## Toronto Stock Exchange continues its endorsement of CNW for newswire and webcast services

1/6/2015

TORONTO, January 6, 2015 – CNW and Toronto Stock Exchange (TSX) announced today that TSX will continue its endorsement of CNW for its newswire and financial results webcasting services. TSX has endorsed CNW's newswire services since 2003. CNW is the only newswire provider commercially endorsed by TSX.

"We feel the CNW brand speaks to quality, integrity and expertise," said Ungad Chadda, Senior Vice President, Toronto Stock Exchange. "We use CNW for our own investor relations communications and find their one-stop-shop approach helpful in reducing complexity. CNW's services also fit well with what we provide to our issuers through our TSX Company Services offering."

CNW and TSX have worked closely together for many years to provide listed companies with the support they need to succeed in today's market.

"CNW understands the unique communications and deadline challenges faced by publicly listed companies and we've structured our business to accommodate our investor relations clients," said Nicole Guillot, President and CEO of CNW. "We strive to make it as easy as possible to fulfill disclosure requirements. For example, our expert team is available around the clock to offer guidance and helpful assistance during stressful announcement periods."
