

ASGN Incorporated Announces the Closing of the Acquisition of Quinnox

2026-03-09

RICHMOND, Va.--(BUSINESS WIRE)-- ASGN Incorporated (NYSE: ASGN), a leading provider of IT solutions across the commercial and government sectors, soon to be renamed Everforth, announced today the successful closing of its previously announced acquisition of Quinnox Inc. ("Quinnox"). Quinnox's global team will join ASGN's Commercial Segment.

"We are excited to announce the successful closing of our acquisition of Quinnox," said ASGN's Chief Executive Officer, Ted Hanson. "This strategic platform acquisition enhances our position in digital engineering and establishes a solid foundation for our offshore delivery capabilities. Quinnox's global capability centers in India complement our best-in-class nearshore operations in Mexico, enabling us to offer expanded expertise in application management, modernization, analytics, and enterprise platforms to our commercial clients."

In connection with the closing of the acquisition, ASGN is granting restricted stock unit ("RSU") awards to 16 Quinnox employees covering 157,369 shares. Further, 75,772 RSUs with 2026 revenue and EBITDA (earnings before interest, depreciation and amortization) performance conditions attached ("PSUs") will be awarded to five key employees. These awards vest: (a) one-half on the second anniversary of the grant date, and (b) 25 percent on each of the third and fourth anniversaries of the grant date. All of the awards are subject to continued service through the vesting dates, and the PSUs are further subject to achievement of the performance targets. The awards are granted as employment inducement awards pursuant to the New York Stock Exchange rules.
