# Weave Earns a Top Spot on G2's 2026 Best Software Awards for Best Healthcare Software

2026-02-26

LEHI, Utah--(BUSINESS WIRE)-- [Weave](#) (NYSE: WEAV), a leading all-in-one customer experience and payments software platform for small and medium-sized healthcare businesses, today announced it has been named to [G2's 2026 Best Software Awards](#), placing #2 on the Best Healthcare Software Products list. As the world's largest and most trusted software marketplace, [G2](#) reaches over 100 million buyers annually. Its annual Best Software Awards rank the world's best software companies and products based on authentic, timely reviews from real users. The recognition in G2's 2026 Best Software Awards validates Weave's mission to create better healthcare experiences.

Weave is named #2 on the G2 Best Healthcare Software Products list.

"We are honored to be recognized by G2 and, more importantly, by the tens of thousands of healthcare professionals who rely on Weave every day," said Brett

White, CEO of Weave. "This award demonstrates that the AI-powered products and experiences we are delivering are well-received by practices and patients alike, and we look forward to another year of continuing to meet and exceed customer expectations in 2026."

"As buyers increasingly shift to AI-driven research to discover software solutions, being recommended in the 'answer moment' must be earned with credible proof," said Godard Abel, co-founder and CEO at G2. "Our Best Software Awards are grounded in trusted data from authentic customer reviews. They not only give buyers an objective, reliable guide to the products that help teams do their best work, but they're also the proof AI search platforms rely on when sourcing answers. Congratulations to this year's winners, including Weave. Earning a spot on these lists signals real customer impact."

## About G2's Best Software Awards

G2's 2026 Best Software Awards feature dozens of award lists, ranking software vendors and products using G2's proprietary algorithm. The results are based on G2's verified user reviews and publicly available market presence data. To be eligible for the Best Software Awards, a software company or product must have received at least 10 approved reviews during the 2025 calendar year. Scores reflect only data from reviews submitted during this evaluation period.
