

McEwen Mining operates the Black Fox Complex through an experienced workforce that oversees the fully operational Black Fox underground mine. McEwen Mining is exploring and working towards potentially commissioning multiple projects in the area, such as Grey Fox, Froome, Stock East in Matheson and the Lexam projects in Timmins.

McEwen is now hiring for the positions of:

Mine Technician (Survey/Ventilation)

Reporting to the Chief Surveyor, the Underground Surveyor will ensure the safe and economically sound development and operations of the underground mine. The role, on a 5/2 rotation, combines an understanding of the effects of these structures on their surrounding environment and technical knowledge.

Primary Responsibilities Include:

- Surveys of underground workplaces along with surface GPS surveys.
- Calls for line of grade and issues updated workplace plans.
- Instructs crews as to direction of mining.
- Advises Supervisor(s) of U/G problems.
- Underground ventilation sampling and survey.
- Other duties as prescribed.

Qualifications and Skills Requirement:

- Proven safety record with a positive attitude.
- Technician's Diploma or College Degree from a recognized institution.
- UG Common Core.
- Possess effective written, verbal and organizational skills.
- 1 – 3 years technical underground experience at an operating mine site.
- Experience with Amine and Microsoft Office Suite required.
- Physically fit.

Competitive compensation • Generous benefits packages • Great work environment
