# Polaris Unveils 2026 Snowmobile Lineup with Innovation in Every Segment

2025-03-06

New Voyager Lineup Enhances Versatility for Work and Play, While Limited Edition RMKs Bring Bold Styling to the Mountains and the Crossover Lineup Gains a Long-Awaited Front Suspension Option

Riders Can Build Their Dream Snowmobile with SnowCheck, the Industry's Leading Customization Program, Available Until March 28

MINNEAPOLIS, March 6, 2025 /PRNewswire/ -- Today, Polaris Inc. (NYSE: PII), the global leader in powersports, announced its **2026 snowmobiles**, offering innovation across the lineup. The 2026 lineup boasts advancements in all segments, including new features, technologies, accessories, and all-new models.

"Polaris is a product-driven company. Innovation is our lifeblood, and we are going to continue to push without exception to make the riding experience better every year as you will see with our 2026 lineup," said Jenny Nack, vice president and general manager of Polaris Snow. "No matter where you ride or who you ride with, our 2026 snowmobiles bring next-level versatility and technology to help you experience the moments that lead to lifetime memories."

## All-New Voyager Lineup Offers Do-It-All Versatility

Featuring the Voyager SP 155, Voyager XC 155, and Voyager Adventure Ultimate 155, this all-new lineup is the ultimate choice for winter adventure whether riders are breaking trail, hauling gear, or hitting the trails with a passenger.

All Voyager 155 models feature patent-pending BackTrak15 rear articulated suspension, high-clearance independent front suspension (IFS), and TrailBreaker Skis for confidence in varying snow conditions as well as on-

and off-trail performance in forward or reverse. Plus, the 650 Patriot engine delivers smooth acceleration whether cruising the trails or towing a load of gear to the cabin. The 15" wide track and narrower ergonomics provide an added layer of comfort and rider-balanced control for long days outdoors. Additionally, Polaris offers a suite of accessories to outfit the Voyager 155 and aid riders in all their winter work and play needs including utility-focused storage solutions, added lighting and windshield.

To see more features available across the three trim options, visit <https://www.polaris.com/en-us/snowmobiles/voyageur/>.

## PRO RMK and RMK Khaos Limited Editions Bring Exclusive Style to the Mountains

Polaris is making it easier to stand out in the backcountry with the bold styling of the PRO RMK and RMK Khaos Limited Edition models. These SnowCheck exclusive models are equipped with accessories and premium features for the ultimate backcountry experience, including:

- Patriot 9R and Patriot Boost engine options allow customers to pick which engine best meets their riding needs. Those looking for lightning-fast response and lightweight power may opt for the Patriot 9R while those interested in a turbocharged adventure should select the Patriot Boost.
- Three New Burandt Edition Accessories, including a front bumper, HD rear bumper and handlebar bag offering increased protection, durability and convenience while exploring the backcountry.
- Unique paint, design, and graphics like Dream Orange Pearl and Matte Steel Blue with chrome decals for the mountain rider that likes to stand out.

## All-New Suspension Option for Switchback Assault Riders

Rider-driven innovation is core to Polaris and played a significant role in helping shape the 2026 offerings for Crossover riders who can now select from two front suspension options on their Switchback Assault. The all-new Escape front suspension features a narrower front suspension and proven RMK components to give riders greater agility and handling when off-trail. The original Race front suspension is a wider stance and delivers the ultimate trail comfort and handling with off-trail capability.

For additional details on the suspension packages, visit <https://www.polaris.com/en-us/snowmobiles/switchback/switchback-assault>.

## INDY XCR Brings More Performance for Aggressive Terrain

Built off the race-winning INDY Cross Country and designed to tackle rugged terrain with confidence, the 2026 INDY XCR now features a 20 percent stiffer suspension calibration, allowing the sled to manage big bumps and rough trails with ease. The INDY XCR also features a new Long-Tail rear suspension, proven on the 2024 and 2025 INDY Cross Country race sleds, for improved throttle-on steering and bottom-out resistance which enable better control

and handling on aggressive terrain. These features make the INDY XCR a perfect option for riders looking to attack rough, cross-country terrain.

### Hardest-Working Widetrack Is Now Even More Capable

Polaris has made its 2026 TITAN snowmobile lineup even more capable of managing heavy-duty winter tasks on- or off-trail with an expanded lineup, more engine options including the 850 Patriot or ProStar S4, and an expanded accessory offering including a large utility box to suit varying riding styles. All TITAN models feature patent-pending BackTrak20 Rear Articulated Suspension, High-Clearance IFS, TrailBreaker Skis, and 20" wide Cobra tracks for flotation and performance in varying snow conditions.

Browse the full TITAN lineup at <https://www.polaris.com/en-us/snowmobiles/titan/>.

### Latest Technology Offerings with Polaris RIDE COMMAND

Polaris RIDE COMMAND, the pioneering nationwide off-road and snowmobile mapping system, boasts over 1.1 million miles of verified trails and unique features. It elevates the snowmobile experience with route planning and group ride capabilities, all without the need for cell service. This technology is available for free to all riders through the app, online, or directly on the snowmobile.

### SnowCheck

SnowCheck, the once-a-year opportunity for riders to get exclusive factory customization and build their dream Polaris sled by selecting their preferred model, engine, colors, options, and technology with the best warranty, is available today and will run through March 28. For more information or to place an order, visit [www.polaris.com/snowcheck](http://www.polaris.com/snowcheck).

### Sneak Peak Tour

To celebrate the 2026 lineup, Polaris is hitting the road with a **Sneak Peek Tour**, bringing stops to riders across the country. At each stop, customers will have the opportunity to get up-close and personal with the newest sleds, chat with the Polaris Team, and have a chance to win exclusive swag. For the full list of stops, visit <https://www.polaris.com/en-us/snowmobiles/events/>.
