2018 MANAGEMENT INFORMATION CIRCULAR

THIS MANAGEMENT INFORMATION CIRCULAR (THE “CIRCULAR”) IS FURNISHED IN CONNECTION WITH THE SOLICITATION BY MANAGEMENT OF NICKEL CREEK PLATINUM CORP. (“Nickel Creek Platinum”, “Nickel Creek” or the “Company”) of proxies to be used at the annual general meeting of shareholders (the “Meeting”) and any adjournment thereof, to be held at the offices of Cassels Brock & Blackwell LLP, which are located at Suite 2100, Scotia Plaza, 40 King Street West, Toronto, Ontario at 11:00 a.m. (Eastern Daylight Time) on June 28, 2018, for the purposes set forth in the enclosed Notice of Meeting.

Unless otherwise stated, all information in this Circular is current as of May 17, 2018. All dollar figures are in Canadian dollars, except as noted.

This Circular is being mailed on May 29, 2018 with a proxy or voting instruction form, in accordance with applicable laws.

NOTICE AND ACCESS PROCESS

The Company is using the notice and access model (“**Notice and Access**”) provided under National Instrument 54–101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* (“**NI 54-101**”) for the delivery of the notice of Meeting, this Circular, the audited consolidated annual financial statements of Nickel Creek Platinum for the year ended December 31, 2017 and the accompanying management’s discussion and analysis (“**MD&A**”) thereon (collectively, the “**Meeting Materials**”) to the shareholders of the Company (the “**Shareholders**”) of record on May 11, 2018. The Company has adopted the Notice and Access delivery model in order to further the Company’s commitment to environmental sustainability and to reduce printing and mailing costs.

Under Notice and Access, instead of receiving printed copies of the Meeting Materials, Shareholders receive a Notice and Access notification containing details regarding the date, location and purpose of the Meeting, as well as information on how they can access the Meeting Materials electronically. Shareholders with existing instructions on their account to receive printed materials will receive a printed copy of the Meeting Materials.

Requesting Printed Meeting Materials

Shareholders can request that printed copies of the Meeting Materials be sent to them by postal delivery at no cost to them for up to one year from the date of the filing of this Circular on SEDAR.

Registered Shareholders (as defined below) may make their request by telephone at 1.800.517.4758 or by e-mail: info@nickelcp.com. A Registered Shareholder is a Shareholder whose name appears on the share certificate (each, a “**Registered Shareholder**”).

Non-Registered Shareholders (as defined below) may make their request online at www.proxyvote.com or by telephone at 1.877.907.7643 by entering the 16-digit control number located on their voting instruction form and following the instructions provided.

To receive printed copies of the Meeting Materials in advance of the proxy deposit deadline date and the date of the Meeting, Nickel Creek Platinum must receive requests for printed copies at least seven business days in advance of the proxy deposit deadline date and time.

GENERAL PROXY INFORMATION

Solicitation of Proxies

Proxies will be solicited primarily by mail and may also be solicited personally or by telephone or any form of electronic communication by the employees, directors and/or officers of Nickel Creek Platinum, as applicable, at nominal cost. The cost of solicitation will be borne by the Company.

The Company may also pay any reasonable costs incurred by persons who are the registered but not beneficial owners of the common shares in the capital of Nickel Creek Platinum (the “**Shares**”) (such as brokers, dealers, other registrants under applicable securities laws, nominees and/or custodians) in sending or delivering copies of this Circular, the Notice of Meeting and form of proxy (the “**Proxy**”) to the beneficial owners of such Shares. The Company will provide, without cost to such persons, upon request to the Chief Financial Officer of Nickel Creek Platinum, additional copies of the foregoing documents required for this purpose.

No person is authorized to give any information or to make any representation concerning the Meeting other than those contained in this Circular and, if given or made, such information or representation should not be relied upon as having been authorized.

Appointment of Proxies

The persons named in the accompanying Proxy are directors and/or officers of Nickel Creek Platinum. **A Shareholder desiring to appoint some other person or company (who need not be a Shareholder) to represent the Shareholder at the Meeting has the right to do so, either by striking out the names of those persons named in the accompanying Proxy and inserting the desired person’s name in the blank space provided in the Proxy or by completing another proper form of proxy. A Registered Shareholder wishing to be represented by Proxy at the Meeting, in all cases, must deposit the completed Proxy with Nickel Creek’s registrar and transfer agent, Computershare Investor Services Inc., Proxy Dept. 100 University Avenue, 9th Floor, Toronto, Ontario M5J 2Y1 (“Computershare”).** To be effective, a Proxy must be received not later than 48 hours (excluding Saturdays, Sundays and holidays) preceding the time of the Meeting at which the Proxy is to be used or, if adjourned, any reconvening thereof. A Proxy must be executed by the Shareholder or his or her attorney duly authorized in writing or, if the Shareholder is a corporation, by an officer or attorney thereof duly authorized.

Non-Registered Shareholders

Only Registered Shareholders or duly appointed proxyholders are permitted to vote at the Meeting. Most Shareholders of the Company are “Non-Registered” Shareholders because the Shares they own are not registered in their names but are instead registered in the name of the brokerage firm, bank or trust company through which they purchased the Shares. More particularly, a person is not a Registered Shareholder in respect of Shares which are held on behalf of the person (the “**Non-Registered Shareholder**”) but which are registered either: (a) in the name of an intermediary (an “**Intermediary**”) that the Non-Registered Shareholder deals with in respect of the Shares (Intermediaries include, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans); or (b) in the name of a clearing agency (such as the Canadian Depository for Securities Limited (“**CDS**”)) of which the Intermediary is a participant. In accordance with the requirements of NI 54-101, the Company has distributed copies of the Meeting Materials to the clearing agencies and Intermediaries for onward distribution to Non-Registered Shareholders.

Intermediaries are required to forward the Meeting Materials to Non-Registered Shareholders unless a Non-Registered Shareholder has waived the right to receive them. Very often, Intermediaries will use service

companies to forward the Meeting Materials to Non-Registered Shareholders. The Company does not intend to pay for the Intermediaries to deliver the Notice and Access notification or Meeting Materials to Non-Registered Shareholders who have waived the right to receive them and, as a result, such Non-Registered Shareholders will not be sent paper copies of such Notice and Access notification or Meeting Materials unless their Intermediary assumes the costs.

Generally, Non-Registered Shareholders who have not waived the right to receive Meeting Materials will have received, as part of the Meeting Materials, a voting instruction form which must be completed, signed and delivered by the Non-Registered Shareholder in accordance with the directions on the voting instruction form. Voting instruction forms sent by Computershare permit the completion of the voting instruction form by telephone or through the Internet at www.proxyvotecanada.com.

The purpose of this procedure is to permit Non-Registered Shareholders to direct the voting of the Shares that they beneficially own. Should a Non-Registered Shareholder who receives one of the above forms wish to vote at the Meeting in person (or have another person attend and vote on behalf of the Non-Registered Shareholder), the Non-Registered Shareholder should follow the instructions on the voting form to indicate that it (or such other person) will attend and vote at the Meeting. **Non-Registered Shareholders should carefully follow the instructions contained in the voting instruction form of their Intermediaries and their service companies and contact them directly with any questions regarding the voting of Shares owned by them.**

Revocation of Proxies

A Registered Shareholder who has given a Proxy may revoke it insofar as it has not been exercised. A Proxy may be revoked by instrument in writing executed by the Registered Shareholder or by his attorney authorized in writing or, if the Registered Shareholder is a company, under its corporate seal by an officer or authorized attorney thereof, indicating the capacity under which such officer or attorney is signing and deposited at the registered office of Nickel Creek Platinum at Suite 2200 – HSBC Building, 885 West Georgia Street, Vancouver, British Columbia, V6C 3E8, at any time not less than 48 hours (excluding Saturdays, Sundays and holidays) preceding the time of the Meeting at which the Proxy is to be used, or, if adjourned, any reconvening thereof. A Proxy may also be revoked in any other manner permitted by law. A Registered Shareholder attending the Meeting has the right to vote in person and, if he or she does so, his or her Proxy is nullified with respect to the matters such person votes upon and any subsequent matters thereafter to be voted upon at the Meeting. **Only Registered Shareholders have the right to revoke a Proxy. Non-Registered Shareholders who wish to change their vote must, at least seven days before the Meeting, arrange for their respective Intermediaries to change their vote and if necessary change their decision to attend and vote at the Meeting. A revocation of a Proxy does not affect any matter on which a vote has been taken prior to the revocation.**

Exercise of Discretion by Proxies

Shares represented by properly executed Proxies given in favour of the persons designated in the printed portion of the accompanying Proxy at the Meeting will be voted or withheld from voting in accordance with the instructions contained therein on any ballot that may be called for and, if a Shareholder specifies a choice with respect to any matter to be acted upon at the Meeting, the Shares represented by the Proxy shall be voted accordingly. **Where no choice is specified, the Proxy will confer discretionary authority and will be voted in favour of each matter for which no choice has been specified.**

The enclosed Proxy when properly completed and delivered and not revoked also confers discretionary authority upon the person appointed proxy thereunder to vote with respect to any amendments or variations of matters identified in the Notice of Meeting and with respect to other matters which may

properly come before the Meeting. At the time of printing this Circular, management of Nickel Creek Platinum knows of no such amendments, variations or other matters to come before the Meeting. However, if any other matters which are not known to the management of Nickel Creek Platinum should properly come before the Meeting, the Shares represented by proxies given in favour of management nominees will be voted in accordance with the best judgment of the nominee.

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

No Person who is or has been a director or executive officer of Nickel Creek Platinum at any time since the commencement of the Company's last financial year or any proposed nominee of management for election as a director of Nickel Creek Platinum, nor any associate or affiliate of the foregoing persons or companies has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in matters to be acted upon at the Meeting, except as disclosed in this Circular. For the purpose of this paragraph, "Person" shall include each person: (a) who has been a director or executive officer of the Company at any time since the beginning of the Company's last financial year; or (b) who is an associate or affiliate of a person included in subparagraph (a).

VOTING SECURITIES AND PRINCIPAL HOLDERS OF VOTING SECURITIES

As of the Record Date (defined below) there were 236,569,139 Shares issued and outstanding, each Share carrying the right to one vote. The Company has no other classes of voting securities.

The board of directors of Nickel Creek Platinum (the "**Board**" or the "**Board of Directors**") has set May 11, 2018 as the record date (the "**Record Date**") for the determination of Shareholders entitled to vote at the Meeting. Only Shareholders of record at the close of business on the Record Date who either personally attend the Meeting or have completed and delivered a Proxy in the manner and subject to the provisions described above shall be entitled to vote or to have their Shares voted at the Meeting.

The Articles of the Company (the "**Articles**") provide that the quorum for the transaction of business at a meeting of Shareholders is two persons present who are, or represent by proxy, Shareholders holding, in the aggregate, at least five percent of the issued and outstanding Shares entitled to vote at the Meeting. Except as otherwise stated in this Circular, a simple majority of the votes cast at the Meeting, whether in person, by Proxy or otherwise, will constitute approval of any matter submitted.

On a show of hands, every individual who is present as a Registered Shareholder or as a representative of a Registered Shareholder will have one vote (no matter how many Shares such Registered Shareholder holds). On a poll, every Registered Shareholder present in person or represented by a Proxy, and every person who is a representative of a Registered Shareholder, will have one vote for each Share registered in the name of the Registered Shareholder on the list of Registered Shareholders, which is available for inspection during normal business hours at Computershare and at the Meeting. Registered Shareholders represented by proxyholders are not entitled to vote on a show of hands.

To the knowledge of the Board of Directors and executive officers of the Company, the only persons that beneficially own, or control or direct, directly or indirectly, Shares carrying 10% or more of the voting rights attached to all outstanding Shares, and the approximate number of Shares so owned, controlled or directed, and the percentage of voting shares of the Company represented by such Shares, are as follows:

Name of Shareholder	Number of Shares	Percentage of issued and outstanding Shares
Electrum Strategic Opportunities Fund L.P. (“ Electrum ”)	61,101,604 ⁽¹⁾	25.8%
Resource Capital Fund VI L.P. (“ RCF ”)	26,237,725 ⁽¹⁾	11.1%

(1) Based on information extracted from insider reports filed by insiders and made publicly available on the Canadian System for Electronic Disclosure by Insiders.

The Shares are listed on the Toronto Stock Exchange (“**TSX**”) under the symbol “NCP” and the OTC-QX market in the United States (“US”) under the symbol “NCPCF”.

STATEMENT OF EXECUTIVE COMPENSATION

In accordance with the provisions of applicable securities legislation, the Company had four “Named Executive Officers” (“**NEOs**”) during the financial year ended December 31, 2017, namely: (i) Diane R. Garrett, President and Chief Executive Officer (“**CEO**”); (ii) Joe Romagnolo, Senior Vice President and Chief Financial Officer (“**CFO**”); (iii) Heather White, Senior Vice President and Chief Operating Officer (“**COO**”); and (iv) Graeme Jennings, Vice President Corporate Development & Investor Relations (“**IR**”). Set out below are particulars of compensation paid to the NEOs of the Company.

Compensation Discussion and Analysis

Compensation philosophy, objectives and process

The primary goal of the Company’s executive compensation process is to attract and retain the key executives necessary for the Company’s long-term success, to encourage executives to further the development of the Company and its operations, and to motivate top quality and experienced executives. The Board meets to discuss and determine management compensation, with reference to relevant objectives, criteria and analysis. The general objectives of the Company’s compensation strategy are to:

- *compensate management in a manner that encourages and rewards a high level of performance and results with a view to increasing long-term Shareholder value;*
- *align management’s interests with the long-term interests of Shareholders;*
- *provide a compensation package that is commensurate with other comparable mineral exploration/development stage companies to enable us to attract and retain talent; and*
- *ensure that the total compensation package is fair and reasonable and is designed in a manner that takes into account the fact that the Company is a mineral exploration company without a history of earnings.*

The Board relies on (i) the experience of its members, as officers and directors with other mining companies, (ii) public compensation data, and (iii) periodically, the expertise of compensation consulting firms in assessing compensation levels and ensuring that the Company’s practices are in line with other comparable companies. For additional information, see “Statement of Corporate Governance Practices – Compensation Committee”.

Compensation for NEOs is composed primarily of three components: base salary, annual incentives and long-term incentives, principally in the form of stock options (“**Options**”) and/or stock appreciation rights (“**SARs**”).

There are no formal policies regarding cash and non-cash elements of the Company's compensation program. The Board is of the view that all elements should be considered, rather than any single element. The Company does not currently provide the executive officers with personal benefits and does not provide any additional compensation to NEOs for serving on the Board.

Share-based Awards

The Company operates in a competitive environment and its performance depends on the quality of its employees. The Compensation Committee of the Board (the "**Compensation Committee**") has the responsibility to administer compensation policies related to executive management of the Company, including share-based awards.

All share-based awards granted by the Company are issued under, and governed by, the Company's share-based compensation plan, which was initially approved by Shareholders on December 17, 2013 and subsequently approved on September 25, 2015, September 27, 2016 and June 29, 2017 (the "**Share-Based Compensation Plan**"). Awards under the Share-Based Compensation Plan provide an additional incentive to work toward long-term Company performance. See "Securities Authorized for Issuance under Equity Compensation Plan – Description of Share-Based Compensation Plan" below.

Executive compensation is based upon the need to provide a compensation package that will allow the Company to attract and retain qualified and experienced executives, balanced with a pay-for-performance philosophy. Under the Share-Based Compensation Plan, share-based awards are granted based on the level of responsibility of the executive, as well as his or her expected contribution to the longer-term operating performance of the Company. Performance-based criteria may include (but are not limited to): the completion of major milestones with respect to technical work on the Company's core nickel-copper-platinum group metals-cobalt project located in the Yukon (the "**Nickel Shāw Project**"); financing transactions; implementation of policies, practices and procedures aimed at enhancing Company-wide risk management; and managing relationships with key community constituents.

In determining the number of share-based awards to be granted to the executive officers, the Board (after receiving recommendations of the Compensation Committee) takes into account the number of share-based awards, if any, previously granted to each executive officer and the exercise price of any outstanding share-based awards to ensure that such grants comply with the policies of the TSX and closely align the interests of the executive officers with the interests of the Shareholders.

Risk Assessment and Oversight

As is commensurate with companies of a similar size and at a similar stage of exploration and development, during the Company's financial year ended December 31, 2017, the Board did not consider the implications of the risks associated with the Company's compensation policies and practices.

Prohibitions on Hedging and Speculation

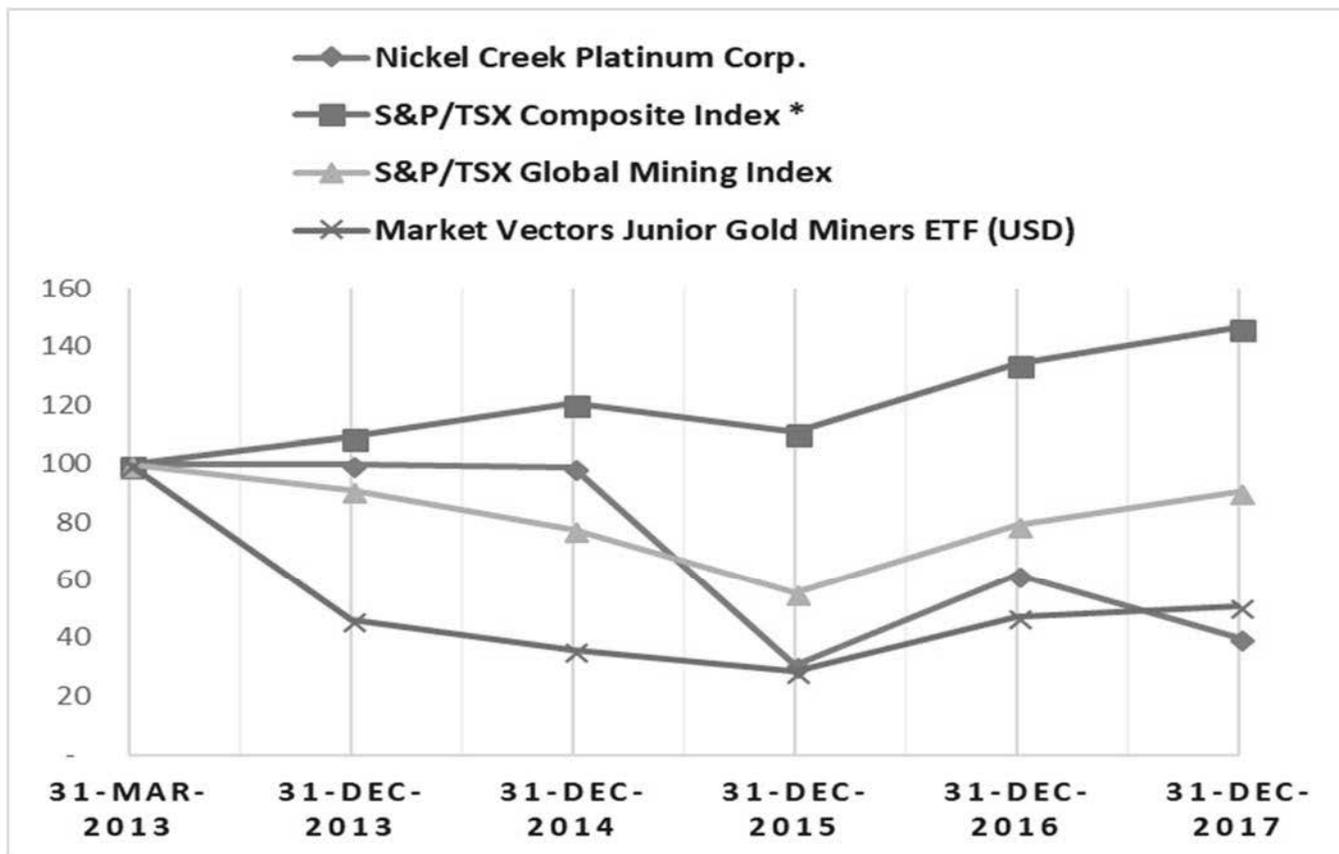

NEOs and directors of the Company are not permitted to purchase financial instruments such as options, equity swaps, collars, or units of exchange funds that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the NEO or director. Other restrictions on trading under the Company's share trading policy include a prohibition on short-term speculation and a restriction on the number of Shares of the Company that can be sold by Company personnel in any one day. Company personnel are required to advise the CEO (or a person designated by the CEO) whenever he or she intends to trade, directly or indirectly, in the Company's securities.

Performance Graph

The following graph compares the cumulative total Shareholder return for \$100 invested in Shares of Nickel Creek Platinum from April 1, 2013 to December 31, 2017 (the Company's five most recently completed

financial years) against the cumulative total shareholder return of the S&P/TSX Composite Index, the S&P/TSX Global Mining Index and the Market Vectors Junior Gold Miners ETF (USD) for the same period, assuming the reinvestment of all dividends.

Cumulative Value of \$100 investment from April 1, 2013 to December 31, 2017

During the five-year period described above, compensation paid to the Company NEOs has remained relatively flat, other than with respect to variances resulting from changes in the Black Scholes values related to Option and SARs grants and to the severance payments made to the Company's former NEOs, demonstrating alignment of executive compensation with the Company's performance during this period.

NEOs: Incentive Plan Awards – Outstanding Option-Based Awards

The following table sets forth details regarding the option-based awards for each NEO as at December 31, 2017, including awards granted before the most recently completed financial year.

Name	Option-based Awards			Aggregate value of unexercised in-the-money SARs ⁽²⁾ (\$)
	Number of securities underlying unexercised SARs	SARs exercise price ⁽¹⁾ (\$)	SARs expiration date	
Diane R. Garrett	960,000	\$0.40	June 29, 2021	Nil
	2,096,240	\$0.315	March 28, 2022

Graeme Jennings	272,280	\$0.28	August 15, 2022	Nil

- (1) In accordance with the terms of the Share-Based Compensation Plan, the exercise price of SARs is the market value of the Shares on the TSX on the last trading day prior to the date of grant.
- (2) The value of the unexercised SARs is calculated based on the difference between the market value of the Shares underlying the SARs at December 31, 2017, which was \$0.275, and the exercise price of the SARs.

NEOs: Incentive Plan Awards – Value Vested or Earned During the Year

The following table sets forth details of the value vested or earned for all incentive plan awards during 2017 by each NEO.

Name	Option-based awards – value vested during the year ⁽¹⁾ (\$)	Share-based awards – value vested during the year (\$)	Non-equity incentive plan compensation – value earned during the year (\$)

Joe Romagnolo	Nil	N/A	90,000
Heather White	Nil	N/A	28,000
Graeme Jennings	Nil	N/A	21,000

- (1) The value vested during the year is calculated on the assumption that the NEO exercised the SARs on the date they vested. The value is calculated as the difference between the market price of the Shares on such date and the exercise price of the SARs.

There was no re-pricing of Options or SARs under the Share-Based Compensation Plan or otherwise during the financial year ended December 31, 2017.

Vesting restrictions

Except as determined from time to time by the Compensation Committee, all Options will cease to vest as at the date upon which the Participant ceases to be an Eligible Person (which, in the case of an employee or consultant of the Company or its subsidiaries, will be the date on which active employment or engagement, as applicable, with the Company or its subsidiaries terminates, specifically without regard to any period of reasonable notice nor any salary continuance).

Notwithstanding the above, in the event of the death of a Participant prior to the Participant ceasing to be an Eligible Person, all Options of such Participant will become immediately vested.

Term of Options and causes of cessation

Subject to the requirements of the TSX, each Option will expire (the “**Option Expiry Date**”) on the earlier of:

- (a) the date determined by the Compensation Committee and specified in the option agreement pursuant to which such Option is granted, provided that such date may not be later than the earlier of: (i) the 10th anniversary of the date on which such Option is granted, and (ii) the latest date permitted under the applicable rules and regulations of all regulatory authorities to which the Company is subject, including the TSX;
- (b) in the event the Participant ceases to be an Eligible Person for any reason, other than the death of the Participant or the termination of the Participant for cause, such period of time after the date on which the Participant ceases to be an Eligible Person as may be specified by the Compensation Committee, which date must not exceed 90 days following the termination of the Participant's employment with the Company, or, in the case of Options granted to a director, officer or consultant, 90 days following the Participant ceasing to be a director, officer or a consultant, unless the Compensation Committee otherwise determines (provided that in no circumstances will the date exceed one year from the date of termination of the Participant's employment with the Company, or the date the Participant ceased to be a director, officer or a consultant, as applicable) and which period will be specified in the applicable Option agreement with respect to such Option;
- (c) in the event of the termination of the Participant as an officer, employee or consultant of the Company or a subsidiary for cause, the date of such termination;
- (d) in the event that a director is subject to any order, penalty or sanction by an applicable securities regulatory authority which relates to such director's activities in relation to the Company, and the Compensation Committee determines that such director's Options should be cancelled, the date of such determination;
- (e) in the event of the death of a Participant prior to (i) the Participant ceasing to be an Eligible Person, or (ii) the date which is the number of days specified by the Compensation Committee pursuant to subparagraph (b) above from the date on which the Participant ceased to be an Eligible Person, the date which is one year after the date of death of such Participant or such earlier date as may be specified by the Compensation Committee and which period will be specified in the option agreement with the Participant with respect to such Option; and
- (f) notwithstanding the foregoing provisions of subparagraphs (b), (c) and (d) above, the Compensation Committee may, subject to the Share-Based Compensation Plan and to regulatory approval, at any time prior to expiry of an Option, extend the period of time within which an Option may be exercised by a Participant who has ceased to be an Eligible Person, but such an extension must not be granted beyond the earlier to occur of (i) the date that is one year from the date such extension was granted, and (ii) the original expiry date of the Option as provided for in subparagraph (a) above.

The Compensation Committee has the authority, subject to the limitations described under the heading "Maximum Award Grant" above, to issue, or reserve for issuance, for no cash consideration, to any Eligible Person, as a discretionary bonus, any number of Shares ("**Bonus Shares**") as the Compensation Committee may determine. The deemed price at which such Bonus Shares are issued will be equal to the most recent closing price of the Shares on the TSX immediately prior to the grant of the Bonus Shares. The obligation of the Company to issue and deliver any Bonus Shares pursuant to an Award will be subject to receipt of all necessary approvals of any applicable securities regulatory authority and the TSX.

Stock Appreciation Rights

Grant of SARs and SAR Exercise Price

The Compensation Committee has the authority, subject to the limitations contained in the Share-Based Compensation Plan, to grant to any Eligible Person (a) SARs in tandem with a related Option or as an addition to a previously granted and outstanding Option (“**Tandem SARs**”); and (b) free-standing SARs that are not Tandem SARs (“**Free-Standing SARs**”), with the specific terms and conditions thereof to be as provided in the Share-Based Compensation Plan and in the award agreement entered into in respect of such grant.

The exercise price per Share under each SAR (“**SAR Exercise Price**”) will be determined by the Compensation Committee, in its sole discretion, provided that such price may not be less than the trading price at which the Shares traded on the TSX as of the close of market on the day immediately prior to the grant date. The SAR Exercise Price for each Tandem SAR will be equal to the exercise price of the related Option.

Exercise of SARs

Tandem SARs may be exercised for all or part of the Shares subject to the related Option upon the surrender of the right to exercise the equivalent portion of the related Option. A Tandem SAR will be exercisable only when and to the extent the related Option is exercisable and may be exercised only with respect to the Shares for which the related Option is then exercisable. A Tandem SAR will entitle a Participant to elect, in the manner set forth in the Share-Based Compensation Plan and the applicable Option agreement entered into in respect of such grant, in lieu of exercising his or her unexercised related Option for all or a portion of the Shares for which such Option is then exercisable pursuant to its terms, to surrender such Option to the Company with respect to any or all of such Shares and to receive from the Company in exchange therefor a payment described below. An Option with respect to which a Participant has elected to exercise a Tandem SAR will, to the extent of the Shares covered by such exercise, be cancelled automatically and surrendered to the Company. Such Option will thereafter remain exercisable according to its terms only with respect to the number of Shares as to which it would otherwise be exercisable, less the number of Shares with respect to which such Tandem SAR has been so exercised.

A Free-Standing SAR may be exercised upon whatever terms and conditions the Compensation Committee in its sole discretion, in accordance with the Share-Based Compensation Plan, determines and sets forth in the SAR agreement entered into in respect of such grant.

Upon exercise, a SAR will entitle the Participant to receive payment from the Company in an amount determined on the following basis:

$$\text{Payment} = \text{Number of Stock Appreciation Rights} \times (\text{Current Market Price} - \text{SAR Exercise Price}), \text{ less the deduction of any applicable withholding taxes (the "Share Premium")} / \text{Current Market Price}$$

The Share Premium will be paid and satisfied by the Company issuing Shares, the number of which will be calculated by dividing the Share Premium by the Current Market Price of the Shares on the exercise date.

“**Current Market Price**” means in respect of SARs which are exercised: (i) the closing price of the Shares on the TSX on the date the notice of exercise in respect thereof is received by the Company, if such day is a trading day and the notice of exercise is received by the Company after regular trading hours; or (ii) the closing price of the Shares on the TSX on the trading day immediately prior to the date the notice of exercise in respect thereof is received by the Company, if the notice of exercise is received by the Company during regular trading hours, or on a non-trading day.

Terms of SARs

The term of a SAR will be, subject to the requirements of the TSX, determined by the Compensation Committee, in its sole discretion, provided that no SAR will be exercisable later than the tenth (10th)

anniversary of its grant date (the “**SAR Expiry Date**”), provided that the SAR Expiry Date will be accelerated in the same manner as the Option Expiry Date pursuant to the Share-Based Compensation Plan.

Except as determined from time to time by the Compensation Committee or in the event of death, all SARs will cease to vest as at the date upon which the Participant ceases to be an Eligible Person which, in the case of an employee or consultant of the Company or its subsidiaries, will be the date on which active employment or engagement, as applicable, with the Company or its subsidiaries terminates, specifically without regard to any period of reasonable notice or any salary continuance).

In the event of the death of a Participant prior to the Participant ceasing to be an Eligible Person, all SARs of such Participant will become immediately vested.

Deferred Share Units

Grant of DSUs

The Share-Based Compensation Plan allows for the grant of DSUs to any Eligible Person with the specific terms and conditions thereof to be as provided in the Share-Based Compensation Plan and in the DSU agreement entered into in respect of such grant. Each DSU will be equivalent in value to a Share. The number of DSUs granted at any particular time will be calculated to the nearest thousandths of a DSU, determined by dividing (a) the dollar amount of compensation payable in DSUs by (b) the DSU Fair Market Value (as defined in the Share-Based Compensation Plan) on the grant date.

Redemption of DSUs

Each Participant is entitled to redeem his or her DSUs during the period commencing on the business day immediately following the Separation Date (as defined in the Share-Based Compensation Plan) and ending on the 90th day following the Separation Date by providing a written notice of redemption to the Company. In the event of death of a Participant, the notice of redemption will be filed by the legal representative of the Participant. If the Participant is a U.S. Participant (as defined in the Share-Based Compensation Plan), redemption of such Participant’s DSUs will be in accordance with the provisions of the Share-Based Compensation Plan applicable to U.S. Participants.

On the date of redemption, the Participant will be entitled to receive, and the Company will issue or provide: (a) subject to the limitations described under the heading “Maximum Award Grant” above, a number of Shares issued from treasury equal to the number of DSUs in the Participant’s account on the Separation Date, subject to any applicable deductions and withholdings; (b) subject to and in accordance with any applicable law, a number of Shares purchased by an independent administrator in the open market for the purposes of providing Shares to Participants equal in number to the DSUs in the Participant’s account, subject to any applicable deductions and withholdings; (c) the payment of a cash amount to a Participant equal to the number of DSUs multiplied by the DSU Fair Market Value on the Separation Date, subject to any applicable deductions and withholdings; or (d) any combination of the foregoing, as determined by the Company, in its sole discretion.

Additional Terms of DSUs

Additional provisions relating to DSUs include, among other things:

- (a) At the option of the Compensation Committee in its sole discretion, the Compensation Committee may provide a Participant with the ability to elect to receive in DSUs all or part of his or her compensation that is otherwise payable in cash (with the balance, if any, being paid in cash). If such an election is made available to a Participant, the Compensation Committee will provide a Participant written notice, specifying the portion of his or her compensation to which the election applies and the procedures for validly exercising such election.

- (b) Subject to the absolute discretion of the Compensation Committee, except to the extent provided otherwise in the DSU agreement, in the event that a dividend (other than a stock dividend) is declared and paid by the Company on the Shares, a Participant may be credited with additional DSUs. The number of such additional DSUs, if any, will be calculated by dividing (a) the total amount of the dividends that would have been paid to the Participant if the DSUs in the Participant's account on the dividend record date had been outstanding Shares (and the Participant held no other Shares), by (b) the DSU Fair Market Value of the Shares on the date on which such dividends were paid.

Performance Share Units

The Compensation Committee has the authority, subject to the limitations described under the heading "Maximum Award Grant" above and to the paragraphs below, to grant performance share units of the Company ("PSUs") to any Eligible Person with the specific terms and conditions to be as provided in the Share-Based Compensation Plan and in the PSU agreement entered into in respect of such grant. The PSU agreement in respect of the PSUs granted will set out, at a minimum, the number of PSUs granted, the Performance Period (as defined in the Share-Based Compensation Plan), the performance-based criteria and the multiplier(s).

Terms of PSUs

Subject to the provisions of the Share-Based Compensation Plan, each PSU awarded to a Participant for services performed during the year in which the PSU is granted will entitle the Participant to receive payment in an amount equal to the PSU Fair Market Value (as defined in the Share-Based Compensation Plan) on the day immediately prior to the last day of the applicable Performance Period multiplied by the applicable multiplier(s), to be determined on the last day of the Performance Period.

The Compensation Committee, in its sole discretion, may determine that if and when distributions are paid on any Shares, additional PSUs will be credited to the Participant as of such distribution payment date. The number of additional PSUs (including fractional PSUs) to be credited to the Participant will be determined by dividing the dollar amount of the distribution payable in respect of the Shares underlying the PSUs by the PSU Fair Market Value on the date the distribution is paid. Fractional PSUs to two decimal places will be credited to the Participant.

If a Participant ceases to be an Eligible Person during the Performance Period because of Retirement or Termination (each as defined in the Share-Based Compensation Plan) of the Participant, all PSUs previously awarded to the Participant will be forfeited and cease to be credited to the Participant on the date of the Retirement or Termination, as the case may be; however, the Compensation Committee will have the absolute discretion to modify the grant of the PSUs to provide that the Performance Period would end at the end of the calendar quarter immediately before the date of the Retirement or Termination, as the case may be, and the amount payable to the Participant will be calculated as of such date.

In the event of the death or total disability of a Participant during the Performance Period, the Performance Period will be deemed to end at the end of the calendar quarter immediately before the date of death or total disability of the Participant and the amount payable to the Participant or its executors, as the case may be, will be calculated as of such date.

In the event that (a) a Change of Control and (b) a Triggering Event (each as defined in the Share-Based Compensation Plan) occurs and within 12 months following such Triggering Event the Participant advises the Company of his or her intention to terminate his or her employment as a result thereof, the Performance Period will be deemed to end at the end of the calendar quarter immediately before the Change of Control and the amount payable to the Participant will be calculated as of such date.

Subject to the provisions of the Share-Based Compensation Plan (which could result in shortening any such period), the Performance Period in respect of a particular award will be one year from the date of grant of the applicable PSU, provided that the Compensation Committee may, in its sole discretion, determine the Performance Period to be greater than one year, to a maximum of three years from the date of grant of the applicable PSU.

Subject to the terms of the amended Share-Based Compensation Plan, the Compensation Committee, in its sole discretion, may pay earned PSUs in the form of cash or in Shares issued from treasury (or in a combination thereof) equal to the value of the PSUs at the end of the applicable Performance Period.

Restricted Share Units

The Compensation Committee has the authority, subject to the limitations described under the heading "Maximum Award Grant" above and to the paragraphs below, to grant restricted share units of the Company ("RSUs") to any Eligible Person as a discretionary payment in consideration of past services to the Company, subject to the Share-Based Compensation Plan and with the specific terms and conditions thereof to be as provided in the Share-Based Compensation Plan and in the RSU agreement entered into in respect of such grant. At the end of the Restricted Period (as defined in the Share-Based Compensation Plan) applicable to a RSU and without the payment of additional consideration or any other further action on the part of the Participant, the Company will issue to the Participant one Share for each RSU held by the Participant for which the Restricted Period has expired. No Restricted Period will be longer than three years from the date of grant, subject to the Share-Based Compensation Plan.

Terms of RSUs

The Compensation Committee, in its sole discretion, may determine that if and when distributions are paid on any Shares, additional RSUs will be credited to the Participant as of such distribution payment date. The number of additional RSUs to be credited to the Participant will be determined by dividing the dollar amount of the distribution payable in respect of the Restricted Shares (as defined in the Share-Based Compensation Plan) underlying the RSUs by the RSU Fair Market Value (as defined in the Share-Based Compensation Plan), if any, will be the same as the Restricted Period, if any, for the RSUs.

In the event of the Retirement or Termination of a Participant during the Restricted Period, any RSUs held by the Participant will immediately terminate and be of no further force or effect; provided, however, that the Compensation Committee will have the absolute discretion to modify the grant of the RSUs to provide that the Restricted Period will terminate immediately prior to a Participant's Termination or Retirement.

In the event of: (a) the death of a Participant, the Restricted Period in respect of any RSUs held by such Participant will be accelerated and will expire on the date of death of such Participant and the Restricted Shares represented by the RSUs held by such Participant will be issued to the Participant's estate as soon as reasonably practical thereafter, but in any event no later than 90 days thereafter; and (b) the disability of a Participant (determined in accordance with the Company's normal disability practices), the Restricted Period in respect of any RSUs held by such Participant will be accelerated and will expire on the date in which such Participant is determined to be totally disabled and the Restricted Shares represented by the RSUs held by the Participant will be issued to the Participant as soon as reasonably practical, but in any event no later than 30 days following receipt by the Company of notice of disability.

In the event that (a) a Change of Control and (b) a Triggering Event occurs and within 12 months following such Triggering Event the Participant advises the Company by written notice of his or her intention to terminate his or her employment as a result thereof, the Restricted Period in respect of all RSUs held by such Participant will expire on the date such written notice is received by the Company notwithstanding the Restricted Period.

Procedure for amending

Subject to the provisions of the Share-Based Compensation Plan and the requirements of the TSX, the Compensation Committee has the right at any time to suspend, amend or terminate the Share-Based Compensation Plan, including, but not limited to, the right: (a) with approval of Shareholders, by ordinary resolution, to make any amendment to any award agreement or the Share-Based Compensation Plan; and (b) without approval of Shareholders to make the following amendments to any award agreement or the Share-Based Compensation Plan: (i) amendments of a clerical nature; (ii) amendments to reflect any requirements of any regulatory authorities to which the Company is subject, including the TSX; and (iii) amendments to vesting provisions of Awards.

Other material information

Subject to the provisions of the Share-Based Compensation Plan, appropriate adjustments to the Share-Based Compensation Plan and to Awards will be made, and will be conclusively determined, by the Compensation Committee, to give effect to adjustments in the number of Shares resulting from subdivisions, consolidations, substitutions, or reclassifications of the Shares, the payment of share dividends by the Company (other than dividends in the ordinary course) or other changes in the capital of the Company or from a Merger and Acquisition Transaction (as defined in the Share-Based Compensation Plan).

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

The Board believes that good corporate governance is important to the effective performance of the Company and plays a significant role in protecting Shareholders' interests and maximizing value for Shareholders. The Company has reviewed its own corporate governance practices in light of National Instrument 58-101 – *Disclosure of Corporate Governance Practices* (“**NI 58-101**”) and National Policy 58-201 – *Corporate Governance Guidelines* (the “**Guidelines**”). The Guidelines address matters such as the constitution of and the functions to be performed by the Board and its committees. NI 58-101 requires that Nickel Creek Platinum disclose its approach to corporate governance with reference to the Guidelines. Nickel Creek recognizes the value of the Guidelines as an ongoing and evolving initiative to increase standards of performance. The Board of Directors is committed to ensuring that Nickel Creek has an effective corporate governance system, which adds value and assists the Company in achieving its objectives.

The Company's approach to corporate governance is set forth below.

Board Mandate and Governance Guidelines

The Board of Directors is responsible for managing the business and affairs of the Company and believes that good governance improves performance and benefits all Shareholders. The Board of Directors has adopted a Board Mandate and Governance Guidelines (the “**Board Mandate**”), a copy of which is attached hereto as Appendix “A”.

The mandate of the Board is to act in the best interests of the Company and to supervise management. The Board is responsible for approving long-term strategic plans and annual operating budgets recommended by management. As set out in the Board Mandate, the Board is responsible for developing position descriptions for the Chairman, the chair of each Board committee, as well as for the CEO, and the Board has adopted position descriptions for all such positions. Board consideration and approval is also required for material contracts, material business transactions and debt and all equity financing transactions. Any responsibility which is not delegated to management or to Board committees remains the responsibility of the Board. As set out in the Board Mandate, the Board meets on a regular basis consistent with the activities of the Company and from time to time as deemed necessary to enable it to fulfill its responsibilities.

Board Composition

The Board is currently comprised of seven directors, the majority of whom are, in accordance with the Guidelines, independent directors. The Guidelines generally define an independent director to be a director who is independent of management and who is free from any interest and any business or relationship which could, in the view of the Board, reasonably interfere with the director's independent judgment.

The independent directors met twice without members of management present since January 1, 2017. Further supervision of management is performed through the Audit Committee of independent directors, which meets in-camera on a quarterly basis with the Company's auditors without management in attendance.

During the most recently completed financial year, each of the directors, other than Ms. Garrett and Mr. Leathley, were "independent" within the meaning of the Guidelines. If all of the persons named as nominees of management are elected at the Meeting, then the majority of the Board of Directors will be "independent" for the ensuing year.

The following table sets out the members of the Board who are not considered to be independent and the reason why such determination has been made.

Board Member	Position Held	Reason for not Independent Status
Diane R. Garrett	President, CEO, Director	Ms. Garrett is not independent due to her position as President and CEO of the Company.
Gillyeard Leathley	Director	Mr. Leathley is not independent due to the fact that he received more than \$75,000 in consulting fees from the Company during a 12 month period within the last three years.

The Chair of the Board, Myron G. Manternach, is an independent director. His principal responsibilities include the following:

- provide leadership to the Board and oversee Board and Committee functions to ensure effective performance and compliance with the Company's governance policies and Committee charters;
- act as advisor and confidant to the CEO;
- foster ethical and responsible decision making by management and the Board;
- ensure that the different duties and responsibilities of the Board and management are understood and the boundaries between them are respected;
- preside over Board meetings and ensure that all matters are properly considered and resolved;
- create a cooperative atmosphere where Board members can openly discuss matters in a constructive and productive fashion; and
- preside over Shareholder meetings and ensure that all matters to be considered by Shareholders are properly dealt with.

Orientation and Education

The Company provides new directors with an orientation program upon joining the Board that includes copies of all Board policies together with relevant financial, technical, geological and other information regarding its properties and meetings with management.

The Board periodically schedules presentations on subjects of interest and importance at Board meetings. Board members also are encouraged to communicate with management and auditors, to keep themselves current with industry trends and developments, and to attend related industry seminars. The Company is a member of the Institute of Corporate Directors of Canada, which provides a variety of programs available to the Company’s directors relating to corporate governance and other topics of interest to directors of publicly held companies. Directors are encouraged to attend such programs, and attending directors provide a summary of such presentations to other Board members. Board members also have full access to the Company’s records.

Assessments

The Board of Directors is responsible for selecting and appointing executive officers and senior management and for monitoring their performance. The performance of senior management is annually measured against

pre-set objectives and the performance of mining companies of comparable size. The Corporate Governance and Nominating Committee (“CGNC”) is responsible for overseeing the development and implementation of a process for assessing the effectiveness of the Board of Directors, its committees and its members. The CGNC periodically requests each director to provide his or her assessment of the effectiveness of the Board of Directors and each evaluation takes into account the competencies and skills each director is expected to bring to his or her particular role on the Board of Directors or on a committee, as well as any other relevant facts. The evaluation process, as set out in the Board Mandate, assists the Board in assessing its contribution as a whole, and in identifying areas in which the Board could be strengthened through the addition of new skills and expertise, based on the Company needs at a particular time.

Ethical Business Conduct

The Board has adopted a Code of Business Conduct and Ethics (the “Code”) to be followed by the directors, officers, employees and principal consultants of the Company and its subsidiaries. The Code is also to be followed, where appropriate, by agents and representatives of the Company, including consultants where specifically required. The purpose of the Code is, among other things, to promote honest and ethical conduct, avoid conflicts of interest, protect confidential or proprietary information and comply with applicable laws and securities rules and regulations. The CGNC is responsible for reviewing, periodically updating and ensuring compliance with the Code. Directors, officers, employees and principal consultants are periodically required to certify compliance with the Code. A copy of the Code may be obtained by request to Nickel Creek Platinum or on the Company’s website at www.nickelcreekplatinum.com.

There have not been any material change reports filed since the beginning of the Company’s most recently completed financial year that pertain to any conduct of a director or executive officer that constitutes a departure from the Code.

Any director with a material interest in a transaction or agreement being considered by the Board of Directors is required to declare such material interest and either absent themselves from the Board of Directors’ meeting where such transaction or agreement is being considered or abstain from voting with respect to such transaction or agreement. Members of management also are to disclose any material interest in a transaction or agreement being considered by the Board of Directors. Any such management member would not be present at the Board of Directors’ meeting at which such transaction is being considered.

In addition to the Code and the Company’s whistleblower policy, the Board of Directors has established other policies to encourage and promote a culture of ethical business conduct, including a disclosure policy.

Director Term Limits and Board Renewal

The Company has not adopted term limits for directors on the Board or other mechanisms of Board renewal. The Board has considered term limits and believes that:

- longer tenure does not impair a director’s ability to act independently of management;
- imposing term limits could result in the loss of contributions of longer serving directors who have developed significant depth of knowledge and understanding of the Company;
- regular evaluation of Board skills and experience, as set out in the Board Mandate, rather than arbitrary term limits, will result in better Board performance; and
- experience of Board members is an asset to Shareholders because of the complex issues that the Board faces.

The Board currently assesses each director in order to ensure that the Board is balanced between highly experienced directors with long-term knowledge and those with a fresh perspective. The Board will

periodically consider whether term limits or other mechanisms of Board renewal should be adopted and will implement changes when necessary.

Diversity

In 2014, amendments to the continuous disclosure regime in Canada were adopted requiring disclosure regarding the representation of women on boards and in executive officer positions. As at the date of this Circular, the Company has not adopted a written policy specifically relating to the identification and nomination of women directors or executive officers, nor does the Board specifically consider the level of representation of women when making executive officer appointments or set targets regarding women on the Board or in executive positions. However, the Board believes that having directors from diverse backgrounds provides better corporate governance and decision making, and the Board includes diversity, including but not limited to gender and age, as a factor when developing a slate of candidates for open Board positions. Candidates are considered based upon ability and potential to contribute to the Company, and the CGNC seeks to develop a diverse slate of candidates for all open Board positions.

The presence of women in the Company's workforce and in senior positions is growing, and Nickel Creek Platinum currently has two female members on its Board of seven (29%), and two female officers, the CEO and COO, among the Company's senior management team of four (50%). With the continued support of management and the Board, the Company expects this trend to continue in the years ahead.

The Board will periodically consider whether it should adopt specific policies and practices regarding the representation of women on the Board and in executive positions, including the setting of targets for such representation.

Board Committees

Other than the CGNC, Compensation Committee, TEHSC (defined below) and the Audit Committee described below, there are no other standing committees of the Board.

Corporate Governance and Nominating Committee

The CGNC currently consists of Wayne Kirk (Chair), Myron G. Manternach and Michele Darling, all of whom are independent as defined in the Guidelines.

For a summary of the relevant experience of each of the members of the CGNC, see "Particulars of Matters to be acted upon at the Meeting – Election of Directors".

The CGNC's mandate is to develop the Company's approach to corporate governance and to make recommendations to the Board on the implementation and assessment of effective corporate governance principles. This committee is also responsible for assisting the Board in respect of the nomination of directors for appointment to the Board. In identifying and considering new candidates for Board nomination, the CGNC considers, among other factors, the impact of the number of directors upon the effectiveness of the Board and the appropriate number of directors to facilitate more effective decision making. The CGNC also considers the competencies that the Board should possess, and the skills, experience and reputation of each current director. When considering new candidates for Board membership, the Committee will provide all directors and senior managers an opportunity to provide the Committee with information regarding director candidates. The Committee also has the authority to hire independent consultants to provide assistance regarding identification of possible director candidates.

The CGNC is responsible for:

- overseeing the effective functioning of the Board, in collaboration with the Chairman of the Board;
- annually reviewing the Board's relationship with management to ensure the Board can, and in fact does, function independently of management;

- developing, annually updating and recommending to the Board for approval, a long-term plan for Board composition;
- annually reviewing the charters of the Board and each Board committee, consulting with each committee and making relevant recommendations to the Board regarding amendments;
- reviewing and ensuring compliance with the Code; and
- overseeing policies and practices relating to Shareholder engagement with the Board.

Compensation Committee

The Compensation Committee currently consists of Michele Darling (Chair), Myron G. Manternach and Mark Fields, all of whom are independent as defined in the Guidelines.

The Board believes that the members of the Compensation Committee, collectively, have the knowledge, experience and background required to fulfill their mandate. For additional information regarding the members of the Compensation Committee, see “Particulars of Matters to be acted upon at the Meeting – Election of Directors”.

The Compensation Committee’s mandate is to assist the Board in fulfilling its responsibilities relating to compensation matters by, among other things:

- making recommendations to the Board on all matters relating to the compensation of directors, principal executives, members of the various Board committees and the Chairman of the Board;
- ensuring an executive compensation plan that is both motivational and competitive so that it will attract, retain and reward performance of executive officers of a quality and nature that will enhance the Company’s growth; and
- administering any equity-based compensation plan, including but not limited to, any plan that provides for the award of Options, SARs, bonus shares, restricted or deferred share units, performance share units, long-term incentives or any other security-based compensation, and recommending to the Board any necessary changes to such plans.

The Compensation Committee has the authority to engage and compensate any outside advisors that it determines to be necessary or appropriate to carry out its duties. During the fiscal year ended December 31, 2016, the Compensation Committee retained Willis Towers Watson (“Willis Towers”) to conduct a benchmarking study, compensation assessment and analysis of the compensation received by the Company’s executive officers and directors. Willis Towers examined the compensation of senior executive officers and directors at other Canadian publicly listed companies, and selected a peer group based on market capitalization, stage of projects and type of projects (base metals) (the “**Peer Group**”). The Peer Group is comprised of the following companies: Balmoral Resources Ltd., Eastmain Resources Inc., Falco Resources Ltd., International Tower Hill Mines Ltd., Nevada Copper Corp., Noront Resources Ltd., North American Palladium Ltd., Royal Nickel Corporation, Trilogy Metals Inc. and Western Copper and Gold Corporation. The Peer Group remains unchanged from the prior year.

Willis Towers presented a report to the Compensation Committee in January 2017, as a result of which the equity portion of director fees (except with respect to the Chairman) was increased by \$15,000 to bring such portion to \$26,000. The adjustment was made so as to position overall Board compensation closer to the 50th percentile of the Peer Group.

The Company has established a pay mix for its executive officers including short-term and long-term incentives, providing a competitive base salary with a significant portion of compensation awarded based on the performance of the Company as well as individual performance of the executive officers. The Company will continue to evaluate its compensation practices and update and evaluate its compensation levels against this benchmark group.

Executive Compensation-Related Fees

The total fees paid to Willis Towers were \$7,500 regarding 2017 and the total fees paid to Willis Towers regarding the previous year amounted to \$30,428.

All Other Fees

Other than as disclosed above, no other fees have been paid by the Company to Willis Towers.

Technical, Environmental, Health and Safety Committee

The Technical, Environmental, Health and Safety Committee (“**TEHSC**”) currently consists of Gillyeard Leathley (Chair), Michel (Mike) Sylvestre and Mark Fields, the majority of whom are independent as defined in the Guidelines.

The Board believes that the members of the TEHSC, collectively, have the knowledge, experience and background required to fulfill their mandate. For additional information regarding the members of the TEHSC, see “Particulars of Matters to be acted upon at the Meeting – Election of Directors”.

The mandate of the TEHSC is to assist the Board in fulfilling its obligations relating to reviewing technical, operational, environmental, health, safety and social responsibility matters concerning the Company’s mineral projects, including oversight responsibilities with respect to:

- technical matters relating to exploration, development, permitting, construction and operation of the Company’s mineral resource properties;
- resources and reserves on the Company’s mineral resource properties;
- material technical commercial arrangements regarding engineering, procurement and construction management activities;
- operating and production plans for proposed and existing operating mines;
- development, implementation and monitoring of systems and programs for management and compliance with applicable laws relating to environment, health and safety matters;
- development, implementation and monitoring of social responsibility programs that take into consideration the interests of all stakeholders; and
- ensuring that the Company implements best-in-class development and operating practices.

Audit Committee

The Audit Committee currently consists of Mark Fields (Chair), Michel (Mike) Sylvestre and Wayne Kirk, all of whom are independent as defined in the Guidelines. The Audit Committee has been structured to comply with National Instrument 52-110 – *Audit Committees* (“**NI 52-110**”). Each of the current committee members is considered financially literate and independent pursuant to NI 52-110. The Audit Committee is principally responsible for:

- recommending to the Board the external auditors to be nominated for election by the Shareholders at each annual general meeting (“**AGM**”) and negotiating the compensation of such external auditors;
- overseeing the work of the external auditors;
- reviewing the annual and interim financial statements, MD&A and press releases regarding earnings before they are approved and publicly disseminated; and
- reviewing the financial reporting procedures and internal controls to ensure adequate procedures are in place for public disclosure of financial information extracted or derived from the financial statements.

External auditor service fees

For the 2015 financial year-end audit, Manning Elliott LLP (“**Manning**”) was the Company’s auditor. On August 18, 2016, Manning resigned at the request of the Company, and PricewaterhouseCoopers LLP (“**PwC**”) was

appointed as auditor of the Company. The auditor for the 2016 and 2017 financial year-end audits was PwC. The following table sets forth the fees paid by the Company to PwC, the current auditor, and Manning, the former auditor, and for services rendered during the financial years ended December 31, 2017 and December 31, 2016:

	2017 PwC	2016 PwC	2016 Manning
Audit fees ⁽¹⁾	\$80,000	\$61,000	Nil
Audit-related fees ⁽²⁾	Nil	Nil	\$49,700
Tax fees ⁽³⁾	Nil	Nil	\$37,000
All other fees	1,800	Nil	Nil
Total	\$81,800	\$61,000	\$86,700

- (1) The aggregate audit fees billed by the Company's auditors (or accrued).
- (2) The aggregate fees billed (or accrued) for assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements which are not included under the heading "Audit Fees", including for quarterly reviews.
- (3) The aggregate fees billed (or accrued) for professional services provided by the auditors rendered for tax compliance, tax advice and tax planning.

For additional information about the Audit Committee, including the charter of the Audit Committee and information about the education and experience of the audit committee members, see "Audit Committee Information" in the Company's annual information form dated March 21, 2018, which is available on the Company's website or on SEDAR at www.sedar.com.

PARTICULARS OF MATTERS TO BE ACTED UPON AT THE MEETING

Election of Directors

Seven directors will be elected at the Meeting, and, unless authority to do so is withheld, the persons named in the enclosed Proxy intend to vote for the election of the nominees whose names are set forth below. Skills and experience

The Company believes that it is important for directors to have experience in senior management, governance, compensation, finance, environment, health and safety, and to participate with public company boards as an advisor, director or member of management to effectively fulfill their duties and responsibilities as a member of our Board.

The Board reviews the slate of nominated directors every year to determine whether it still reflects the mix of skills, background and experience it believes is necessary for fulfilling its duties and responsibilities in overseeing the Company's strategic direction, management and affairs.

The Company believes that the directors who have been nominated for election at the Meeting are well qualified to represent the interests of Shareholders and appropriately address the Company's business needs, and recommend that Shareholders vote **FOR** the seven director nominees set out herein.

In the absence of instructions to the contrary, the Nickel Creek Platinum proxyholders will vote the Shares represented by each form of proxy, properly executed, FOR appointing the seven director nominees set out herein.

Advance Notice

On November 2, 2012, the Board approved an advance notice policy (the “**Advance Notice Policy**”) for the purpose of providing Shareholders, directors and management of the Company with a clear framework for nominating directors. The Advance Notice Policy fixes a deadline by which holders of record of Shares must submit director nominations to the Company prior to any annual or special meeting of Shareholders and sets forth the information that a Shareholder must include in the notice to the Company for the notice to be in proper written form in order for any director nominee to be eligible for election at any annual or special meeting of Shareholders. The Advance Notice Policy was ratified, confirmed and approved by Shareholders at the Company's 2012 AGM held on November 30, 2012 (the “**2012 AGM**”). A copy of the Advance Notice Policy is attached as Schedule “A” to the Company's management information circular in respect of the 2012

AGM, which is available on SEDAR at www.sedar.com. No director nominations were received pursuant to the Advance Notice Policy as of the date hereof.

Majority Voting Policy

The Board has adopted a majority voting policy. Unless there is a contested election, a director who receives more “withhold” votes than votes “for” will immediately submit his or her resignation to the Board. The CGNC will review the matter and recommend to the Board whether to accept the resignation. The director will not participate in any deliberations on the matter. The Company expects to accept the resignation unless there is some special circumstance that warrants the director stay on the Board. The resignation will be effective when accepted by the Board. In any case, the Board shall determine whether or not to accept the resignation within 90 days of the relevant annual Shareholders’ meeting and the Company will promptly issue a news release with the Board’s decision. If the Board determines not to accept a resignation, the news release will fully state the reasons for that decision.

Appointment of Auditor

At the Meeting, Shareholders will be asked to appoint an auditor for the ensuing year. PwC will be reappointed at the Meeting as the Company’s auditor at such remuneration to be fixed by the Board.

In the absence of instructions to the contrary, the Nickel Creek Platinum proxyholders will vote the Shares represented by each form of proxy, properly executed, FOR appointing PwC as our independent auditor for the ensuing year, and FOR authorizing the directors to fix the auditor’s pay.

Other Business

As of the date of this Circular, there are no other items of business to be considered at the Meeting other than as set forth above. BOARD MANDATE AND GOVERNANCE GUIDELINES

1. PURPOSE

The Board of Directors (the “**Board**”) of Nickel Creek Platinum Corp. (“**Nickel Creek Platinum**” or the “**Company**”) is responsible for the stewardship of the Company and for overseeing the management of the Company’s business and affairs. The directors have fiduciary duties of care, loyalty and candour and, in the exercise of business judgment, must act honestly and in good faith in the best interests of the Company and its shareholders free from personal interests. In addition, each director must exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances. The Board has adopted this Board Mandate and Governance Guidelines to assist the Board in the exercise of its duties and responsibilities.

2. DUTIES AND RESPONSIBILITIES OF THE BOARD

(a) **Oversee Management of the Company.** The principal responsibility of the Board is to oversee the management of the Company. This responsibility requires the Board to attend to the following:

- review, give guidance on, and approve on a regular basis, and as the need arises, operating, financial, and other corporate plans and budgets;
- review, give guidance on, approve, and oversee the implementation of the Company’s strategic plan on a regular basis and as the need arises;
- review and evaluate corporate performance against those plans and budgets;
- define the duties and limits of authority of the Chief Executive Officer (“CEO”) and other members of senior management;
- evaluate the performance of the CEO and other members of senior management, oversee the progress and development of the CEO and other members of senior management, and approve hiring, promotion, changes in responsibilities and terminations of the CEO and other members of senior management;
- review and approve CEO, senior management and Board succession planning;
- establish a corporate environment and adopt and oversee key corporate policies that promote timely and effective disclosure (including appropriate controls), fiscal accountability, high ethical standards, effective corporate governance, responsible environmental, health and safety policies and compliance with applicable laws and regulations, thereby setting an appropriate “tone at the top”;
- oversee policies and procedures for the implementation and integrity of the Company’s management information systems and its financial reporting, including appropriate controls;
- review and approve material transactions, such as material investments, dispositions, joint ventures, and other major initiatives outside of the scope of approved budgets;
- approve audited and interim financial statements and related management’s discussion and analysis, management information circulars, annual information forms,

takeover bid circulars, prospectuses and other disclosure documents required to be approved by the Board under applicable laws and regulations and rules of any applicable stock exchange;

- oversee policies and processes to assess and manage risks to the Company and oversee management's mitigation of material risks;
- oversee the human resources policies of the Company, review and approve the Company's compensation programs, and approve the compensation of the CEO and other members of senior management;
- oversee policies and processes to protect the Company's confidential and proprietary information and information technology from unauthorized or inappropriate access or disclosure;
- make other corporate decisions required to be made by the Board and not otherwise delegated to management;
- with the assistance of management, become and remain informed about the Company and its business, properties, risks and prospects;
- serve as a source of advice to management based on directors' backgrounds and experience;
- assess the effectiveness of the Board and its Committees and oversee the establishment of appropriate orientation programs for new directors and education programs for all directors; and
- review this Board Mandate and Governance Guidelines, other governance policies, and charters of Board committees from time to time.

(b) Reliance on Advice in the Performance of Duties and Responsibilities. In discharging their duties, directors normally are entitled to rely on information and advice provided by the Company's senior management, other employees believed to be responsible, and the Company's outside auditors, legal counsel and other advisors, but should also consider information and advice provided by independent advisors when circumstances warrant.

3. BOARD EXPECTATIONS OF MANAGEMENT

Management of the Company, under the leadership of the CEO, is charged with the day-to-day management of the Company's business operations. The CEO's prime responsibility is to lead the Company. The following sets out the Board's expectations for management:

- (a) **Formulate and Implement Plans and Budgets.** With input from the Board, management will formulate fundamental operating, financial and other strategic corporate plans and budgets for Board approval and then implement the plans and budgets approved by the Board.
- (b) **Formulate and Implement Policies, Processes and Procedures.** Management will assist the Board in formulating corporate policies, processes and procedures and implement the policies, processes and procedures adopted by the Board.
- (c) **Manage the Company's Business.** Management will manage the day-to-day business of the Company, including carrying out other Board decisions.
- (d) **Provide Timely Information.** Management will provide timely information concerning the business and affairs of the Company, including regular reporting regarding the implementation of

fundamental operating, financial and other strategic corporate plans and budgets, other policies and Board decisions, day-to-day developments, and developments within the industry.

- (e) **Assist the Board.** Management will assist the Board in carrying out its duties and responsibilities.

4. DIRECTOR QUALIFICATIONS AND VOTING

- (a) **Qualifications for Directors; Diversity.** The Board will consider only candidates who have high integrity and a shareholder orientation, who are highly qualified based on their experience, expertise and personal qualities, and who can be expected to make a meaningful contribution to the Company. The Board also believes that having directors from diverse backgrounds provides better corporate governance and decision making, and the Board will include diversity, including but not limited to gender and age, as a factor when developing a slate of candidates for open Board positions. The Board has not established fixed target regarding diversity on the Board.
- (b) **Independence.** The Board will ensure that it has at all times a majority of directors who meet applicable standards of director independence. The Board will establish independence standards that (i) comply with applicable legal and stock exchange requirements and (ii) are designed to ensure that the independent directors do not have, directly or indirectly, financial, legal or other relationships with the Company that, in the Board's judgment, would interfere with the exercise of independent judgment in carrying out the responsibilities of the directors. The Board has adopted the independence standards set out at Appendix A hereto. The Board also believes that directors should not own or control indebtedness of the Company or royalties on Company production or assets.
- (c) **Size and Skills of Board.** The Board believes that a Board comprised of 6 to 8 members is an appropriate size given the Company's present circumstances. The Board also will consider the competencies and skills that the Board, as a whole, should possess and the competencies and skills of each director.
- (d) **Other Directorships.** The Board does not believe that its members should be prohibited or discouraged from serving on boards of other organizations, provided that they do not reduce a director's effectiveness or result in a continuing conflict of interest. However, the Corporate Governance and Nominating Committee will take into account the nature of and time involved in a director's service on other boards and other commitments in evaluating the suitability of individual directors and in making its recommendations.
- (e) **Tenure.** The Board does not believe that it should establish director term or age limits. Such limits could result in the loss of directors who have been able to develop, over time, significant insights into the industry and the Company and its operations, and an institutional knowledge that benefits the Board and management. As an alternative, the Corporate Governance and Nominating Committee will review each director's continuation on the Board annually.
- (f) **Selection of Chair; Separation of the Offices of Chairman and CEO.** The Board will select a Chair of the Board in a manner and upon the criteria that the Board deems appropriate at the time of selection, which generally will be immediately following the Annual General Meeting of shareholders ("AGM"). The Board believes the offices of Chair of the Board and CEO should not be held by the same persons.
- (g) **Selection of and Voting on Director Candidates.** Except where the Company is required by contract, law or otherwise to provide third parties with the right to nominate directors, the Corporate Governance and Nominating Committee will be responsible for (i) managing the

identification of individuals qualified to become Board members, consistent with criteria approved by the Board, (ii) recommending to the Board the persons to be nominated for election as directors at any meeting of shareholders and (iii) recommending persons to be elected by the Board to fill any vacancies on the Board. Candidates will be considered based upon ability and potential to contribute to the Company, and the Corporate Governance and Nominating Committee will seek to develop a diverse slate of candidate for all open Board positions, including but not limited to gender and age. Board candidates will be nominated for election by the shareholders annually and shareholders will have the opportunity to vote for or withhold on each nominee.

- (h) **Majority Vote Policy.** If the votes "for" the election of a director nominee at a meeting of shareholders are fewer than the number voted "withhold", the nominee will submit his or her resignation promptly after the meeting for the consideration of the Corporate Governance and Nominating Committee. The Corporate Governance and Nominating Committee will make a recommendation to the Board after reviewing the matter, and the Board will decide within 90 days after the meeting of shareholders whether to accept or reject the resignation. The resignation will be effective when accepted by the Board. The Board will accept the resignation absent exceptional circumstances. The Board's decision to accept or reject the resignation will be disclosed by way of a press release, a copy of which will be sent to the Toronto Stock Exchange. If the Board does not accept the resignation, the press release will fully state the reasons for the decision. The nominee will not participate in any deliberations whether to accept or reject the resignation. This policy does not apply in circumstances involving contested director elections.

5. BOARD MEETINGS

- (a) **Frequency of Meetings; Preparation; Attendance.** The Chair of the Board will normally determine the frequency of Board meetings, which shall be not less than one meeting each financial quarter; however, the ultimate power in this regard rests with the full Board. Special meetings may be called from time to time as required to address the needs of the Company's business. Directors are responsible for adequately preparing for and attending Board meetings. They are expected to devote the time needed and meet as frequently as necessary to properly discharge their responsibilities.
- (b) **Quorum.** A majority of the members of the Board shall constitute a quorum for any Board meeting.
- (c) **Selection of Agenda Items.** The Chair of the Board shall propose an agenda for each Board meeting. Each Board member is free to request the inclusion of other agenda items and to request the consideration of subjects that are not on the agenda for that meeting, although voting on matters so raised may be deferred to another meeting to permit proper preparation for a vote on an unscheduled matter (emergencies excepted).
- (d) **Advance Distribution of Materials.** Information regarding business to be conducted at the meeting will normally be distributed in writing to the directors reasonably before the meeting (with a goal of five to seven calendar days) and directors are expected to review these materials in advance of the meeting. Certain items to be discussed at a Board meeting may be of a time-sensitive nature and the distribution of materials on these matters before the meeting may not be practicable.
- (e) **In Camera Session of Independent Directors.** An in-camera session of independent directors will be held following each meeting of the Board of Directors.

6. BOARD COMMITTEES

- (a) **Key Committees.** The Board will at all times have an Audit Committee, a Compensation Committee, a Corporate Governance and Nominating Committee, and a Technical, Environmental, Health and Safety Committee. The Board may, from time to time, establish additional committees as it deems necessary. The Board may delegate any of its powers to committees of the Board, except that it may not delegate the powers to fill Board vacancies, remove a director, change the membership or fill vacancies in a Board Committee, or remove or appoint officers who are appointed by the Board. The Board will appoint the chair and members of each committee, which generally will take place immediately following the AGM. The Company will provide administrative support to the chair of each committee in fulfilling his or her duties.
- (b) **Committee Charters.** Each standing committee will have a charter that has been approved by the Board. The committee charters will set forth the purposes, goals and responsibilities of the committees. The Board will review and reassess the adequacy of each charter at least annually. Each charter must address those matters required by applicable laws and stock exchange rules and such other matters as the Board determines.
- (c) **Assignment of Committee Members.** The Corporate Governance and Nominating Committee will be responsible for recommending to the Board the persons to be appointed to each committee of the Board. All members of the Audit Committee must meet the independence and financial qualification standards applicable to an audit committee as required by applicable laws and regulations and stock exchange rules. All members of the Compensation Committee and the Corporate Governance and Nominating Committee must be “independent directors” in accordance with the director independence standards set out at Appendix A hereto. The Audit Committee, the Compensation Committee, and the Corporate Governance and Nominating Committee will have a minimum of three directors. Other committees shall have at least one member or the minimum number of members required by applicable law and the Company’s charter documents.
- (d) **Selection of Agenda Items.** The chair of each committee shall propose an agenda for each committee meeting. Each committee member is free to request the inclusion of other agenda items and to request the consideration of subjects that are not on the agenda for that meeting, although voting on matters so raised may be deferred to another meeting to permit proper preparation for a vote on an unscheduled matter (emergencies excepted).
- (e) **Frequency of Committee Meetings; Preparation; Attendance.** The chair of each committee will normally determine the frequency of the committee meetings consistent with any requirements set forth in the committee’s charter. Special meetings may be called by any member from time to time as required to address the needs of the Company’s business and fulfill the responsibilities of the committees. Committee members are responsible for adequately preparing for and attending all committee meetings. All directors are invited, but not required, to attend in-person meetings of committees of which they are not members, and may attend telephone meetings of committees of which they are not members at the invitation of the committee chair. Only committee members will receive compensation for their committee participation.
- (f) **Advance Distribution of Materials.** Information regarding business to be conducted at the meeting will normally be distributed in writing to the committee members reasonably before the meeting (with a goal of five to seven calendar days) and members are expected to review these materials in advance of the meeting. Certain items to be discussed at a committee meeting may be of a time-sensitive nature and the distribution of materials on these matters before the meeting may not be practicable.

7. DIRECTORS' ACCESS TO MANAGEMENT, PROPERTIES AND INDEPENDENT ADVISORS

- (a) **Access to Officers and Employees and Properties.** All directors have, at all reasonable times and on reasonable notice, full and free access to officers and employees and the records and properties of the Company. Any meetings, contacts or property visit that a director wishes to initiate should normally be arranged through the CEO or the Chief Financial Officer (“CFO”). The directors will use their judgment to ensure that any such contact is not disruptive to the business operations of the Company. The directors are normally expected to inform the CEO or CFO of any communication between a director and an officer or employee of the Company.
- (b) **Access to Independent Advisors.** Each Board member shall have the power to consult with independent legal, financial or other advisors as he or she may deem necessary, without consulting or obtaining the approval of any officer of the Company. Such independent advisors may be the regular advisors to the Company. The Board or any such member is empowered, without further action by the Company, to cause the Company to pay the appropriate compensation of such advisors.

8. DIRECTOR COMPENSATION, STOCK OWNERSHIP AND STOCK TRADING

- (a) **Role of Board and Compensation Committee.** The form and amount of director compensation will be recommended by the Compensation Committee and approved by the Board. The Compensation Committee will conduct an annual review of the compensation of the Company's directors.
- (b) **Form of Compensation.** The Board believes that directors should be provided with incentives to focus on long-term shareholder value and that including equity as part of director compensation helps align the interests of directors with those of the Company's shareholders.
- (c) **Amount of Compensation.** The Company's policy is to compensate directors competitively relative to comparable companies. The Board believes that it is appropriate for the Chair of the Board and the chairs of committees, if not members of management, to receive additional compensation for their additional duties in these positions.
- (d) **Compensation for Director Service by Company Employee While Serving on Other Boards of Directors.** When any employee of the Company serves as a director of another company at the request of the Company or as the representative of the Company, that employee may not accept compensation from that other company for such service. If any such compensation is nonetheless received, it shall be received on behalf of and paid over to the Company.
- (e) **Director Stock Ownership.** The Board encourages each non-management director to acquire and hold a meaningful amount of Company stock, including through the exercise of equity grants. The Board, in consultation with each non-management director, will establish a target for stock ownership by each non-management director and a time period during which the target is to be met. In general, stock (including Deferred Share Units) having a value (measured by purchase price, basis or market value, whichever is greater) equal to three times annual base compensation is an appropriate level of ownership, to be acquired over a period of not more than five years. The Board will periodically review the ownership targets to take account of market circumstances.
- (f) **Stock Trading.** Prior to purchasing or selling shares of Company stock, directors shall consult the CEO or CFO so as to avoid trading at a time when there may be undisclosed material information and so that Company Spokespersons will be aware of such transactions and be able to respond to questions regarding changes in share ownership from shareholders and others.

To the extent practical, the orientation will include a visit to the Company's principal properties
- (b) **Continuing Education.** The Company will provide the directors with opportunities to undertake continuing director education, the cost of which will be borne by the Company. The Company will periodically schedule site visits by directors to the Company's principal operating properties.

10. MANAGEMENT SELECTION, EVALUATION AND SUCCESSION AND EXECUTIVE COMPENSATION

- (a) **Selection of CEO.** The Board selects the Company's CEO in the manner that it determines to be in the best interests of the Company. - (e) **Executive Compensation.** The Compensation Committee will recommend to the Board the compensation for the CEO. The CEO must not be present during voting or deliberations. The Compensation Committee will also recommend to the Board the compensation for all other members of senior management, taking into account the recommendations of the CEO.

11. CODE OF BUSINESS CONDUCT AND ETHICS

12. ANNUAL PERFORMANCE EVALUATION OF THE BOARD AND COMMITTEES

The Corporate Governance and Nominating Committee will oversee an annual self-evaluation of the Board and its committees to determine whether the Board and its committees are functioning effectively.

13. BOARD INTERACTION WITH INVESTORS, THE PRESS, ETC.

The Board believes that the CEO and his or her designees should normally speak for the Company. It is, however, expected that Board members will do so only with the knowledge of and, absent unusual circumstances, only at the request of the CEO.

The Board will give appropriate attention to written communications that are submitted by shareholders and other interested parties, and will respond if and as appropriate. Absent unusual circumstances, the Chair of the Board monitors communications from shareholders and other interested parties, and will provide copies or summaries of such communications to the other directors as he or she considers appropriate. Absent unusual circumstances, individual Board members will only respond to such communications when requested to do so by the Chair.

APPENDIX A

Independence Requirements

Meaning of Independent

A member of the Board shall be considered “**independent**” if he or she has no direct or indirect material relationship with the Company. A material relationship is a relationship which could, in the view of the Board, reasonably interfere with the exercise of a director’s independent judgment.

The following individuals are considered to have a material relationship with the Company:

- (a) an individual who is, or has been within the last three years, an employee or executive officer of the Company;
- (b) an individual whose immediate family member is, or has been within the last three years, an executive officer of the Company;
- (c) an individual who:
 - i. is a partner of a firm that is the Company’s internal or external auditor;
 - ii. is an employee of that firm; or
 - iii. was within the last three years a partner or employee of that firm and personally worked on the Company’s audit within that time;
- (d) an individual whose spouse, minor child or stepchild, or child or stepchild who shares a home with the individual:
 - i. is a partner of a firm that is the Company’s internal or external auditor;
 - ii. is an employee of that firm and participates in its audit, assurance or tax compliance (but not tax planning) practice, or
 - iii. was within the last three years a partner or employee of that firm and personally worked on the Company’s audit within that time;
- (e) an individual who, or whose immediate family member, is or has been within the last three years, an executive officer of an entity if any of the Company’s current executive officers serves or served at the same time on the entity’s compensation committee; and
- (f) an individual who received, or whose immediate family member who is employed as an executive officer of the Company received, more than \$75,000 in direct compensation from the Company during any 12 month period within the last three years, other than as remuneration for acting in his or her capacity as a member of the Board or any Board committee, or the receipt of fixed amounts of compensation under a retirement plan (including deferred compensation) for prior service for the Company if the compensation is not contingent in any way on continued service.

In addition to the independence criteria discussed above, for audit committee purposes, any individual who:

- (a) has a relationship with the Company pursuant to which the individual may accept, directly or indirectly, any consulting, advisory or other compensatory fee from the Company or any subsidiary

entity of the Company, other than as remuneration for acting in his or her capacity as a member of the Board or any board committee; or as a part-time chair or vice-chair of the Board or any board or committee, or

- (b) is an affiliated entity of the Company or any of its subsidiary entities, is deemed to have a material relationship with the Company, and therefore, is deemed not to be independent.

The indirect acceptance by an individual of any consulting, advisory or other compensatory fee includes acceptance of a fee by:

- (a) an individual's spouse, minor child or stepchild, or a child or stepchild who shares the individual's home; or
- (b) an entity in which such individual is a partner, member, an officer such as a managing director occupying a comparable position or executive officer, or occupies a similar position (except limited partners, non-managing members and those occupying similar positions who, in each case, have no active role in providing services to the entity) and which provides accounting, consulting, legal, investment banking or financial advisory services to the Company or any subsidiary entity of the Company.
