NEWS RELEASE

Lumentum To Showcase Optical And Laser Products At Six Major Industry Events During Its First Calendar Quarter 2019

2019-01-07

MILPITAS, Calif., Jan. 7, 2019 /PRNewswire/ -- Lumentum Holdings Inc. ("Lumentum") announced it would exhibit at six tradeshows worldwide in the next three months. Lumentum will be displaying numerous advanced products addressing the telecom, enterprise, data center, and 3D sensing markets, as well as laser micromachining and laser macromaterials processing markets. Presence at these shows demonstrates Lumentum's commitment to, and support of, these dynamic markets.

About the Events:

Consumer Electronics Show (CES) 2019 — January 8–11, 2019, in Las Vegas, Nevada at the Las Vegas Convention Center. CES is one of the world's largest tradeshows focused on consumer technologies. Exhibitors feature products from all facets of tech: audio, vehicle technology, wireless to drones, and augmented and virtual reality.

SPIE Photonics West 2019 — February 5–7, 2019, in San Francisco, California at the Moscone Convention Center at Booth #1451 – South Hall. SPIE Photonics West is one of the largest annual tradeshow and technical conferences for photonics-based technologies. Lumentum will feature its latest products supporting the dynamic 3D sensing, industrial diode lasers, and commercial and ultrafast lasers markets.

Medical Design and Manufacturing (MD&M) West 2019 — February 5–7, 2019, in Anaheim, California at the Anaheim Convention Center at Booth #449. MD&M West is one of the largest annual Medtech innovation, communication and solution tradeshows. Lumentum's commercial lasers are often used in medical manufacturing to achieve the highest degrees of precision and quality.

Mobile World Congress (MWC) 2019 — February 25–28, 2019, in Barcelona, Spain at the Fira Gran Via Conference Center at meeting room #2F1Ex – Hall 2. MWC is one of the world's largest exhibitions and conferences for the mobile industry. Attendees include mobile operators, device manufacturers, technology providers, 5G wireless solutions vendors, and content owners.

The Optical Fiber Conference (OFC) 2019 — March 5-7, 2019, in San Diego, California at the San Diego Convention Center at Booth #3123. OFC is one of the largest global conferences and exhibitions for optical communications and networking professionals. OFC represents the first opportunity for analysts, media, and customers to see Lumentum's full optical communications product portfolio post its acquisition of Oclaro.

Laser World of Photonics China 2019 — March 20–22, 2019, in Shanghai, China at the Shanghai New International Expo Centre at Booth #3646 – Hall W3. The conference is one of Asia's leading photonics exhibitions. Lumentum will be showcasing a full complement of commercial, ultrafast, and diode lasers at the event.

About Lumentum

Lumentum (NASDAQ: LITE) is a market-leading manufacturer of innovative optical and photonic products enabling optical networking and commercial laser customers worldwide. Lumentum's optical components and subsystems are part of virtually every type of telecom, enterprise, and data center network. Lumentum's commercial lasers enable advanced manufacturing techniques and diverse applications including next-generation 3D sensing capabilities. Lumentum is headquartered in Milpitas, California with R&D, manufacturing, and sales offices worldwide. For more information, visit www.lumentum.com.
