

Advanced Cardiac Life Support Study Guide Offered In New Healthedsolutions.com Special Section

Lincoln, NE (PRWEB) May 03, 2011

To provide helpful resources to the growing number of healthcare professionals looking online for certification options, Health Education Solutions, the leading provider of [ACLS certification online](#), today released a new "Study Guide" Special Section. Available in Health Education Solutions' online research library, this series of articles provides tools and tips to help professionals in the rapidly growing healthcare industry prepare for [advanced cardiac life support](#) and pediatric advanced life support certification exams.

"Online courses are an effective and efficient option for busy healthcare professionals and first responders who need to be prepared to provide emergency care," said Melissa Marks, president of Health Education Solutions. "Health Education Solutions provides a variety of convenient online certification options. Our online research library offers comprehensive resources to help professionals successfully complete their certification exams."

The special section is free and available for individuals interested in PALS or [ACLS certification requirements](#), as well as those who simply want to be prepared to provide care in an emergency situation. Highlights include:

- Preparing for the PALS Exam: Four Keys to Success
- Time for Advanced Cardiac Life Support Recertification? Why Studying is More Important Than Ever This Time Around

Health Education Solutions offers online ACLS certification and [online PALS certification](#) courses for first responders and healthcare professionals, as well as first aid courses and CPR and AED training for individuals seeking lifesaving skills. ACLS and PALS courses were developed in partnership with Union College.
