KB HOME OPENS CAMELLIA GLEN: NEW TOWNHOMES FROM THE \$460Ks IN WILDOMAR, CALIFORNIA

2026-10-09

New gated community in Riverside County, with planned on-site amenities and close to parks and outdoor recreation, is now open for tours.

LOS ANGELES, Oct. 9, 2026 /PRNewswire/ -- KB Home (NYSE: KBH), one of the largest and most trusted homebuilders in the U.S., today announced the opening of Camellia Glen, a new townhome community in Wildomar, California.

Camellia Glen at a Glance:

- **Price:** From the \$460,000s
- **Location:** Wildomar, California, just south of Clinton Keith Road at the corner of [Washington Avenue and Post Road](#)
- **Home type:** Two-story townhomes
- **Bedrooms/baths:** 3 bedrooms and 2.5 baths
- **School district:** Lake Elsinore Unified School District
- **Amenities:** Planned recreation area with a pool, spa, barbecue and picnic area, children's playground, dog park and sports courts

Camellia Glen is in a central location that provides convenient access to Interstate 15, Interstate 215 and Highway 79, which connect residents to Ontario International Airport and major employment centers in the Inland Empire and Orange and San Diego Counties. The community is a short drive to

shopping, dining and entertainment in Old Town Murrieta and Temecula. Outdoor enthusiasts will also appreciate the proximity to hiking and biking at Santa Rosa Plateau Ecological Reserve and boating, fishing and swimming at Lake Elsinore.

The homes at Camellia Glen are designed for contemporary living, with modern kitchens overlooking spacious great rooms, bedroom suites with walk-in closets, and ample storage space. Homebuyers can personalize their new home at the KB Home Design Studio, where they can select from a wide range of interior design choices that fit their style and budget.

Additionally, the homes at Camellia Glen are built to the Insurance Institute for Business & Home Safety's (IBHS®) highest wildfire resilience standards, incorporating fire-resistant materials and construction methods designed to protect against direct flame contact, radiant heat and wind-driven embers. Features include Class A fire-rated roofs, noncombustible gutters, upgraded windows and doors, ember- and flame-resistant vents, and a 5-foot noncombustible buffer around structures. At the neighborhood level, wildfire risk is further reduced by separating most structures by more than 10 feet and decreasing potential fuels through fire-resistant materials such as all-metal fencing systems.

"With Camellia Glen, we're bringing beautiful new townhomes to a picturesque Riverside County location. The new gated community includes a variety of planned on-site amenities and is close to parks and outdoor recreation," said Erick Montano, President of KB Home's Inland Empire division. "At KB Home, we focus on creating value through competitive, transparent pricing and giving buyers the ability to personalize their home based on what matters most to them. We put them in control, so they're not paying for features they don't value or compromising on ones they do."

KB homes are engineered to be highly energy and water efficient and include features that support healthier indoor environments. They are designed to be ENERGY STAR® certified, a standard that fewer than 12% of new homes nationwide meet, offering greater comfort, well-being and utility cost savings compared to new homes without certification.

The Camellia Glen sales office and model homes are now open for walk-in visits and private in-person tours by appointment. Live video tours are also available. For more information on KB Home, call 888-KB-HOMES or visit kbhome.com.

About KB Home

KB Home is one of the largest and most trusted homebuilders in the U.S. We operate in 50 markets, have built over 700,000 quality homes in our nearly 70-year history, and are honored to be one of the top customer-ranked national homebuilders based on third-party buyer surveys. What sets KB Home apart is building strong, personal relationships with every customer and creating an exceptional experience that offers our homebuyers the ability to personalize their home based on what they value at a price they can afford. As the industry leader in sustainability, KB Home has achieved one of the highest residential energy-efficiency ratings and delivered more ENERGY STAR® certified homes than any other builder, helping to lower the total cost of homeownership.
