INTEL IS EVOLVING.
To a company that powers the data center and billions of smart, connected devices

INTEL’S VISION:
If it’s smart and connected, it’s best with Intel.
INTEL’S FOUNDATION:

MOORE’S LAW
HISTORY OF INTEL

• 1968: Intel is founded by Robert Noyce and Gordon Moore
• 1971: World’s first microprocessor
• Now: Innovation that expands the reach and promise of computing
EXECUTING TO MOORE’S LAW

Enabling new devices with higher functionality and complexity while controlling power, cost, and size
Intel's IDM Advantage

Co-Optimized Process & Product
Co-Optimized Architecture & Software
Best Performance, Power, Security
Rapid Product Ramp
INTEL IS EVOLVING
VIRTUOUS CYCLE OF GROWTH: OUR TECHNOLOGY DRIVES EXPERIENCES
INTEL DELIVERS END TO END SOLUTIONS

CLIENT
