(1) The Series Caps represent the maximum aggregate consideration to be paid to purchase the Notes of such Series pursuant to the Tender Offer. The Company reserves the right, but is under no obligation, to increase, decrease or eliminate one or more Series Caps at any time, including on or after the Price Determination Date (as defined below), subject to applicable law.

(2) Subject to the Maximum Aggregate Consideration, the Series Caps and proration, the principal amount of each Series of Notes that is purchased in the Tender Offer will be determined in accordance with the applicable Acceptance Priority Level (in numerical priority order with 1 being the highest Acceptance Priority Level and 7 being the lowest) specified in this column.

(3) As reported by Global Bondholder Services Corporation, the tender and information agent for the Tender Offer.

The Tender Offer is subject to the satisfaction of certain conditions as set forth in the Offer to Purchase, including the consummation of the previously announced separation (the "Spin-Off") of Aptiv's Electrical Distribution Systems business into a new, independent publicly traded company, which will be named Versigent, and the receipt by Aptiv of a special dividend from Versigent in an amount not less than \$1,700,000,000 in connection with the Spin-Off, in each case on or prior to the Settlement Date (as defined below) (the "Financing Condition"). Assuming the conditions set forth in the Offer to Purchase, including the Financing Condition, are satisfied or waived, the Company will accept for purchase the Notes for aggregate consideration up to the Maximum Aggregate Consideration that are validly tendered and not validly withdrawn as of the Expiration Date in accordance with the acceptance priority levels, and subject to the Series Caps, specified in the table above and on the cover page of the Offer to Purchase.

The Total Tender Offer Consideration for each \$1,000 in principal amount of Notes tendered and not withdrawn before the Early Tender Deadline and accepted for payment pursuant to the Tender Offer on the Settlement Date will be determined by reference to a fixed spread specified for each Series of Notes over the yield based on the bid-side price of the applicable Reference U.S. Treasury Security, as described in the Offer to Purchase. The Total Tender Offer Consideration will be calculated by the Dealer Managers (identified below) for the Tender Offer at 10:00 a.m., New York City time, on March 20, 2026 (the "Price Determination Date").

All payments for Notes purchased in the Tender Offer will also include accrued and unpaid interest on the principal amount of Notes tendered and accepted for purchase from the last interest payment date applicable to the relevant Series of Notes up to, but not including, the settlement date, which is currently expected to be April 7, 2026 (the "Settlement Date").

In accordance with the terms of the Tender Offer, the withdrawal deadline was 5:00 p.m., New York City time, on March 19, 2026. As a result, tendered Notes may no longer be withdrawn, except in certain limited circumstances where additional withdrawal rights are required by law (as determined by the Company).
