ARITZIA

Fiscal 2026 Annual Report

Aritzia is a design house with an innovative global platform, offering covetable styles online, on its app and in its boutiques.

We believe in high-quality, beautifully designed product.
We believe in aspirational environments and experiences.
We believe in personalized and engaging client service.
And we believe that all of this should be attainable.

We call this Everyday Luxury®.

FROM OUR CHIEF EXECUTIVE OFFICER

Fiscal 2026 Highlights

In Fiscal 2026, we drove a 35% increase in net revenue, resulting in a strong four-year compound annual growth rate ("CAGR") of 25% and achieved our Fiscal 2027 net revenue target of $3.5 to $3.8 billion one year early. Our strong performance is a direct reflection of our teams' ability to execute impeccably on our three strategic growth levers — geographic expansion, digital growth and increased brand awareness. We fuelled robust demand for the Aritzia brand, while continuing to grow brand awareness in the United States and drive enduring client loyalty in Canada.

Our strategic accomplishments for Fiscal 2026 include the following:

- We generated unparalleled demand for the Aritzia brand, supported by strong inventory management, which fuelled 26.5% comparable sales[1] growth.
- We refined our digital and brand marketing strategies to help protect and propel the Aritzia brand, grow brand awareness and generate new client acquisition.
- We opened 14 new boutiques and repositioned 4 existing boutiques, including another iconic, brand-propelling flagship location in Manhattan's Flatiron district.
- We launched the Aritzia App, providing clients with greater access to the Company's product assortment, styling expertise and guidance, and exclusive product and content.
- We delivered a 260 basis point improvement in Adjusted EBITDA as a percentage of net revenue[1], despite 260 bps of pressure from tariffs and the elimination of the de minimis exemption. The improvement was driven by expense leverage, IMU improvement, lower markdowns and savings from the Company's smart spending initiative.

I'm extremely grateful to our People for their unwavering commitment to Creativity, Excellence and Teamwork. Our incredible achievements this year are only possible because of the dedication of our world-class team. What's even more impressive is that these exceptional results came against the backdrop of significant macroeconomic challenges. Our team has truly raised the bar, and I could not be prouder.

[1] See the sections below entitled "How We Assess the Performance of our Business", "Selected Financial Information" and "Non-IFRS Financial Measures and Retail Industry Metrics" for further details concerning comparable sales and Adjusted EBITDA as a percentage of net revenue, including definitions and reconciliations of each non-IFRS financial measure to the relevant reported IFRS Accounting Standards financial measure. Non-IFRS financial measures and non-IFRS ratios do not have a standardized meaning under IFRS Accounting Standards, which is used to prepare the Company's financial statements and might not be comparable to similar financial measures presented by other entities.

SALES CHANNEL HIGHLIGHTS

Our sales growth in Fiscal 2026 was driven by continued strong digital momentum, our geographic expansion strategy and double-digit comparable sales growth in our existing boutiques. Total comparable sales grew 26.5%. We continued to expand our portfolio of boutiques in premier locations, with our retail net revenue growing to $2.41 billion — a 35% increase from last year. In digital, our performance was driven by the increasing affinity for our brand, strong inventory management, our focus on full-funnel marketing and the launch of our mobile app. In Fiscal 2026, our digital net revenue grew to $1.29 billion, increasing 36% year-over-year.

GEOGRAPHIC EXPANSION

Throughout Fiscal 2026, our real estate expansion strategy continued to yield impressive results. We opened 14 new and 4 repositioned boutiques — our most openings ever in a single year — with our new boutiques continuing to perform better than our payback expectations of 12 to 18 months. Net revenue in our United States business grew to $2.28 billion in Fiscal 2026, an increase of 44% from last year. In Fiscal 2026, the United States generated 61% of our total net revenue, and we continue to have tremendous opportunity for growth ahead of us. In the United States, we see potential for a minimum of 180 to 200 boutiques compared to just 76 at the end of Fiscal 2026.

DIGITAL GROWTH

In Fiscal 2026, the launch of our mobile app achieved exceptional results and surpassed even our highest expectations. The app is an entirely new shopping channel for our clients, placing curation, styling expertise and our quality product directly in their hands. We also continued to refine our digital performance marketing strategy to help grow brand awareness in the United States, amplify our product franchises and drive customer engagement. Further, we launched our enhanced international website, featuring an elevated client experience.

INCREASED BRAND AWARENESS

During Fiscal 2026, our full-funnel Everyday Luxury® campaign continued to help grow brand awareness and introduce Aritzia to new audiences. In addition to our beautiful product and real estate expansion strategy, this propelled us further toward widespread recognition across the United States, where our active client base has grown at a 30% CAGR over the past four years. At the same time, we remained focused on deepening our connection with our loyal existing clients. Across all channels and geographies, more clients than ever before shopped the Aritzia brand.

IMPACT

As Aritzia continues to grow, so does our potential to make an impact and create lasting change. At Aritzia, Impact refers to the contributions we make to People and the Planet. We believe these contributions matter to our consumers and to our overall business resilience. The Impact scope spans Aritzia's full value chain — from raw material sourcing in our upstream operations to product end of life in our downstream operations. With the goal of strengthening our positive impact, we share initiatives and oversight of these areas throughout our organization. We seek to take an evidence-based approach and deliver positive long-term impact for the benefit of all our stakeholders and our business resilience.

Looking Forward

Underpinned by the strength of the Aritzia brand, our proven operating model and our healthy balance sheet, our business has never been better positioned for growth. Having already achieved our Fiscal 2027 revenue target one year early, we look forward to sharing our next strategic roadmap in the fall. Meanwhile we remain steadfast in further advancing our three strategic growth levers while continuing to invest in infrastructure to support our growth.

We have a robust pipeline of boutiques opening in Fiscal 2027, with a focus on increasing our presence in existing markets, as well as broadening our reach across the United States. New markets for us this year include Birmingham, AL; Fort Worth, TX; New Orleans, LA; and St. Louis, MO. Our total square footage growth is expected to be in the low teens, with the vast majority occurring in the United States.

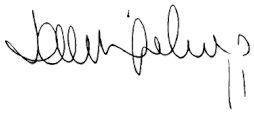

In digital, we have initiatives underway to support our continued momentum in the years ahead, such as ongoing digital marketing optimization, client engagement initiatives and additional mobile app features. Additionally, we expect to continue benefitting from the halo effect of new boutique openings.

Last but not least, our new boutiques and ongoing marketing investments are proven, multi-year strategies to help grow brand awareness in the United States. We're becoming increasingly well-known and loved in the USA, yet the opportunity for growth remains immense.

To help ensure we drive scalable growth for the long term, we continue strategically investing in world-class infrastructure. This year we're focused on expanding our distribution network in the United States, as well as advancing key technology initiatives such as merchandise planning software, RFID and mobile app upgrades. As always, we operate with a long-term focus and balance investing for the future with driving profitable growth.

To our shareholders, thank you for your continued support and your trust in our business plan. I have great confidence in our team — Aritzia's consistent performance is a testament to their ability to execute with excellence.

Sincerely,

Jennifer Wong
Chief Executive Officer

Brands and Products

Aritzia is a design house with an innovative global platform. We're creators and purveyors of covetable styles, home to an extensive portfolio of exclusive brands for every function and individual aesthetic.

We're about good design, quality materials and making the pieces you'll wear again and again — all with the wellbeing of our People and Planet in mind. We pride ourselves on creating immersive, highly personalized shopping experiences in our 140+ boutiques throughout North America, at aritzia.com and on the Aritzia App. Our differentiated multi-brand strategy and expansive range of fashion apparel enable us to appeal to our clients across various aspects of their lifestyles and stages of their lives. They're how we nurture strong and enduring client loyalty. Our exclusive brands currently represent 97% of Aritzia's net revenue.

Destinations

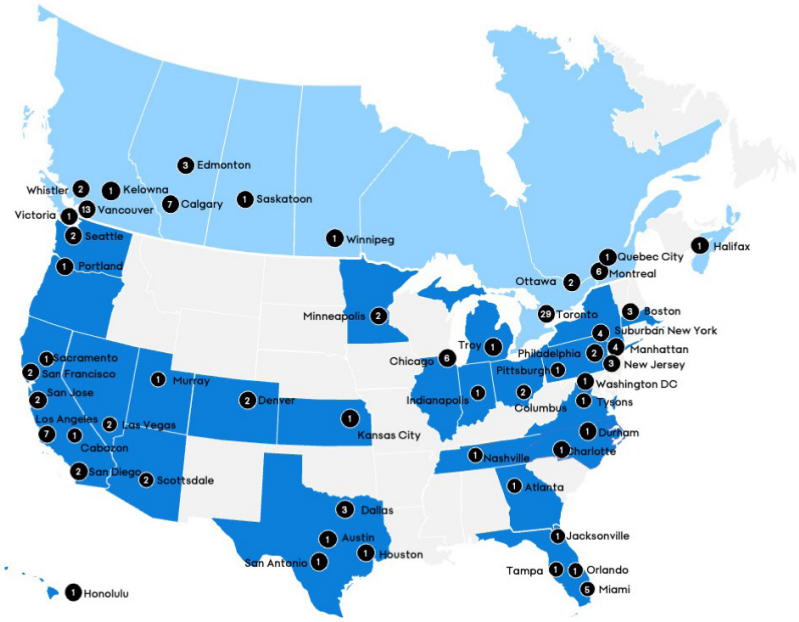

We connect our clients to the energy of our culture through the product we sell and the environments we create. We sell our product through our boutiques, aritzia.com and the Aritzia App, giving us complete control of the presentation of our brand and our relationships with our clients.

We carefully consider each Aritzia destination — physical and digital — individually, ensuring we provide our clients with aspirational shopping experiences and exceptional service at every touchpoint.

We believe our boutiques and digital platforms are synergetic — the success of each channel benefits the other, driving brand awareness and affinity. We continue to build out omnichannel capabilities to provide an elevated experience so our clients can shop wherever, whenever, however.

We deliver elevated products to clients in 180+ countries through aritzia.com.

[2] Boutique count at the end of Q4 2026, excluding four Reigning Champ boutiques.

Future Growth

Our approach to future growth is a thoughtfully devised roadmap that's focused on long-term profitability. We will continue to make strategic investments in our People, processes and technology to help capitalize on opportunities and accelerate the continued expansion of Aritzia.

1. Geographic Expansion

Historically, opening new boutiques has been the most consistent and predictable driver of incremental net revenue and continues to be a key pillar of Aritzia's growth strategy. Our boutiques drive sales, build brand awareness, propel client acquisition and fuel our digital channels. Payback periods on our new boutiques continue to trend below our target of 12 to 18 months due to strong sales performance and the management of build-out costs and landlord allowances.

We see opportunities for us to acquire prime real estate and believe we have a meaningful opportunity to expand our boutique network, particularly in the United States. We have identified 180+ locations in the United States that meet our exacting criteria and will continue to take a disciplined approach to opening new boutiques with a sharp focus on best-in-class locations.

2. Digital Growth

We take an omni-channel approach to our digital business to seamlessly mirror our elevated experience for our clients who shop online. Annual increases in online traffic drove digital revenue growth of 23% on a compounded annual basis from Fiscal 2022 to Fiscal 2026. In Fiscal 2026, digital revenue represented 35% of total net revenue. During the year, we launched the Aritzia App and completed the upgrade of our international website. We continue to invest in our digital capabilities, and we have several initiatives underway to support ongoing momentum in this channel, including further digital marketing optimization, client engagement initiatives and additional mobile app features.

3. Increased Brand Awareness

We drive increased brand awareness through real estate and marketing strategies designed to attract new clients and deepen the loyalty of existing clients. These strategies have been successfully propelling our brand, so much so that our active client base in the United States increased nearly threefold over the past four years. Our premier real estate locations, aspirational boutique designs and high-touch services all highlight the unique ethos and aesthetic of our exclusive brands — as well as Aritzia's overall dedication to delivering beautifully made clothes and exceptional experiences. We also extend this experience online, acquiring and engaging customers in relevant segments through strategic digital marketing that reaches beyond our retail footprint.

Our Impact Strategy

Aritzia acknowledges the importance of accelerating its progress on our Impact goals and priorities, as well as sustainability-related risks and opportunities relevant to our business, brands, industry and key stakeholders. As our business grows, so does our potential to make an impact and create lasting change.

At Aritzia, Impact refers to the contributions we make to People and the Planet. Impact is integral to who we are and what we do. The Impact scope spans Aritzia's full value chain — from raw material sourcing in our upstream operations to product end of life in our downstream operations.

With the oversight of our Board's Environmental & Social Committee and the leadership of our Chief Impact Officer and Chief Executive Officer, we continue to refine our strategies to deliver our beautifully designed product and exceptional experiences responsibly and sustainably. Unless otherwise indicated, the results below reflect our performance as presented in our most recently published report, the FY2025 Aritzia Impact Report.

Our Results

PEOPLE

We are committed to supporting people to thrive across the following areas: Our People, Supply Chain and Communities.

- 90% of our People participated in our Aritzia Employee Engagement Survey, and our engagement score increased to 67%, up from 60% in Fiscal 2024
- We provided over 95,000 hours of formal training to our People across all workplaces
- We continued the expansion of our Supplier Workplace Standards Program into selected fabric and trims suppliers' facilities (Tier 2)
- We piloted our Worker Voice Program, seeking to amplify the voices of individuals working in our supply chain, starting with six finished goods supplier (Tier 1) facilities
- Since Fiscal 2024, we contributed a cumulative total of $36.6M in product donations, financial support and volunteer hours to community partners and non-profit organizations that share our values — toward our goal of a cumulative total of $50M from Fiscal 2024 to Fiscal 2028 ($11.9M in Fiscal 2026, $12.5M in Fiscal 2025, $12.3M in Fiscal 2024)

PLANET

With a view to supporting the long-term resilience of our business, Aritzia's priority Planet impact areas include climate, responsible manufacturing and raw materials sourcing.

- Aritzia reached a significant climate milestone when our science-based greenhouse gas emissions reduction targets were validated by the Science Based Targets initiative and published in the FY2025 Aritzia Impact Report.
- 100% of the energy fuelling our Boutiques, Support Offices and Distribution Centres comes from renewable sources[3] achieved through the purchase of Renewable Energy Credits (RECs).
- 82% of our finished goods (Tier 1) suppliers' facilities[4] have adopted the Higg Facility Environment Module (FEM), and of those, 75% obtained independent third-party verification, up from 70% in Fiscal 2024. We continued to expand the Higg FEM program into selected fabric and trims suppliers' facilities (Tier 2).

- By weight, 81%[5] of the cotton used in production was a preferred material. Refer to FY2025 Aritzia Impact Report for details on all of our raw materials targets.
- 73% of our customer packaging[6] was made from both preferred and recyclable materials.

Our Priorities

Informed by our Materiality[7] Assessment, Aritzia's Impact priorities span our value chain, with People and Planet initiatives embedded cross-functionally throughout our organization. These priorities aim to improve the lives of the people who propel our business forward, the people who make Aritzia products and/or the people who live in our surrounding communities. They also aim to reduce the impact our operations and products have on the planet. As part of our Impact strategy, we have identified the following priorities for the next year and beyond.

These include:

PEOPLE

- Building and scaling employee engagement strategic initiatives to support People & Culture infrastructure to attract, retain and develop high-performing talent
- Expanding our programs and initiatives that propel a sense of engagement, belonging and inclusion amongst our People and surrounding communities
- Maintaining our commitment to uphold and respect human rights throughout our value chain, in line with international standards and industry best practices
- Expanding our Supplier Workplace Standards Program across exclusive brands' Tier 1 and select Tier 2 supplier facilities
- Continuing to support community organizations with product donations, funding and volunteering

PLANET

- Expanding the use of preferred materials in our products and packaging
- Refining our decarbonization roadmap to progress toward our recently published science-based greenhouse gas emissions reduction targets
- Continuing to monitor suppliers' environmental performance across exclusive brands' Tier 1 supplier facilities and expanding into select Tier 2 supplier facilities
- Delivering on priority areas identified through Aritzia's water strategy

GOVERNANCE

- Maintaining a clear understanding of the sustainability-related risks and opportunities that matter most to our key stakeholders and to our business through periodic materiality assessments
- Refining our sustainability-related risks and opportunities management processes as an integrated part of our enterprise risk management function and our strategy-setting functions
- Continuing to advance our sustainability disclosures on performance against our Impact priorities, our material sustainability topics and California's climate reporting regulations and in line with the voluntary adoption of leading practice sustainability reporting frameworks, including the Canadian Sustainability Disclosure Standards and the Sustainability Accounting Standards Board (SASB) Apparel, Accessories & Footwear Standard
- Continuing to evaluate solutions to improve the visibility and traceability of our supply chain

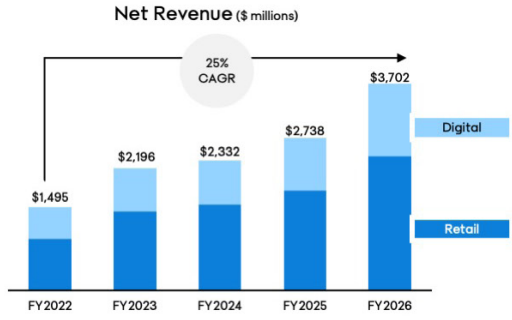

For a detailed discussion on our approach, performance and practices, refer to the FY2025 Aritzia Impact Report, available on Aritzia's Environmental and Social Investor Relations page at www.investors.aritzia.com

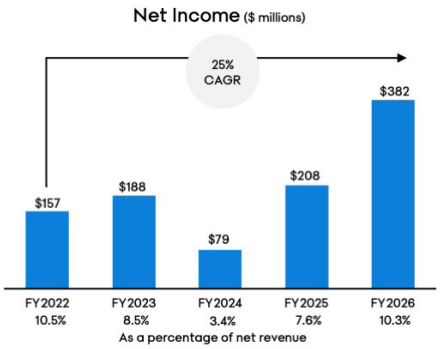

[3] Purchase of RECs in Canada and the USA equivalent to our electricity consumption.
[4] Finished goods supplier facility environmental performance from calendar year 2023 is evaluated during calendar year 2024 and reported in Fiscal 2025 for our exclusive brands. Similarly, calendar year 2022 is evaluated during calendar year 2023 and reported in Fiscal 2024.
[5] During the twelve months ended December 31, 2024.
[6] Excludes A-OK Cafe food and beverage packaging.
[7] In this "Impact and Sustainability" section, we provide voluntary disclosures on sustainability topics, including climate-related matters, that may not meet the definition of materiality under applicable securities laws. When we discuss "materiality" in this context, it may be different than how we consider materiality for disclosure requirements under applicable securities laws and stock exchange requirements.

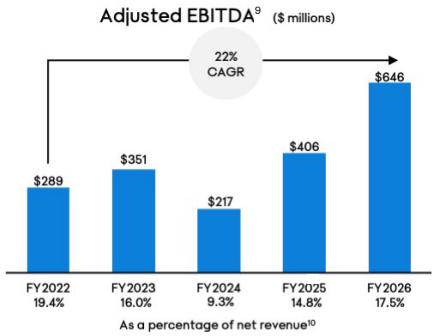

Proven Results[8]

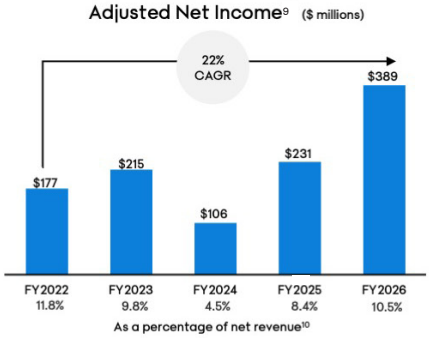

Comparable Sales[9,10] Growth (Decline)

	Q1	Q2	Q3	Q4	Annual
FY2016	25.8%	20.8%	15.4%	9.2%	16.7%
FY2017	12.8%	16.4%	15.1%	12.3%	14.1%
FY2018	9.3%	5.4%	6.3%	6.0%	6.6%
FY2019	10.9%	11.5%	12.9%	5.5%	9.8%
FY2020	7.9%	8.4%	5.1%	8.9%	7.6%
FY2021	n/a	n/a	n/a	n/a	n/a
FY2022	n/a	n/a	n/a	n/a	n/a
FY2023	29.4%	28.3%	22.8%	32.2%	28.2%
FY2024	4.1%	(4.3)%	0.5%	(3.0)%	(1.0)%
FY2025	2.0%	6.5%	6.6%	26.0%	11.0%
FY2026	19.3%	21.6%	34.3%	27.7%	26.5%

[8] Results in FY2021 and FY2022 reflect temporary boutique closures and severe occupancy restrictions due to the COVID-19 pandemic. As temporary boutique closures in FY2021 and FY2022 resulted in all boutiques being removed from our comparable store base, we believe total comparable sales was not representative of the underlying trends of our business. We do not believe this metric is useful to investors in understanding performance and therefore have not reported this metric for FY2021 or FY2022.
[9] Adjusted EBITDA and Adjusted Net Income are non-IFRS financial measures. Adjusted EBITDA as a percentage of net revenue, Adjusted Net Income as a percentage of net revenue and comparable sales are non-IFRS ratios. See "Non-IFRS Financial Measures and Retail Industry Metrics" for additional information on page 4 of this presentation.

Management's Discussion & Analysis

Aritzia Inc.

MANAGEMENT'S DISCUSSION AND ANALYSIS
Fiscal Year Ended March 1, 2026

May 7, 2026

The following Management's Discussion and Analysis ("MD&A") dated May 7, 2026 is intended to assist readers in understanding the business environment, strategies and performance and risk factors of Aritzia Inc. (together with its consolidated subsidiaries, referred to herein as "Aritzia", the "Company", "we", "us" or "our"). This MD&A provides the reader with a view and analysis, from the perspective of management, of the Company's financial results for the 13-week and 52-week periods ended March 1, 2026. This MD&A should be read in conjunction with the Company's audited annual consolidated financial statements and accompanying notes for Fiscal 2026 (as hereinafter defined).

FORWARD-LOOKING INFORMATION

Certain statements made in this document may constitute forward-looking information under applicable securities laws. Statements containing forward-looking information are neither historical facts nor assurances of future performance, but instead, provide insights regarding management's current expectations and plans and allows investors and others to better understand the Company's anticipated business strategy, financial position, results of operations and operating environment. Readers are cautioned that such information may not be appropriate for other purposes. Although the Company believes that the forward-looking statements are based on information, assumptions and beliefs that are current, reasonable, and complete, such information is necessarily subject to a number of business, economic, competitive and other risk factors that could cause actual results to differ materially from management's expectations and plans as set forth in such forward-looking information.

Specific forward-looking information in this document include, but are not limited to, statements relating to:

- our Fiscal 2027 strategic and financial plan and anticipated results therefrom,
- our expectations as to the Company's Fiscal 2027 strategic and financial plan and our ability to advance the strategic growth levers underpinning our Fiscal 2027 strategic and financial plan, including geographic expansion (boutique growth, expansion and enhancements), digital growth (including eCommerce 2.0) and increased brand awareness, and achieve the anticipated results therefrom,
- our omni-channel capabilities including the anticipated continuing results therefrom,
- our monitoring of the evolving macroeconomic conditions and our ability to adapt,
- our continued monitoring and diversification of our supplier base and the anticipated results from our vendor self-certification process,
- our expectations and plans regarding the construction, completion and future operation of our new distribution facility in Delta, British Columbia, including plans to implement increased automation, retrofit of our distribution centre in Columbus, Ohio, plans relating to the use of our current facility in New Westminster, British Columbia, and the anticipated results therefrom,
- our expectations with respect to liquidity,
- our use of financial instruments and risk mitigation strategies,
- our future investment opportunities,
- our ability to continue to optimize inventory levels and maximize full-price sales,
- our response to consumer trends and our ability to produce enduring client loyalty,
- the number of subordinate voting shares ("SVS") which may be purchased under the 2025 NCIB and 2026 NCIB (as defined herein),
- our dedication to making progress on our Impact goals and priorities, expectations with respect to the oversight progress against our greenhouse gas emissions reduction targets, our commitments to increase disclosures against sustainability performance indicators and to continue to refine a greenhouse gas emissions reduction roadmap, and
- the impact of tariffs, duties, retaliatory tariffs or other trade protection measures on the profitability of our business, financial condition and results of operations.

Particularly, information regarding our expectations of future results, targets, performance achievements, intentions, prospects, opportunities or other characterizations of future events or developments or the markets in which we operate is forward-looking information. Often but not always, forward-looking statements can be identified by the use of forward-looking terminology such as “plans”, “targets”, “expects”, “is expected”, “an opportunity exists”, “budget”, “scheduled”, “estimates”, “outlook”, “forecasts”, “projection”, “prospects”, “strategy”, “intends”, “anticipates”, “believes”, or positive or negative variations of such words and phrases or state that certain actions, events or results “may”, “could”, “would”, “might”, “will”, “will be taken”, “occur”, "continue", or “be achieved”.

Forward-looking statements are based on information currently available to management and on estimates and assumptions, including assumptions about future economic conditions and courses of action. Examples of material estimates and assumptions and beliefs made by management in preparing such forward looking statements include, but are not limited to:

- anticipated growth across our retail and digital channels,
- anticipated growth in the United States and Canada,
- general economic and geopolitical conditions, including the imposition of any new, or any material changes to applicable duties, tariffs and trade restrictions or similar measures (and any retaliatory measures) and any ongoing or new conflicts,
- changes in laws, rules, regulations, and global standards,
- our competitive position in our industry,
- our ability to keep pace with changing consumer preferences,
- no public health related restrictions impacting client shopping patterns or incremental direct costs related to health and safety measures,
- our future financial outlook,
- our ability to drive ongoing development and innovation of our exclusive brands and product categories,
- our ability to realize our eCommerce 2.0 strategy and optimize our omni-channel capabilities,
- our expectations for continuing strong inventory position,
- our expectations regarding any new distribution centres,
- our ability to recruit and retain exceptional talent,
- our expectations regarding new boutique openings, repositioning of existing boutiques, and the timing thereof, and growth of our boutique network and annual square footage,
- our ability to mitigate business disruptions, including our sourcing and production activities,
- our expectations for capital expenditures,
- our ability to generate positive cash flow,
- anticipated run rate savings from our smart spending initiative,
- availability of sufficient liquidity,
- warehousing costs and expedited freight costs, and
- currency exchange and interest rates.

Given the current challenging operating environment, there can be no assurances regarding: (a) the macroeconomic impacts on Aritzia's business, operations, labour force, supply chain performance and growth strategies; (b) Aritzia's ability to mitigate such impacts, including ongoing measures to enhance short-term liquidity, contain costs and safeguard the business; (c) general economic conditions and impacts to consumer discretionary spending and shopping habits (including impacts from changes to interest rate environments); (d) credit, market, currency, commodity market, inflation, interest rates, global supply chains, operational, and liquidity risks generally; (e) global uncertainty such as uncertainty with respect to international trade policies and tariffs, geopolitical events and international conflicts (including the conflict in the Middle East); (f) public health related limitations or restrictions that may be placed on servicing our clients or the duration of any such limitations or restrictions; and (g) other risks inherent to Aritzia's business and/or factors beyond its control which could have a material adverse effect on the Company.

Many factors could cause our actual results, performance, achievements or future events or developments to differ materially from those expressed or implied by the forward-looking statements, including, without limitation, the factors discussed in the "Risk Factors" section of this MD&A and the Company's annual information form for Fiscal 2026 (the "AIF") which are incorporated by reference into this document. A copy of the AIF and the Company's other publicly filed documents can be accessed under the Company's profile on the System for Electronic Data Analysis and Retrieval + ("SEDAR+") at www.sedarplus.com.

The Company cautions that the foregoing list of risk factors and uncertainties is not exhaustive and other factors could also adversely affect its results. We operate in a highly competitive and rapidly changing environment in

which new risks often emerge. It is not possible for management to predict all risks, nor assess the impact of all risk factors on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements. Readers are urged to consider the risks, uncertainties and assumptions carefully in evaluating the forward-looking information and are cautioned not to place undue reliance on such information. The forward-looking information contained in this document represents our expectations as of the date of this document (or as of the date they are otherwise stated to be made) and are subject to change after such date. We disclaim any intention, obligation or undertaking to update or revise any forward-looking information, whether written or oral, as a result of new information, future events or otherwise, except as required under applicable securities laws.

BASIS OF PRESENTATION

Our audited annual consolidated financial statements and unaudited condensed interim consolidated financial statements (together, the “consolidated financial statements”) have been prepared in accordance with International Financial Reporting Standards as issued by the International Accounting Standards Board (“IFRS Accounting Standards") and International Accounting Standard ("IAS") 34, respectively, using the accounting policies described therein. All amounts are presented in thousands of Canadian dollars unless otherwise indicated. Note that calculated figures may not add up precisely due to rounding. We manage our business on the basis of one operating and reportable segment.

All references in this MD&A to “Q4 2026” are to our 13-week period ended March 1, 2026, and to “Q4 2025” are to our 13-week period ended March 2, 2025. All references in this MD&A to "Fiscal 2027" are to our 52-week period ending February 28, 2027, to "Fiscal 2026" are to our 52-week period ended March 1, 2026, to “Fiscal 2025” are to our 52-week period ended March 2, 2025, and to "Fiscal 2024" are to our 53-week period ended March 3, 2024.

Our eCommerce business has evolved into a broader digital business, inclusive of our Omni channel capabilities, eCommerce platform, performance marketing and Concierge business units. We now refer to our eCommerce business line as our "Digital" business in this document.

The audited annual consolidated financial statements and accompanying notes for Fiscal 2026 and this MD&A were authorized for issue by the Board of Directors (the "Board of Directors") on May 7, 2026.

Documents referenced herein are not incorporated by reference into this MD&A, unless such incorporation by reference is explicit.

OVERVIEW

Beautifully made clothes. Exceptional experiences. Everyday Luxury®.

Aritzia is a design house with an innovative global platform. We are creators and purveyors of covetable styles, home to an extensive portfolio of exclusive brands for every function and individual aesthetic. We’re about good design, quality materials and making pieces you'll wear again and again — all with the wellbeing of our People and Planet in mind.

Founded in 1984 in Vancouver, Canada, we pride ourselves on creating immersive, highly personalized shopping experiences at aritzia.com, on our app and in our 140+ boutiques throughout North America — for everyone, everywhere.

RECENT EVENTS

Normal Course Issuer Bid

On May 5, 2025, the Company announced that the Toronto Stock Exchange ("TSX") approved the Company's normal course issuer bid (the "2025 NCIB") which allows the Company to repurchase and cancel up to 4,226,994 of its SVS, representing approximately 5% of the public float of 84,539,881 SVS as at April 30, 2025, over the twelve-month period commencing May 7, 2025 and ending May 6, 2026. On May 27, 2025 and February 27, 2026, respectively, the Company also announced it had entered into consecutive automatic share purchase plans (the "2025 ASPPs"), with its designated broker, which commenced immediately and will terminate upon the expiry of the 2025 NCIB unless terminated earlier in accordance with the terms of the 2025 ASPP.

During Fiscal 2026, the Company repurchased a total of 1,371,109 SVS for cancellation under the 2025 NCIB at an average price of $105.72 per SVS for total cash consideration of $144.9 million (including commissions).

The Company intends to file with the TSX a notice of intention to commence an NCIB for its SVS for a one-year period (the "2026 NCIB"), which, if accepted by the TSX, would permit the Company to purchase for cancellation up

to 5% of the public float of the Company's issued and outstanding SVS during the 12 months following such TSX approval. Subject to TSX acceptance, the Company anticipates the 2026 NCIB commencing on or about May 13, 2026, any in event, at least two trading days after the TSX acceptance of the 2026 NCIB. The exact amount of subordinate voting shares subject to the 2026 NCIB will be determined on the date of acceptance of the notice of intention by the TSX. In connection with the 2026 NCIB, the Company may also enter into an automatic share purchase plan (the "2026 ASPP") with a designated broker for the purpose of permitting the Company to purchase its SVS under the 2026 NCIB during predetermined blackout periods. The 2026 ASPP would terminate upon the termination of the 2026 NCIB unless terminated earlier in accordance with the terms of the 2026 ASPP.

Completion of Secondary Offering

On January 13, 2026, the Company announced a secondary offering (the “2026 Secondary Offering”) on a bought deal basis of its SVS voting shares through a secondary sale of shares by certain entities owned and/or controlled, directly or indirectly, by Brian Hill, Founder and Executive Chair of Aritzia, or Brian Hill and his immediate family (collectively, the “Selling Shareholders”). The 2026 Secondary Offering of 1,602,000 SVS raised gross proceeds of $208.6 million for the Selling Shareholders, at a price of $130.20 from the 2026 Secondary Offering. Immediately following the closing of the 2026 Secondary Offering, Brian Hill remained the Company’s largest shareholder with an approximately 15.8% equity interest.

Tariffs, Duties and Trade Restriction Uncertainties

The continued changes to, deferral of, and announcement of the imposition of new tariffs and changes to exemptions (including changes to the de minimis exemption for low value shipments imported into the United States) by the U.S. administration and other foreign governments, and retaliatory actions by the Canadian government, continue to create economic uncertainty, and could negatively impact the Canadian economy, potentially increasing costs, disrupting supply chains, weaken the Canadian and/or U.S. dollar, and other potential negative impacts. The Company continues to assess the direct and indirect impacts to its business of such tariffs, duties, retaliatory tariffs or other trade protectionist measures implemented as this situation continues to develop, and such impacts could be material.

FINANCIAL HIGHLIGHTS

We refer the reader to the section entitled “How We Assess the Performance of Our Business” of this MD&A for the definition of the items discussed below and, when applicable, to the table entitled “Reconciliation to Non-IFRS Financial Measures” for reconciliations of non-IFRS financial measures (as defined herein) with the most directly comparable IFRS Accounting Standards financial measure.

Q4 2026

For Q4 2026, compared to Q4 2025:

- **Net revenue** increased 32.6% to $1.19 billion, with comparable sales[1] growth of 27.7%
- **United States net revenue** increased 37.8% to $755.3 million, comprising 63.7% of net revenue
- **Retail net revenue** increased 35.0% to $698.2 million
- **Digital net revenue** increased 29.2% to $488.3 million, comprising 41.2% of net revenue
- **Gross profit margin**[1] increased 90 bps to 43.3%
- **Selling, general and administrative expenses** as a percentage of net revenue decreased 110 bps to 26.3%
- **Adjusted EBITDA**[1] increased 37.1% to $220.5 million. **Adjusted EBITDA as a percentage of net revenue**[1] increased 60 bps to 18.6%
- **Net income** increased 34.8% to $134.3 million. Net income as a percentage of net revenue increased 20 bps to 11.3%. **Net income per diluted share** increased 33.3% to $1.12 per share, compared to $0.84 per share in Q4 2025
- **Adjusted Net Income**[1] increased 41.0% to $138.2 million. **Adjusted Net Income per Diluted Share**[1] increased 38.6% to $1.15 per share, compared to $0.83 per share in Q4 2025

[1] See the sections below entitled “How We Assess the Performance of our Business”, “Selected Financial Information” and “Non-IFRS Financial Measures and Retail Industry Metrics” for further details concerning gross profit margin, comparable sales, constant currency, Adjusted EBITDA, Adjusted EBITDA as a percentage of net revenue, Adjusted Net Income and Adjusted Net Income per Diluted Share including definitions and reconciliations of each non-IFRS financial measure to the relevant reported IFRS Accounting Standards financial measure. Non-IFRS financial measures and non-IFRS ratios do not have a standardized meaning under IFRS Accounting Standards, which is used to prepare the Company's financial statements and might not be comparable to similar financial measures presented by other entities.

Fiscal 2026

For Fiscal 2026, compared to Fiscal 2025:

- **Net revenue** increased 35.2% to $3.70 billion, with comparable sales[1] growth of 26.5%
- **United States net revenue** increased 43.8% to $2.28 billion, comprising 61.5% of net revenue
- **Retail net revenue** increased 34.7% to $2.41 billion
- **Digital net revenue** increased 36.1% to $1.29 billion, comprising 35.0% of net revenue
- **Gross profit margin**[1] increased 180 bps to 44.9%
- **Selling, general and administrative expenses** as a percentage of net revenue decreased 150 bps to 29.1%
- **Adjusted EBITDA**[1] increased 59.0% to $646.2 million. **Adjusted EBITDA as a percentage of net revenue**[1] increased 260 bps to 17.5%
- **Net income** increased 83.8% to $381.8 million. Net income as a percentage of net revenue increased 270 bps to 10.3%. **Net income per diluted share** increased 79.8% to $3.20 per share, compared to $1.78 per share in Fiscal 2025
- **Adjusted Net Income**[1] increased 68.5% to $388.6 million. **Adjusted Net Income per Diluted Share**[1] increased 64.1% to $3.25 per share, compared to $1.98 per share in Fiscal 2025

Strategic Accomplishments for Fiscal 2026

- Drove a 35% increase in net revenue, resulting in a strong 4-year compound annual growth rate ("CAGR") of 25%
- Generated strong demand for the Aritzia brand, supported by strong inventory management, which fueled 27% comparable sales[1] growth
- Refined digital and brand marketing strategies to help protect and propel the Aritzia brand, grow awareness and generate new client acquisition
- Opened 14 new boutiques and repositioned four existing boutiques, including another iconic, brand-propelling flagship location in Manhattan's Flatiron district
- Launched the Aritzia App, which provides clients with greater access to the Company's product assortment, styling expertise and guidance, and exclusive product and content
- Delivered a 260 basis point improvement in Adjusted EBITDA[1] as a percentage of net revenue, despite 260 bps of pressure from tariffs and the elimination of the de minimis exemption, driven by expense leverage, IMU improvement, lower markdowns and savings from the Company's smart spending initiative

OUTLOOK

A discussion of management's expectations as to the Company's financial outlook for Fiscal 2027 is contained in the Company's press release dated May 7, 2026, "Aritzia Reports Fourth Quarter and Fiscal 2026 Financial Results" under the heading "Outlook". In addition, a discussion of the Company's long-term financial plan is contained in the Company's press release dated October 27, 2022, "Aritzia Presents its Fiscal 2027 Strategic and Financial Plan, Powering Stronger" along with the Company's press releases dated October 9, 2025, "Aritzia Reports Second Quarter Fiscal 2026 Financial Results" and dated May 1, 2025, "Aritzia Reports Fourth Quarter and Fiscal 2025 Financial Results" for updates to such discussion. These press releases are available on SEDAR+ at www.sedarplus.com under the Company's profile and on our website at investors.aritzia.com.

SELECTED FINANCIAL INFORMATION

The following table summarizes our recent results of operations for the periods indicated. The selected consolidated financial information set out below for Q4 2026 and Q4 2025 is unaudited.

Selected Consolidated Financial Information				
(in thousands of Canadian dollars, unless otherwise noted)	Q4 2026	Q4 2025	Fiscal 2026	Fiscal 2025
Financial Summary:				
Net revenue	$ 1,186,515	$ 895,118	$ 3,702,148	$ 2,738,112
Cost of goods sold	672,518	515,014	2,040,815	1,557,493

Free cash flow	$ 113,777	$ 65,598	$ 487,124	$ 95,598

SUMMARY OF FACTORS AFFECTING PERFORMANCE

We generally believe that our performance and future success depend on a number of factors that present significant opportunities for us. These factors are also subject to a number of inherent risks and challenges, some of which are discussed below. See also the “Risk Factors” section of this MD&A, and in our AIF.

Our Brand and Products

Our exclusive mix of fashion brands offer a strategic and thoughtfully conceived, designed, and developed collection of products. In addition to our exclusive fashion brands, we also position products under the Aritzia brand. Aritzia-branded products are beloved fabrics and styles that — of everything we make — are the most iconically Aritzia. We believe that a key area of differentiation for us is that we design apparel and accessories to enable us to reach many different groups of clients. Our sourcing and manufacturing strategy gives us control over our supply chain and provides us with the flexibility to optimize our brand portfolio as needed to address changes in client demand and fashion preferences. This has been critical to our ability to grow while also reducing risk.

[4] Comparable sales in each respective period reflects total combined net revenue from Digital and established boutiques that fall within the comparable sales base during the respective period. See the section titled "How We Assess the Performance of our Business" and "Non-IFRS Financial Measures and Retail Industry Metrics" of this MD&A for further details.

Our exclusive mix of fashion brands and products are supported by in-house design and development teams focused on creating beautiful, elevated, high quality products that align with the unique positioning, look and feel of each brand. Each of our exclusive fashion brands has its own vision and distinct aesthetic point of view. As a group, they are united by an unwavering commitment to Everyday Luxury® product using superior fabrics, meticulous construction and relevant, effortless design.

Our exclusive mix of fashion brands and products currently represents approximately 97% of Aritzia's net revenue. Our broad product assortment includes t-shirts, blouses, sweaters, jackets, coats, pants, shorts, skirts, dresses, denim, accessories, and Reigning Champ men's wear for each season. We strive to maintain a flexible mix of historically successful items and new seasonal styles. Our changing product mix is a blended reflection of client demands and fashion direction. This strategic mix helps us to drive client conversion by delivering fashion must-haves, while still generating a meaningful proportion of revenue from our fashion essentials. We complement our exclusive product mix with a strategically chosen selection of premium denim, accessories and footwear from well-loved third-party brands. Our expansive and diverse range of fashion apparel and accessories addresses a broad range of style preferences and lifestyle requirements for our clients, producing strong and enduring client loyalty.

Product Strategy

We control the design, merchandise planning, sourcing, production and retail functions of our exclusive brands and complement this with third-party brands. Product design and quality are meticulously evaluated and controlled by us, from fabrics to trims, and styling to fit.

Creative Development

We have talented teams of creative product professionals who focus on creating products featuring high quality fabrics, considered detailing and sophisticated construction. Our product design and development process builds on client favourites while taking new fashion trends into account with the goal of creating fashion must-haves each season. Our strategy centers on our ability to create enough new styles to surprise and delight our clients every season. Our technical team ensures all products are executed in a manner that is consistent with our design and delivers superior fit and sophisticated construction in the production of our exclusive brands. We partner with high quality mills and suppliers to create and sample garments, which are fit-tested before production. We strive to ensure that the quality of our raw materials and the finished product are all elevated to our Everyday Luxury® standards.

Merchandise Planning

Our demand-driven merchandise planning, buying and inventory strategies have been developed and evolved for over 40 years.

We generate a meaningful proportion of revenue from our client favourites while helping to drive excitement through new seasonal product assortment. We analyze sales data in order to make inventory adjustments and to respond to the latest sales trends.

Our inventory management processes and systems provide us with the ability to optimize inventory across geographies and channels to ensure that each boutique, aritzia.com and the Aritzia App is merchandised with products that resonate with local preferences. We actively monitor sell-through rates and manage the mix of product categories in our boutiques, on aritzia.com and the Aritzia App. We strive to respond to emerging trends in a timely manner, minimize our dependence on any particular category, style or fabrication and preserve a balanced, coordinated presentation of merchandise within each sales channel. We believe that our disciplined merchandise planning strategy enables us to optimize inventory levels and maximize full-price sales.

Sourcing and Production

We contract and maintain direct relationships with a diversified base of independent suppliers and manufacturers for our exclusive brands who provide us with the flexibility to source high quality materials and products at competitive costs. We believe that our approach of sourcing a majority of our raw materials and working directly with suppliers and manufacturers enhances our ability to create beautiful and high-quality products in a timely manner.

We source the majority of our raw materials directly from mills, trim suppliers and manufacturers in overseas markets, which we believe to be best in class, located primarily in Australia, China, France, India, Italy, Japan, Portugal, South Korea, Spain, Taiwan, Thailand, Turkey and Vietnam, that uphold our standards for quality, lead time and cost. Our finished goods are sourced from manufacturers located in countries, including but not limited to, Austria, Bangladesh, Cambodia, China, Guatemala, India, Indonesia, Italy, Philippines, Portugal, Romania, Sri

Lanka, Turkey, the U.S. and Vietnam. We continue to monitor and diversify our supplier base, taking into consideration the geo-political and economic environment to mitigate risk. “Next Generation Suppliers” are finished goods partners that have implemented succession planning as part of their strategy, are digitally enabled, manufacture multiple categories of materials and products and have multiple country of origin footprints and investments in automation. We leverage our “Next Generation Supplier” relationships by using their multi origin footprint to pivot as geopolitical obstacles arise without interrupting our product lifecycle.

Capacity planning with our manufacturers is done at the beginning of the season to help ensure flexibility. We engage third parties to inspect our manufacturers’ factories to help maintain quality control and engage independent expert service providers to conduct factory audits for compliance with local laws and regulations and global standards. We launched a vendor self-certification process for quality assurance and inspection. We believe this will help ensure greater execution of our quality expectations and to allow for vendors to reduce cycle time. We have also have a Supplier Code of Conduct and initiatives to increase transparency with respect to the origins of our raw materials.

Boutiques

We have developed our boutique network in a measured and disciplined manner. We have a portfolio of boutiques situated in premier real estate locations in high performing retail malls, lifestyle centres, and high streets in Canada and the United States. Our strong boutique sales productivity continues to make us a sought-after tenant for top quality locations in premier shopping destinations. In addition to opening new boutiques, we generate attractive returns on capital by enhancing elements of our existing boutiques (including footprint, layout and assortment) through carefully considered boutique repositions, relocations and expansions. We continue to elevate our boutique design and believe we deliver a fully immersive experience including enhancing the sensory experience by adding A-OK cafes in select boutiques.

The following table summarizes the change in Aritzia’s boutique count for the periods indicated (excluding Reigning Champ boutiques).

	Q4 2026	Q4 2025	Fiscal 2026	Fiscal 2025
Number of boutiques, beginning of period	139	127	130	119
New boutiques	5	4	14	12
Pop-up boutique converted to permanent boutique	1	—	1	—
Boutique closure	(1)	(1)	(1)	(1)
Number of boutiques, end of period	144	130	144	130
Repositioned boutiques	1	1	4	3

In addition, there were four Reigning Champ boutiques as at March 1, 2026 (three Reigning Champ boutiques as at March 2, 2025).

Digital Growth

In Fiscal 2026 our eCommerce, Omni channel, Performance Marketing, and Concierge business units evolved into one broader and cohesive Digital business, which supports our brand pillars and helps to ensure consistent messaging and a seamless experience for our clients. In Q3 2026 we launched our mobile app as part of enhancing our client's Digital experience. We continue to invest in our digital capabilities to support our Digital business, and we plan to fuel Digital growth by delivering against our Aritzia eCommerce 2.0 strategy, featuring tailored product discovery, creative innovation, and intuitive experiences. We aspire to connect clients to Everyday Luxury®, offering beautiful product, tailored experiences, and endless inspiration to be a leading Digital business.

The strategy behind Aritzia eCommerce 2.0 has the following components, which is our value proposition that we believe highlights our unique competitive advantage:

- *We plan to deliver tailored product discovery:* We plan to enable clients to discover all we have to offer, while personalizing suggestions for their individual taste, style and preferences. We have made significant progress leveraging advanced business intelligence and behaviour analytics to further enhance our understanding of our clients. This includes optimizing our online operations to enhance personalization which we believe will drive higher conversion and client loyalty. Aritzia.com and the Aritzia App each showcase our entire product assortment, and our brands are designed for a segment of our overall client

base. We aim to inspire the client to discover our diverse assortment, while content is tailored to their individual style and preferences to keep them engaged.

– *We plan to deliver creative innovation:* With an emphasis on form, creative innovation keeps our Digital experience at the forefront of cool. This extends to service, operations and technology. We aim to continuously raise the bar across both form and function. Whether it be aspirational site design, how we merchandise, captivating content and communications, or coming up with a creative technology solution – we plan to redefine the norms.

– *We plan to deliver an intuitive experience:* Our Digital platform, which includes the Aritzia App, aims to provide our clients further ease of use at all touchpoints. A word that is often used to describe Everyday Luxury® is effortless, and this is intended to extend to our Digital presence. We strive to offer a seamless, integrated, and highly shoppable experience. Aritzia is focused on improving the Digital experience across all devices (e.g., desktop, mobile, tablet) to work towards making shopping even more frictionless than it is today. The core areas of our client's digital journey including discovery, evaluating, and purchase are continuously improved.

Distribution Facilities

Our current distribution network consists of three distribution centres, two in Canada and one in the United States, that are well positioned to service our boutiques and Digital business. Our distribution centres include a 223,000 square foot facility in New Westminster, British Columbia, a 550,000 square foot facility in Vaughan, Ontario, and a 560,000 square foot third-party facility in Columbus, Ohio.

We operate our distribution centres located in New Westminster, British Columbia and Vaughan, Ontario, while the distribution centre located in Columbus, Ohio is operated by a third-party logistics provider. Our inventory is centrally managed and shared amongst our boutiques and Digital business.

In Fiscal 2024, we opened our 550,000 square foot distribution centre in Vaughan, Ontario. This facility is in-sourced and replaced our previous 150,000 square foot facility operated by a third-party logistics provider in Mississauga, Ontario. We completed construction of an additional 200,000 square feet space in this facility in Fiscal 2026.

In Fiscal 2024, we expanded and took over the entire building in our Columbus, Ohio distribution centre, resulting in an additional 305,000 square feet for a total of approximately 560,000 square feet in that facility. We plan to complete additional retrofitting work in this facility in Fiscal 2027 to help optimize our operations.

In Fiscal 2025, construction activities commenced on a new 380,000 square foot facility in Delta, British Columbia. When completed, this new facility will be operated by us and is expected to be operational in early Fiscal 2027. We plan to retain our current facility in New Westminster, British Columbia for storage and office space purposes, among other things. We plan on implementing increased automation, including robotic equipment in this new facility to increase our efficiencies and throughput.

Our current facilities are set up to flexibly manage multi-channel and Omni channel demands, as our business continues to grow, and these further expansions are expected to support both our Retail and Digital businesses with added capacity to handle higher levels of throughput.

Clients - Omni Channel

In Fiscal 2026, we continued to strengthen our core Omni capabilities, including Buy Online, Ship-From-Store and Buy Online, Pick-Up In Store. With our initial Omni implementation now completed, we are shifting from laying the foundation to enabling the next stage of our Omni business evolution.

Our focus is centered on two major enterprise initiatives: implementing a unified global payments processor and deploying radio-frequency identification across our boutique network. These capabilities will help elevate our customer experience, improve operational efficiency, and support more reliable, real time inventory visibility. In parallel, we continue to enhance our data and analytics to deliver deeper insights into omni fulfillment, sourcing, and returns, enabling more informed decisions across the business.

Impact and Sustainability

Reflecting the importance of sustainability-related risks and opportunities to our business and brands, and as a prominent player in the fashion industry, Aritzia believes it has a role to play in sustainability matters. As our business grows, so does our potential to create lasting change - we remain dedicated to making year-over-year progress on our Impact goals and priorities.

At Aritzia, Impact refers to the contributions we make to People and the Planet. We believe these contributions matter to our consumers and to our overall business resilience as a whole. The Impact scope spans Aritzia's full value chain - from raw material sourcing in our upstream operations, through to product end-of-life in our downstream operations. With the goal to strengthen our positive impact, initiatives and oversight of these areas are shared throughout our organization. We seek to take an evidence-based approach and to deliver long-term positive impact for the benefit of our business resilience and our stakeholders.

We are committed to supporting People to thrive across the following areas: Our People, Supply Chain and Communities. We continue to focus on attracting, developing and retaining a high performing team of world class talent including providing support for our employees through expanded parenthood benefits and commitments to belonging and inclusion initiatives. We have programs in place to monitor and help mitigate risks in our supply chain guided by our Supplier Code of Conduct. We also partner with community organizations through our Community Giving Program with product donations, financial support and employee volunteer hours.

Our priority Planet impact areas include climate, responsible manufacturing, and raw materials sourcing. In our FY2025 Aritzia Impact Report (the FY2025 Aritzia Impact Report is not incorporated by reference into this MD&A), we disclosed a high-level climate strategy, including the results of our 2030 and 2050 climate scenario risk analysis. we published our greenhouse gas ("GHG") emissions reduction targets that were validated by the Science Based Targets initiative in Fiscal 2026. In Fiscal 2027, we will continue to refine a roadmap for GHG emissions reductions.

For a more detailed discussion on our Impact metrics and key performance indicators, refer to the Impact Report, available on Aritzia's Environmental and Social Information page at investors.aritzia.com (which is not incorporated by reference into this MD&A) and refer to the "Impact and Sustainability" section of the Company's AIF, which is available on SEDAR+ at www.sedarplus.com.

Consumer Trends

The apparel industry is subject to shifts in consumer trends, preferences and consumer spending and our revenue and operating results depend, in part, on our ability to respond to such changes and in a timely manner. Our differentiated multi-brand strategy gives us control over our products and provides us with the flexibility to optimize our brand mix as needed to address changes in consumer demand and fashion preferences, which has historically been a critical driver of our growth. Our revenue is also impacted by discretionary spending by consumers, which is affected by many factors that are beyond our control, including, but not limited to, general economic conditions, tariff, international trade policies and international conflicts that could put pressure on our pricing, consumer disposable income levels, consumer confidence levels, consumer debt, inflation, the cost of basic necessities and other goods and the effects of weather, natural disasters or global pandemics. We believe that our track record demonstrates the success of our exclusive brand strategy at responding to changes in fashion demands through all stages of economic cycles.

Seasonality

The apparel industry is seasonal in nature, with a higher proportion of net revenue and operating income generated in the second half of the fiscal year, which includes the back-to-school and holiday seasons. We also have higher working capital requirements in the periods preceding the launch of new seasons as we receive and pay for new inventory. We manage our working capital needs through cash flow from operations and our revolving credit facility.

Average quarterly share of annual net revenue over the last three completed fiscal years is as follows:

First fiscal quarter	19%
Second fiscal quarter	22%
Third fiscal quarter	28%
Fourth fiscal quarter	31%
Yearly total	100%

Weather

Extreme weather conditions in the areas in which our boutiques are located could adversely affect our business and financial results. For example, frequent or unusually heavy snowfall, ice storms, rainstorms or other extreme weather conditions over a prolonged period could make it difficult for our clients to travel to our boutiques and thereby reduce our revenue and profitability. This is potentially mitigated by our clients' ability to buy our products through aritzia.com and the Aritzia App. Our business is also susceptible to unseasonable weather conditions. For example, extended periods of unseasonably warm temperatures during the winter season or cool weather during the summer season could render a portion of our inventory incompatible with those unseasonable conditions, which could adversely affect our ability to execute our strategy to effectively present seasonal inventory. Further, extreme weather conditions and natural disasters could materially impact our supply chain network.

Competition

We operate in the apparel industry, primarily within the Canadian and United States markets. We are strategically positioned in the global fashion landscape between fast fashion and luxury. We compete with a diverse group of specialty apparel retailers, department stores, fast fashion retailers, athletic retailers and other manufacturers and retailers of branded apparel. Market participants compete on the basis of, among other things, the location of boutiques, Digital experience, the breadth, style, quality, price and availability of merchandise, the level of client service and brand recognition. We believe that we successfully compete on the basis of several factors that include our strategic mix of exclusive brands and iconically Aritzia products, offering of a combination of high quality products at an attainable price point, our refined and evolving merchandise planning strategy, our focus on providing an aspirational shopping experience and exceptional client service, our premier real estate portfolio, captivating content and communications, and our market positioning, collectively resulting in a fashion brand loved by our clients all over the world.

Geopolitical, Social, Economic and Other Uncertainties

We face risks arising from geopolitical, social, economic and other uncertainties, including conflicts, regulatory changes, market volatility, and complex and dynamic changes in international trade and tax regulations (including tariffs, quotas, customs, and other restrictions). On February 1, 2025, the U.S. imposed new tariffs on goods imported from Canada, Mexico and China, under the International Emergency Economic Powers Act ("IEEPA"). On April 2, 2025, the U.S. Administration implemented a 10% baseline tariff on all U.S. imports. In addition, on August 29, 2025, the U.S. eliminated the de minimis exemption, which previously allowed low-value goods to enter the U.S duty-free. On February 20, 2026, the U.S. Supreme Court issued a ruling against tariffs imposed under IEEPA without providing guidance on the timing and process of refunds, after which the U.S. Administration issued new tariffs under alternative legislative powers. On March 4, 2026 the U.S. Court of International Trade ("CIT") ordered U.S. Customs and Border Protection to liquidate and, where applicable, re-liquidate, or correct, certain import entries without regard to duties imposed under the IEEPA. The CIT order provides relief for entries affected by IEEPA tariffs, but the discussion regarding specific refund mechanisms is ongoing.

These changes have adversely impacted our business and results of operations. Our products are sourced from countries that are now subject to higher tariff rates on import to the U.S. In addition, the de minimis exemption is no longer available for any U.S. orders fulfilled by our Canadian distribution centres. To mitigate this, we have shifted our distribution and fulfillment strategies to adapt to the evolving trade landscape, including expanding and optimizing the capacity of our U.S. distribution center to fulfill the majority of U.S. orders. As the situation continues to develop, there remains significant uncertainty regarding the duration and scope of tariffs and other trade actions and related remedies. For additional information, refer to the "Risk Factors" section of the Company's AIF.

Foreign Exchange

Over half of our net revenue is derived in U.S. dollars and the vast majority of our inventory purchases are denominated in U.S. dollars. Both our net revenues and cost of goods sold could be impacted significantly by changes in the value of the Canadian dollar against the U.S. dollar. Fluctuations in the exchange rate of the Canadian dollar versus the U.S. dollar could materially affect our gross profit margins and operating results. If needed, we will use foreign currency forward contracts to mitigate risks associated with forecasted U.S. dollar merchandise purchases sold in Canada, but there can be no assurances that such strategies will prove to be successful. See the "Risk Factors" section of this MD&A.

NON-IFRS FINANCIAL MEASURES AND RETAIL INDUSTRY METRICS

This MD&A makes reference to certain non-IFRS Accounting Standards measures ("non-IFRS financial measures") and certain retail industry metrics. These measures are not recognized measures under IFRS Accounting

Standards, do not have a standardized meaning prescribed by IFRS Accounting Standards and are therefore unlikely to be comparable to similar measures presented by other companies. Rather, these measures are provided as additional information to complement those IFRS Accounting Standards measures by providing further understanding of our results of operations from management's perspective. Accordingly, these measures should not be considered in isolation or as a substitute for analysis of our financial information reported under IFRS Accounting Standards. We use non-IFRS financial measures including "EBITDA", "Adjusted EBITDA", and "Adjusted Net Income"; non-IFRS Accounting Standards ratios ("non-IFRS ratios") including "Adjusted Net Income per Diluted Share", "Adjusted EBITDA as a percentage of net revenue", and "Adjusted Net Income as a percentage of net revenue", "comparable sales" and "constant currency net revenue", and capital management measures including "capital cash expenditures (net of proceeds from lease incentives)", and "free cash flow." This MD&A also makes reference to "gross profit margin" which is a commonly used operating metric in the retail industry but may be calculated differently by other retailers. Gross profit margin is considered a supplementary financial measure under applicable securities laws. These non-IFRS financial measures and retail industry metrics are used to provide investors with supplemental measures of our operating performance and thus highlight trends in our core business that may not otherwise be apparent when relying solely on IFRS Accounting Standards measures. We believe that securities analysts, investors and other interested parties frequently use non-IFRS financial measures and retail industry metrics in the evaluation of issuers. Our management also uses non-IFRS financial measures and retail industry metrics in order to facilitate operating performance comparisons from period to period, to prepare annual operating budgets and forecasts and to determine components of management compensation. For definitions of these non-IFRS financial measures and retail industry metrics and reconciliations of these non-IFRS financial measures to the relevant reported measures, please see the "How We Assess the Performance of Our Business" and "Selected Financial Information" sections of this MD&A.

HOW WE ASSESS THE PERFORMANCE OF OUR BUSINESS

In assessing the performance of our business, we consider a variety of financial and operating measures that affect our operating results.

Net revenue reflects our sale of merchandise, less returns and discounts. The Company recognizes revenue when control of the goods or services has been transferred to the customer which generally occurs when the product is delivered to the customer and therefore may be subject to deferral. Revenue is measured at the fair value of consideration to which the Company expects to be entitled to, including variable consideration, if any, to the extent it is highly probable that a significant reversal will not occur. Revenues are measured net of discounts and an estimated allowance for returns. Revenues are reported net of sales taxes collected for various governmental agencies. Receipts from the sale of gift cards are treated as deferred revenue. When gift cards are redeemed for merchandise, the related revenue is recognized.

Comparable sales is a retail industry metric used to explain our total combined revenue growth (decline) (in absolute dollars or percentage terms) in Digital and established boutiques over the comparative reportable period. This is a useful measure of sales performance as it improves the comparability of our net revenue over time. Comparable sales is defined as sales from established boutiques and is calculated based on revenue from boutiques that have been opened for at least 56 weeks, and excludes boutiques that were repositioned, boutiques in centres where we opened a new additional boutique and boutiques significantly impacted by nearby construction and other similar disruptions during this period. Our comparable sales calculation excludes the impact of foreign currency fluctuations as we believe that it is less susceptible to variances driven by factors that do not reflect our performance. We apply the relevant prior year comparative's average foreign currency exchange rate for the period to both current year and prior year comparable sales to achieve a consistent basis for comparison (i.e., on a constant currency).

Constant currency net revenue is a useful measure of sales performance as it improves the comparability of our net revenue over time. Constant currency net revenue assumes the average foreign currency exchange rates for the period remained constant with the average foreign currency exchange rates for the same period of the prior year. This measure helps provide investors an understanding of the underlying growth rate of net revenue excluding the impact of changes in foreign currency exchange rates.

Gross profit reflects our net revenue less cost of goods sold. Cost of goods sold includes inventory and product-related costs, occupancy costs, and depreciation expense for our boutiques and distribution centres. Our cost of goods sold may include different costs compared to other retailers. Gross profit margin is impacted by the components of cost of goods sold, product mix and markdowns. We define gross profit margin as our gross profit divided by our net revenue.

Selling, general and administrative ("SG&A") expenses consists of selling expenses that are generally variable with net revenue and general and administrative operating expenses that are primarily fixed. Our SG&A expenses also include depreciation and amortization expenses for all support office assets and intangible assets.

SG&A expenses as a percentage of net revenue, excluding strategic investments in technology and infrastructure, are usually higher in the lower net revenue volume first and second quarters, and lower in the higher net revenue volume third and fourth quarters because a portion of these costs are relatively fixed. Our SG&A expenses may include different expenses compared to other retailers.

EBITDA is defined as consolidated net income before depreciation and amortization, finance expense and income tax expense. We believe this measure is useful as it is used by management as a component of reconciliation between other non-IFRS financial measures and their most comparable IFRS Accounting Standards measure.

Adjusted EBITDA and Adjusted EBITDA as a percentage of net revenue are useful measures of operating performance, as we believe they provide a more relevant picture of operating results in that the measures exclude the effects of financing and investing activities by removing the effects of interest, depreciation and amortization expenses that are not reflective of underlying business performance and other one-time or non-recurring expenses. We use Adjusted EBITDA and Adjusted EBITDA as a percentage of net revenue to facilitate a comparison of our operating performance on a consistent basis from period-to-period and to provide for a more complete understanding of factors and trends affecting our business. We define Adjusted EBITDA as consolidated net income before depreciation and amortization, finance expense and income tax expense, adjusted for the impact of certain items, such as a deduction of interest expense and depreciation relating to our leases to reflect an estimate of rent expense and including non-cash items and/or items we consider non-recurring and not representative of our ongoing operating performance, such as stock-based compensation expense, unrealized gains or losses on equity derivative and forward contracts and other similar fair value adjustments. Because Adjusted EBITDA excludes certain non-cash items, we believe that it is less susceptible to variances in actual performance resulting from depreciation and amortization and other non-cash charges. We define Adjusted EBITDA as a percentage of net revenue as the percentage obtained by dividing Adjusted EBITDA by net revenue.

Adjusted Net Income (and per Diluted Share) and Adjusted Net Income as a percentage of net revenue are useful measures of performance, as we believe they provide a more relevant picture of results by excluding the effects of expenses that are not reflective of underlying business performance and other one-time or non-recurring expenses. We use Adjusted Net Income, Adjusted Net Income per Diluted Share, and Adjusted Net Income as a percentage of net revenue to facilitate a comparison of our performance on a consistent basis from period-to-period and to provide for a more complete understanding of factors and trends affecting our business. We define Adjusted Net Income as consolidated net income adjusted for the impact of certain items, including non-cash items and/or other items we consider non-recurring and not representative of our ongoing operating performance, such as stock-based compensation expense, unrealized gains or losses on equity derivative and forward contracts and other similar fair value adjustments, net of related tax effects. We define Adjusted Net Income per Diluted Share by dividing Adjusted Net Income by the weighted average number of diluted shares outstanding. We define Adjusted Net Income as a percentage of net revenue as the percentage obtained by dividing Adjusted Net Income by net revenue.

Capital cash expenditures (net of proceeds from lease incentives) is a measure we believe to be a useful indicator of the net cash capital investment relating to our boutiques and infrastructure. We define capital cash expenditures (net of proceeds from lease incentives) as cash used in investing activities, excluding cash used in business combinations and other acquisitions, less proceeds from lease incentives.

Free cash flow is a useful metric because it is an indicator of how much cash is available for business acquisitions, debt repayment, share repurchases and other investing and financing activities. Our sustained ability to generate free cash flow is an indicator of the financial strength of our business, as we require regular capital expenditures to build and maintain boutiques and invest in infrastructure. We define free cash flow as net cash generated from operating activities excluding interest paid on credit facilities, less repayments of principal on lease liabilities and capital cash expenditures (net of proceeds from lease incentives).

RESULTS OF OPERATIONS

Analysis of Results for Fourth Quarter Fiscal 2026

Consolidated Statements of Operations				
(unaudited, in thousands of Canadian dollars, unless otherwise noted)	Q4 2026		Q4 2025	
		% of net revenue		*% of net revenue*
Net revenue	$ 1,186,515	100.0%	$ 895,118	100.0%
Cost of goods sold	672,518	56.7%	515,014	57.5%
Gross profit	513,997	43.3%	380,104	42.5%
Selling, general and administrative	312,494	26.3%	246,015	27.5%
Stock-based compensation expense	18,483	1.6%	17,376	1.9%
Income from operations	183,020	15.4%	116,713	13.0%
Finance expense	15,362	1.3%	10,627	1.2%
Other expense (income)	(10,246)	(0.9)%	(29,054)	(3.2)%
Income before income taxes	177,904	15.0%	135,140	15.1%
Income tax expense	43,634	3.7%	35,498	4.0%
Net income	$ 134,270	11.3%	$ 99,642	11.1%
Net income per diluted share	$ 1.12		$ 0.84	
Adjusted EBITDA[1]	$ 220,523	18.6%	$ 160,872	18.0%
Adjusted Net Income[1]	$ 138,236	11.7%	$ 98,025	11.0%
Adjusted Net Income per Diluted Share[1]	$ 1.15		$ 0.83	

Net revenue increased 32.6% to $1.19 billion, compared to $895.1 million in Q4 2025, or increased 35.7% on a constant currency[1] basis, driven by outstanding comparable sales growth and the strong performance of the Company's new and repositioned boutiques. Comparable sales[1] increased 27.7%, as all channels and all geographies generated positive double-digit growth. This was driven by robust demand for the Company's product offering, supported by the Company's digital initiatives and its strategic marketing investments.

- In the **United States**, net revenue increased 37.8% to $755.3 million, compared to $548.0 million in Q4 2025. This was fueled by the Company's real estate expansion strategy as well as outstanding comparable sales growth in Digital and in existing boutiques.
- Net revenue in **Canada** increased 24.3% to $431.2 million, compared to $347.1 million in Q4 2025, driven by outstanding comparable sales growth in Digital and in the Company's existing boutiques.
- **Retail** net revenue increased 35.0% to $698.2 million, compared to $517.1 million in Q4 2025. The net revenue increase was driven by outstanding comparable sales growth in both countries and the strong performance of the Company's new and repositioned boutiques. In the last 12 months, the Company opened 14 new boutiques and repositioned four boutiques. Boutique count[5] at the end of Q4 2026 totaled 144 compared to 130 boutiques at the end of Q4 2025.
- **Digital** net revenue increased 29.2% to $488.3 million, compared to $378.1 million in Q4 2025. The increase was fueled by strong traffic growth, driven by robust demand for Aritzia's product offering and the Company's investments in digital marketing.

[5] CYC had four Reigning Champ boutiques as at March 1, 2026 (three boutiques as at March 2, 2025) which are excluded from the boutique count. There was one Aritzia boutique closure under the TNA banner in Fiscal 2025 and one Aritzia boutique closure in Fiscal 2026 and Fiscal 2025. In Fiscal 2026, one Aritzia pop-up store was converted to a permanent location.

The following table provides net revenue by channel and geographic location for the periods indicated.

(unaudited, in thousands of Canadian dollars)	Q4 2026	Q4 2025
Retail net revenue	$ 698,219	$ 517,061
Digital net revenue	488,296	378,057
Net revenue	$ 1,186,515	$ 895,118

	Q4 2026	Q4 2025
United States net revenue	$ 755,276	$ 548,045
Canada net revenue	431,239	347,073
Net revenue	$ 1,186,515	$ 895,118

Gross profit increased 35.2% to $514.0 million, compared to $380.1 million in Q4 2025. Gross profit margin[1] was 43.3%, compared to 42.5% in Q4 2025. The 90 bps increase in gross profit margin was primarily driven by lower markdowns, IMU improvement and leverage on store occupancy costs, partially offset by the impact of additional tariffs and the elimination of the de minimis exemption.

SG&A expenses increased 27.0% to $312.5 million, compared to $246.0 million in Q4 2025. SG&A expenses were 26.3% of net revenue, compared to 27.5% in Q4 2025. The 110 bps improvement was primarily driven by expense leverage and savings from the Company's smart spending initiative.

Depreciation and amortization increased $10.4 million to $58.4 million, compared to $47.9 million in Q4 2025 primarily due to the depreciation and amortization for new and repositioned boutiques, including flagships. The following table provides the depreciation and amortization expense for the periods indicated.

(unaudited, in thousands of Canadian dollars)	Q4 2026	Q4 2025
Depreciation on right-of-use assets	$ 27,479	$ 22,548
Depreciation and amortization	30,880	25,363
Total depreciation and amortization	$ 58,359	$ 47,911

Stock-based compensation expense increased $1.1 million to $18.5 million, compared to $17.4 million in Q4 2025, primarily due to the impact of the Company's continuing growth and impact of the increase in the Company's share price. The following table provides details of the stock-based compensation expense for the periods indicated.

(unaudited, in thousands of Canadian dollars)	Q4 2026	Q4 2025
Equity-settled plans		
Stock options	$ 5,682	$ 4,959
Restricted Share Units ("RSU")	4,378	3,730
Performance Share Units ("PSU")	4,872	510
Cash-settled plans	3,551	8,177
Stock-based compensation expense	$ 18,483	$ 17,376

The Company uses equity derivative contracts (total return swaps) to offset our cash flow variability of the expected payment associated with our cash-settled deferred and restricted share units and open market-settled RSUs and PSUs, if applicable. Realized and unrealized gains and losses related to these equity derivative contracts are recorded in other expense (income).

Finance expense increased $4.7 million to $15.4 million, compared to $10.6 million in Q4 2025. The increase in finance expense was primarily due to higher interest expense on lease liabilities from new and repositioned boutiques.

Other expense (income) was $(10.2) million, compared to $(29.1) million in Q4 2025. The following table provides details of other expense (income) for the periods indicated.

(unaudited, in thousands of Canadian dollars)	Q4 2026	Q4 2025
Realized foreign exchange loss (gain)	$ 1,895	$ (11,611)
Unrealized foreign exchange loss (gain)	750	3,165
Unrealized loss (gain) on equity derivative contracts	(8,430)	(10,800)
CYC integration costs and other	109	(7,696)
Secondary offering transaction costs	520	550
Interest and other income	(5,090)	(2,662)
Other expense (income)	$ (10,246)	$ (29,054)

Income tax expense is recognized based on management's best estimate of the weighted average annual income tax rate expected for the full fiscal year. To the extent that forecasts differ from actual results, adjustments are recognized in subsequent periods. The statutory income tax rate for Q4 2026 and Q4 2025 was 26.7% and 26.8%, respectively.

Income tax expense was $43.6 million, compared to $35.5 million in Q4 2025 and the effective tax rates for Q4 2026 and Q4 2025 were 24.5% and 26.3%, respectively. The effective tax rates are driven largely by the proportionate amount of deductible and non-deductible stock-based compensation expense on equity-settled plans relative to net income before income taxes.

Net income was $134.3 million, or 11.3% of net revenue, an increase of 34.8% compared to $99.6 million, or 11.1% of net revenue, in Q4 2025, primarily attributable to the factors described above. **Net income per diluted share** was $1.12 per share, an increase of 33.3% compared to $0.84 per share in Q4 2025. The increase in net income per diluted share were primarily attributable to the factors discussed above.

Adjusted EBITDA[1] was $220.5 million, or 18.6% of net revenue[1], an increase of 37.1% compared to $160.9 million, or 18.0% of net revenue in Q4 2025. The increase in Adjusted EBITDA and Adjusted EBITDA as a percentage of net revenue was attributable to the factors discussed above. Excluding $6.5 million of foreign exchange translation losses ($7.3 million gain in Q4 2025) on an intercompany loan, Adjusted EBITDA[2] increased 47.8% to $227.0 million or 19.1% of net revenue, compared to $153.5 million or 17.2% of net revenue in Q4 2025.

Adjusted Net Income[1] was $138.2 million, an increase of 41.0% compared to $98.0 million in Q4 2025. **Adjusted Net Income per Diluted Share[1]** was $1.15 per share, an increase of 38.6% compared to $0.83 per share in Q4 2025. The increase in Adjusted Net Income and Adjusted Net Income per Diluted Share was primarily attributable to the factors discussed above.

Cash and cash equivalents at the end of Q4 2026 totaled $592.1 million compared to $285.6 million at the end of Q4 2025. See "Analysis of Cash Flows for the Fourth Quarter Fiscal 2026" for further details.

Inventory at the end of Q4 2026 was $495.2 million, an increase of 30.5% compared to $379.3 million at the end of Q4 2025.

Capital cash expenditures (net of proceeds from lease incentives)[1] were $69.9 million in Q4 2026, compared to $66.3 million in Q4 2025. Capital cash expenditures in Q4 2026 primarily consisted of capital investments in new and repositioned boutiques and the construction of the Company's new distribution centre in British Columbia.

Shares repurchased under the Company's Normal Course Issuer Bid ("NCIB") totaled 897,409 subordinate voting shares ("SVS") for $103.7 million, compared to none in Q4 2025. In addition, the Company purchased 368,410 SVS for $43.3 million, compared to none in Q4 2025, to be held in trust to settle the vesting of RSU and PSU grants.

Analysis of Results for Fiscal 2026

Consolidated Statements of Operations				
(in thousands of Canadian dollars, unless otherwise noted)	**Fiscal 2026**		**Fiscal 2025**	
		% of net revenue		*% of net revenue*
Net revenue	$ 3,702,148	100.0%	$ 2,738,112	100.0%
Cost of goods sold	2,040,815	55.1%	1,557,493	56.9%
Gross profit	1,661,333	44.9%	1,180,619	43.1%
Selling, general and administrative	1,075,570	29.1%	837,456	30.6%
Stock-based compensation expense	61,709	1.7%	48,373	1.8%
Income from operations	524,054	14.2%	294,790	10.8%
Finance expense	56,764	1.5%	48,800	1.8%
Other expense (income)	(49,468)	(1.3)%	(44,463)	(1.6)%
Income before income taxes	516,758	14.0%	290,453	10.6%
Income tax expense	134,910	3.6%	82,663	3.0%
Net income	$ 381,848	10.3%	$ 207,790	7.6%
Net income per diluted share	$ 3.20		$ 1.78	
Adjusted EBITDA[1]	$ 646,202	17.5%	$ 406,344	14.8 %
Adjusted Net Income[1]	$ 388,587	10.5%	$ 230,549	8.4 %
Adjusted Net Income per Diluted Share[1]	$ 3.25		$ 1.98	

Net revenue increased 35.2% to $3.70 billion, compared to $2.74 billion in Fiscal 2025, or increased 35.4% on a constant currency[1] basis, driven by outstanding comparable sales growth and the strong performance of the Company's new and repositioned boutiques. Comparable sales[1] grew 26.5%, fueled by robust demand for the Company's product offering, as well as the Company's strong inventory position, digital initiatives and strategic marketing investments. Results continue to be driven by performance in the United States, where net revenue increased 43.8% to $2.28 billion, compared to $1.58 billion in Fiscal 2025. Net revenue in Canada increased 23.4% to $1.43 billion, compared to $1.16 billion in Fiscal 2025.

– **Retail** net revenue increased 34.7% to $2.41 billion, compared to $1.79 billion in Fiscal 2025. The increase in net revenue was primarily driven by the strong performance of the Company's new and repositioned boutiques, as well as double-digit comparable sales growth in both countries.

– **Digital** net revenue increased 36.1% to $1.29 billion, compared to $951.0 million in Fiscal 2025. The increase was primarily driven by strong traffic growth due to robust demand for the Company's product offering, its investments in digital marketing and the successful launch of its mobile app.

The following table provides net revenue by channel and geographic location for the periods indicated.

(in thousands of Canadian dollars)	Fiscal 2026	Fiscal 2025
Retail net revenue	$ 2,407,538	$ 1,787,084
Digital net revenue	1,294,610	951,028
Net revenue	$ 3,702,148	$ 2,738,112

	Fiscal 2026	Fiscal 2025
United States net revenue	$ 2,275,431	$ 1,581,821
Canada net revenue	1,426,717	1,156,291
Net revenue	$ 3,702,148	$ 2,738,112

Gross profit increased 40.7% to $1.66 billion, compared to $1.18 billion in Fiscal 2025. Gross profit margin[1] was 44.9%, compared to 43.1% in Fiscal 2025. The 180 bps increase in gross profit margin was primarily driven by IMU improvement, lower markdowns, leverage on store occupancy costs, lower warehousing costs and savings from the Company's smart spending initiative, partially offset by the impact of additional tariffs and the elimination of the de minimis exemption.

SG&A expenses increased 28.4% to $1.08 billion, compared to $837.5 million in Fiscal 2025. SG&A expenses were 29.1% of net revenue, compared to 30.6% in Fiscal 2025. The 150 bps improvement was primarily driven by expense leverage and savings from the Company's smart spending initiative.

Depreciation and amortization increased $27.4 million to $214.1 million, compared to $186.7 million in Fiscal 2025 primarily due to the depreciation and amortization for new and repositioned boutiques, including flagships. The following table provides the depreciation and amortization expense for the periods indicated.

(in thousands of Canadian dollars)	Fiscal 2026	Fiscal 2025
Depreciation on right-of-use assets	$ 102,642	$ 102,238
Depreciation and amortization	111,447	84,415
Total depreciation and amortization	$ 214,089	$ 186,653

Stock-based compensation expense increased $13.3 million to $61.7 million, compared to $48.4 million in Fiscal 2025. The increase in stock-based compensation expense was primarily due to the Company's growth and impact of the increase in the Company's share price. The following table provides details of the stock-based compensation expense for the periods indicated.

(in thousands of Canadian dollars)	Fiscal 2026	Fiscal 2025
Equity-settled plans		
Stock options	$ 20,110	$ 19,961
RSUs	13,028	10,242
PSUs	12,324	3,768
Cash-settled plans	16,247	14,402
Stock-based compensation expense	$ 61,709	$ 48,373

The Company uses equity derivative contracts (total return swaps) to offset our cash flow variability of the expected payment associated with our cash-settled deferred and restricted share units and open market-settled RSUs and PSUs, if applicable. Realized and unrealized gains and losses related to these equity derivative contracts are recorded in other expense (income).

Finance expense increased $8.0 million to $56.8 million, compared to $48.8 million in Fiscal 2025. The increase in finance expense was primarily due to higher interest expense on lease liabilities.

Other expense (income) was $(49.5) million, compared to $(44.5) million in Fiscal 2025. The following table provides details of other expense (income) for the periods indicated.

(in thousands of Canadian dollars)	Fiscal 2026	Fiscal 2025
Realized foreign exchange loss (gain)	$ 7,820	$ (13,374)
Unrealized foreign exchange loss (gain)	3,463	(3,012)
Unrealized loss (gain) on equity derivative contracts	(42,412)	(16,929)
CYC integration costs and other	(5,673)	(5,209)
Secondary offering transaction costs	520	550
Interest and other income	(13,186)	(6,489)
Other expense (income)	$ (49,468)	$ (44,463)

Income tax expense is recognized based on management's best estimate of the weighted average annual income tax rate expected for the full fiscal year. To the extent that forecasts differ from actual results, adjustments are recognized in subsequent periods. The statutory income tax rates for Fiscal 2026 and Fiscal 2025 was 26.7% and 26.8, respectively.

Income tax expense was $134.9 million, compared to $82.7 million in Fiscal 2025 and the effective tax rates for Fiscal 2026 and Fiscal 2025 were 26.1% and 28.5%, respectively. The effective tax rates are driven largely by the proportionate amount of non-deductible stock-based compensation expense on equity-settled plans relative to net income before income taxes.

Net income was $381.8 million, or 10.3% of net revenue, an increase of 83.8% compared to $207.8 million, or 7.6% of net revenue, in Fiscal 2025 primarily attributable to the factors described above. **Net income per diluted share** was $3.20 per share, an increase of 79.8%, compared to $1.78 per share in Fiscal 2025. The increase in net income and net income per diluted share was primarily attributable to the factors discussed above.

Adjusted EBITDA[1] was $646.2 million, or 17.5% of net revenue[1], an increase of 59.0%, compared to $406.3 million, or 14.8% of net revenue in Fiscal 2025. The increase in Adjusted EBITDA and Adjusted EBITDA as a percentage of net revenue was primarily attributable to the factors discussed above. Excluding $13.5 million of foreign exchange translation losses ($15.9 million gain in Fiscal 2025) on an intercompany loan, Adjusted EBITDA[2] increased 68.9% to $659.7 million or 17.8% of net revenue, compared to $390.5 million or 14.3% of net revenue in Fiscal 2025.

Adjusted Net Income[1] was $388.6 million, an increase of 68.5%, compared to $230.5 million in Fiscal 2025. **Adjusted Net Income per Diluted Share**[1] was $3.25 per share, an increase of 64.1%, compared to $1.98 per share in Fiscal 2025. The increase in Adjusted Net Income and Adjusted Net Income per Diluted Share was primarily attributable to the factors discussed above.

Capital cash expenditures (net of proceeds from lease incentives)[1] were $237.5 million in Fiscal 2026, compared to $253.5 million in Fiscal 2025. Capital cash expenditures in Fiscal 2026 primarily consist of capital investments in new and repositioned boutiques and the Company's new distribution centre being constructed in British Columbia.

Shares repurchased under the Company's NCIB totaled 1,371,109 SVS for $144.9 million, compared to 134,200 SVS for $5.9 million in Fiscal 2025. The Company purchased 638,410 SVS for $62.1 million, compared to none in Fiscal 2025, to be held in trust to settle the vesting of RSU and PSU grants.

LIQUIDITY AND CAPITAL RESOURCES

Overview

Our principal uses of funds are for operating expenses, capital expenditures, debt (if any) service requirements and return to shareholders (share buybacks). We believe that cash generated from operations, together with amounts available under our revolving credit facility and revolving line of credit, are expected to be sufficient to meet our future operating expenses, capital expenditures, debt (if any) service requirements and return to shareholders (share buybacks). Our ability to fund future operating expenses, capital expenditures, debt service requirements and return to shareholders (share buybacks) will depend on, among other things, our future operating performance, which will be affected by general economic, financial and other factors, including factors beyond our control. See "Summary of Factors Affecting Performance", "Recent Events" and "Risk Factors" of this MD&A for additional information. We review investment opportunities in the normal course of our business and may make select investments to implement our business strategy when suitable opportunities arise. Historically, the funding for any such investments has come from cash flows from operating activities and/or our revolving credit facility and revolving line of credit.

Revolving Credit Facility and Revolving Line of Credit

As at March 1, 2026, we have a $300.0 million revolving credit facility and a US$10.0 million revolving line of credit issued by a member of the lending syndicate in connection with the revolving credit facility. In addition, the Company has an uncommitted revolving demand credit facility for general cash management needs with a limit of $5.0 million. The revolving credit facility bears interest at Canadian Overnight Repo Rate Average, Secured Overnight Financing Rate ("SOFR") or Canadian prime or base rate, plus a marginal rate between 0.45% and 2.45% (March 2, 2025 – 0.75% and 2.75%) and a maturity date of October 8, 2030 (previously October 27, 2026). The revolving line of credit bears interest at the daily SOFR, plus a marginal rate between 1.45% and 2.45% (March 2, 2025 – 1.75% and 2.75%). The revolving demand credit facility bears interest at the daily Royal Bank Prime rate or Royal Bank U.S. Base Rate, plus a marginal rate between 0.45% and 1.45%. No amounts were drawn on any of the Company's credit facilities as at March 1, 2026.

The revolving credit facility agreement (including the revolving line of credit by extension) contains restrictive covenants customary for credit facilities of this nature, including restrictions on us and each credit facility guarantor, subject to certain exceptions, to incur indebtedness, grant liens, merge, amalgamate or consolidate with other companies, transfer, lease or otherwise dispose of all or substantially all of its assets, liquidate or dissolve, engage in any material business other than the fashion retail business, make investments, acquisitions, loans, advances or guarantees, make any restricted payments, enter into transactions with affiliates, repay indebtedness, enter into restrictive agreements, enter into sale-leaseback transactions, ensure pension plan compliance, sell or discount receivables, enter into agreements with unconditional purchase obligations, issue shares, create or acquire a subsidiary or make any hostile acquisitions.

In addition, as at March 1, 2026, we also have available a $25.0 million cash-secured letter of credit as part of the revolving credit facility and other letters of credit facilities of CAD$30.0 million and US$25.0 million (March 2, 2025 - CAD$30.0 million and US$25.0 million), secured *pari passu* with the revolving credit facility and the revolving line of credit. The interest rate for the letters of credit is between 1.17% and 2.75% (March 2, 2025 - 1.17% and 2.75%).

See "Off-Balance Sheet Arrangements" for details regarding the letters of credit issued.

Cash Flows

The following table presents cash flows for the periods indicated.

(in thousands of Canadian dollars)	Q4 2026	Q4 2025	Fiscal 2026	Fiscal 2025
Net cash generated from (used in) operating activities	$ 220,196	$ 158,476	$ 822,775	$ 455,637
Net cash generated from (used in) financing activities	(153,224)	(3,642)	(226,899)	(60,373)
Cash generated from (used in) investing activities	(91,091)	(79,532)	(285,212)	(277,116)
Effect of exchange rate changes on cash and cash equivalents	(4,255)	3,326	(4,172)	4,210
Change in cash and cash equivalents	$ (28,374)	$ 78,628	$ 306,492	$ 122,358

Analysis of Cash Flows for the Fourth Quarter Fiscal 2026

Net Cash Generated From (Used In) Operating Activities

For Q4 2026, net cash generated from operating activities totaled $220.2 million, compared to $158.5 million in Q4 2025. This change was primarily attributable to an increase in income from operations and an increase in cash flows from changes in working capital assets and liabilities primarily due to the timing of payments.

Net Cash Generated From (Used In) Financing Activities

For Q4 2026, net cash used in financing activities totaled $153.2 million, compared to $3.6 million in Q4 2025. The increase is mainly due to the repurchase of SVS, some of which were held in trust by a third party for settlement upon the future vesting of RSUs and PSUs, while the remaining shares were cancelled under the Company's 2025 NCIB.

Cash Generated from (Used In) Investing Activities

For Q4 2026, cash used in investing activities totaled $91.1 million, compared to $79.5 million in Q4 2025. Investing activities in Q4 2026 primarily relate to capital investments in new and repositioned boutiques and the Company's new distribution centre being constructed in British Columbia. In Q4 2025, investing activities primarily relate to capital investments in new and repositioned boutiques (including flagship boutiques).

Analysis of Cash Flows for Fiscal 2026

Cash Flows Generated From (Used In) Operating Activities

For Fiscal 2026, net cash generated from operating activities totaled $822.8 million, compared to $455.6 million in Fiscal 2025. This change was primarily attributable to an increase in income from operations and an increase in cash flows from changes in working capital assets and liabilities primarily due to the timing of payments.

Cash Flows Generated From (Used In) Financing Activities

For Fiscal 2026, net cash used in financing activities totaled $226.9 million, compared to $60.4 million in Fiscal 2025. The increase is mainly due to the repurchase of SVS, some of which were held in trust by a third party for settlement upon the future vesting of RSUs and PSUs, while the remaining shares were cancelled under the Company's 2025 NCIB. This was partially offset by an increase in proceeds received from lease incentives.

Cash Flows Generated From (Used In) Investing Activities

For Fiscal 2026, cash used in investing activities totaled $285.2 million, compared to $277.1 million in Fiscal 2025. Investing activities in Fiscal 2026 primarily relate to capital investments in new and repositioned boutiques and the Company's new distribution centre being constructed in British Columbia. Investing activities in Fiscal 2025 primarily relate to new and repositioned boutiques (including flagship boutiques).

CONTRACTUAL OBLIGATIONS AND COMMITMENTS

The following table summarizes our significant undiscounted maturities of our contractual obligations and commitments as at March 1, 2026.

(in thousands of Canadian dollars)	Less than 1 year	1 to 5 years	More than 5 years	Total
Accounts payable and accrued liabilities	$ 564,586	$ —	$ —	$ 564,586
Lease liabilities	161,324	621,797	494,363	1,277,484
Minimum lease commitments with future commencement dates	6,008	85,249	159,796	251,053
Total contractual obligations and commitments	$ 731,918	$ 707,046	$ 654,159	$ 2,093,123

As at March 1, 2026, the Company also had approximately $57.8 million remaining on issued purchase orders for expected capital expenditures in the current and future years. Capital expenditures are generally funded from the Company's operating cash flows and, if needed, from the available revolving credit facility.

OFF-BALANCE SHEET ARRANGEMENTS

Our third party manufacturers purchase raw materials on our behalf to be used for future production. As at March 1, 2026, we had purchase obligations of $211.7 million (March 2, 2025 - $157.2 million), which represent commitments for fabric expected to be used during upcoming seasons, made in the normal course of business.

We enter into trade letters of credit to facilitate the international purchase of inventory. We also enter into standby letters of credit to secure certain of our obligations, including leases and duties related to import purchases. As at March 1, 2026, letters of credit totaling $4.6 million (March 2, 2025 - $8.3 million) have been issued.

FINANCIAL INSTRUMENTS

Financial instruments related to the acquisition of CYC

In connection with the acquisition of CYC in June, 2021 we entered into two financial instruments that were revalued on a recurring basis in the consolidated financial statements: contingent consideration and non-controlling interest in exchangeable shares liability. Changes in the fair value of these two financial instruments were recorded in net income. On May 26, 2023, the Company and the selling shareholders agreed to the Company's early acquisition of the remaining 25% interest in CYC held through CYC's exchangeable shares which resulted in the extinguishment of the existing non-controlling interest in exchangeable shares liability and a net derivative asset. As at March 1, 2026, the value of the net derivative asset was $14.5 million (March 2, 2025 - $8.5 million) and recorded in derivative assets in the consolidated statements of financial position. On March 31, 2026, this arrangement was settled, resulting in the extinguishment of the derivative asset.

The details of, and significant assumptions made in determining the fair value of our financial instruments, including those related to the acquisition of CYC, are disclosed in note 12 to our Fiscal 2025 audited annual consolidated financial statements.

Equity derivative contracts

We have equity derivative contracts (total return swaps) to hedge the share price exposure on our cash-settled deferred and restricted share units and open market-settled RSUs and PSUs, if applicable. These contracts are not designated as hedging instruments for accounting purposes. Changes in the fair value of equity derivative contracts are recorded in other expense (income). The following table provides details of realized and unrealized losses (gains) for the periods indicated.

(in thousands of Canadian dollars)	Q4 2026	Q4 2025	Fiscal 2026	Fiscal 2025
Unrealized loss (gain) for the change in fair value of equity derivative contracts	$ (8,430)	$ (10,800)	$ (42,412)	$ (16,929)

As at March 1, 2026, the equity derivative contracts had a positive fair value of $63.6 million (March 2, 2025 - $21.2 million) which are recorded in derivative assets in the consolidated statements of financial position.

RELATED PARTY TRANSACTIONS

During Fiscal 2026, we made payments of $10.3 million (Fiscal 2025 - $10.1 million) for lease of premises and management services and $1.1 million (Fiscal 2025 - $1.5 million) for the use of an asset wholly or partially owned by companies that are owned by the Founder and Executive Chair of the Company, Brian Hill. As at March 1, 2026, $0.3 million was included in accounts payable and accrued liabilities (March 2, 2025 - $0.6 million) and $0.8 million was included in other current assets for the lease of premises (March 2, 2025 - $0.8 million). As at March 1, 2026, the outstanding balance of lease liabilities owed to these companies was $70.0 million (March 2, 2025 - $40.5 million). These transactions were measured at the amount of consideration established at market terms.

TRANSACTIONS WITH KEY MANAGEMENT

Key management includes our directors and executive team. Compensation awarded to key management includes:

(in thousands of Canadian dollars)	Q4 2026	Q4 2025	Fiscal 2026	Fiscal 2025
Salaries, directors' fees and short-term benefits	$ 3,780	$ 1,849	$ 12,436	$ 6,668
Stock-based compensation	9,166	7,591	30,391	18,369
Key management compensation	$ 12,946	$ 9,440	$ 42,827	$ 25,037

The increase in key management compensation is commensurate with the Company's growth and performance and the inclusion of new key management members in Fiscal 2026.

CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS

The preparation of consolidated financial statements in accordance with IFRS Accounting Standards requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Estimates and assumptions are continuously evaluated and are based on management's best judgments and experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected. Actual results may differ from these estimates.

The following discusses the most significant accounting judgments and estimates made by management in preparation of the consolidated financial statements:

Return Allowances

Recognizing provisions for sales return allowances requires the use of estimates of the return rate of merchandise based on historical return patterns.

Valuation of Finished Goods Inventory

Inventory is stated at the lower of cost and net realizable value. We periodically review our inventories and make provisions which requires the use of estimates related to product quality, damages, inventory shrinkage for lost or stolen items, future demand, selling prices, and market conditions.

Impairment of Goodwill and Indefinite Life Intangible Assets

Goodwill and indefinite life intangible asset impairment testing requires the use of estimates in the impairment testing model. On an annual basis, we test whether goodwill and indefinite life intangible assets are impaired. The recoverable value is determined using discounted future cash flow models, which incorporate estimates regarding future events, specifically future cash flows, growth rates and discount rates. We use judgment in determining the grouping of assets to identify our cash generating units ("CGUs") for purposes of testing for impairment. In testing for impairment, goodwill acquired in a business combination is allocated to the group of CGUs that are expected to benefit from the synergies of the business combination, which involves judgment.

Leases

We estimate the incremental borrowing rate used for calculating lease liabilities and right-of-use assets. We estimate the incremental borrowing rate of each leased asset as the rate of interest that we would have to pay to borrow, over a similar term with a similar security, the funds necessary to obtain an asset of similar value to the right-of-use asset in a similar economic environment.

We exercise judgment in determining the appropriate lease term at the lease commencement date. We exercise judgment on whether we will exercise available renewal or termination options, and thus include such options in the lease terms. We consider all facts and circumstances that create an economic incentive to exercise a renewal or termination option.

Tariffs

The United States is Canada's largest trading and investment partner, and as a result, the Canadian economy is significantly affected by developments in the U.S. economy. On April 2, 2025, the U.S. announced a 10% baseline tariff on imports from nearly all countries with higher country-specific tariff rates beginning April 9, 2025 although the effective date was delayed to allow for negotiations. The U.S. completed negotiations with certain countries, including Vietnam, resulting in tariff rates higher than the 10% baseline rate. On July 30, 2025, the U.S. president signed an executive order removing the de minimis exemption for all countries effective August 29, 2025. On February 20, 2026, the Supreme Court of the United States issued a ruling against these tariffs, but did not address the process for tariff refunds. On March 4, 2026 the CIT ordered U.S. Customs and Border Protection to liquidate and, where applicable, reliquidate, or correct, certain import entries without regard to duties imposed under the IEEPA. The CIT order provides relief for entries affected by IEEPA tariffs, but the discussion regarding specific refund mechanisms is ongoing. As a result, there is uncertainty with respect to the timing and amount of potential tariff refunds, if any. As the trade landscape continues to evolve, to the extent certain tariffs on affected goods are permanent and applicable for an extended time period, there could be material impacts on the Company's results of operations and carrying amounts of certain assets and liabilities.

ACCOUNTING POLICY DEVELOPMENTS

IFRS 18 - Presentation and Disclosure in Financial Statements ("IFRS 18")

The IASB issued IFRS 18 - Presentation and Disclosure in the Financial Statements, in April 2024 which is effective for annual reporting periods beginning on or after January 1, 2027. The new standard establishes a revised structure for the consolidated statements of operations to improve comparability across entities and introduce management-defined performance measures ("MPMs"). Based on the Company's preliminary assessments, the following changes are expected:

- The consolidated statements of comprehensive income will be grouped into categories as required under IFRS 18. This will result in new subtotals and line items, as well as changes in the calculation of existing subtotals and line items. The new standard will not impact gross profit and net income.
- There will be additional disclosures related to MPMs, which are defined as a subtotal of income and expenses, not required by IFRS, that a company uses in public communications outside of its financial statements to convey an aspect of the financial performance of the company as a whole. For each MPM, the Company will disclose a reconciliation between the MPM and the most directly comparable subtotal defined by IFRS, tax effect of each reconciling item and where the reconciling item is located on the consolidated statements of operations, among other required disclosures. In addition, IFRS 18 requires specific expense aggregation disclosures, which will result in changes to the presentation of the Company's expenses by nature note.

The standard will be applied by the Company for its Fiscal 2028 consolidated financial statements, retrospectively. As a result, the comparative information for Fiscal 2027 will be presented in accordance with IFRS 18. The Company continues to assess the impact of these amendments on the consolidated financial statements.

IFRS 7 and IFRS 9 - Classification and Measurement of Financial Instruments

In May 2024, the IASB issued amendments to IFRS 9 - Financial Instruments and IFRS 7 - Financial Instruments: Disclosures to clarify the date of recognition and derecognition of some financial assets and liabilities, with a new exception for some financial liabilities settled through an electronic cash transfer system, clarify and add further guidance for assessing whether a financial asset meets the solely payments of principal and interest ("SPPI") criterion, add new disclosures for certain instruments with contractual terms that can change cash flows (such as instruments with features linked to the achievement of environmental and social targets), and update the disclosure of equity instruments designated at fair value through other comprehensive income ("FVOCI"). These amendments are effective for annual reporting periods beginning on or after January 1, 2026. The Company assessed the impact of these amendments and determined there is no material impact to the consolidated financial statements.

Other

A number of other new accounting standards, amendments to standards and interpretations of standards have been issued by the IASB but are not yet effective for the year ended March 1, 2026. The Company does not expect the implementation of these accounting pronouncements to have a significant impact to its accounting policies and consolidated financial statements.

RISK FACTORS

For a detailed description of risk factors associated with the Company, refer to the "Risk Factors" section of the Company's AIF, which is available on SEDAR+ at www.sedarplus.com.

In addition, we are exposed to a variety of financial risks in the normal course of operations including geopolitical and macroeconomic, foreign exchange, interest rate, credit, liquidity and equity price risk, as summarized below. Our overall risk management program and business practices seek to minimize any potential adverse effects on our consolidated financial performance.

Risk management is carried out under practices approved by our Audit Committee. This includes reviewing and making recommendations to the Board of Directors on the adequacy of our risk management policies and procedures with regard to identifying the Company's principal risks and implementing appropriate systems and controls to manage these risks. Risk management covers many areas of risk including, but not limited to, geopolitical and macroeconomic conditions, foreign exchange risk, interest rate risk, credit risk, liquidity risk and equity price risk.

Geopolitical and Macroeconomic Risk

We source the majority of our raw materials and merchandise from various suppliers in Asia, Europe and Central America and generate over half of our net revenues from the United States and so are dependent on international trade relations, agreements and regulations. On April 2, 2025, the U.S. announced a 10% baseline tariff on imports from nearly all countries with higher country-specific tariff rates beginning April 9, 2025 although the effective date was delayed to allow for negotiations. The U.S. has completed negotiations with certain countries, including Vietnam, resulting in tariff rates higher than the 10% baseline rate. The U.S. tariff and customs policies continue to change and trade negotiations between the U.S. and other countries are ongoing. The U.S. also announced the One Big Beautiful Act on July 4, 2025, which removed the de minimis exemption for low value shipments imported into the United States in 2027. However, the U.S. president signed an executive order on July 30, 2025 removing the de minimis exemption for all countries beginning on August 29, 2025. On February 20, 2026, the Supreme Court of the United States issued a ruling against these tariffs, but did not address the process for tariff refunds. On March 4, 2026 the CIT ordered U.S. Customs and Border Protection to liquidate and, where applicable, reliquidate, or correct, certain import entries without regard to duties imposed under the IEEPA. The CIT order provides relief for entries affected by IEEPA tariffs, but the discussion regarding specific refund mechanisms is ongoing. The disruptions caused by the continuing changes in the tariff landscape, including the de minimis removal, and any other trade restrictions or other similar measures (and any retaliatory measures) could adversely impact the profitability of our business, financial condition and results of operations.

General economic conditions in Canada, the United States and other parts of the world, including lower levels of consumer spending, economic volatility, international conflicts and international trade policies and tariffs, can affect consumer confidence and consumer purchases of discretionary items, including fashion apparel and related products such as ours. Therefore, demand for our products may be impacted by general macroeconomic conditions, which could worsen as a result of the imposition of new duties, tariffs and other trade restrictions or other similar measures. Our sensitivity to economic cycles and any related fluctuation in consumer demand may adversely affect our results of operations and financial condition. We continue to monitor the evolving macroeconomic conditions and to adapt as needed while focusing on our strategic growth levers: geographic expansion, digital growth and increased brand awareness.

Foreign Exchange Risk

We source the majority of our raw materials and merchandise from various suppliers in Asia, Europe and Central America with the vast majority of purchases denominated in U.S. dollars. This risk is partially mitigated with over half of our net revenues generated in U.S. dollars. Our foreign exchange risk is primarily with respect to the U.S. dollar but we have limited exposure to other currencies as well. We may use foreign currency forward contracts to mitigate risks associated with forecasted U.S. dollar merchandise purchases sold in Canada. As at March 1, 2026,

we have no foreign currency forward contracts outstanding and none were utilized during the year ended March 1, 2026.

Interest Rate Risk

We have a revolving credit facility, revolving line of credit and uncommitted revolving demand credit facility which provide available borrowings in an amount up to $300.0 million, US$10 million and $5.0 million, respectively. Because the revolving credit facility and revolving line of credit bear interest at variable rates, we are exposed to market risks relating to changes in interest rates on outstanding balances. As at March 1, 2026, no amounts were drawn under the revolving credit facility and the revolving line of credit.

Credit Risk

Credit risk refers to the possibility of an unexpected event if a counterparty to a financial instrument fails to meet their contractual obligations. Financial instruments that potentially subject us to credit risk consist of cash and cash equivalents, accounts receivable, and derivative contracts used to hedge market risks. We are exposed to minimal credit risk. We deposit our cash and cash equivalents with major financial institutions that have been assigned high credit ratings by internationally recognized credit rating agencies. We are exposed to credit risk on receivables from our landlords in relation to tenant improvement allowances. To reduce this risk, we enter into leases with landlords with established credit history, and for certain leases, we may offset rent payments until accounts receivable are fully satisfied. We only enter into derivative contracts with major financial institutions, as described above and as needed, for the purchase of foreign currency forward contracts.

Liquidity Risk

Liquidity risk is the risk that we cannot meet a demand for cash or fund our obligations as they come due. We manage liquidity risk by continuously monitoring actual and projected cash flows, taking into account the seasonality of our revenue, income, working capital and capital expenditure needs. The revolving credit facility and related revolving line of credit are used to maintain liquidity. As at March 1, 2026, no amounts were drawn under the revolving credit facility and revolving line of credit.

Equity Price Risk

We are exposed to risk arising from the settlement of our cash-settled deferred and restricted share units and open market-settled RSUs and PSUs, if applicable, as an appreciating SVS share price increases the potential value of the settlement. We record a liability for the potential future settlement of our cash-settled deferred and restricted share units by reference to the fair value of the liability. We may use equity derivative contracts to offset the variability of our share prices associated with the settlement of our cash-settled deferred and restricted share units and open market-settled RSUs and PSUs. We only enter into equity derivative contracts with major financial institutions. As at March 1, 2026, the fair value of the equity derivative contract was in an asset position of $63.6 million.

DISCLOSURE CONTROLS AND PROCEDURES AND INTERNAL CONTROLS OVER FINANCIAL REPORTING

Management is responsible for designing and evaluating the effectiveness of disclosure controls and procedures for both financial and non-financial information regarding the Company. These controls ensure timely recording, processing and reporting of information, required to be disclosed in filings, to senior management, including the Chief Executive Officer and the Chief Financial Officer.

As required by CSA National Instrument 52-109 - Certification of Disclosure in Issuers' Annual and Interim Filings ("NI 52-109"), an evaluation of the adequacy of the design and effective operation of the Company's disclosure controls and procedures was conducted under the supervision of management, including the CEO and CFO, and they concluded that, as at March 1, 2026 the design and operation of its disclosure controls and procedures was effective in providing reasonable assurance that material information regarding this MD&A, the consolidated financial statements and other disclosures was made known to them on a timely basis.

Management is also responsible for establishing and maintaining adequate internal controls over financial reporting to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial reports for external purposes in accordance with IFRS Accounting Standards. The Company's internal controls over financial reporting include, but are not limited to, detailed policies and procedures relating to financial accounting and reporting, and controls over systems that process and summarize transactions. The Company's procedures for

financial reporting also include the active involvement of qualified financial professionals, senior management and its Audit Committee.

As also required by NI 52-109, management, including the CEO and CFO, evaluated the adequacy of the design and the effective operation of the Company's internal control over financial reporting as defined in NI 52-109, as at March 1, 2026. In making this assessment, management, including the CEO and CFO, used the framework set forth in the Internal Control – Integrated Framework (2013) issued by the Committee of Sponsoring Organizations of the Treadway Commission. Based on that evaluation, the CEO and the CFO have concluded that the design and operation of the Company's internal control over financial reporting, as defined by NI 52-109, were effective as at March 1, 2026.

In designing such controls, it should be recognized that due to inherent limitations, any control, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives and may not prevent or detect misstatements. Additionally, management is required to use judgment in evaluating controls and procedures. Therefore, even when determined to be designed effectively, disclosure controls and internal control over financial reporting can provide only reasonable assurance with respect to financial statement preparation and presentation.

Changes in Internal Control Over Financial Reporting

There were no changes in our internal control over financial reporting during Q4 2026 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

CURRENT SHARE INFORMATION

On January 13, 2026, the Board of Directors approved an increase to the legal stated capital of the multiple voting shares ("MVS") in the aggregate amount of $160 million in accordance with section 72(2) of the *Business Corporation Act* (British Columbia).

As of May 6, 2026, an aggregate of 96,229,396 SVS, 18,327,244 MVS and no preferred shares are issued and outstanding. All of the issued and outstanding MVS are, directly or indirectly, held or controlled by Brian Hill, our principal shareholder, Founder and Executive Chair. As of May 6, 2026, an aggregate of 5,806,996 options, 640,916 PSUs and 998,907 RSUs to acquire SVS are outstanding.

ADDITIONAL INFORMATION

Additional information relating to the Company, including the Company's AIF, is available on SEDAR+ at www.sedarplus.com. The Company's SVS are listed for trading on the TSX under the symbol "ATZ".

SUMMARY OF CONSOLIDATED QUARTERLY RESULTS AND CERTAIN PERFORMANCE MEASURES

The following table summarizes the results of our operations for the eight most recently completed quarters. This unaudited quarterly information, other than Adjusted EBITDA, Adjusted Net Income, Adjusted Net Income per Diluted Share, capital cash expenditures (net of proceeds from lease incentives), free cash flow and comparable sales, has been prepared in accordance with IFRS Accounting Standards. Due to seasonality, the results of operations for any quarter are not necessarily indicative of the results of operations for the fiscal year.

Consolidated Quarterly Results[6]

(interim periods unaudited, in thousands of Canadian dollars, unless otherwise noted)	Fiscal 2026				Fiscal 2025			
	Q4	Q3	Q2	Q1	Q4	Q3	Q2	Q1
Financial Summary:								
Net revenue	$ 1,186,515	$ 1,040,263	$ 812,054	$ 663,316	$ 895,118	$ 728,701	$ 615,663	$ 498,630

[6] For a discussion of the factors that have caused variations in our business over the last eight quarters, please refer to the "Results of Operations" sections in this MD&A, our Q3 2026 MD&A dated January 8, 2026, for the 13-week period ended November 30, 2025, Q2 2026 MD&A dated October 9, 2025 for the 13-week period ended August 31, 2025, our Q1 2026 MD&A dated July 10, 2025 for the 13-week period ended June 1, 2025, our Fiscal 2025 MD&A dated May 1, 2025 for the 13-week period ended March 2, 2025, our Q3 2025 MD&A dated January 9, 2025 for the 13-week period ended December 1, 2024, our Q2 2025 MD&A dated October 10, 2024 for the 13-week period ended September 1, 2024, Q1 2025 MD&A dated July 11, 2024 for the 13-week period ended June 2, 2024, which are available on SEDAR+.

[7] See “How We Assess the Performance of Our Business” for definitions of Adjusted EBITDA and Adjusted Net Income which are non-IFRS financial measures, Adjusted Net Income per Diluted Share, Adjusted EBITDA as a percentage of net revenue and Adjusted Net Income as a percentage of net revenue which are non-IFRS ratios, capital cash expenditures (net of proceeds from lease incentives) and free cash flow which are capital management measures, and comparable sales which is a supplementary financial measure. See also “Non-IFRS Financial Measures and Retail Industry Metrics”.

Financial Statements

Independent auditor's report

To the Shareholders of Aritzia Inc.

Our opinion

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the financial position of Aritzia Inc. and its subsidiaries (together, the Company) as at March 1, 2026 and March 2, 2025, and its financial performance and its cash flows for the years then ended in accordance with International Financial Reporting Standards as issued by the International Accounting Standards Board (IFRS Accounting Standards).

What we have audited

The Company's consolidated financial statements comprise:

- the consolidated statements of financial position as at March 1, 2026 and March 2, 2025;
- the consolidated statements of operations for the years then ended;
- the consolidated statements of comprehensive income for the years then ended;
- the consolidated statements of changes in shareholders' equity for the years then ended;
- the consolidated statements of cash flows for the years then ended; and
- the notes to the consolidated financial statements, comprising material accounting policy information and other explanatory information.

"PwC" refers to PricewaterhouseCoopers LLP, an Ontario limited liability partnership.

Basis for opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the consolidated financial statements* section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in Canada. We have fulfilled our other ethical responsibilities in accordance with these requirements.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the year ended March 1, 2026. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matter	How our audit addressed the key audit matter
Inventory Refer to note 2 – Material accounting policies, note 4 – Judgments and estimates and note 5 – Inventory to the consolidated financial statements. As at March 1, 2026, the Company held inventory of $495.2 million including finished goods-in-transit of $125.5 million. Inventory is carried at the lower of cost and net realizable value. Cost is determined using weighted average costs. Cost of inventory includes cost of merchandise and all costs incurred to deliver inventory to the Company's distribution centres.	Our approach to addressing the matter included the following procedures, among others: • Tested the operating effectiveness of controls relating to the inventory count process and inventory costing. • Tested a sample of inventory items to purchase invoices. • Observed the annual inventory count process for one distribution centre and for a sample of boutiques near year-end and performed independent test counts. • Observed and inspected a sample of inventory cycle counts for two distribution centres and performed independent test counts.

Key audit matter	How our audit addressed the key audit matter
We considered this a key audit matter due to the magnitude of the inventory balance and the audit effort in testing the inventory.	• Tested, on a sample basis, the finished goods-in-transit as at year-end by agreeing to third party shipment documents, receipt of inventory to distribution centres and purchase invoices. • Tested, on a sample basis, inventory received post year-end to receiving documents to assess whether inventory was recorded appropriately as at year-end. • Tested how management determined net realizable value, which included testing a sample of inventory items to the most recent retail prices of the inventory items.

Other information

Management is responsible for the other information. The other information comprises the Management's Discussion and Analysis, which we obtained prior to the date of this auditor's report and the information, other than the consolidated financial statements and our auditor's report thereon, included in the annual report, which is expected to be made available to us after that date.

Our opinion on the consolidated financial statements does not cover the other information and we do not and will not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information that we obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard. When we read the information, other than the consolidated financial statements and our auditor's report thereon, included in the annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of management and those charged with governance for the consolidated financial statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with IFRS Accounting Standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Plan and perform the group audit to obtain sufficient appropriate audit evidence regarding the financial information of the entities or business units within the Company as a basis for forming an opinion on the consolidated financial statements. We are responsible for the direction, supervision and review of the audit work performed for purposes of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Paulina Prokop.

1 Nature of operations and basis of presentation

Nature of operations

Aritzia Inc. and its subsidiaries (collectively referred to as the “Company”) are a design house with an innovative global platform. The Company is a creator and purveyor of covetable styles, home to an extensive portfolio of exclusive brands for every function and individual aesthetic. The Company provides immersive and highly personal shopping experiences at aritzia.com, on the Company's app and in 144 boutiques throughout Canada and the United States.

Aritzia Inc. is a corporation governed by the Business Corporations Act (British Columbia). The address of its registered office is 1055 Dunsmuir Street, Suite 3000, Vancouver, B.C., Canada, V7X 1K8.

The Company’s subordinate voting shares ("SVS") are listed on the Toronto Stock Exchange ("TSX") under the stock symbol “ATZ”.

Basis of presentation

Statement of compliance

These consolidated financial statements have been prepared in accordance with International Financial Reporting Standards as issued by the International Accounting Standards Board (“IFRS Accounting Standards”).

Fiscal year

The Company's fiscal year-end is the Sunday closest to the last day of February, typically resulting in a 52-week year, but occasionally giving rise to an additional week, resulting in a 53-week year. Fiscal 2026 and Fiscal 2025 were both 52-week years. All references to Fiscal 2026 represent the fiscal year ended March 1, 2026 and all references to Fiscal 2025 represent the fiscal year ended March 2, 2025.

Principles of consolidation

The consolidated financial statements include the accounts of the Company and its subsidiaries, including Aritzia LP and CYC, domiciled in Canada, and United States of Aritzia Inc., domiciled in the United States. All intercompany transactions and balances are eliminated on consolidation and consistent accounting policies are applied across the Company.

Functional and presentation currency

The consolidated financial statements are presented in Canadian dollars. The functional currency for each entity included in these consolidated financial statements is the currency of the primary economic environment in which the entity operates. The functional currency of the parent corporation and its Canadian operations is the Canadian dollar. The functional currency of the Company's U.S. operations is the U.S. dollar.

Cost of goods sold

Cost of goods sold includes inventory and product-related costs, occupancy costs, and depreciation expense for the Company’s boutiques and distribution centres.

Selling, general and administrative

Selling, general and administrative expenses consist of selling expenses that are generally variable with revenues and general and administrative operating expenses that are primarily fixed. Selling, general and

administrative expenses also include depreciation and amortization expense for all support office assets and intangible assets.

Seasonality of operations

The Company's business is affected by the pattern of seasonality common to most retail apparel businesses. Historically, the Company has recognized a significant portion of its operating profit in the third and fourth quarters of each fiscal year as a result of increased net revenue during the back-to-school and holiday seasons.

These consolidated financial statements were authorized for issue on May 7, 2026 by the Company's Board of Directors ("Board").

2 Material accounting policies

Foreign currency translation

Transactions denoted in foreign currencies are translated into the functional currency for the respective entity at the exchange rates at the date of the transaction. Foreign exchange gains and losses resulting from the settlement of such transactions, and from the translation of monetary assets and liabilities denominated in foreign currencies at the reporting date exchange rates, are recognized in profit or loss. Other non-monetary items on the consolidated statement of financial position denominated in foreign currencies are translated into the functional currencies using the exchange rates at the date of the transaction.

The Company's U.S. operations with a functional currency of U.S. dollars are translated into Canadian dollars at each reporting date. Assets and liabilities are translated into Canadian dollars at the exchange rate in effect at the reporting date. Revenues and expenses are translated into Canadian dollars at average exchange rates during the reporting period. The resulting translation adjustments are included in other comprehensive income.

Inventory

Inventory, consisting of finished goods and raw materials, is carried at the lower of cost and net realizable value. Cost is determined using weighted average costs. Cost of inventories includes the cost of merchandise and all costs incurred to deliver inventory to the Company's distribution centres including freight and duty.

Property and equipment

Property and equipment are measured at cost less accumulated depreciation and any accumulated impairment losses. Cost includes expenditures that are directly attributable to the acquisition of the asset, including any costs (e.g., right-of-use assets depreciation and borrowing costs) directly attributable to bringing the asset to a working condition for its intended use. Purchased software that is integral to the functionality of the related equipment is capitalized as part of that equipment.

Costs and related accumulated depreciation for property and equipment are removed from the accounts upon their sale or disposition and the resulting gain or loss is reflected in the results of operations.

Depreciation is recognized on a straight-line basis over the estimated useful lives of each component of an item of property and equipment, commencing when the assets are ready for use, as follows:

Computer hardware and software	3 - 7 years
Furniture and equipment	3 - 10 years
Leasehold improvements	shorter of lease term and estimated useful life

Estimates of useful lives, residual values and methods of depreciation are reviewed annually. Any changes are accounted for prospectively as a change in accounting estimate.

Intangible assets

Intangible assets are recorded at cost and include trade names, trademarks, non-competition agreements and internally developed computer software.

Costs to purchase any trademarks from third parties are capitalized and amortized over the useful lives of the assets. Costs include all expenditures that are directly attributable to the acquisition or development of the asset.

The Company capitalizes, in intangible assets, direct costs incurred during the application and infrastructure development stages of developing computer software for internal use. All costs incurred during the preliminary project stage, including project scoping, identification and testing of alternatives, are expensed as incurred.

The Aritzia and Reigning Champ trade names have been determined to have an indefinite life and are not amortized. The remaining intangible assets are amortized on a straight-line basis over their estimated useful lives as follows:

Other trade names and trademarks	term of registration or up to a maximum of 20 years
Non-compete agreements	5 years
Computer software	3 - 7 years

Estimates of useful lives, residual values and methods of amortization are reviewed annually. Any changes are accounted for prospectively as a change in accounting estimate.

Impairment of non-financial assets

General

Impairment testing compares the carrying values of the assets or cash-generating units ("CGU") being tested with their recoverable amounts (the recoverable amount being the greater of an asset's or CGUs value in use or fair value less costs of disposal). To the extent that the carrying value of an asset or CGU exceeds its recoverable amount, the excess amount would be recorded as an impairment loss. Should the recoverable amounts for impaired assets or CGUs subsequently increase, the impairment losses previously recognized (other than in respect of goodwill) may be reversed.

Property and equipment, intangible assets, and right-of-use assets with finite lives

Assets that are subject to depreciation or amortization are periodically reviewed for indicators of impairment. Whenever events or changes in circumstances indicate that the carrying amount may not be recoverable, the asset or CGU is tested for impairment.

Goodwill and intangible assets with indefinite lives

Goodwill and intangible assets that have an indefinite useful life are not subject to amortization and are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired. The Company has selected the first day of the fourth quarter as the time of the annual impairment test. The recoverable amount of goodwill is based on value in use, calculated using discounted cash flows over five years with a terminal value generated from continuing use of the group of CGUs.

The fair value methodologies used by the Company in testing goodwill and indefinite-lived intangible assets include assumptions related to financial forecasts, sales trends, discount rates, terminal growth rates, royalty rates and other assumptions that are judgmental in nature. If future economic conditions or operating performance, such as declines in sales or increases in discount rates, are different than those projected by management in its most recent impairment tests for goodwill and indefinite-lived intangible assets, future impairment charges may be required. See note 7 for further details.

Leases

The Company assesses whether a contract is or contains a lease at the inception of the contract. Leases are recognized as a right-of-use asset and corresponding lease liability at the lease commencement date. The lease liability is measured at the present value of the future fixed and in-substance fixed payments and variable lease payments that depend on an index or rate over the lease term, less any lease incentives receivable, discounted using the lessee's incremental borrowing rate, unless the implicit interest rate in the lease can be easily determined. Lease liabilities are subsequently measured at amortized cost using the effective interest rate method.

Lease terms applied are the contractual non-cancellable periods of the lease, plus periods covered by renewal or termination options, if the Company is reasonably certain to exercise those options. Lease liabilities are remeasured (with a corresponding adjustment to the right-of-use asset) when there is a change in the lease term, a change in the future lease payments resulting from a change in an index or rate used to determine those payments, or when the lease contract is modified and the lease modification is not accounted for as a separate lease.

The right-of-use assets include the initial measurement of the corresponding lease liabilities, lease payments made at or before the commencement date, any initial direct costs, less any lease incentives received before the commencement date. The right-of-use assets are subsequently measured at cost and are depreciated on a straight-line basis from the date the underlying asset is available for use over the lease term.

Lease payments for assets that are exempt through the short-term exemption and variable lease payments that do not depend on an index or rate are not included in the measurement of the lease liabilities. Lease incentives received for variable payment leases are deferred and amortized as a reduction in recognized variable rent expenses over the related lease terms. Proceeds from lease incentives are recognized as financing cash flows in the consolidated statement of cash flows.

Financial instruments

Financial assets and financial liabilities are recognized when the Company becomes a party to the contractual provision of the financial instrument. Financial assets are derecognized when the contractual rights to receive cash flows from the financial asset expire and financial liabilities are derecognized when obligations under the contract expire, are discharged or cancelled. The Company's financial assets, which includes cash and cash equivalents and accounts receivable, are classified as amortized cost. The Company's financial liabilities, which includes accounts payable and accrued liabilities, lease liabilities and long term debt, are classified as amortized cost. The Company's equity derivative contracts and non-controlling interest in exchangeable shares liability are classified as fair value through profit or loss ("FVTPL").

Financial assets are initially measured at fair value and subsequently measured at amortized cost using the effective interest method if both of the following conditions are met and they are not designated as FVTPL:

(i) the financial asset is held within a business model whose objective is to hold financial assets to collect contractual cash flows; and

(ii) the contractual terms of the financial asset give rise, on specified dates, to cash flows that are solely payments of principal and interest on the principal amount outstanding. All financial assets not classified as amortized cost as described above are measured at FVTPL.

Financial liabilities are initially measured at fair value, less any directly attributable transaction costs, and subsequently measured at amortized cost using the effective interest method.

Changes of the fair value of financial instruments classified as FVTPL are recorded in profit or loss in the period in which they arise. Gains and losses on financial instruments classified at amortized cost are recognized in profit or loss when the financial instruments are derecognized, modified or impaired.

Financial assets and financial liabilities are measured at fair value using a valuation hierarchy for disclosure of fair value measurements. The determination of the applicable level within the hierarchy of a particular asset or liability depends on the inputs used in the valuation as of the measurement date, notably the extent to which the inputs are market-based (observable) or internally derived (unobservable). Observable inputs are inputs that market participants would use in pricing the asset or liability based on market data obtained from independent sources. Unobservable inputs are inputs based on a company's own assumptions about market participant assumptions using the best information available. The hierarchy is broken down into three levels based on the reliability of inputs as follows:

Level 1 - Valuations based on quoted prices in active markets for identical assets or liabilities that a company has the ability to access at the measurement date.

Level 2 - Valuations based on quoted inputs other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly through corroboration with observable market data.

Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

Share capital

Multiple voting shares ("MVS") and SVS are classified as shareholders' equity. Incremental costs directly attributable to the issuance of shares are shown in equity as a deduction, net of tax, from the proceeds of the issuance. When share capital recognized as equity is re-purchased for cancellation, the amount of consideration paid, which includes directly attributable costs, net of tax, is recognized as a deduction from share capital. The excess of the purchase price over the carrying amount of the shares is charged to retained earnings.

Revenue recognition

The Company recognizes revenue when control of the goods or services has been transferred to the customer. Control transfers once a customer has the ability to direct the use of, and obtain substantially all of the benefits from, the product. This generally occurs when the product is delivered to the customer and therefore may be subject to deferral until delivered to or received by the customer. Revenue is measured at the fair value of the amount of consideration to which the Company expects to be entitled to, including variable consideration, if any, to the extent that it is highly probable that a significant reversal will not occur. Revenues are measured net of discounts and an estimated allowance for returns. Shipping fees charged to customers are recorded as revenue.

Revenues are reported net of sales taxes collected for various governmental agencies.

Receipts from the sale of gift cards are treated as deferred revenue. When gift cards are redeemed for merchandise, the Company recognizes the related revenue. The Company estimates gift card breakage, to the

extent there is no requirement for remitting card balances to government agencies under unclaimed property laws, and recognizes revenue in proportion to actual gift card redemptions.

Employee benefits

Short-term employee benefit obligations, which include wages, salaries, compensated absences and bonuses are expensed through cost of goods sold or selling, general and administrative expenses as the related service is provided.

Termination benefits are recognized as an expense when the Company has demonstrated commitment, without realistic possibility of withdrawal, to a formal detailed plan to terminate employment before the normal retirement date.

The Company maintains a voluntary deferred compensation plan, whereby eligible employees may elect to defer a portion of their compensation to be held by the Company and received at a future date, along with related returns. The amount voluntarily deferred is expensed in the period it is earned and included in other non-current liabilities. The amount held by the Company is recorded in other assets.

Income tax expense

Current and deferred income taxes are recognized in the Company's net income, except to the extent that they relate to a business combination or items recognized directly in equity or other comprehensive income.

Current taxes are recognized for the estimated taxes payable or receivable on taxable income or loss for the current year and any adjustment to income taxes payable in respect of previous years. Current income taxes are determined using tax rates and tax laws that have been enacted or substantively enacted by the year-end date.

Deferred tax assets and liabilities are recognized where the carrying amount of an asset or liability differs from its tax base, except for taxable temporary differences arising on the initial recognition of goodwill and temporary differences arising on the initial recognition of an asset or liability in a transaction that is not a business combination, and at the time of the transaction affects neither accounting nor taxable income or loss. In addition, deferred tax liabilities are not recognized for taxable temporary differences arising on investments in subsidiaries, associates and joint ventures where the reversal of the temporary difference can be controlled and it is probable that the difference will not reverse in the foreseeable future. The amount of deferred tax provided is based on the expected manner of realization or settlement of the carrying amount of the asset and liability, using tax rates enacted or substantively enacted at the year-end date.

A deferred tax asset is recognized for unused tax losses, tax credits and deductible temporary differences, to the extent that it is probable that future taxable profits will be available against which they can be utilized. The carrying amount of deferred tax assets is reviewed at each statement of financial position date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred income tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets against current tax liabilities and when the deferred income tax assets and liabilities relate to income tax levied by the same taxation authority on either the taxable entity or different taxable entities where there is an intention to settle the balances on a net basis.

Stock-based compensation expense

General

For stock-based compensation which vests in its entirety at one future point in time (cliff-vesting), the Company recognizes the expense on a straight-line basis over the vesting period. For stock-based compensation which vests in tranches, the Company recognizes the expense using the graded vesting method. An estimate of forfeitures during the vesting period is made at the date of grant, which is adjusted to reflect actual forfeitures. For stock-based compensation that is subject to performance criteria, it is earned only if certain performance targets are achieved, as established by the Board, along with any other vesting conditions over the vesting period and can decrease or increase if minimum or maximum performance targets are achieved.

Equity-settled plans

Stock option expense is initially recognized based on the fair value of the option at the grant date using the Black-Scholes option-pricing model, with a corresponding increase in contributed surplus. When stock options are exercised, the exercise price proceeds together with the amount initially recorded in contributed surplus are reclassified to share capital.

Compensation expense related to other equity-settled plans is measured based on an estimated fair value at the grant date, with a corresponding increase in contributed surplus. Upon settlement, the amount initially recognized in contributed surplus is reclassified to share capital.

Cash-settled plans

Compensation expense related to cash-settled plans is measured based on the market value of the Company's shares at grant date, with a corresponding liability. The liability is subsequently remeasured at each reporting date based on the market value of the Company's shares, with changes in fair value recognized as stock-based compensation expense over the vesting period.

Net income per share

Basic net income per share is calculated by dividing the net income for the fiscal year attributable to shareholders of the Company by the weighted average number of MVS and SVS outstanding during the year. As all the classes of shares are subject to the same distribution rights, the Company performs the net income per share calculations as if all shares are a single class.

Diluted net income per share is calculated by dividing the net income for the fiscal year attributable to shareholders of the Company by the weighted average number of MVS and SVS outstanding during the year, plus the weighted average number of SVS that would be issued on exercise of dilutive stock options granted, as calculated under the treasury stock method, and the dilutive impact of equity-settled restricted and performance share units granted and the non-controlling interest in exchangeable shares liability.

3 Accounting policy developments

IFRS 18 - Presentation and Disclosure in Financial Statements ("IFRS 18")

The IASB issued IFRS 18 - Presentation and Disclosure in the Financial Statements, in April 2024 which is effective for annual reporting periods beginning on or after January 1, 2027. The new standard establishes a revised structure for the consolidated statements of operations to improve comparability across entities and

introduce management-defined performance measures ("MPMs"). Based on the Company's preliminary assessments, the following changes are expected:

- The consolidated statements of comprehensive income will be grouped into categories as required under IFRS 18. This will result in new subtotals and line items, as well as changes in the calculation of existing subtotals and line items. The new standard will not impact gross profit and net income.
- There will be additional disclosures related to MPMs, which are defined as a subtotal of income and expenses, not required by IFRS, that a company uses in public communications outside of its financial statements to convey an aspect of the financial performance of the company as a whole. For each MPM, the Company will disclose a reconciliation between the MPM and the most directly comparable subtotal defined by IFRS, tax effect of each reconciling item and where the reconciling item is located on the consolidated statements of operations, among other required disclosures. In addition, IFRS 18 requires specific expense aggregation disclosures, which will result in changes to the presentation of the Company's expenses by nature note.

The standard will be applied by the Company for its Fiscal 2028 consolidated financial statements, retrospectively. As a result, the comparative information for Fiscal 2027 will be presented in accordance with IFRS 18. The Company continues to assess the impact of these amendments on the consolidated financial statements.

IFRS 7 and IFRS 9 - Classification and Measurement of Financial Instruments

In May 2024, the IASB issued amendments to IFRS 9 - Financial Instruments and IFRS 7 - Financial Instruments: Disclosures to clarify the date of recognition and derecognition of some financial assets and liabilities, with a new exception for some financial liabilities settled through an electronic cash transfer system, clarify and add further guidance for assessing whether a financial asset meets the solely payments of principal and interest ("SPPI") criterion, add new disclosures for certain instruments with contractual terms that can change cash flows (such as instruments with features linked to the achievement of environmental and social targets), and update the disclosure of equity instruments designated at fair value through other comprehensive income ("FVOCI"). These amendments are effective for annual reporting periods beginning on or after January 1, 2026. The Company assessed the impact of these amendments and determined there is no material impact to the consolidated financial statements.

Other

A number of other new accounting standards, amendments to standards and interpretations of standards have been issued by the IASB but are not yet effective for the year ended March 1, 2026. The Company does not expect the implementation of these accounting pronouncements to have a significant impact to its accounting policies and consolidated financial statements.

4 Judgements and estimates

In preparing these consolidated financial statements, management has made judgements and estimates about the future that affect the application of the Company's accounting policies and the reported amounts of assets, liabilities, income and expenses. Estimates and assumptions are reviewed on an ongoing basis and are based on management’s best judgements and experience and other factors. Revisions to accounting estimates are recognized prospectively. Actual results may differ from these estimates.

Significant judgements and estimates made by management in the process of applying accounting policies and that have the most significant effect on the amounts recognized in the consolidated financial statements include the following:

Judgements

- Lease terms: whether the Company is reasonably certain, at the lease commencement date or before lease expiration, it will exercise available renewal or termination options and thus include such options in the lease terms (note 8).
- Impairment testing: judgement in determining the grouping of assets to identify its CGUs for purposes of testing for impairment.

Estimates

- Return allowances: estimates of expected returns based on historical return patterns.
- Inventories: estimates of inventory net realizable value (note 5), which requires the Company to utilize estimates related to product quality, damages, inventory shrinkage for lost or stolen items, future demand, selling prices, and market conditions. The Company periodically reviews its inventories and records a write-down if the cost exceeds net realizable value of inventory, based on the above factors.
- Goodwill and indefinite life intangible asset impairment testing: estimates in the impairment testing model, which incorporate estimates regarding future events including future cash flows, growth rates and discount rates (note 7). On an annual basis, the Company tests whether goodwill and indefinite life intangible assets are impaired using discounted future cash flow models.
- Incremental borrowing rate: estimates of the incremental borrowing rate used for calculating lease liabilities and right-of-use-assets. The Company estimates the incremental borrowing rate of each leased asset as the rate of interest that the Company would have to pay to borrow, over a similar term with a similar security, the funds necessary to obtain an asset of similar value to the right-of-use asset in a similar economic environment (note 8).
- Tariffs: The United States is Canada’s largest trading and investment partner, and as a result, the Canadian economy is significantly affected by developments in the U.S. economy. On April 2, 2025, the U.S. announced a 10% baseline tariff on imports from nearly all countries with higher country-specific tariff rates beginning April 9, 2025 although the effective date was delayed to allow for negotiations. The U.S. completed negotiations with certain countries, including Vietnam, resulting in tariff rates higher than the 10% baseline rate. On July 30, 2025, the U.S. president signed an executive order removing the de minimis exemption for all countries effective August 29, 2025. On February 20, 2026, the Supreme Court of the United States issued a ruling against these tariffs, but did not address the process for tariff refunds. On March 4, 2026 the U.S. Court of International Trade ("CIT") ordered U.S. Customs and Border Protection to liquidate and, where applicable, re-liquidate, or correct, certain import entries without regard to duties imposed under the the International Emergency Economic Powers Act ("IEEPA"). The CIT order provides relief for entries affected by IEEPA tariffs, but the discussion regarding specific refund mechanisms is ongoing. As a result, there is uncertainty with respect to the timing and amount of potential tariff refunds, if any. As the trade landscape continues to evolve, to the extent certain tariffs on affected goods are permanent and applicable for an extended time period, there could be material impacts on the Company's results of operations and carrying amounts of certain assets and liabilities.
- Other: other estimates include determining the useful lives and depreciation methods applied to property and equipment and intangible assets with definite lives for the purposes of depreciation and amortization; in accounting for and measuring items such as deferred revenue, provisions, and purchase price adjustments on business combinations; and in measuring certain fair values, including those relating to the valuation of assets and liabilities acquired in a business combinations, share-based payments, and financial instruments.

5 Inventory

	March 1, 2026	March 2, 2025
Finished goods	**$ 362,344**	$ 310,234
Finished goods-in-transit	**125,527**	64,469
Raw materials	**7,326**	4,613
Inventory	**$ 495,197**	$ 379,316

The Company records a reserve to value inventory to its estimated net realizable value. This resulted in a expense to cost of goods sold of $9.2 million for the year ended March 1, 2026 (March 2, 2025 - $12.0 million). No inventory write-downs recorded in previous periods were reversed.

All of the Company's inventory is pledged as security for the Company's revolving credit facility (note 10).

Construction-in-progress primarily includes build costs for boutiques and a distribution centre not yet opened. Additions include capitalized right-of-use depreciation and borrowing costs for certain boutiques and a distribution centre totaling $18.3 million for the year ended March 1, 2026 (March 2, 2025 - $15.1 million).

7 Goodwill and intangible assets

Construction-in-progress includes internally generated computer software not put into use.

Impairment testing of goodwill and intangible assets with indefinite lives

Goodwill is monitored corporately at the level of the Company's single operating segment. A pre-tax discount rate of 10.0% and a terminal growth assumption rate of 2.0% were used in the impairment model.

The Company's indefinite life trade names include Aritzia and Reigning Champ. As there is no foreseeable limit to the period over which the assets are expected to generate net cash inflows, these intangible assets are considered to have indefinite useful lives. For the purposes of intangible assets with indefinite useful lives, CGUs are grouped at the lowest level that the assets are monitored for internal management purposes and for which largely independent cash flows are generated. The carrying values allocated to the CGUs' intangible assets with indefinite useful lives are set out in the following table:

	March 1, 2026	March 2, 2025
Aritzia trade name	**$ 46,092**	$ 46,092
Reigning Champ trade name	**26,200**	26,200
Indefinite life trade names	**$ 72,292**	$ 72,292

The recoverable amount of the indefinite life trade names is determined based on the relief from royalty method, calculated using discounted cash flows over five years with a terminal value generated from continuing use of the group of CGUs. The method considers the projected royalties that would otherwise be paid to the holder of the trade name, assuming an arm's length owner.

Specific cash flow estimates for the trade names are projected based on approved financial forecasts, annual growth assumptions, royalty rates, discount rates and a terminal growth rate to extrapolate the cash flow projections. A pre-tax discount rate of 10.0% and 14.0% for each of the Aritzia and Reigning Champ trade names, respectively, and a terminal growth assumption rate of 2.0% (aligned with the Bank of Canada's inflation-control target midpoint) were used in the impairment models for each trade name.

As at March 1, 2026 and March 2, 2025, management has determined that there was no impairment of goodwill or the indefinite life trade names. The Company believes that any reasonably possible change in the key assumptions on which the calculation of the recoverable amount of the CGUs is based would not cause the CGUs carrying values to exceed their recoverable amounts.

8 Leases

The Company has the right to use real estate properties for its boutiques, distribution centers and support offices under non-cancellable lease agreements, together with periods covered by an option to extend or terminate, if the Company is reasonably certain it will exercise those options.

The following table reconciles the change in right-of-use assets for the year ended March 1, 2026 and March 2, 2025:

	March 1, 2026	March 2, 2025
Cost		
Opening balance	**$ 1,182,364**	$ 996,699
Additions	**153,498**	152,374
Lease incentives	**(45,938)**	(15,780)
Modifications	**43,985**	33,746
Lease expirations	**(13,308)**	(30,236)
Foreign exchange	**(41,348)**	45,561
Closing balance	**$ 1,279,253**	$ 1,182,364
Accumulated depreciation		
Opening balance	**$ 459,806**	$ 364,408
Depreciation	**102,642**	101,732
Amortization of fair value adjustment on CYC leases	**—**	507
Modifications	**(5,239)**	5,774
Lease expirations	**(13,308)**	(30,056)
Foreign exchange	**(16,329)**	17,441
Closing balance	**$ 527,572**	$ 459,806
Net carrying value, closing balance	**$ 751,681**	$ 722,558

The following table reconciles the change in lease liabilities for the year ended March 1, 2026 and March 2, 2025:

	March 1, 2026	March 2, 2025
Opening balance	**$ 919,223**	$ 805,886
Additions	**162,794**	151,849
Interest expense on lease liabilities (note 16)	**52,911**	44,615
Repayment of interest and principal on lease liabilities	**(160,747)**	(160,381)
Modifications	**54,845**	41,452
Foreign exchange	**(33,263)**	35,802
Closing balance	**$ 995,763**	$ 919,223
Current portion of lease liabilities	**104,923**	107,755
Long-term portion of lease liabilities	**890,840**	811,468
Lease liabilities	**$ 995,763**	$ 919,223

The following table summarizes the Company's rent and rent-related expenses (which also approximate the cash outflow) for the years ended March 1, 2026 and March 2, 2025:

	March 1, 2026	March 2, 2025
Depreciation on right-of-use assets, excluding fair value adjustments	**$ 102,642**	$ 101,732
Interest expense on lease liabilities (note 16)	**52,911**	44,615
Variable lease expense	**41,251**	22,261
Common area maintenance, property taxes and other	**77,465**	69,568
Lease payments relating to short-term or low value leases	**1,002**	2,004
Total rent and rent-related expenses	**$ 275,271**	$ 240,180

The future undiscounted minimum lease payments for the Company's leases for its premises, excluding other occupancy charges and variable lease payments, are as follows:

Less than 1 year	**$ 161,324**
Between 1 and 5 years	**621,797**
More than 5 years	**494,363**
Future undiscounted minimum lease payments	**$ 1,277,484**

In addition to the amount disclosed in the table above, as at March 1, 2026, the Company also had future undiscounted minimum lease payments of $251.1 million for leases committed to but not yet commenced (March 2, 2025 - $186.2 million).

9 Accounts payable and accrued liabilities

	March 1, 2026	March 2, 2025
Trade accounts payable	**$ 410,791**	$ 189,222
Employee benefits payable	**99,866**	64,692
Other non-trade payables	**30,248**	21,790
Restricted Share Unit ("RSU") and Deferred Share Unit ("DSU") plans liabilities (note 13)	**23,681**	17,708
Accounts payable and accrued liabilities	**$ 564,586**	$ 293,412

As at March 1, 2026, $131.7 million of trade accounts payable was outstanding as part of a payable services arrangement with a third party financial institution (March 2, 2025 - $nil), of which $26.6 million were elected by suppliers to be paid by the financial institution prior to the maturity date (March 2, 2025 - $nil). Balances outstanding under the payable services arrangement allows eligible suppliers to elect to be paid by the financial institution earlier than the maturity date (generally 90 days) of the invoices subject to a discount. The Company's rights and obligations to suppliers with respect to those invoices are not impacted. The Company will pay the full amount owing to the financial institution according to the maturity dates and terms negotiated with the supplier. The amounts paid by the Company to the financial institution related to this program is classified as an operating activity within the consolidated statements of cash flows.

10 Bank indebtedness

The Company has a $300.0 million revolving credit facility which bears interest at Canadian Overnight Repo Rate Average, Secured Overnight Financing Rate ("SOFR") (prior to June 30, 2023, London Inter-Bank Offered Rate) or Canadian prime or base rate, plus a marginal rate between 0.45% and 2.45% (March 2, 2025 – 0.75% and 2.75%), and a maturity date of October 8, 2030. Up to $10.0 million of the facility can be drawn upon by way of a swingline loan. As at March 1, 2026, no amounts were drawn under the revolving credit facility (March 2, 2025 - $nil).

The Company also has a revolving line of credit with a limit of US$10.0 million and expiring on December 14, 2026. The revolving line of credit bears interest at the daily SOFR, plus a marginal rate between 1.45% and 2.45% (March 2, 2025 – 1.75% and 2.75%). As at March 1, 2026, no amounts were drawn under the revolving line of credit (March 2, 2025 - $nil).

The Company also has an uncommitted revolving demand credit facility for general cash management needs with a limit of $5.0 million. The revolving demand credit facility bears interest at the daily Royal Bank Prime rate or Royal Bank U.S. Base Rate, plus a marginal rate between 0.45% and 1.45%. As at March 1, 2026, no amounts were drawn under the revolving demand credit facility (March 2, 2025 - $nil).

The Company also has available a $25.0 million cash-secured letter of credit as part of the revolving credit facility and other letters of credit facilities of CAD$30.0 million and US$25.0 million (March 2, 2025 - CAD$30.0 million and US$25.0 million) secured pari passu with the revolving credit facility and the revolving line of credit. The interest rate for the letters of credit is between 1.17% and 2.75% (March 2, 2025 - 1.17% and 2.75%). As at March 1, 2026, the amount available under these facilities, which excludes the undrawn cash-secured letter of credit, was increased to $59.5 million (March 2, 2025 - $57.8 million) by certain open letters of credit (note 19).

The revolving credit facility is collateralized by a first priority lien on all property and equipment, leased real property interests and inventory. In addition, the Company is required to maintain certain financial covenants. As at March 1, 2026 and March 2, 2025, the Company was in compliance with all financial covenants.

11 Financial instruments

The following tables show the carrying amounts and fair values of financial assets and liabilities, including their levels in the fair value hierarchy and accounting classification:

			As at March 1, 2026		As at March 2, 2025	
	Classification	Fair Value Level	Carrying Value	Fair Value	Carrying Value	Fair Value
Financial assets						
Cash and cash equivalents	Amortized cost	1	**$ 592,127**	**$ 592,127**	$ 285,635	$ 285,635
Accounts receivable	Amortized cost	2	**23,750**	**23,750**	26,311	26,311
Equity derivative contracts	FVTPL	2	**63,621**	**63,621**	21,210	21,210
Share Adjustments	FVTPL	3	**14,500**	**14,500**	8,500	8,500
Financial liabilities						
Accounts payable and accrued liabilities	Amortized cost	2	**$ 564,586**	**$ 564,586**	$ 275,704	$ 275,704
Lease liabilities	Amortized cost	2	**995,763**	**995,763**	919,223	919,223

There were no transfers between the levels of the fair value of hierarchy for the years ended March 1, 2026 and March 2, 2025.

The carrying value of cash and cash equivalents, accounts receivable and accounts payable and accrued liabilities approximates their fair value due to the immediate or short-term maturity of these financial instruments.

Equity derivative contracts

The Company has equity derivative contracts (total return swaps) to hedge the share price exposure on its cash-settled DSUs and RSUs and open market-settled RSUs and Performance Share Units ("PSUs"), as applicable. These contracts are not designated as hedging instruments for accounting purposes. During the year ended March 1, 2026, the Company recorded an unrealized gain of $42.4 million (March 2, 2025 - unrealized gain of $16.9 million) for the change in fair value for these contracts in the consolidated statements of operations in other expense (income). During the year ended March 1, 2026, the Company recorded no realized gains or losses (March 2, 2025 - $nil) arising from the settlement of equity derivative contracts. As at March 1, 2026, the equity derivative contracts had a positive fair value of $63.6 million (March 2, 2025 – $21.2 million) which is recorded in derivative assets in the consolidated statements of financial position.

Early 100% Acquisition of CYC

On May 26, 2023, the Company and the exchangeable shareholders agreed to the Company's early acquisition of the remaining 25% ownership interest held through the CYC exchangeable shares. The Company issued 419,047 SVS ("Upfront Shares") on May 26, 2023 and the right to receive additional SVS ("Additional Shares") by March 31, 2026 with a value based on certain Fiscal 2026 operational performance metrics of the Reigning Champ brand. No forfeiture occurred for the Upfront Shares and Additional Shares. The Upfront Shares were recognized in share capital ($15.4 million) and the Additional Shares with an estimated value up to $9.4 million were treated as compensation for future services with a portion recognized in contributed surplus ($6.6 million) and the remainder, net of any changes estimated or fair value, to be recognized over the period ending in early Fiscal 2027.

The Upfront Shares are also subject to an escrow agreement with one-third to be released at the end of each of Fiscal 2024, 2025 and 2026 and subject to future adjustments ("Share Adjustments") based on the Company's share price on March 1, 2026, limited to minimum and maximum total values. The Share Adjustments feature is treated as an embedded derivative within derivative assets on the consolidated statements of financial position. Given the increase in the Company's share price since issuance, the Share Adjustments value increased to $14.5 million on March 1, 2026 (March 2, 2025 - $8.5 million) resulting in a $6.0 million unrealized gain during the year ended March 1, 2026 included in other expense (income) (March 2, 2025 - $7.5 million).

On March 31, 2026, the Share Adjustments clause resulted in 139,679 Upfront Shares and the Additional Shares entitlement to be forfeited. As a result, the embedded derivative of $14.5 million was extinguished and the shares returned were recorded in share capital and contributed surplus.

12 Share capital

Secondary offering

From time to time, the Company will announce a secondary offering on a bought deal basis of its SVS through a secondary sale of shares by certain entities owned and/or controlled, directly or indirectly, by Brian Hill, Founder and Executive chair of Aritzia and the ultimate owner, or Brian Hill and his immediate family (collectively, the "Selling Shareholders"). The Company does not receive any proceeds from the secondary

offerings. Underwriting fees are paid by the Selling Shareholders and other expenses related to the secondary offerings are paid by the Company.

On January 13, 2026, the Company announced a secondary offering (the "2026 Secondary Offering"). As part of the 2026 Secondary Offering, the Selling Shareholders exchanged 1,352,000 of their MVS for SVS. On February 11, 2025, the Company announced a secondary offering (the "2025 Secondary Offering"). As part of the 2025 Secondary Offering, the Selling Shareholders exchanged 758,105 of their MVS for SVS. Details relating to the secondary offerings are summarized in the following table:

	2026 Secondary Offering	2025 Secondary Offering
Completion date	January 29, 2026	February 28, 2025
Number of SVS	1,602,000	1,045,000
Price per SVS	$ 130.20	$ 69.85
Gross proceeds to the Selling Shareholders	$ 208,580	$ 72,993
Other expenses paid by the Company	$ 520	$ 550

Normal course issuer bid ("NCIB") and Automatic Share Purchase Plan ("ASPP")

The TSX approved the Company's NCIB on May 5, 2025 ("2025 NCIB") allowing the Company to purchase up to 4,226,994 SVS during the twelve-month period commencing May 7, 2025 and ending May 6, 2026. On May 27, 2025 and February 27, 2026, respectively, the Company entered into consecutive ASPPs ("2025 ASPPs") with its designated broker and which commenced immediately and will terminate upon the termination of the 2025 NCIB, unless terminated earlier in accordance with the terms of the ASPP.

The TSX approved the Company's previous NCIB on January 18, 2024 ("2024 NCIB"), which allowed the Company to repurchase and cancel up to 3,515,740 of its SVS over the twelve-month period commencing January 22, 2024 and ending January 21, 2025. On February 21, 2024, the Company entered into an ASPP (the "2024 ASPP"), which commenced immediately and terminated upon the termination of the 2024 NCIB.

During the year-ended March 1, 2026, the Company repurchased a total of 1,371,109 SVS for cancellation under the 2025 NCIB at an average price of $105.72 per SVS for total cash consideration of $144.9 million (52-week period ended March 2, 2025 - 134,200 SVS, at an average price of $44.00 per SVS, for total cash consideration of $5.9 million).

As at March 1, 2026, there were 18,327,244 MVS and 96,247,501 SVS issued and outstanding (including 386,390 SVS held in trust for the settlement of equity compensation awards, which were acquired through open market purchases). There were no preferred shares issued and outstanding as at March 1, 2026. Neither the MVS nor the SVS issued have a par value.

Shares repurchased and held in trust

During the year ended March 1, 2026, Company established a trust for the RSU and PSU equity-settled plans to facilitate the purchase of shares for future settlement upon vesting of RSU and PSU grants. The Company is the sponsor of the trust and has assigned TSX Trust Company as the trustee. The trust is considered a structured entity and is consolidated in the Company's financial statements with the cost of the acquired shares recorded as a reduction to equity until released into circulation when the RSUs and PSUs settle. During the year ended March 1, 2026, the Company purchased 638,410 SVS for $62.1 million, of which 252,020 shares were released.

13 Stock-based compensation

Details of stock-based compensation expense

Prior to the Company's initial public offering (the "IPO") the Company had a legacy equity incentive plan (the "Legacy Plan") pursuant to which it had granted stock options to directors, employees, consultants and advisors. Concurrent with the IPO, the Company implemented a long-term incentive plan (the "Omnibus plan") for certain officers, directors, employees or consultants. The Omnibus plan includes stock options, RSUs and PSUs. The Company also has a DSU plan for non-employee directors.

Details of the Company's Omnibus plan are included in the following table:

Unit type	Vesting	Settled in cash or equity
Stock Options	Five-year graded vesting	Equity
Deferred Share Unit	Immediately at time of grant	Cash (not redeemable until the eligible director ceases to be a member of the Board)
Restricted Share Unit	Third anniversary of award date	Cash, equity or combination at the discretion of the Board on the grant date
Performance Share Unit	Third anniversary of award date	Cash, equity or combination at the discretion of the Board on the grant date

Reflected in the consolidated statements of operations as stock-based compensation expense are the following amounts:

	March 1, 2026	March 2, 2025
Equity-settled plans		
Stock options	**$ 20,110**	$ 19,961
Restricted Share Units	**13,028**	10,242
Performance Share Units	**12,324**	3,768
Cash-settled plans	**16,247**	14,402
Stock-based compensation expense	**$ 61,709**	**$ 48,373**

Stock Options

Legacy Plan

Following completion of the IPO in October 2016, no additional options will be granted under the Legacy Plan. All issued options expire after 10 or 15 years from the date granted.

Transactions for options granted under the Legacy Plan for the years ended on March 1, 2026 and March 2, 2025 were as follows:

	March 1, 2026		March 2, 2025	
	Number of stock options	Weighted average exercise price	Number of stock options	Weighted average exercise price
Outstanding, at beginning of year	**703,039**	**$ 6.23**	1,703,211	$ 5.56
Exercised	**(678,416)**	**6.20**	(1,000,172)	5.09
Outstanding, at end of year	**24,623**	**$ 7.09**	703,039	$ 6.23
Exercisable, at end of year	**24,623**	**$ 7.09**	703,039	$ 6.23

The weighted average share price on the dates the stock options were exercised during the year ended March 1, 2026 was $76.72 (March 2, 2025 - $52.36).

The outstanding and exercisable Legacy Plan stock options as at March 1, 2026 were 24,623 stock options, with a weighted average remaining contractual life of 0.27 and weighted average exercise price of $7.09.

Omnibus Plan

All issued options expire after 7 or 10 years from the date granted.

Transactions for options granted under the Omnibus Plan for the years ended March 1, 2026 and March 2, 2025 were as follows:

	March 1, 2026		March 2, 2025	
	Number of stock options	Weighted average exercise price	Number of stock options	Weighted average exercise price
Outstanding, at beginning of year	**6,602,692**	**$ 31.72**	8,239,589	$ 26.32
Granted	**766,345**	**76.13**	900,616	48.02
Exercised	**(1,195,929)**	**25.14**	(2,221,721)	18.16
Forfeited	**(334,423)**	**34.77**	(305,728)	32.88
Expired	**—**	**—**	(10,064)	36.33
Outstanding, at end of year	**5,838,685**	**$ 38.66**	6,602,692	$ 31.72
Exercisable, at end of year	**2,445,884**	**$ 31.79**	2,276,912	$ 28.53

The weighted average share price on the dates the stock options were exercised during the year ended March 1, 2026 was $95.31 (March 2, 2025 - $52.45).

Information relating to the Company's Omnibus Plan stock options outstanding and exercisable as at March 1, 2026 is as follows:

	Stock options outstanding			Stock options exercisable		
Range of exercise prices	Number of stock options	Weighted average remaining contractual life (years)	Weighted average exercise price	Number of stock options	Weighted average remaining contractual life (years)	Weighted average exercise price
$17.59 to $25.98	1,972,285	6.28	$ 24.20	845,748	4.90	$ 22.60
$25.99 to $36.68	2,096,103	5.91	$ 33.84	1,293,342	5.76	$ 33.44
$36.69 to $131.47	1,770,297	8.48	$ 60.48	306,794	7.10	$ 50.21
	5,838,685	6.82	$ 38.66	2,445,884	5.63	$ 31.79

The weighted average fair value of stock options estimated at the grant date for the year ended March 1, 2026 was $36.20 (March 2, 2025 - $22.82), based on the Black-Scholes option pricing model using the following assumptions:

Dividend yield	0.0%
Expected volatility	44.8% to 47.0%
Risk-free interest rate	2.7% to 3.3%
Expected life	5.0 to 8.0 years
Exercise price	$56.42 to $131.47

The expected volatility reflects the historical volatility in the price of the Company's shares over the expected life.

Restricted Share Unit Plan

The following table summarizes information related to RSUs for the years ended March 1, 2026 and March 2, 2025:

	March 1, 2026		March 2, 2025	
	Cash-settled	Equity-settled	Cash-settled	Equity-settled
Number of units				
Outstanding, at beginning of year	**1,046**	**1,074,896**	319,699	786,568
Granted	**11,236**	**316,388**	3,584	387,246
Settled and issued	**(12,282)**	**(294,957)**	(314,195)	(13,401)
Forfeited	**—**	**(86,976)**	(8,042)	(85,517)
Outstanding, at end of year	**—**	**1,009,351**	1,046	1,074,896
Additional information				
Fair value of RSU liability	**$ —**		$ 56	

The weighted average fair value of the grant price for the year ended March 1, 2026 was $78.07 (March 2, 2025 - $49.08).

Performance Share Unit Plan

The following table summarizes information related to PSUs for the years ended March 1, 2026 and March 2, 2025:

	March 1, 2026	March 2, 2025
Number of units		
Outstanding, at beginning of year	**550,644**	497,746
Granted	**145,966**	178,393
Settled and issued	**(34,741)**	(125,495)
Forfeited	**(20,953)**	—
Outstanding, at end of year	**640,916**	550,644
Vested but unissued PSUs, at end of year	**69,483**	—

The weighted average fair value of the grant price for the year ended March 1, 2026 was $75.14 (March 2, 2025 - $47.66).

Director Deferred Share Unit Plan

The following table summarizes information related to DSUs for the years ended March 1, 2026 and March 2, 2025:

	March 1, 2026	March 2, 2025
Number of units		
Outstanding, at beginning of year	**239,902**	232,207
Granted	**19,207**	31,973
Settled and issued	**(63,078)**	(24,278)
Outstanding, at end of year	**196,031**	239,902
Vested, at end of year	**196,031**	239,902
Additional information		
Fair value of DSU liability	**$ 23,677**	$ 15,986

The weighted average fair value of the grant price for the year ended March 1, 2026 was $91.73 (March 2, 2025 - $45.66).

14 Net income per share

Basic

	March 1, 2026	March 2, 2025
Net income attributable to shareholders of the Company	**$ 381,848**	$ 207,790
Weighted average number of shares outstanding during the period (thousands)	**115,037**	112,551
Basic net income per share	**$ 3.32**	$ 1.85

Diluted

		March 1, 2026		March 2, 2025
Net income attributable to shareholders of the Company	**$**	**381,848**	$	207,790
Weighted average number of shares for net income per diluted share (thousands)		**119,499**		116,731
Net income per diluted share	**$**	**3.20**	$	1.78

For the year ended March 1, 2026, 1,319,632 stock options and equity-settled RSUs and PSUs along with the Additional Shares were not included in the calculation of diluted net income per share as they were anti-dilutive or contingently issuable (March 2, 2025 – 1,503,091 stock options and equity-settled RSUs and PSU's along with the Additional Shares).

15 Net Revenue

Net revenue disaggregated for boutiques and Digital was as follows:

		March 1, 2026		March 2, 2025
Retail net revenue	**$**	**2,407,538**	$	1,787,084
Digital net revenue		**1,294,610**		951,028
Net revenue	**$**	**3,702,148**	$	2,738,112

16 Expenses by nature

		March 1, 2026		March 2, 2025

Interest and other income	**(13,186)**	(6,489)
Other expense (income)	**$ (49,468)**	$ (44,463)

17 Income taxes

Income tax expense

	March 1, 2026	March 2, 2025
Current period	**$ 130,437**	**$ 58,255**
Share-based compensation tax impacts recorded in equity	**4,599**	**—**
Adjustments with respect to prior years	**(994)**	**1,962**
Current tax expense	**134,042**	60,217
Origination and reversal of temporary differences	**(10,819)**	25,865
Changes in substantively enacted tax rates	**44**	320
Share-based compensation tax impacts recorded in equity	**14,283**	(1,628)
Adjustments with respect to prior years	**(2,640)**	(2,111)
Deferred tax expense	**$ 868**	$ 22,446
Income tax expense	**$ 134,910**	$ 82,663

Reconciliation of effective tax rate

The Company's income tax expense differs from that calculated by applying the combined substantively enacted Canadian federal and provincial statutory income tax rates for the years ended March 1, 2026 and March 2, 2025 of 26.7% and 26.8%, respectively, as follows:

	March 1, 2026	March 2, 2025
Income before income taxes	**$ 516,758**	$ 290,453
Expected income tax expense	**137,974**	77,841
Increase (decrease) in income taxes resulting from:		
Non-deductible stock-based compensation	**119**	5,313
Newly deductible stock-based compensation	**(3,509)**	—
Deductible stock-based compensation recognized through equity	**4,599**	—
Net non-taxable fair value adjustment of Share Adjustments	**(1,620)**	(2,025)
Foreign tax rate differences	**(18)**	977
Adjustments with respect to prior years	**(3,634)**	(149)
Change in substantively enacted tax rates	**132**	320
Other	**867**	386
Income tax expense	**$ 134,910**	$ 82,663

Deferred income tax

The tax effects of the significant temporary differences that comprise deferred tax assets and liabilities as at March 1, 2026 and March 2, 2025 are as follows:

	March 1, 2026	March 2, 2025
Leases	**$ 71,496**	$ 58,140
Deferred revenue	**13,482**	10,759
Net operating loss	**4,298**	10,197
Inventory	**13,562**	9,329
Accounts payable and accrued liabilities	**7,109**	5,280
Stock-based compensation	**18,843**	4,676
Financing and share issuance costs	**1,150**	1,003
Deferred lease incentives	**687**	926
Other	**2,003**	227
Deferred tax assets	**$ 132,630**	$ 100,537
Property and equipment	**$ 98,047**	$ 81,702
Goodwill and intangible assets	**35,296**	34,483
Other	**95**	162
Deferred tax liabilities	**$ 133,438**	$ 116,347
Net deferred tax assets (liabilities)	**$ (808)**	$ (15,810)

The net change in net deferred income tax assets (liabilities) is recorded as follows:

	March 1, 2026	March 2, 2025
Deferred tax expense (recovery) recorded in net income	**$ 868**	$ 22,446
Deferred tax recovery recorded in equity	**$ (16,443)**	$ (1,628)
Foreign currency translation adjustment on deferred taxes	**573**	(926)
Change in net deferred tax (assets) liabilities	**$ (15,002)**	$ 19,892

Of the deferred income tax balances, the Company expects $63.5 million of the deferred tax assets to be recovered within 12 months and $33.7 million of the deferred tax liabilities to be settled within 12 months.

The Company intends to indefinitely reinvest the undistributed earnings of its foreign subsidiaries; accordingly, the Company has not recorded a deferred tax liability on these earnings.

18 Segment information

The Company defines an operating segment on the same basis that it uses to evaluate performance internally and to allocate resources by the Chief Operating Decision Maker (the "CODM"). The Company has determined that the Chief Executive Officer together with the Founder, Executive Chair are its CODM and there is one operating segment. Therefore, the Company reports as a single segment. This includes all sales channels accessed by the Company's clients, including sales through the Company's Digital channels and sales at the Company's boutiques.

The following table summarizes net revenue by geographic location of the Company's clients:

	March 1, 2026	March 2, 2025
United States	**$ 2,275,431**	$ 1,581,821
Canada	**1,426,717**	1,156,291
Net revenue	**$ 3,702,148**	$ 2,738,112

The Company's non-current, non-financial assets (property and equipment, intangible assets, goodwill, and right-of-use assets) are geographically located as follows:

	March 1, 2026	March 2, 2025
United States	**$ 987,617**	$ 891,160
Canada	**887,054**	791,431
Non-current, non-financial assets	**$ 1,874,671**	$ 1,682,591

19 Commitments and contingencies

Product purchase obligations

At March 1, 2026, the Company had purchase obligations of $211.7 million (March 2, 2025 - $157.2 million), which represent commitments for fabric expected to be used during upcoming seasons, made in the normal course of business.

Letters of credit

At March 1, 2026, the Company had open letters of credit of $4.6 million (March 2, 2025 - $8.3 million).

20 Related party transactions

The Company is ultimately controlled by AHI Holdings Inc. and related entities which are controlled by the Founder and Executive Chair of the Company, Brian Hill.

During the year ended March 1, 2026, the Company made payments of $10.4 million (March 2, 2025 - $10.1 million) for lease of premises and management services and $1.1 million (March 2, 2025 - $1.5 million) for the use of assets and other operational items to companies, that are owned wholly or partially by Brian Hill. As at March 1, 2026, $0.3 million was included in accounts payable and accrued liabilities (March 2, 2025 - $0.6 million) and $0.8 million was included in other current assets for the lease of premises or for other operational items (March 2, 2025 - $0.8 million). As at March 1, 2026, the outstanding balance of lease liabilities owed to these companies was $70.0 million (March 2, 2025 - $40.5 million). These transactions were measured at the amount of consideration established at market terms.

Key management includes the Company's directors and executive team. Compensation awarded to key management includes:

	March 1, 2026	March 2, 2025
Salaries, directors' fees and short-term benefits	**$ 12,436**	$ 6,668
Stock-based compensation expense	**30,391**	18,369
Key management compensation	**$ 42,827**	$ 25,037

21 Supplemental cash flow information

The net change in non-cash working capital balances for the years ended March 1, 2026 and March 2, 2025 were as follows:

	March 1, 2026	March 2, 2025
Accounts receivable	**$ 44**	$ (3,934)
Inventory	**(125,202)**	(29,290)
Other current assets	**2,324**	(6,070)
Other assets	**(1,120)**	923
Accounts payable and accrued liabilities	**274,287**	18,514
Deferred revenue	**38,347**	24,030
Net change in non-cash working capital balances	**$ 188,680**	$ 4,173
Accrued purchases of property and equipment	**$ 41,047**	$ 40,681
Accrued purchases of intangible assets	**$ 96**	$ 1,274

22 Financial risk management

The Company is exposed to a variety of financial risks in the normal course of operations including currency, equity price, credit and liquidity risk, as summarized below. The Company's overall risk management program and business practices seek to minimize any potential adverse effects on the Company's consolidated financial performance.

Risk management is carried out under practices approved by the Company's Audit Committee. This includes reviewing and making recommendations to the Board on the adequacy of the Company's risk management policies and procedures with regard to identifying the Company's principal risks and implementing appropriate systems and controls to manage these risks. Risk management covers many areas of risk including, but not limited to, foreign exchange risk, interest rate risk, equity price risk, credit risk and liquidity risk.

Market risk

Currency risk

The Company is exposed to foreign exchange risk on foreign currency denominated transactions, monetary assets and liabilities denominated in a foreign currency, and net investments in foreign operations. The Company sources the majority of its raw materials and merchandise from various suppliers in Asia and Europe with the vast majority of purchases denominated in U.S. dollars. In addition, the Company operates boutiques in the United States. The Company's foreign exchange risk is primarily with respect to the U.S. dollar and the Company has limited exposure to other currencies. Foreign currency forward contracts are used from time to time to mitigate risks associated with forecasted U.S. dollar merchandise purchases sold in Canada. The Company did not utilize foreign currency forward contracts during the year ended March 1, 2026.

As at March 1, 2026, a $0.05 variation in the Canadian dollar against the U.S. dollar on net monetary accounts in U.S. dollars would, with all other variables being constant, have an approximate favourable (or unfavourable) impact of $3.3 million on net income.

Interest rate risk

The Company has a revolving credit facility, revolving line of credit and uncommitted revolving demand credit facility which provide available borrowings in an amount up to $300.0 million, US$10 million and $5 million, respectively. Because these facilities bear interest at variable rates, the Company is exposed to market risks relating to changes in interest rates on outstanding balances. As at March 1, 2026, no advances were made under the revolving credit facility, revolving line of credit and uncommitted revolving demand credit facility.

Equity price risk

The Company is exposed to risk arising from cash-settled RSUs and DSUs and open market-settled RSUs and PSUs, if applicable, as an appreciating SVS price increases the potential value of the settlement. The Company records a liability for the potential future settlement of our cash-settled deferred and restricted share units by reference to the fair value of the liability. The Company uses equity derivative contracts (total return swaps) to offset the variability of the Company's share prices associated with the settlement of the Company's cash-settled deferred and restricted share units and open market-settled RSUs and PSUs. The Company only enters into equity derivative contracts with major financial institutions. As at March 1, 2026, an increase (or decrease) in the Company’s share price by $1.00 would result in an increase (or decrease) of $0.8 million in the fair value of the liability and derivative asset.

Credit risk

Credit risk is the risk of an unexpected loss if a counterparty to a financial instrument fails to meet its contractual obligations. Financial instruments that potentially subject the Company to credit risk consist of cash and cash equivalents, accounts receivable, and derivative contracts used to hedge market risks. The Company offsets credit risks associated with cash and cash equivalents by depositing its cash and cash equivalents with major financial institutions that have been assigned high credit ratings by internationally recognized credit rating agencies. The Company is exposed to credit risk on accounts receivable from its landlords for tenant allowances. To reduce this risk, the Company enters into leases with landlords with established credit history and, for certain leases, the Company may offset rent payments until accounts receivable are fully satisfied. The Company only enters into derivative contracts with major financial institutions.

Liquidity risk

Liquidity risk is the risk that the Company cannot meet a demand for cash or fund its obligations as they come due. Liquidity risk also includes the risk of not being able to liquidate assets in a timely manner at a reasonable price. The Company manages liquidity risk through various means, including monitoring actual and projected cash flows, taking into account the seasonality of its revenue, income, working capital and capital expenditure needs. The Company’s revolving credit facility and the revolving line of credit are used to maintain liquidity. As at March 1, 2026 and March 2, 2025, no advances were made under the revolving credit facility, revolving line of credit and uncommitted revolving demand credit facility. As at March 1, 2026, the Company also has letters of credit facilities of CAD$30.0 million and US$25.0 million (March 2, 2025 – CAD$30.0 million and US$25.0 million), of which $4.6 million of letters of credit were outstanding (March 2, 2025 – $8.3 million).

The following table summarizes the undiscounted contractual maturities of the Company’s financial liabilities as at March 1, 2026:

	Less than 1 year	1 to 5 years	More than 5 years	Total
Accounts payable and accrued liabilities	$ 564,586	$ —	$ —	$ 564,586
Lease liabilities	161,324	621,797	494,363	1,277,484
Total	$ 725,910	$ 621,797	$ 494,363	$ 1,842,070

23 Capital management

The Company's objectives when managing capital are to:

- ensure sufficient liquidity to enable the financing of capital projects thereby facilitating its growth;
- provide a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business; and
- maintain a flexible capital structure that optimizes the cost of capital at an acceptable risk and preserves the ability to meet financial obligations.

The Company defines capital as its revolving credit facility, revolving line of credit and shareholders' equity. The Company's primary uses of capital are to finance increases in non-cash working capital along with capital expenditures for new boutique additions, existing boutique expansion and renovation projects, other infrastructure investments, and when deemed appropriate, repurchases of the SVS under an existing NCIB or through the trust for the RSU and PSU equity-settled plans to facilitate the purchase of shares for future settlement upon vesting of RSU and PSU grants. The Company currently funds these requirements out of its internally generated operating cash flows.

The Company is subject to financial covenants and collateral pursuant to its revolving credit facility presented in note 10.

24 Subsequent event

NCIB

On May 7, 2026, the Company's Board of Directors approved the Company's intention to file with the TSX its notice of intention to proceed with an NCIB ("2026 NCIB"), which, if accepted by the TSX, would permit the Company to purchase for cancellation up to 5% of the public float of the Company's issued and outstanding SVS. Subject to TSX acceptance, the Company anticipates the 2026 NCIB commencing on our about May 13, 2026, and in any event, at least two days after the TSX acceptance of the 2026 NCIB. The exact amount of subordinate voting shares subject to the 2026 NCIB will be determine on the date of acceptance of the notice of intention by the TSX. In connection with the 2026 NCIB, the Company may also enter into an automatic share purchase plan (the "2026 ASPP") with a designated broker for the purpose of permitting the Company to purchase its SVS under the 2026 NCIB during predetermined blackout periods. The 2026 ASPP would terminate upon the termination of the 2026 NCIB.
