

McEwen Mining operates the Black Fox Complex through an experienced workforce that oversees the fully operational Black Fox underground mine. McEwen Mining is exploring and working towards commissioning multiple projects in the area, such as Froome, Grey Fox, Stock in Matheson and the Lexam projects in Timmins.

**McEwen is now hiring for the positions of:
Senior Ground Control Engineer**

Reporting to the Technical Services Manager, the Ground Control Engineer will ensure the safe and economically sound development and operations of the underground mine. The role combines an understanding of the effects of these structures on their surrounding environment and technical knowledge.

Primary Responsibilities Include:

- Ensuring safe and stable underground excavations in rock through proper rock mechanics design and monitoring.
- Managing and maintaining quality control programs for ground support and shotcrete.
- Provide basic ground control training to team as required.
- Conducting regular inspections of underground excavations and infrastructure.
- Analyzing relevant data for proper performance of designs.
- Updating and maintaining ground control management plan and mine design.
- Proactively communicate geotechnical issues across the operation.
- Collection of ground movement from underground monitoring stations.

Qualifications and Skills Requirement:

- Proven safety record with a positive attitude.
- Bachelor's degree in Geological Engineering, Mining Engineering, or related field.
- 7 years of underground experience.
- 5 years of relevant rock engineering experience.
- P.Eng. certification or ability to obtain certification.
- Knowledge of rock mechanics principles, monitoring methods and practices.
- Knowledge of design, support and excavation methods.
- Knowledge of specialized geotechnical software (Rocscience Suite).
- Knowledge of slope stability for open pit.
- Strong planning and organizational skills.
- Knowledge of mine planning software (Acad/Amine, Dips, Phase2, Deswik).
- Ability to work independently and take initiative.
- Ability to lead and mentor a growing team.

Competitive compensation • Generous benefits packages • Great work environment
