

POWERING GROWTH

AMEREN CORPORATION

J.P. Morgan Natural Resources Conference | June 24, 2026

Cautionary Statements

Use of Non-GAAP Financial Measures

In this presentation, Ameren has presented adjusted earnings per share, which is a non-GAAP measure and may not be comparable to those of other companies. A reconciliation of GAAP to non-GAAP information is included in this presentation. Generally, adjusted earnings or losses include earnings or losses attributable to Ameren common shareholders and exclude income or loss from significant discrete items that management does not consider representative of ongoing earnings, such as the cumulative impact of the first and third quarter 2024 charges for additional mitigation relief related to the settlement of the New Source Review and Clean Air Act proceeding, a third quarter 2024 charge for customer refunds related to the FERC's October 2024 order on MISO's allowed base return on equity, and third and fourth quarter 2025 tax benefits related to FERC and ICC orders on net operating loss carryforwards. Ameren uses adjusted earnings internally for financial planning and for analysis of performance. Ameren also uses adjusted earnings as the primary performance measurement when communicating with analysts and investors regarding our earnings results and outlook, as the company believes that adjusted earnings allow the company to more accurately compare its ongoing performance across periods. In providing adjusted earnings guidance, there could be differences between adjusted earnings and earnings prepared in accordance with GAAP as a result of our treatment of certain items, such as those described above.

Forward-looking Statements

Statements in this presentation not based on historical facts are considered "forward-looking" and, accordingly, involve risks and uncertainties that could cause actual results to differ materially from those discussed. Although such forward-looking statements have been made in good faith and are based on reasonable assumptions, there is no assurance that the expected results will be achieved. These statements include (without limitation) statements as to future expectations, beliefs, plans, projections, targets, estimates, strategies, objectives, events, conditions, and financial performance. In connection with the "safe harbor" provisions of the Private Securities Litigation Reform Act of 1995, Ameren is providing this cautionary statement to identify important factors that could cause actual results to differ materially from those anticipated. In addition to factors discussed in this presentation, Ameren's Annual Report on Form 10-K for the year ended December 31, 2025, and its other reports filed with the SEC under the Securities Exchange Act of 1934, as amended, contain a list of factors and a discussion of risks that could cause actual results to differ materially from management expectations suggested in such "forward-looking" statements. All "forward-looking" statements included in this presentation are based upon information presently available, and Ameren, except to the extent required by the federal securities laws, undertakes no obligation to update or revise publicly any "forward-looking" statements to reflect new information or current events.

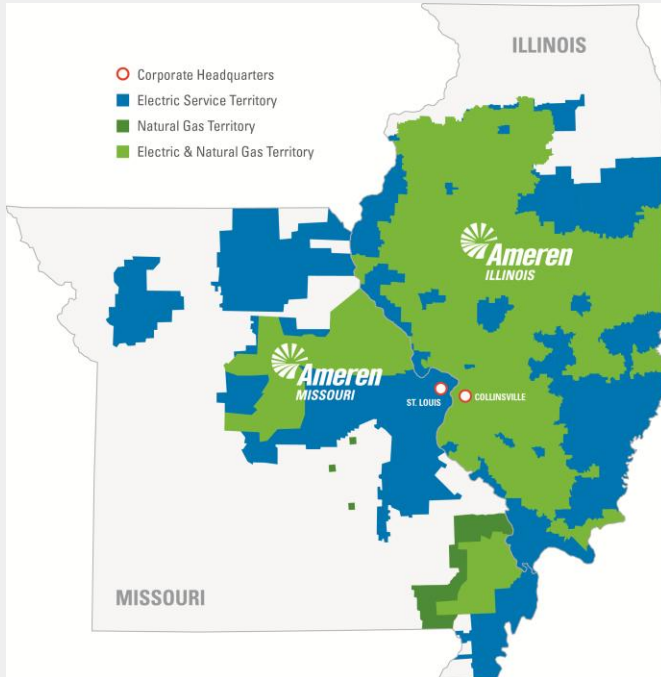

Earnings Guidance and Growth Expectations

In this presentation, Ameren has presented 2026 earnings guidance that was effective May 6, 2026, and multi-year growth expectations that were effective as of February 12, 2026. Earnings guidance for 2026 assumes normal temperatures after March 2026 and multi-year growth expectations assume normal temperatures. Earnings guidance for 2026 and multi-year growth expectations, along with estimates for long-term infrastructure investment opportunities, are subject to the effects of, among other things, regulatory, judicial and legislative actions; energy center and energy distribution operations; energy, economic, capital and credit market conditions; customer usage; severe storms; market returns on COLI investments; unusual or otherwise unexpected gains or losses; and other risks and uncertainties outlined, or referred to, in the Forward-looking Statements section of this presentation and in Ameren's periodic reports filed with the SEC.

Company Description

Fully rate-regulated electric and natural gas utility

S&P 500
Component of
Stock Index

Ameren Businesses

Ameren Missouri

- Electric transmission, distribution, and generation business and a natural gas distribution business in Missouri regulated by MoPSC
- Serves 1.3 million electric and 0.1 million gas customers
- ~9,700 MW of total generation capability

Ameren Illinois Electric Distribution

- Electric distribution business in Illinois regulated by ICC
- Serves 1.2 million electric customers

Ameren Illinois Natural Gas

- Natural gas distribution business in Illinois regulated by ICC
- Serves 0.8 million gas customers

Ameren Transmission

- Electric transmission businesses of Ameren Illinois and ATXI regulated by FERC
- Ameren Illinois invests in local reliability projects
- ATXI invests in regionally beneficial projects

Our Value Proposition for Customers, Communities, and Shareholders

Strong long-term growth outlook

- Expect 6% to 8% EPS CAGR 2026-2030^{1,2}
- Expect ~10.6% rate base CAGR 2025-2030¹
- Strong investment grade issuer credit ratings of Baa1 and BBB+
- Four regulatory frameworks for investment
- Strong long-term infrastructure investment pipeline of \$70+ billion 2026-2035¹

Attractive dividend and long-term dividend growth outlook

- **Annualized equivalent dividend rate of \$3.00 per share provides attractive yield**
 - Dividend increased 5.6% in Feb. 2026; increased for the 13th consecutive year
- **Expect dividend payout ratio to range between 50% and 60% of annual EPS**
 - 2026 EPS guidance range midpoint of \$5.35³ implies 56% payout using annualized dividend rate of \$3.00 per share
- **Expect future dividend growth to be in line with long-term EPS growth expectations**

Attractive total return potential

- **Attractive combined earnings and dividend growth outlook compared to regulated utility peers**
- **Track record of delivering strong results**
- **Strong execution of our strategy will continue to deliver superior long-term value for customers, communities, and shareholders**

¹ Effective as of Feb. 12, 2026 Earnings Conference Call. ² Using 2026 EPS guidance range midpoint of \$5.35 as the base. ³ Effective as of May 6, 2026 Earnings Conference Call.

INVEST

Invest in rate regulated energy infrastructure

ENHANCE

Enhance regulatory frameworks and advocate for responsible policies

OPTIMIZE

Optimize operating performance

To deliver on opportunities to benefit our customers, communities, and shareholders

Four Regulatory Frameworks

Ameren Transmission

FERC-regulated: Formula ratemaking

- Allowed ROE is 10.48%, including MISO participation adder of 50 basis points; ~56% average equity ratio
- Rates reset each Jan. 1 based on forward-looking calculation with annual reconciliation

Ameren Illinois Natural Gas

ICC-regulated: Future test year ratemaking

- Allowed ROE is 9.60%; 50% equity ratio
- Volume balancing adjustment (revenue decoupling) for residential and small non-residential customers

Ameren Illinois Electric Distribution

ICC-regulated: Performance-based ratemaking

- Multi-Year Rate Plan effective from 2024 to 2027
- Allowed ROE is 8.72%; 50% equity ratio¹
- Provides recovery of prudently-incurred actual costs; based on year-end rate base
- Revenue decoupling
- Constructive energy efficiency framework
- Annual revenue requirement reconciliation subject to cap of 105%, adjusted for certain items

Ameren Missouri

MoPSC-regulated: Historical test year ratemaking with constructive trackers and riders

- Settled 2024 electric rate review; allowed ROE, rate base and common equity ratio not specified²
- Infrastructure tracker for qualifying plant placed in-service between rate reviews (PISA) effective through 2035; Ameren Missouri must request and receive MoPSC approval for extension through 2040
- Fuel adjustment clause rider; pension/OPEB cost trackers; property tax tracker
- Constructive energy efficiency framework under MEEIA
- Settled 2024 natural gas rate review; allowed ROE and common equity ratio not specified

¹ Ameren Illinois has appealed the ICC's Dec. 2023 orders with the Illinois 5th District Appellate Court. ² At the time of true-up testimony, MoPSC Staff's midpoint ROE recommendation was 9.74%, and both Staff and Ameren Missouri filings reflected ~52% common equity ratio.

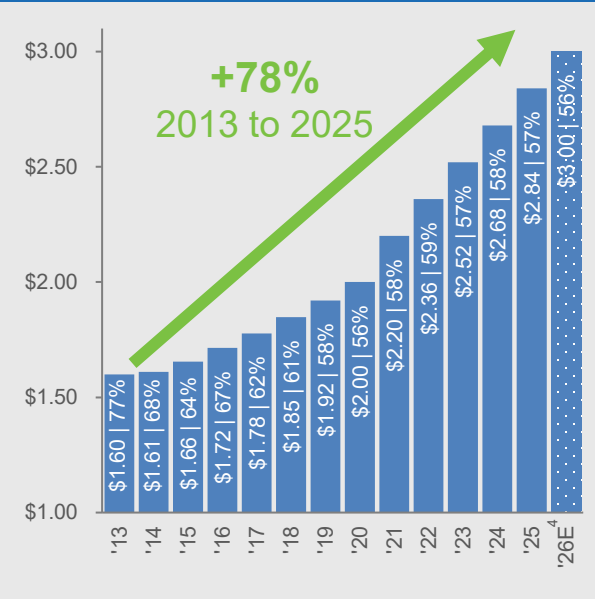

Execution of Strategy Delivering Value for Shareholders

Strong track record of EPS and dividend growth

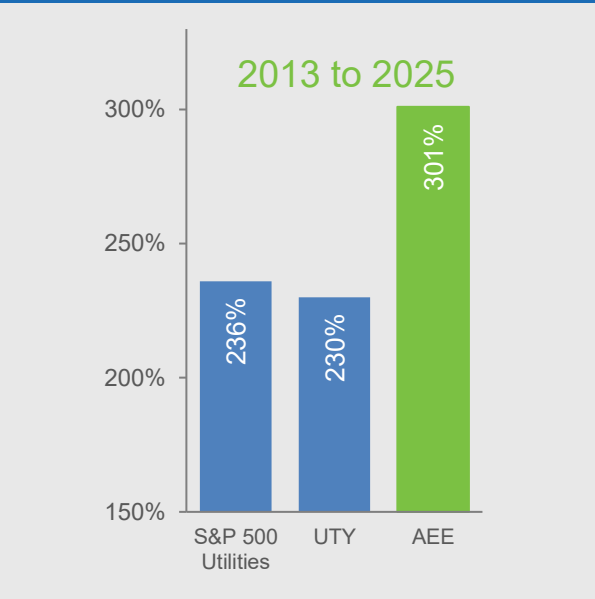

Weather-Normalized Adjusted Diluted Earnings per Share¹

Dividends Paid per Share³ and Payout as a % of WN Adjusted EPS

Strong Total Shareholder Return

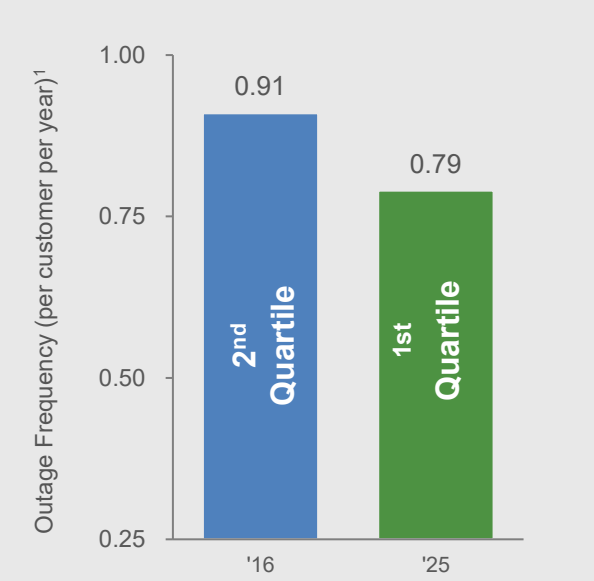

¹ See pages 28 and 29 for GAAP to adjusted and weather-normalized EPS reconciliations. ² Represents midpoint of 2026 EPS guidance range of \$5.25 to \$5.45. ³ Unrounded dividends 2015-2018 are \$1.655, \$1.715, \$1.7775 and \$1.8475. ⁴ Represents annualized dividend based on board-approved first quarter 2026 dividend of \$0.75. Future dividend decisions will be driven by earnings growth, cash flow, investment requirements, and other business conditions.

Energy Infrastructure at Work for Our Customers

Delivering strong value to our customers and communities

Improved Reliability¹

Economic Engine for Local Communities²

Strong Customer Service Satisfaction Rating³

¹ As measured by the rolling 5-year average of Ameren Missouri's and Ameren Illinois' System Average Interruption Frequency Index (SAIFI), excluding major event days. ² As reported in economic impact study conducted by HR&A Advisors, which analyzed annual direct spending by Ameren on functions such as payroll, capital equipment, supplier services, and the additional economic benefits that are generated when those investments prompt other businesses and consumer activity. ³ Customer service satisfaction rating responses after Ameren service interaction averaged ~4.6 out of 5 stars for calls, interactive voice response, website transaction, and field service in 2025.

Helping Our Customers Manage Energy Costs

Sharp focus on keeping customer rates as low as possible

Residential Rates Below National and Midwest Averages¹

Helping Customers Manage Energy Costs

- Invest ~\$200M+ annually in energy efficiency and demand response to reduce customers' energy usage and support long-term reliability
- Connect customers with more than \$100M annually in energy assistance through federal, state, and local programs, including LIHEAP and other specialized assistance
- Contributed nearly \$10 million in additional energy assistance for customers experiencing extreme heat and storm-related hardships in 2025
- Offer wide range of programs to support customers and reduce energy burden for income-eligible customers

¹ Edison Electric Institute, "Typical Bills and Average Rates Report" for residential customers for the 12 months ended June 30, 2025.

2026 Strategic Business Objectives

Invest

- Execute robust electric, natural gas, and transmission infrastructure investment plan, including achieving key milestones for energy centers
- Support economic development opportunities to deliver new tax revenue and jobs to local communities

Enhance

- Request CCN approvals for additional generation resources included in the Ameren Missouri IRP
- File triennial Ameren Missouri IRP update, due Oct. 1, 2026
- Obtain approval of Ameren Illinois Integrated Grid Plan for 2028–2031
- Expand pipeline of transmission investment opportunities

Optimize

- Maintain disciplined cost management and reliable energy service for our customers
- Drive operational efficiency through transformation initiatives

**Castle Bluff 800 MW
Natural Gas Simple-Cycle Energy Center**
By leveraging existing infrastructure and transmission line access on the site, Ameren Missouri will be able to reduce overall construction time and costs to customers.

FINANCIAL OUTLOOK

Execution of Strategy Expected to Drive Strong Total Return 2026-2030¹

Expect EPS growth consistently near upper end of 6% to 8% guidance range⁴

Regulated Infrastructure Rate Base By Segment^{2,3}

Five-Year Rate Base CAGR³

Earnings Per Share

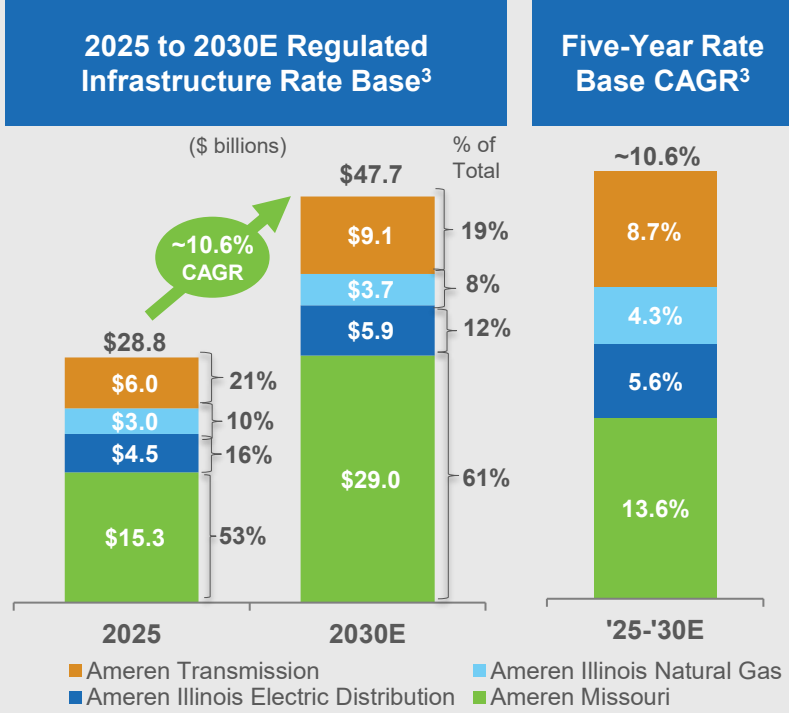

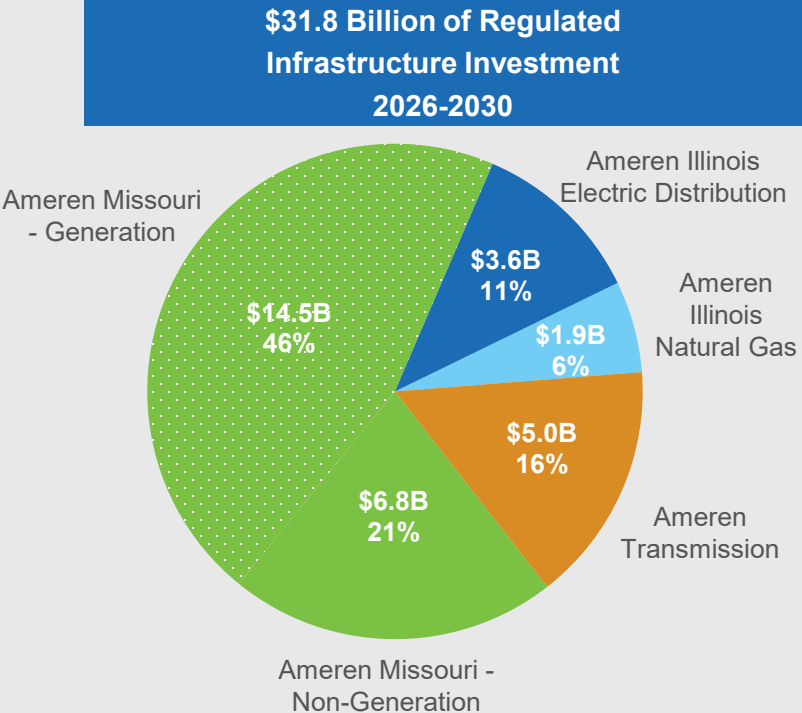

Dividends Per Share

¹ Effective as of Feb. 12, 2026 Earnings Conference Call. ² Reflects year-end rate base except for Ameren Transmission, which is average rate base. ³ Rate base for Ameren Illinois does not include energy efficiency and solar investments of \$0.5 billion and \$1.0 billion in 2025 and 2030, respectively. ⁴ Using 2026 earnings per share guidance midpoint of \$5.35 as the starting point. ⁵ Represents annualized dividend based on board-approved first quarter 2026 dividend of \$0.75.

Strategically Allocated Rate Base Growth¹

Increased five-year infrastructure investment plan by 21%²

¹ Effective as of Feb. 12, 2026 Earnings Conference Call. ² Investment plan issued Feb. 14, 2025 reflected \$26.3 billion of investment from 2025-2029. ³ Reflects year-end rate base except for Ameren Transmission, which is average rate base.

Financing Activity

Debt Financing for 2026

Date	Issuer	Issuance (\$M)	Rate	Type	Maturity
Feb. 27	Ameren Missouri	\$450	4.80%	First mortgage bonds	2036
Feb. 27	Ameren Missouri	\$450	5.55%	First mortgage bonds	2056
Mar. 4	Ameren Corp.	\$400	5.00%	Senior unsecured notes	2036

Period	Issuer	Expected Issuance ¹ (\$ in millions)
Q2	Ameren Missouri	~\$500
Q2	Ameren Transmission	~\$150
Q3	Ameren Illinois	~\$300
Q4	Ameren Corp.	~\$600

Equity Financing

- **Expect equity issuances of ~\$4 billion for 2026-2030¹**
 - Expect above-average equity issuances in 2027 and 2028 aligned with timing of generation investments
 - Portion of equity needs could be satisfied through issuance of Ameren Corp. hybrid debt securities²
- **As of May 5, 2026, forward sale agreements in place for ~\$600 million for 2026 needs and ~\$600 million for a portion of 2027-2030 needs³**
 - Expect to issue ~6.4 million common shares by year-end 2026 upon settlement of 2025 agreements; average initial forward sales price of ~\$92 per share
 - Additional ~5.3 million common shares for a portion of 2027 needs upon settlement of 2026 agreements; average initial forward sales price of ~\$110 per share

External Debt Balances⁴ and Strong Credit Ratings⁵

	\$ in millions	Moody's	S&P
Ameren Corporation (Issuer: Baa1/BBB+)			
• Commercial paper	\$823	P-2	A-2
• Senior unsecured long-term debt	\$4,200	Baa1	BBB
Ameren Missouri⁶ (Issuer: Baa1/BBB+)			
• Commercial paper	\$280	P-2	A-2
• Senior secured long-term debt	\$8,749	A2	A
Ameren Illinois (Issuer: A3/BBB+)			
• Commercial paper	\$75	P-2	A-2
• Senior secured long-term debt	\$6,313	A1	A
ATXI (Issuer: A2/--)			
• Senior unsecured long-term debt	\$661	A2	—

⁴ External debt balances as of Mar. 31, 2026.

⁵ A credit rating is not a recommendation to buy, sell, or hold any security and may be suspended, revised, or withdrawn at any time. In May 2026, Moody's raised the outlook for Ameren Illinois to "Positive" from "Stable". S&P and Moody's reaffirmed all other ratings and "Stable" outlooks in Apr. 2026 and May 2026, respectively. CFO-WC/Debt thresholds for current Ameren Corp. ratings are 13% and 16% at S&P and Moody's, respectively.

⁶ Securitized utility tariff bonds issued by Ameren Missouri Securitization Funding I, LLC, a wholly-owned subsidiary of Ameren Missouri, with a balance of \$459 million not reflected above.

¹ Effective as of Feb. 12, 2026 Earnings Conference Call. ² Receive 50 percent equity credit from Moody's and S&P. ³ Effective as of May 6, 2026 Earnings Conference Call.

Long-Term Debt Maturities and Interest Rates through 2030¹

Issuer	2026	2027	2028	2029	2030
Ameren Corp. ²	\$350 million 3.65% senior unsecured notes (matured Feb.) \$600 million 5.70% senior unsecured notes (matures Dec.)	\$500 million 1.95% senior unsecured notes	\$450 million 1.75% senior unsecured notes	\$700 million 5.00% senior unsecured notes	
Ameren Missouri ³		\$400 million 2.95% senior secured notes		\$450 million 3.5% first mortgage bonds	\$465 million 2.95% first mortgage bonds
Ameren Illinois			\$430 million 3.80% first mortgage bonds \$60 million 6.125% senior secured notes		\$375 million 1.55% first mortgage bonds
ATXI		\$50 million principal payment on 3.43% senior unsecured notes		\$30 million principal payment on 2.45% senior unsecured notes	\$50 million principal payment on 3.43% senior unsecured notes
Total	\$950 million	\$950 million	\$940 million	\$1,180 million	\$890 million

Recovery of Interest Expense

- A portion of interest cost capitalized in the normal course as construction work in progress
- Ameren Illinois Electric Distribution and Ameren Transmission interest recovered through annual reconciliation process
- Ameren Illinois Natural Gas interest recovered through periodic future test year rate reviews
- Ameren Missouri interest recovered through periodic rate reviews

¹ All long-term debt is fixed-rate debt. ² Interest rate risk with respect to planned Q4 2026 refinancing transaction noted on page 14 is hedged 65%, as of Mar. 31, 2026. Interest rate risk with respect to planned 2027 refinancing transaction is hedged 32% as of Mar. 31, 2026. ³ Does not include principal payments on securitized utility tariff bonds issued by Ameren Missouri Securitization Funding I, LLC, which are made in April and October each year through 2039.

2026 Earnings Guidance: Key Drivers & Assumptions vs. 2025¹

Midpoint of \$5.35 represents ~8.1% EPS growth compared to midpoint of 2025 original EPS guidance range of \$4.95

Ameren Missouri

- ↑ Higher investments in infrastructure eligible for PISA and AFUDC: ~+\$0.37
- ↑ New electric service rates effective June 1, 2025²: ~+\$0.11
- ↑ Higher weather-normalized retail sales: ~+\$0.08
- ↓ Higher interest expense: ~\$(0.15)
- ↓ Return to normal weather: ~\$(0.14)

Ameren Transmission

- ↑ Higher average estimated rate base: ~\$6.5³ billion compared to ~\$5.9³ billion in 2025 reflecting infrastructure investments

Ameren Illinois Electric Distribution

- ↑ Higher expected year-end rate base: ~\$4.7 billion compared to ~\$4.5 billion in 2025 reflecting infrastructure investments

Ameren Illinois Natural Gas

- ↑ New rates effective Dec. 2, 2025, incorporating higher average estimated rate base and improved ROE: ~\$3.2 billion and 9.60% compared to ~\$2.85 billion and 9.44%, respectively

Ameren Consolidated

- ↓ Higher weighted-average common shares outstanding: ~\$(0.13)
- ↓ Higher interest expense: ~\$(0.05)

2026
EPS Guidance
Range of
\$5.25
to **\$5.45**

¹ Effective as of Feb. 12, 2026 Earnings Conference Call. ² Expected to be ~+\$0.08 and ~+\$0.03 for first and second quarter, respectively. ³ Estimated average transmission rate base for Ameren Illinois and ATXI is \$4.7 billion and \$1.8 billion for 2026, respectively, compared to \$4.3 billion and \$1.6 billion for 2025, respectively.

2026 EPS Guidance and Select Balance of the Year Considerations¹

- Reaffirm 2026 diluted EPS guidance range of \$5.25 to \$5.45
- Select considerations for Q2-Q4 2026 EPS compared to Q2-Q4 2025 EPS
 - Ameren Missouri electric service rates effective June 1, 2025: Q2 ~+\$0.03
 - Ameren Missouri return to normal weather in 2026: Q2 ~\$(0.01); Q3 ~\$(0.08); Q4 ~\$(0.03)
 - Higher Ameren Missouri O&M expense driven primarily by tree trimming expenditures and energy center maintenance
 - Expect to issue ~6.4 million common shares by year-end 2026 upon settlement of forward sale agreements

¹ Effective as of May 6, 2026 Earnings Conference Call.

Robust Investment Opportunities Across All Businesses Over Next Decade¹

Delivering value to customers and communities through grid modernization and expanded energy resources

\$70B+

Strong Pipeline of Regulated Infrastructure Investments 2026-2035

- Invest in combined-cycle, simple-cycle, renewable, and battery storage generation included in Ameren Missouri IRP
- Modernize electric and gas distribution and transmission grid
- Develop transmission infrastructure to support reliability, including awarded regionally beneficial transmission projects such as MISO's LRTP portfolio²
- Operate generation facilities safely and reliably
- Comply with regulatory requirements
- Assumes constructive energy policies and ratemaking

¹ Effective as of Feb. 12, 2026 Earnings Conference Call. ² Investment plan and 10-year pipeline totals only include investment from LRTP projects that have already been assigned or awarded to Ameren by MISO.

KEY BUSINESS UPDATES

Ameren Missouri Large Load Customer Rate Plan

Enabling economic development and maintaining just and reasonable rates

- **On Nov. 24, 2025, MoPSC approved rate structure for large load customers**
 - Applicable to customers requesting 75+ MW
 - Establishes Large Load Customer Rate Plan with current base rate of ~\$0.062/kWh¹
 - Includes earnings sharing mechanism when earned ROE exceeds specified allowed ROE (65% for customers) and protections in case of force majeure event
- **Requires Electric Service Agreement (ESA) specifying terms and conditions²**
 - Service term of 12 years after ramp
 - Minimum demand charge of 80% of contracted capacity
 - Customer exit terms, including 2-year advance notice of termination and exit fees equivalent to the minimum monthly bill for the lesser of the remaining length of the ESA term or 5 years
 - Customer credit requirements and collateral equal to 2 years of minimum monthly bills
- **Large Load customers can elect to support renewables, battery storage, or nuclear to advance their clean energy goals through incremental payments, which will be tracked and used to reduce costs for other customers**

¹ Large Primary Service rate as estimated for all-in per-kWh rate effective June 1, 2025, excluding applicable riders. Actual rate is dependent upon customer load factor, capacity, and fuel costs, among other factors. ² Additional details on terms and conditions available in stipulation and agreement filed with the MoPSC in Docket No. ET-2025-0184.

Robust Customer Growth Opportunities

Facilitating growth in our region while delivering value for all customers

- In 2026, executed 2.8 GWs of ESAs in Missouri
- **2026-2030 Ameren Missouri sales growth CAGR assumption of 6.2%¹**
 - Assumes 1.2 GWs of new demand by end of 2030, consistent with preferred plan scenario
 - 2.8 GWs of executed ESAs represents upside to our 5-year sales and earnings forecasts to the extent ramp exceeds preferred plan scenario
- **Robust pipeline of interest from potential large load customers**
 - Ameren Missouri construction agreements with developers total 3.4 GWs, inclusive of executed ESAs
 - Ameren Illinois construction agreements with developers total 850 MWs²

¹ Issued and effective as of Feb. 12, 2026 Earnings Call. ² Ameren Illinois electric sales do not affect earnings due to full revenue decoupling. ³ Expect to file next triennial Ameren Missouri Integrated Resource Plan in late Sep. 2026.

Missouri Preferred Resource Plan Feb. 2025¹

Least-cost approach to reliably meet customer energy needs and support economic development

- **Load growth:** Preferred plan reflects 1.5 GW of load growth by 2032; additional scenarios reflect load growth ranging from 0.5 GW to 2 GW by 2032
- **Natural gas generation:** Add 1,600 MW by 2030; total of 3,700² MW by 2035, total investment opportunity of \$4.0B and \$8.0B, respectively
- **Renewable generation:** Add 2,700 MW by 2030; total of 4,200 MW by 2035; total investment opportunity of \$6.0B and \$9.0B, respectively
- **Battery storage:** Add 1,000 MW by 2030; total of 1,400 MW by 2035; total investment opportunity of \$1.5B and \$2.0B, respectively
- **Customer programs:** Considers a range of cost-effective energy efficiency and demand response programs

¹ Achievement of IRP goals depends on variety of factors including cost-effective advancements in innovative clean energy technologies and constructive federal and state energy and economic policies. Next triennial IRP filing expected Sep. 2026. ² Planned transition to hydrogen or hydrogen blend with carbon capture or offset by 2040. ³ Reductions based off 2005 levels. Ameren's goals include both Scope 1 and 2 emissions, including other greenhouse gas emissions of methane, nitrous oxide and sulfur hexafluoride.

Ameren Missouri's Resource Planning in Action¹

Reliable and affordable energy portfolio to serve customers and power economic development

Energy Center	Facility Size	Generation Type	Agreement Type	CCN Status	Anticipated In-Service Date
Split Rail	300 MW	Solar	Build-Transfer	Approved Mar. 2024	Q2 2026
Big Hollow	400 MW	Battery Storage	Self-Build	Approved Feb. 2026	Q2 2028
	800 MW	Simple-Cycle Gas			Q3 2028
Reform	250 MW	Solar	Self-Build	Approved May 2026	Q4 2028
Castle Bluff	800 MW	Simple-Cycle Gas	Self-Build	Approved Oct. 2024	Q4 2027
	95 MW	Battery Storage		Filed May 2026	Q2 2028
Millcreek	250 MW	Battery Storage	Self-Build	Filed May 2026	Q2 2028
Huck Finn	200 MW	Battery Storage	Self-Build	Filed May 2026	Q2 2028
Tom Sawyer	175 MW	Solar	Build-Transfer	Filed May 2026	Q4 2028
Ringer	225 MW	Solar	Build-Transfer	Filed May 2026	Q2 2029
West Alton	2,100 MW	Combined Cycle Gas	Self-Build	Expect to File by Q3	Q4 2031
Total	5,595 MW	<i>Projects listed expected to increase installed capability by ~60%</i>			

- Ameren Missouri's planned generation portfolio expected to deliver \$1.8 billion of tax credits in 2026-2030, providing significant customer savings²

¹ Expect to file next triennial Ameren Missouri Integrated Resource Plan in late Sep. 2026. ² Effective as of Feb. 12, 2026 Earnings Conference Call.

Transmission Investment Pipeline

Supporting resource adequacy across the region amid evolving energy grid needs

- **Robust pipeline of transmission investment to support system reliability and large load growth in our service territory**
 - Potential upside from investment needed to support reliability as regional demand grows; primarily driven by anticipated generation interconnection and economic development growth
- **Regionally-beneficial investment opportunities, including MISO Tranche 2.1 Long Range Transmission Planning projects**
 - MISO-approved Tranche 2.1 projects will create high-voltage transmission highways
 - Customer benefits in range of 1.3x to 5.6x of portfolio cost
 - Expected in-service dates range from 2032 to 2034
 - \$1.3 billion assigned and ~\$700 million of competitive investment awarded to Ameren¹
 - Submission, evaluation, and selection of bids for competitive projects expected to take place over remainder of 2026, including:

Remaining Competitive Project Name	MISO Est. Cost (millions)	Tranche 2.1 Bid Status	Developer Selection Deadline	State
WIIL	\$718	Awarded to ATXI (43% ownership) and partners	Awarded May 2026	IL
STIW	\$940			IL/IA
MARS	\$1,498	Joint Bid Submitted	Dec. 2026	IA
EASL	<u>\$1,226</u>			IA
Total	\$4,389			

¹ Reflects MISO estimates.

Regulatory Matters

Ameren Illinois Electric Distribution Reconciliation for 2025

- In 2026, AIC requested \$65 million adjustment from ICC to the 2025 revenue requirement reflecting the reconciliation to actual costs and investment
 - Based on 2025 year-end rate base and allowed ROE and common equity ratio established in Multi-Year Rate Plan
 - Adjustment primarily driven by OPEB treatment (\$30 million) and actual expenditures related to infrastructure investments (\$25 million)
- In May, Staff recommended a \$31 million reconciliation adjustment, with variance from request driven by treatment of OPEB
- Expect ICC decision by Dec. 2026, with new rates effective Jan. 2027

Ameren Illinois Multi-Year Grid Plan for 2028-2031

- In 2026, AIC filed Grid Plan with ICC detailing \$2.75 billion in proposed electric distribution capital investments over four years
- In May, Staff and other intervenors filed testimony in support of approving the Grid Plan with proposed adjustments to grid investment
 - Individual intervenors' proposed adjustments ranged from \$50 million to \$220 million
- Expect ICC decision on grid investments by Dec. 2026
 - Will inform expected Q1 2027 rate review filing

Ameren Missouri Electric Rate Review

- Expect to file next Ameren Missouri electric rate review mid-2026
 - Recover costs for significant grid infrastructure investment to ensure system reliability and resiliency for all customers

APPENDIX

▲ WARNING

2026 First Quarter Earnings Analysis – Key Drivers

↑ Ameren Missouri earnings

- Electric service rates effective June 1, 2025: +\$0.08
- Increased investments in infrastructure eligible for AFUDC and PISA: +\$0.07
- Natural gas service rates effective Sep. 1, 2025: +\$0.03
- Lower electric retail sales mostly driven by milder winter temperatures in 2026: ~\$(0.05)
 - Weather vs. 2025: ~\$(0.04); vs. normal ~\$(0.02)
- Higher interest expense: \$(0.02)

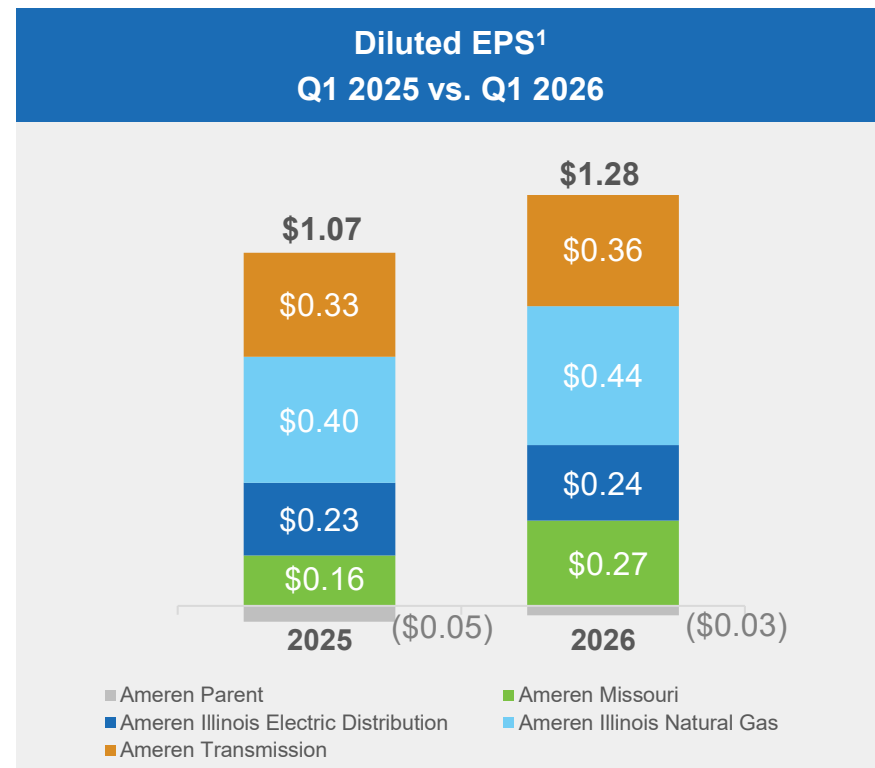

↑ Ameren Illinois Natural Gas earnings

- Service rates based on 2026 test year effective Dec. 2, 2025

↑ Ameren Transmission earnings

↑ Ameren Parent results

↑ Ameren Illinois Electric Distribution earnings

¹ EPS drivers are calculated using 2025 weighted-average basic common shares outstanding. The impact of higher weighted-average basic common shares outstanding in 2026 is \$(0.03).

GAAP to Adjusted Earnings Per Share Reconciliations
