

Clorox Signs "America Is All In" Statement in Support of Action on Climate Change

12/10/2020

On the fifth anniversary of the Paris Climate Agreement, U.S. Businesses, Government Entities and Institutions Voice Support for National Mobilization on Climate

OAKLAND, Calif., Dec. 10, 2020 /PRNewswire/ -- The Clorox Company (NYSE:CLX) has signed **America Is All In** – a statement supported by more than 1,000 businesses, government entities, universities and other institutions to express support for ambitious commitments to tackle the climate crisis.

Signatories to America Is All In support driving economic growth through job-creating sustainable investments. A key principle of the collaborative statement is approaching climate and economic recovery in a manner that addresses systemic inequalities and ensures everyone benefits from a transition to climate resiliency.

"Clorox's corporate purpose is to champion people to be well and thrive, every single day. And this includes contributing to a healthy planet," said Clorox CEO Linda Rendle. "Consistent with our commitment to science-based climate action, we're lending our voice to call for a coordinated, national response to climate change and recognize that all sectors must act together to help our planet thrive now and in the future."

Clorox has made addressing climate change a key priority in its **IGNITE Strategy**. The company has committed to 100% renewable electricity in the U.S. and Canada by next year and to setting science-based targets to reduce greenhouse gas emissions in its operations and across its value chain.

These commitments build upon a long-standing focus on climate stewardship that resulted in cumulatively reducing emissions by 56% per case of product sold and by 46% on an absolute basis between 2008 and 2019. Clorox is proud of its progress and commitment to climate stewardship but recognizes that the efforts of any single organization are not sufficient to meet the scale of the challenge. America Is All In conveys the importance of multi-stakeholder collaboration and leadership in addressing climate change.

America Is All In will be shared with U.S. federal government officials and members of Congress, United Nations

officials and global heads of state. View the statement and signatories at [AmericalsAllIn.com](https://americalsallin.com).

The Clorox Company

The Clorox Company (NYSE: CLX) is a leading multinational manufacturer and marketer of consumer and professional products with about 8,800 employees worldwide and fiscal year 2020 sales of \$6.7 billion. Clorox markets some of the most trusted and recognized consumer brand names, including its namesake bleach and cleaning products; Pine-Sol® cleaners; Liquid-Plumr® clog removers; Poett® home care products; Fresh Step® cat litter; Glad® bags and wraps; Kingsford® charcoal; Hidden Valley® dressings and sauces; Brita® water-filtration products; Burt's Bees® natural personal care products; and RenewLife®, Rainbow Light®, Natural Vitality Calm™, NeoCell® and Stop Aging Now® vitamins, minerals and supplements. The company also markets industry-leading products and technologies for professional customers, including those sold under the CloroxPro™ and Clorox Healthcare® brand names. More than 80% of the company's sales are generated from brands that hold the No. 1 or No. 2 market share positions in their categories.

Clorox is a signatory of the United Nations Global Compact and the Ellen MacArthur Foundation's New Plastics Economy Global Commitment. The company has been broadly recognized for its corporate responsibility efforts, named to the 2020 Axios Harris Poll 100 reputation rankings, Barron's 2020 100 Most Sustainable Companies list, and the Human Rights Campaign's 2020 Corporate Equality Index, among others. In support of its communities, The Clorox Company and its foundations contributed more than \$25 million in combined cash grants, product donations and cause marketing in fiscal year 2020.
