Introducing TMX Webstore

11/1/2016

New e-commerce platform showcases premium analytics and applications

November 1, 2016 (TORONTO) – TMX Market Insights today announced the launch of TMX Webstore, a new digital e-commerce platform featuring market data, analytics and applications from Canada's definitive source of record.

"In today's highly competitive marketplace, modern investors are actively seeking data and applications to help them gain an edge in building effective strategies," said Alpesh Sethia, Head of Digital Products and Innovation, TMX Group. "The goal of the new TMX Webstore is to enhance the overall TMX Market Insights client experience by providing efficient, centralized access to our growing portfolio of digital data solutions."

Key benefits of the platform include easier data consumption, direct download access, interactive user interface, and free and paid content with credit card payment options.

In addition to TMX proprietary content, TMX Webstore offers top tier content from both TMX and third parties through a publisher partner program. TMX Webstore uses open standard for authorization, enabling clients to seamlessly access third party content using their TMX Webstore login credentials.
