# Weave Named a Leader in 34 Categories in G2 2023 Fall Report

2023-09-13

*Informed by verified customer reviews, Weave ranked first in 34 different categories and received 60 badges for outstanding performance in patient communications*

LEHI, Utah--(BUSINESS WIRE)-- Weave (NYSE: WEAV), a leading all-in-one experience platform for small and medium-sized healthcare practices, ranked first in 34 different categories in G2's 2023 Fall Report and won 60 different badges, including Patient Relationship Management Leader, Most Implementable Patient Engagement Software, Patient Scheduling Leader and, for the first time, Spa Management Software Leader.

G2 reports are based on authentic customer reviews gathered from across online sources and social networks, as well as customer satisfaction and market presence. This report marks Weave's continued success as a leading all-in-one provider of patient experience software, increasing win count from the [G2 Summer Report](#), in which the company ranked first in 20 different categories and received 25 badges.

Weave has recently enhanced its offerings for small- and medium-sized practices to help them keep pace in an ever-evolving market, incorporating AI into its products and continuing the expansion of its payment suite. With these new updates, Weave customers can drive more efficient marketing strategies, improve patient communication and offer more comprehensive and versatile payment options -- ultimately delivering enhanced patient experiences.

"We're thrilled to be recognized prominently in G2's 2023 Fall Report for our dedication to providing customers with world-class solutions that meet their business needs," said Brett White, CEO of Weave. "Weave has long been a leader in providing simplified and enhanced experiences for patients while supporting healthcare entrepreneurs running small- to mid-sized practices, and our ongoing inclusion in G2 reports based on real customer feedback confirms that."

Weave ranked first in the following categories:

- Usability Index for Patient Intake
- Implementation Index for Patient Intake
