## **AMPHENOL CORPORATION RELEASES 2024 SUSTAINABILITY REPORT**

Wallingford, Connecticut, April 22, 2025. Amphenol Corporation (NYSE: APH) today released its 2024 Sustainability Report.

“I am pleased to share Amphenol’s 2024 Sustainability Report, which highlights our many areas of progress and success throughout the Company,” said Amphenol President and Chief Executive Officer, R. Adam Norwitt.

“2024 was another successful year for Amphenol, with our global team delivering record financial performance. We also made meaningful progress in our sustainability program. During 2024, we completed three of our prior United Nations Sustainable Development Goals (SDGs), including reducing our revenue-normalized Scope 1 and 2 greenhouse gas (GHG) emissions by 34% versus our 2021 levels, well ahead of our goal and one year ahead of schedule. I am also pleased that Amphenol is now establishing its first absolute GHG reduction target.”

“Creating a successful business is about driving strong financial performance that is sustainable long into the future. Along with building a robust financial base for our business we also want to ensure that we are a positive contributor to the numerous communities in which we operate around the world. Many of these actions are highlighted in this year’s report.”

The 2024 Sustainability Report is available for download on Amphenol’s website at [www.amphenol.com/sustainability](http://www.amphenol.com/sustainability).

## **About Amphenol**

Amphenol Corporation is one of the world’s largest designers, manufacturers and marketers of electrical, electronic and fiber optic connectors and interconnect systems, antennas, sensors and sensor-based products and coaxial and high-speed specialty cable. Amphenol designs, manufactures and assembles its products at facilities in approximately 40 countries around the world and sells its products through its own global sales force, independent representatives and a global network of electronics distributors.
