Canada's premier equities market to celebrate TSX30 companies today in a virtual market open ceremony

TORONTO, Sept. 14, 2021 /CNW/ - Toronto Stock Exchange (TSX) today announced the 2021 TSX30™, the Exchange's flagship program showcasing the 30 top-performing stocks over a three-year period, based on dividend-adjusted share price performance. The annual ranking serves to spotlight the achievements and sustained success of TSX's leading listed companies while also highlighting the depth and diversity of Canada's powerful capital markets ecosystem.

Representatives from the TSX30 companies will join TMX Group executives to virtually open the market this morning at 9:30 a.m. ET to celebrate their success.

"Public companies on our world-class Exchanges play a critical role in creating jobs and driving economic activity. Despite challenging times, the 2021 TSX30 and many more of our listed companies across all sectors have continued to lead the way; pursuing adaptive, future-focused business plans and generating growth for their shareholders, industries, and the communities in which they operate," said Loui Anastasopoulos, President, Capital Formation and Enterprise Marketing Officer, TMX Group. "On behalf of all of us at TSX, I'd like to congratulate the

2021 TSX30 winners for their achievements and look forward to continuing to work with them to support their future success."

14 out of the 30 companies on the 2021 TSX30 list are from the mining industry and five are from the technology sector. While those sectors are well-represented, the ranking spans several industries and includes a cross-section of established and emerging companies.

Other highlights from this year's ranking include:

- TSX30 companies created \$248B of market capitalization growth over the past three years and average adjusted shareholder returns of more than 300%
- 60% of the companies on this year's list are not on the S&P/TSX Composite Index*, demonstrating the diversity of investment opportunities in Canada's premier equities market
- 11 of the 30 companies on this year's list are graduates of the junior TSX Venture Exchange, highlighting the strength of TMX Group's two-tiered capital formation ecosystem
