NEWS RELEASE

ZENTALIS PHARMACEUTICALS TO PRESENT AT TD COWEN 5TH ANNUAL ONCOLOGY INNOVATION SUMMIT

2024-05-14

NEW YORK and SAN DIEGO, May 14, 2024 (GLOBE NEWSWIRE) -- Zentalis® Pharmaceuticals, Inc. (Nasdaq: ZNTL), a clinical-stage biopharmaceutical company discovering and developing clinically differentiated small molecule therapeutics targeting fundamental biological pathways of cancers, today announced that members of the management team will participate in a virtual fireside chat during the TD Cowen 5th Annual Oncology Innovation Summit: Insights for ASCO and EHA on May 28, 2024 at 10:30 a.m. ET.

Access to a live webcast of this event, as well as an archived recording, will be available under the "Events & Presentations" tab on the Investors & Media section of the Company's website.

About Zentalis Pharmaceuticals

Zentalis® Pharmaceuticals, Inc. is a clinical-stage biopharmaceutical company discovering and developing clinically differentiated small molecule therapeutics targeting fundamental biological pathways of cancers. The Company's lead product candidate, azenosertib (ZN-c3), is a potentially first-in-class and best-in-class WEE1 inhibitor for advanced solid tumors and hematologic malignancies. Azenosertib is being evaluated as a monotherapy and in combination across multiple clinical trials and has broad franchise potential. In clinical trials, azenosertib has been well tolerated and has demonstrated anti-tumor activity as a single agent across multiple tumor types and in combination with several chemotherapy backbones. As part of its azenosertib clinical development program, the Company is exploring enrichment strategies targeting tumors of high genomic instability, such as Cyclin E1 positive tumors, homologous recombination deficient tumors and tumors with oncogenic driver mutations. The Company is also leveraging its extensive experience and capabilities across cancer biology and medicinal chemistry to advance its research on protein degraders. Zentalis has operations in both New York and San Diego.
