LEXAM VG GOLD INC.
NOTES TO THE CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS
JUNE 30, 2014 AND 2013
(Unaudited - in Canadian dollars)

1. NATURE OF OPERATIONS

Lexam VG Gold Inc. (the “Company”, or “LexamVG”) was incorporated under the laws of Ontario through a Plan of Arrangement on January 1, 2011, amalgamating Lexam Explorations Inc. (“Lexam”) and VG Gold Corp (“VG Gold”). The Company is principally engaged in the business of exploring precious metal mineral properties. Substantially all of the efforts of the Company are devoted to these business activities and to date it has generated minimal revenues. As a result, the Company has no regular source of cash flow and will need to raise additional funds in the future in order to advance its exploration efforts. There can be no assurance that the Company will be successful at raising such funds or whether funds raised will be at terms economically favourable to existing shareholders. If in the future the going concern assumption is not appropriate, certain adjustments may be necessary to the financial statements. These adjustments could impact the carrying value of assets or liabilities, such as amounts receivable, prepaid expenses and deposits, accounts payable and accrued liabilities, and reported expenses.

As at June 30, 2014, Robert R. McEwen (“Mr. McEwen”), the non-executive chairman owns 27% of the issued and outstanding common shares of Lexam VG.

The Company’s assets are comprised primarily of 100% interest in the Fuller property, 100% interest in the Buffalo Ankerite property, 60.7% interest in the Paymaster property and a 68.5% controlling interest in the Davidson Tisdale property.

2. BASIS OF PRESENTATION

Statement of compliance

These condensed interim consolidated financial statements have been prepared in accordance with International Accounting Standard 34 – Interim Financial Reporting (“IAS 34”) as issued by the International Accounting Standards Board (“IASB”). These interim financials do not include all of the information required for full annual financial statements and accordingly, they should be read in conjunction with the Company’s audited annual consolidated financial statements for the year ended December 31, 2013.

The policies applied in these condensed interim consolidated financial statements are consistent with the policies disclosed in Notes 2 and 3 of the audited annual consolidated financial statements for the year ended December 31, 2013.

Recently Adopted Accounting Standards

The International Accounting Standards Board (“IASB”) issued the following standards, which are effective for annual periods beginning on or after January 1, 2014. The Company adopted these standards effective January 1, 2014 and the adoption of these standards did not have a material impact on the Company’s financial statements.

LEXAM VG GOLD INC.

NOTES TO THE CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS

JUNE 30, 2014 AND 2013

(Unaudited - in Canadian dollars)

2. BASIS OF PRESENTATION (Continued)

In May 2013, the IASB issued IFRIC 21– Levies (“IFRIC 21”), an interpretation of IAS 37 – Provisions, Contingent Liabilities and Contingent Assets (“IAS 37”), on the accounting for levies imposed by governments. IAS 37 sets out criteria for the recognition of a liability, one of which is the requirement for the entity to have a present obligation as a result of a past event (“obligating event”). IFRIC 21 clarifies that the obligating event that gives rise to a liability to pay a levy is the activity described in the relevant legislation that triggers the payment of the levy. IFRIC 21 is effective for annual periods commencing on or after January 1, 2014.

The amendments to IAS 32, Financial Instruments: Presentation, clarify the criteria that should be considered in determining whether an entity has a legally enforceable right of set off in respect of its financial instruments. Amendments to IAS 32 are applicable to annual periods beginning on January 1, 2014, with retrospective application required.

Recently Issued Accounting Pronouncements not yet Adopted

The IASB issued the following standard, which is not yet effective and has not been applied in the preparation of these financial statements. The Company is in the process of determining the extent of the impact on its financial statements.

The IASB has issued IFRS 9 “Financial Instruments” which proposes to replace IAS 39, Financial Instruments: Recognition and Measurement (“IAS 39”). The replacement standard has the following significant components: establishes two primary measurement categories for financial assets – amortized cost and fair value; establishes criteria for classification of financial assets within the measurement category based on business model and cash flow characteristics; and eliminates existing held to maturity, available for sale and loans and receivable categories. The section is effective for annual periods beginning on or after January 1, 2018.

3. INVESTMENT IN URANIUM VALLEY MINES (“UVM”)

Lexam VG holds 4,000,000 common shares of UVM, representing an approximate ownership of 36%. The Company’s investment in UVM is accounted for using the equity method. At June 30, 2014 the Company’s carrying value of UVM was \$nil, with total accumulated accounting losses of approximately \$333,000.

As at June 30, 2014, UVM had total assets approximating \$344,000 and liabilities approximating \$7,700, with a net loss approximating \$28,000 for the six months ended June 30, 2014.

UVM trades on the TSX Venture under the symbol ‘VZZ’. Based on UVM’s closing share price of \$0.10 per share on June 30, 2014, the market value of Lexam VG’s 4,000,000 shares in UVM is \$400,000.
