"With Sunset Oaks, we're bringing beautiful new homes to the Austin area that offer a range of community amenities and are close to outdoor recreation," said Chemise McCain, President of KB Home's Austin division. "At KB Home, we focus on creating value through competitive, transparent pricing and giving buyers the ability to personalize their home based on what matters most to them. We put the customer in control, so they're not paying for features they don't value or compromising on ones they do."

KB homes are engineered to be highly energy and water efficient and include features that support healthier indoor environments. They are designed to be ENERGY STAR® certified, a standard that fewer than 12% of new homes nationwide meet, offering greater comfort, well-being and utility cost savings compared to new homes without certification.

The Sunset Oaks sales office and model homes are now open for walk-in visits and private in-person tours by appointment. Live video tours are also available. For more information on KB Home, call 888-KB-HOMES or visit [kbhome.com](http://kbhome.com).
