlessly on the Microsoft Platform with Microsoft Dynamics and effectively leverages other Microsoft products.

```
    Features of Dynamic Payables(TM)

  *  Automatically analyzes and extracts all data from scanned invoices
  *  Prioritizes and routes transactions with electronic workflow that
     enforces business rules
  *  Matches invoices to purchase orders for payment reconciliation
  *  Enables accurate coding, approval and transaction processing
  *  Ensures comprehensive approval audit trail for compliance
  *  Automates processing for non purchase order check requests
  *  Stores electronic images of all invoices and supporting documents for
     direct retrieval through Microsoft Dynamics
  *  Increases payment visibility to accurately analyze spending in
     real-time
```

"Dynamic Payables(TM) saves appreciable time and effort while increasing accuracy, tracking and immediate visibility of all payment transactions," said Mike Randash, Vice President of 5280 Solutions. "We have integrated powerful invoice recognition automation with new Microsoft product releases including Dynamics, SharePoint and Windows Workflow Foundation."

5280 Solutions will be demonstrating Dynamic Payables(TM) at the Microsoft Convergence Conference (www.msconvergence.com) March 11-14 in San Diego, Calif. Microsoft Dynamics users are invited to bring invoices to the 5280 Solutions exhibit booth to witness how easily invoice processing may be automated and integrated with Microsoft Dynamics.
