Business Highlights

- American University of the Caribbean School of Medicine and Ross University School of Medicine achieved a combined 98% first-time residency attainment rate for 2023-2024 graduates[1], for the second straight year, placing more than 815 students and graduates into over 350 unique healthcare facilities spanning 44 states and territories. Over 500 will enter primary care residencies, poised to enhance healthcare outcomes for some of the more than 83 million Americans in underserved areas lacking adequate access to primary care. Of the more than 815 students and graduates, 189 identify as Black/African American or Hispanic, helping diversify the pipeline of physicians in the U.S. healthcare system where, based on 2021 data, Black Americans make up 13% of the population but only 6% of physicians, and Hispanics represent 19% of the population but only 7% of physicians.
- Scott Liles rejoined Adtalem on April 1 as president of our Medical and Veterinary segment. Liles most recently served as the chief executive officer and executive board member for the Association of Certified Anti-Money Laundering Specialists (ACAMS). Liles was instrumental in returning ACAMS to growth in preparation for Adtalem’s divestiture of its Financial Services segment and in establishing ACAMS as an independent company.
- Chamberlain University continues to expand its specialized nursing education that addresses areas of acute nursing shortages through its Practice Ready. Specialty Focused.™ model and a new partnership with the Emergency Nurses Association (ENA), offering in-depth introduction into emergency nursing. The ENA emergency nursing offering is in addition to partnerships with DaVita® for nephrology, BrightStar Care® for home healthcare as well as the Association of periOperative Registered Nurses for perioperative nursing. Chamberlain’s proprietary specialty model, created with a grant from the American Nurses Foundation, is now offered at all 23 Chamberlain campuses.
- Walden University experienced some of the strongest new enrollment growth in its history, offering flexibility to working adults through part-time, self-paced and Tempo Learning® competency-based programs.
- Walden University celebrated over 5,500 graduates at its 70th anniversary commencement. College of Nursing and the College of Social and Behavioral Health degrees accounted for more

than 60% of the degrees awarded, further showcasing Adtalem's commitment to delivering practice-ready professionals at scale to the U.S. healthcare system.

Non-GAAP Financial Measures and Reconciliations

We believe that certain non-GAAP financial measures provide investors with useful supplemental information regarding the underlying business trends and performance of Adtalem's ongoing operations as seen through the eyes of management and are useful for period-over-period comparisons. We use these supplemental non-GAAP financial measures internally in our assessment of performance and budgeting process. However, these non-GAAP financial measures should not be considered as a substitute for, or superior to, measures of financial performance prepared in accordance with GAAP. The following are non-GAAP financial measures used in the subsequent GAAP to non-GAAP reconciliation tables:

Adjusted net income (most comparable GAAP measure: net income) – Measure of Adtalem's net income adjusted for restructuring expense, business integration expense, intangible amortization expense, gain on sale of assets, write-off of debt discount and issuance costs, gain on extinguishment of debt, litigation reserve, investment impairment, loss on assets held for sale, debt modification costs, net tax benefit related to a valuation allowance release, and loss (income) from discontinued operations.

Adjusted earnings per share (most comparable GAAP measure: diluted earnings per share) – Measure of Adtalem's diluted earnings per share adjusted for restructuring expense, business integration expense,

intangible amortization expense, gain on sale of assets, write-off of debt discount and issuance costs, gain on extinguishment of debt, litigation reserve, investment impairment, loss on assets held for sale, debt modification costs, net tax benefit related to a valuation allowance release, and loss (income) from discontinued operations.

Adjusted operating income (most comparable GAAP measure: operating income) – Measure of Adtalem's operating income adjusted for restructuring expense, business integration expense, intangible amortization expense, litigation reserve, loss on assets held for sale, debt modification costs, and gain on sale of assets. This measure is applied on a consolidated and segment basis, depending on the context of the discussion.

Adjusted EBITDA (most comparable GAAP measure: net income) – Measure of Adtalem's net income adjusted for loss (income) from discontinued operations, interest expense, other income, net, provision for income taxes, depreciation and amortization, stock-based compensation, restructuring expense, business integration expense, litigation reserve, loss on assets held for sale, debt modification costs, and gain on sale of assets. This measure is applied on a consolidated and segment basis, depending on the context of the discussion. Provision for income taxes, interest expense, and other income, net is not recorded at the reportable segments, and therefore, the segment adjusted EBITDA reconciliations begin with operating income.

Free cash flow (most comparable GAAP measure: net cash provided by operating activities-continuing operations) – Defined as net cash provided by operating activities-continuing operations less capital expenditures.

Net debt – Defined as long-term debt less cash and cash equivalents.

Net leverage – Defined as net debt divided by adjusted EBITDA.

A description of special items in our non-GAAP financial measures described above are as follows:

- Restructuring expense primarily related to real estate consolidations at Walden, Medical and Veterinary, and Adtalem's home office. We do not include normal, recurring, cash operating expenses in our restructuring expense.
- Business integration expense include expenses related to the Walden acquisition and certain costs related to growth transformation initiatives. We do not include normal, recurring, cash operating expenses in our business integration expense.
- Intangible amortization expense on acquired intangible assets.
- Gain on sale of Adtalem's Chicago, Illinois, campus facility.
- Write-off of debt discount and issuance costs and gain on extinguishment of debt related to prepayments of debt, reserves related to significant litigation, impairment of an equity investment, loss on assets held for sale related to a fair value write-down on assets, and debt modification costs related to refinancing our Term Loan B loan.
- Net tax benefit related to a valuation allowance release.
- Loss (income) from discontinued operations includes expense from ongoing litigation costs and settlements related to the DeVry University and Carrington College divestitures, a loss on sale of ACAMS, Becker, and OCL for working capital adjustments to the initial sales prices and a tax return to provision adjustment, and the earn-outs we received.
